

The Amazing Son In Law Chapter 5858 -

Zhang Ermao (Cade)'s series of performances were just following charlie's arrangement.

In other words, he is eating, drinking and having fun with public funds approved by Shangfeng.

And the reason why charlie asked him to sing and sing every night was because he was worried that Willie would secretly stare at the nervous Cade.

Before Willie makes the next move, charlie cannot let Zhang Ermao (Cade) be found out. As long as Zhang Ermao (Cade) does not reveal his secrets, Willie will not have any changes at the last time the day after tomorrow night. Let Willie move ahead of schedule.

At this moment, Bo Willie had been secretly staring at Zhang Ermao (Cade), and he could even hear the conversation between Zhang Ermao (Cade) and the female publicist clearly. The more

is like this, the more he believes in Zhang Ermao (Cade)'s personality and what Zhang Ermao (Cade) said to himself.

In his view, Zhang Ermao (Cade) made money during the day, spent money in nightclubs at night, ate, drank, prostituted and gambled, and lived in the presidential suite of a five-star hotel. The most typical living habits of criminals who have made huge fortunes.

Money is easy to come by, and the source of it is not right, which often makes people feel that it is better to enjoy it as soon as possible.

After being completely relieved of Zhang Ermao (Cade), Willie returned to the hotel where he lived by car. He planned to stay in the hotel for the next two days to meditate and practice, and by the way, to comprehend the three newly obtained magic tools. See if you can gain something.

charlie had already grasped Willie's movements, so he asked people to go through the municipal surveillance, and kept a close eye on the hotel where Willie lived 24 hours a day. Once he found him leaving the hotel, he would immediately report to himself.

As for Yun Ruge, she avoided the sight of Willie and charlie just right, and quietly lurked in Aurous Hill alone, secretly watching Willie's every move.

That night, Yun Ruge truthfully reported everything that happened today to the Lord Ying.

When the Lord Ying learned that Uncle Willie had obtained another magic weapon, he was already full of question marks.

In this dharma-ending era, magical artifacts have long been very rare. Even the limited number of magical artifacts in the hands of the British Lord were all left by the British Lord's master back then.

As for the hero himself, he didn't have the chance to master how to refine the magic weapon.

Therefore, the British Lord could hardly understand why Willie could find three magical artifacts when he first arrived in Aurous Hill.

Just when the hero was at a loss, Willie Bosi thought about it and decided to report to the hero about getting the third magic weapon today.

What he hoped was that, for the sake of these two artifacts, the British Lord could temporarily stop his plan to kill Anjia, so that he could have more time to dig deeper into Zhang Ermao (Cade) and his upline.

However, after he reported the situation to the British Lord, the British Lord just said lightly, "Although the magic weapon is precious, it is definitely not more important than killing Anjia. I don't care how many magic weapons you can get. Before midnight tomorrow night, You have to do something to Anjia!"

For the British Lord, the priority of killing Anjia is before finding the magic weapon.

What's more, the British Lord still has a trick in Aurous Hill, and that is Yun Ruge who has quietly arrived in Aurous Hill.

In the eyes of the Lord Ying, letting Willie kill Anjia and attract firepower and attention, Yun Ruge can take the opportunity to dig out the line of the magic weapon. After all, Yun Ruge has seen Zhang Ermao (Cade) from a distance today. He also knew that he was active in the antique street, and if Willie couldn't show up, it would be the best choice for Yun Ruge to take over from him to meet Zhang Ermao (Cade).

After all, to the British Lord, Yun Ruge is much more reliable than Willie.

Unexpectedly, Willie threw out two magical weapons and still failed to make the British Lord postpone the plan. He was extremely depressed in his heart. The only thing he can do at this moment is to hope that Zhang Ermao (Cade) will bring him good things tomorrow. information.

...

The Amazing Son In Law Chapter 5859 -

the next day.

Zhang Ermao (Cade) slept until the sun was high again.

charlie didn't look for him, so after having a sumptuous meal at the hotel at noon, he leisurely came to Antique Street to continue selling stalls.

As soon as the booth was erected, Uncle Willie came over. Seeing Zhang Ermao (Cade)'s hangover look, he couldn't wait to ask him, "Cade, did your master give you a letter?" Zhang Ermao (Cade) shook his head

, He yawned and said, "Not yet. They have been thinking of various ways to withdraw cash since last night. The amount of cash withdrawn each time should not be too much, so it may take some time.

" Irritated, he said, "Ermao, I may be leaving Aurous Hill tomorrow night. If I leave, we will have no chance to cooperate in the future."

Zhang Ermao (Cade) also said regretfully, "Old man, this time point tomorrow night is indeed It's a bit tight, or you can stay for a few more days, and you can wait for another day. If you are really bored, you can move to Shangri-La Palace to live with me. I opened a presidential suite there. I only sleep in one of the two bedrooms, and you can sleep in the remaining three bedrooms as you like."

Willie politely declined, "Ermao, thank you for your kindness, but I am old, and I don't feel much about the ostentatious luxury of the presidential suite. , I haven't joked with you before, I can only wait until tomorrow night at most, you'd better find a way to contact your previous family again, tell him, if there is no new product tomorrow night, then there is no need to cooperate in the future. "

Zhang Ermao (Cade) nodded, "Okay, let me ask, and I'll write to you tomorrow."

Willie hurriedly said, "Then I'll see you here tomorrow."

"Okay!" Zhang Ermao (Cade) agreed without hesitation, patted his chest and said "See you tomorrow!"

That night, Zhang Ermao (Cade) drove to Yinghuang International for the third time.

This is the third day in a row that he has been here.

Same as the previous two times, today he still spends money like water and is surrounded by beauties.

Zhang Ermao (Cade) didn't drink a lot of wine today, because he can vaguely guess that his life of luxury and money will come to an end tonight. Once Master Wade no

longer needs to act by himself, he has to go back to Tianxiang Mansion to help Fifth Master Hong Manage his younger brothers, Manage the industry under his name.

As a master again, his status in the world is higher than that of Don Albert's four heavenly kings. It is definitely impossible for him to spend time in nightclubs every day.

Therefore, today, he cherishes this last wonderful experience very much.

That night, charlie lay on the bed and stayed up all night.

He kept thinking in his mind, what would he do if Willie went directly to Wanliu Villa tomorrow night.

Should he find an uninhabited place on the way to intercept Willie and try his best to kill him, or wait for Willie to arrive at Wanliu Villa and prepare to attack his grandparents and his family, and then suddenly kill him by surprise? .

At first, charlie was more inclined to the former.

This is mainly because he doesn't want to meet his grandparents' family yet.

The reason why he didn't want to was not only because he wanted to stay in the dark all the time, but also because charlie hadn't prepared well to meet his grandparents and his family.

Looking back at the beginning, my grandfather had always had a bad attitude towards his father, so that in charlie's heart, no matter who killed his parents, the grandfather's family, and the grandfather's family all had unshirkable responsibilities.

This is also the root cause of why he has never wanted to meet with his grandfather's family, and has always complained about his grandfather and grandpa.

Therefore, charlie's initial thoughts were more inclined to choose a suitable place to fight Willie to the death.

If he wins, he will walk away and hide his achievements and fame;

if he loses, he will die in the hands of Uncle Willie with a high probability. , can also feel at ease.

However, charlie quickly overturned this idea.

The reason is that he thought of the reminder Lin Wan'er (Alani) gave himself.

This time, there is a high probability that I will be in danger. If I can't survive tonight, then I must let my grandparents and grandma's family know that charlie, whom they miss day and night, is still alive.
