

The Amazing Son In Law Chapter 5872

No one thought that when all the bodyguards of An's family were killed and corpses were strewn all over the place, there would still be people who would dare to walk in through that door!

The extremely arrogant Willie, when he heard the sarcasm, his whole body was furious. He immediately turned around, wanting to see who the hellish bastard was, who dared to say that he was just an old dog!

And Li Yalin and An's family recognized this familiar voice in an instant.

Li Yalin knew that this was charlie coming!

And the An family also knew that this was the arrival of the benefactor!

Although they all recognized charlie's voice, their moods were completely different.

Li Yalin had known for a long time that charlie would definitely come, and he was even thinking in his heart, "charlie, charlie, you are finally willing to show up! If you come a few seconds late, my old Li's life will be here..."

But in the hearts of the An family at this time, there are only four words: "Survival from desperation!"

They know that benefactor is powerful, and if he comes, they will be saved!

In the hearts of the An family, apart from the four words "survival from a desperate situation", they soon had another thought, that is, whether they would be lucky enough to see the true face of benefactor this time!

Therefore, the An's family and Willie all looked at the gate at the same time, they all wanted to see what the person who came looked like.

At this moment, they could only hear charlie's footsteps passing through the hallway, and the footsteps were neither too fast nor too slow, and every step seemed extraordinarily calm.

The An family waited with bated breath at this moment, but Willie's heart suddenly tightened up.

Because, although he hadn't seen anyone coming yet, for some reason, there was an indescribable sense of tension in his heart!

Following the sound of footsteps, charlie, dressed in black, walked in from the end of the entrance.

Today's charlie didn't turn off the lights or cover his face!

When he appeared in front of An's family and Willie in his true colors, the latter all gasped, and everyone's eyes widened with horror!

Uncle Willie couldn't believe his eyes, he blurted out in shock, "bruce Wade?! Are you still alive?!" The old

lady of An's family couldn't help shouting, "bruce Wade?! Is it really bruce Wade?!"

" bewildered, his whole brain seemed to be short-circuited, and he subconsciously said, "Our benefactor is actually bruce Wade? This... How is this possible... He has already..." No wonder the An family didn't recognize charlie

. come out.

On the one hand, charlie and his father are indeed very similar in appearance, and for the An family, the bruce Wade they knew was bruce Wade in his twenties to early thirties, so bruce Wade left them before his death. Memory, no matter in figure, appearance, or age, is almost the same as the current charlie.

On the other hand, charlie disappeared when he was eight years old, and his appearance at that time was only somewhat similar to now. They had no idea what charlie would look like if he lived to this day.

Therefore, it was their instinctive reaction that everyone regarded him as bruce Wade in a trance.

The Amazing Son In Law Chapter 5873 -

At this time, charlie stood in front of everyone with his head held high, and said loudly, "I'm not bruce Wade! I'm his son! charlie!" "What ?!"

"

Everyone was dumbfounded at this moment!

charlie's words were like the thunder that shook Aurous Hill two days ago and exploded directly in their minds!

The old lady burst into tears instantly, looked at charlie, and cried, "charliee? Are you charliee?! Are you really charliee?!"

The old man couldn't help but burst into tears, his vision was completely blurred and distorted. charlie choked up and asked, "charliee...is it really you?"

His three uncles and aunt were also in tears at this time. They never dreamed that charlie, who had been looking for twenty years, would appear in front of them on his own initiative.

And they didn't expect that charlie, who had been looking for him for twenty years, was actually the benefactor who saved the lives of An's family some time ago!

Seeing the tears rolling down from An's family, charlie's mood was extremely complicated at this time.

In his heart, the An family is of course his relatives, blood is thicker than water, that's why he saved the An family twice and thrice.

However, in his heart, the An family, like the Wade family, have unforgivable hatred.

He hates the Wade family because the Wade family forced their parents to leave Eastcliff for their own benefit, and eventually died in Aurous Hill

; When Jia was forced to leave, An Jia never offered a helping hand.

He reconciled with the Wade family because Lord Wade reflected on his mistakes back then, and thought of defending his parents' mausoleum and dignity with death when Abbas killed Ye Lingshan

; Not open.

At this time, Willie pushed Li Yalin away, turned around completely, looked at charlie, laughed grimly, and said jokingly, "It turns out that he is bruce Wade's son, no wonder he looks so similar to him, and I let you run away twenty years ago." I didn't expect you to come back by yourself after twenty years!"

charlie's eyes turned blood red, and he asked in a cold voice, "You killed my parents?!"

"

That's right!" He said arrogantly, "Twenty years ago, I was ordered to come to Aurous Hill to kill bruce Wade's family of three, but it's a pity that old fox bruce Wade figured out that there would be a catastrophe first, so someone took you away, you little bastard!

" Willie sneered and said, "However, God has eyes. In addition to being ordered to destroy An's family today, I was also ordered to wait for you to appear before beheading you. I thought this trick might not be useful, but I didn't expect Heaven to have it." If you don't leave the road, you will force your way in if there is no way to hell! In this case, on Huangquan Road, let's go with your grandparents and family!"

charlie's eyes almost burst out with chilling intent. He looked at Willie and said coldly, "For the past twenty years, I have been thinking about avenging my parents all the time.

After waiting for twenty years, I finally got you After you die, neverIf you are in a hurry to reincarnate, I will find your hero, tear him into pieces, and send him to the underworld to meet you!

Uncle Willie frowned, and said coldly, "Boy! " Do you know the Lord of England? ! It seems that you know us very well! "

charlie sneered, "Isn't it just breaking the Qing Dynasty?" It seems so amazing, I might as well tell you that I was the one who bombed your dead soldiers' camp in Cyprus. "

The Amazing Son In Law Chapter 5874 -

Speaking, charlie said again, "Oh, by the way, if I guessed correctly, you should be one of the four Earls, right?" But now it should be the Three Earls. After tonight, the Three Earls will be renamed the Two Earls! "

Willie's expression was extremely awe-inspiring, and he said sharply, "Uncle Nakul died at your hands?" ! "

charlie laughed and said, "I don't know if it's meritorious or not, and I'm busy with business and don't have time to go to Cyprus to kill him, so I asked someone to install a few close-in defense guns and wait for him to fall into the net." After that ,

charlie chuckled, and said, "This man's death was really miserable. He was a majestic earl, and he was blown into minced meat by a close-in artillery. The fried powder is crushed, and the largest piece is probably not enough for your teeth. "

Willie's face was extremely gloomy, and he said coldly, "Good boy, it turns out that you have been against us all the time!" That being the case, then you were the one who saved An's family in New York, right? !

charlie looked at him, then at the crying An family, and said flatly, "That's right, it's me."

Recalling what Li Yalin said just now, Willie asked charlie, "Then you were the one who saved Lin Wan'er (Alani) in Northern Europe? " ! "

"Yes. "charlie smiled, and said, "If you didn't catch Lin Wan'er (Alani), your hero must be very angry, right?" "

Willie gritted his teeth and asked, "Boy, where is Lin Wan'er (Alani)'s ring?" ! "

charlie smiled, took off the glove on his right hand, and slowly raised his middle finger towards Uncle Willie, and the ring that Lin Waner gave him was on the middle finger! At this moment,

charlie looked at Uncle Willie, Ask him curiously, "Old dog, is this what you mean? "

Willie originally thought that charlie was provoking him with the middle finger, but when he saw the ring, his pupils shrank suddenly!

Although he has never seen this ring with his own eyes, he has heard the English Lord describe it in detail!

The Lord of England said that this ring is bronze in color with a delicate luster, without any decorative patterns. The ring is about two centimeters wide, which is about 0.66 centimeters, and the size is the size of a normal adult male's bezel.

These are completely consistent with the ring on charlie's hand.

In addition, Li Yalin had voluntarily mentioned Lin Wan'er (Alani) and her ring, so Willie concluded that this ring is the treasure that the British Lord has always dreamed of!

The British Lord said that this ring hides a great mystery, unraveling the mystery will not only improve one's cultivation, but also make one live forever.

As for how to unlock this secret, only the hero in the whole world may know, and even Lin Wan'er (Alani) herself may not know.

The lord has said countless times that whoever can find this ring will be the number one hero in breaking the Qing Dynasty, and the lord will use what he has learned all his life, Unreservedly teach him, and even share the mysteries of the ring with him.

Therefore, for Uncle Willie, it doesn't matter if he kills bruce Wade's son, or even if he personally delivers Lin Wan'er (Alani) to the Lord, the combination of these three things is not as good as taking this ring back to the Lord more important.

Thinking of this, Willie immediately said, "Boy! As long as you give me this ring, I can let you and your grandparents and grandparents go on the road without pain. This is the greatest kindness I can give you!" charlie retorted

. "Old dog, if you honestly tell me all the details of the Poqing meeting, I might be able to leave your whole body, which is the greatest kindness I can give you!" Willie shouted with a gloomy expression,

" Boy, you are looking for death!"

The Amazing Son In Law Chapter 5875 -

After that, he sacrificed the wooden sword, manipulated the wooden sword to strike a blade, and shot at charlie extremely quickly.

charlie knew that this person was very powerful. If he really fought to the death with him, no one in this villa would be spared. Maybe the aftermath of a certain spell could turn them into ashes.

So, he took a few steps back in an instant, and while dodging the invisible sword, he said to Willie, "If you want a ring, follow me out and find a place where no one is around. If you lose, keep your head!" Next; you win, and my life and this ring belong to you!"

Seeing that charlie's figure was very fast, Willie temporarily withdrew his sword and snorted coldly, " Boy, do you want to play Tiaohulishan? I tell you, if you don't give me the ring obediently, I will kill your grandparents and grandma's whole family first!"

charlie frowned slightly, but he didn't expect that Uncle Willie would not be fooled. So, he looked around and said in a cold voice, "After my parents died, apart from the culprit who

I hated you the most, the next two groups of people, do you know which two groups they are?"

Frowning, he asked, "Which two dials are they?"

charlie said lightly, "One of them is my grandfather's family."

Then, charlie looked at his tearful grandfather, and said coldly, "The other dial is the family of my grandfather." My grandpa's family!"

Hearing these words, Mr. An's expression was instantly dimmed, and his face was full of shame and remorse.

At this time, Willie said disdainfully, "Boy, don't fool me here. They are all your close relatives. How can you hate them?!"

charlie said coldly, "Best relatives? Do you know that you killed me? " Where have I been in the past twenty years since my parents?"

Willie frowned and asked, "Where is it?"

The An family was also staring at charlie intently at this moment, and they also wanted to know where charlie had been in the past twenty years!

charlie pointed at the ground and said loudly, "I have been in Aurous Hill for the past twenty years! I have lived here for twenty years!"

"How is this possible?!" Willie frowned and said, "After your parents died, not only were they looking for you, but we were also looking for you. We searched all over Aurous Hill, but we didn't find any trace of you!" charlie smiled and said, "

No I found out that it was because my father had prepared an orphanage for me a long time ago, and after the accident, I lived in the orphanage and was completely isolated from the outside world.” The

An family was also extremely shocked when they heard this.

Although they speculated about the doubts about the orphanage just a few minutes ago, they still find it hard to believe that charlie has been living in Aurous Hill without going anywhere for so many years.

Willie was stunned for a moment, and couldn't help sighing, “bruce Wade, you really are a dragon and a phoenix among people. This matter, even the Lord of England didn't think of it...”

He said with a sneer, “But it doesn't make any sense for you to tell me these things. , I just want the ring in your hand! Hand over the ring, and I can give you a happy time!”

charlie ignored him, and said with a light smile, “I have lived in Aurous Hill for twenty years under the fence of Jiren, and the life is as hard as it is. Tired, I have never gone to the Wade family, nor to the An family, do you know why?”

Willie frowned and asked “Why?”

charlie said indifferently, “Of course it is because I hate them! Until now, I can't forgive them for their betrayal and abandonment of my parents.”

Willie asked, “Since you hate them, why did you save them again and again?”

charlie smiled and said, “Saving them was just a coincidence. The time in New York , you should know that it was Stefanie sun's concert that day, and An's family also went to that concert together, so you seized the opportunity.”

Willie squinted his eyes and looked at charlie. Although he was not involved in this matter, but But very clear process.

It was the informant placed by the Qing Dynasty in An's family who suddenly reported the news that the An family was going to act collectively. The British Lord immediately sent the dead men to the concert site to kill them. As a result, there was no news of the dead men sent.

The Amazing Son In Law Chapter 5876 -

charlie continued, “Stefanie sun is from Eastcliff, and her father, Orrin sun, is my father's sworn brother, so I made a marriage contract with her when I was young. Strictly speaking, she is the fiancée my parents arranged for me before their death;”

"The reason why I appeared there that day was because I also went to support Stefanie sun that day, and I happened to be sitting next to An Jia. It is not so much that I acted to save them, it is better to say that I acted to catch the dead. How can I know the specific information about those dead men?"

Then, charlie said, "As for today, to be honest, the main purpose of my coming here is not to save people, but to kill you!"

Willie's eyes froze, "Kill me? It's up to you?!"

charlie said with a smile, "Not only will I kill you, but I will also kill the two remaining counts of the Poqing Society, and then I will smash that shitty hero to pieces. Duan! And you are just a little vegetable on my road to revenge!"

Willie sneered sinisterly, "If that's the case, then wait until I kill your grandparents and your family, and then I will compete with you!charlie sneered and said, "

If you want to come, come now, if you don't come, I will leave first." "

Speaking, charlie said again, "Oh, by the way, I wrote down your appearance today, and if you want to find me in the future, I'm afraid it will not be so easy!" Or I will find you in the future! Whether you want to come or not is up to you! After all

, charlie turned around immediately, and ran out at a high speed without looking back.

He was not betting on whether Willie would chase him out without hesitation, but he knew and was absolutely sure that Willie would chase him out immediately. willie will definitely chase him out immediately without hesitation!

The reason why he is so confident is that when charlie dodged his sword just now, he deliberately let him see his extremely fast skill.

And charlie believes that this long he must also understand that with his strength, it is not easy to catch up with him.

If he does not delay even half a second, he may still have a 50% chance of catching up with all his strength, but if he is distracted, even if it is only a delay Seconds, it is absolutely impossible to catch up.

And he wants to kill so many people, but it is not so easy!

Even if An's family has no power to restrain the chicken, it will take time for him to activate the magic weapon to release the sword edge, and then activate it It takes at least ten seconds to even kill an acquaintance, so he must be very clear that there is only one choice between killing and chasing!

Sure enough,

as charlie expected ! Without any hesitation, he immediately chased after him!

To him, the life and death of the An family is not important in front of that ring!

Besides, he felt that the An family had no ability, so he chased after him and killed charlie. With the ring, they can't escape very far!

Moreover, there is no one to protect the An family, so after killing charlie, he can kill charlie and kill all the An family. In that way, not only will he get

the ring, but he will also kill charlie. Getting An Jia and charlie is equivalent to completing the three tasks given by the hero at once!

However, if he really let charlie run away, it would be a heavy loss! Not only did he expose his identity, but he also missed a great opportunity to get the ring!

So he didn't need to think about chasing or not chasing, and he didn't need to worry about whether charlie should divert the tiger away from the mountain, because he knew that chasing him with all his strength was his only choice!
