

The Amazing Son In Law Chapter 5890 -

At this moment, Yun Ruge, who was hiding in the dark, was dumbfounded!

he didn't expect that the powerful man in black in front of her was the son of bruce back then!

But charlie didn't realize at this moment that there was actually a monk hiding his breath in the dark ten feet away.

His attention was all on Uncle Willie in front of him. Seeing Uncle Willie in front of him in a panic and panic, looking pitiful as if he was about to die, he didn't have any sympathy in his heart.

He looked at Willie and shouted again, "Thunder is coming!"

With a bang, thunder exploded and fell from the sky again!

The thunderbolt struck directly on Willie's right hand, turning his right hand into charcoal!

In the previous few lightning strikes, charlie deliberately controlled the power, in order to play with Willie.

But this time the lightning strike, charlie deliberately increased the power by a few points, directly crippling his right hand.

Willie felt a sharp burning pain in his hand. He looked down and saw that his entire right hand had become charred, emitting a smell of barbecue that terrified him.

He flicked his wrist subconsciously, and immediately after that, the charred right hand fell off from the wrist.

Willie screamed again and again in shock, looking at charlie's eyes, as if he saw Lord Yan!

charlie looked at his frightened look, his eyes were burning like torches, and he said in a cold and murderous voice, "Don't be nervous, this is just an appetizer. Once upon a time, I killed a bastard who didn't have long eyes. At that time, I induced several thunderstorms. Smashing him into pieces bit by bit, to this day, I still feel that this is the way to treat people who will die! So

today, I will let you have a good experience!" Uncle Willie was startled and terrified

, Subconsciously, he clenched the Lightning Strike Wood with his left hand, wanting to try to activate the Thunderbolt again, because he had seen the destructive power of the Thunderbolt before, it was more than ten times stronger than the sky thunder summoned by charlie! If you really allow yourself to fight back and summon a thunderbolt, you will definitely be able to fight back at the last moment!

Seeing that he was still holding the lightning strike wood, charlie couldn't help but sneered and said, "Don't bother, to tell you the truth, I made the lightning strike in your hand specially for you. This thing is indeed very powerful, but the only disadvantage is that it can only be used once."

"What?!" Willie stared at his blood-red eyes, and blurted out, "You made the Thunderbolt in my hand?!" "That's

right." charlie said with a smile, " After I finished practicing, I gave it to Zhang Ermao (Cade), and asked Zhang Ermao (Cade) to wait for you in the antique street, you really fell for it." After

speaking, charlie said again, "By the way, the finger puller you met at the airport earlier was also mine. Refined ones are not valuable things, they are crudely made amulets, at most they can block you with bricks, when I hit you with the Thunderbolt for the first time, those two fingers were broken.

" Uncle

Willie Subconsciously wanted to take out his pocket, but found that his buttocks were bare and his pants were gone, so there was no pocket left.

He looked at charlie in horror, and asked in disbelief, "You mean, you have already dug a hole and waited for me in Aurous Hill?!"

charlie nodded, and said loudly, "That's right! There will be four big earls, Cyprus smashed one and there are three left, and I also know that my grandparents will come to Aurous Hill, and the Qing Dynasty will definitely send another earl over, so I have already set up a situation and waited for you to drill. Put it on!"

After that, charlie sneered and said, "I just didn't expect that that bastard hero would send the murderer who killed my parents twenty years ago to Aurous Hill. I have been waiting for today for twenty years It's gone!"

As soon as the words fell, charlie shouted again, "Thunder is coming!"

With a bang, a whip-like lightning fell from the sky and struck Willie's left hand!

When did his left hand turn into a ball of coke like his right hand!

Uncle Willie saw that his hands were completely useless, and he had long lost his previous arrogance and arrogance. He was terrified, struggled and knelt on the ground, crying and said, "charlie... I have lived from the end of the Qing Dynasty to the present, and my life has been full of fate. After countless hardships, now that my right hand has been crippled, I have almost become a cripple, I beg you to be generous, please spare my dog's life..."

A contemptuous sneer appeared on the corner of charlie's mouth, he looked down at him, and asked sharply, "Old dog, when you killed my parents twenty years ago, did you ever think you would have this day!"

Willie's heart was completely shrouded in fear, He lived for one hundred and fifty-six years, logically speaking, he has already lived enough. Even if he died, he would be much happier than most people.

However, human greed never follows such laws.

The fact is often that the younger the person, the less afraid of death, there are not a few young people who dare to fight others to death at the age of fifteen or sixteen; on the contrary, those who are older are mostly more afraid of death.

Rao is a person of cultivation like Willie, and he is also not exempt from vulgarity.

On the contrary, he is more afraid of death than most of them.

Seeing that charlie didn't have any compassion at all, Uncle Willie cried and said, "charlie, I was also following orders back then. The Lord of England has orders, so I can't refuse! If you want to avenge your parents, you should also kill Ying. Lord, not a nobody like me..."

charlie sneered, "What? Now you're going to betray the master for glory? Well, if you honestly tell the whole story about the meeting, I might give you a happy ending. , so that your death will not be so ugly!"

Willie smiled miserably, and asked him, "If I tell everything, can you swear to your parents' spirits in heaven that you will spare me from death?! If you can, I will tell you Everything!"

The Amazing Son In Law Chapter 5892 -

For Willie, if he can live an extra day, it is a day.

If he could get charlie's forgiveness for betraying the hero, then he would have at least two more years to live before he died from the poison.

As long as charlie can use his parents' spirit in the sky to swear to spare him, he can also tell him everything he knows, and in the remaining two years or so, he can find a deserted place and wait for death quietly.

charlie really wanted to know more about the inside story of the Qing Dynasty, but he didn't allow himself to let Willie go, and he didn't allow himself to swear in the name of his parents but backtracked.

Therefore, without any hesitation, he directly refused, "Whether you say it today or not, I will not let you live! If you say it, you can die easier; if you don't say it, I will let you suffer all the pain and die." Death!"

After that, charlie spread his hands, looked up to the sky and shouted, "Thunder is coming!"

Suddenly, another thunder came!

He chopped straight at Willie's right foot, and chopped his ankle into black coals!

Willie's face twisted in pain, and he screamed!

His veins burst out all over his body, and he roared uncontrollably, "charlie! Even if you kill me, after I die, you will never know the details of your parents' death! You will never know why your parents got into trouble, I don't know what kind of monster you are facing! I admit that your methods are very

powerful, but in front of the hero, you are all trivial skills!” charlie said coldly, “It doesn’t matter if you don’t say anything, anyway, I will sooner or

later I also want to kill the hero with my own hands. At that time, I will not keep anyone who is related to the death of my parents in the Poqing Society!”

After finishing speaking, charlie did not wait for his reaction, and shouted again “Lei Lai!!! “

The next moment, Uncle Willie’s left foot was completely abolished!

At this moment, he has become a useless person with no hands or feet!

Yun Ruge in the dark couldn’t bear to watch this tragic situation.

Seeing that the always proud Willie suffered such hardships, she also inevitably felt a kind of intolerance and sympathy for the death of a rabbit and the sorrow of a fox.

But she knew that Bo Willie must die today!

My own strength is still far from Willie, and Willie has magic weapons, but I don’t.

Even Willie is not charlie’s opponent, even if he goes out to help him, he can only die together!

At this time, she suddenly thought of what the Lord Ying had said thirty years ago, her eyes lit up, and she anxiously shouted in her heart, “Uncle Willie, hurry up! Open the Niwan Palace!”

The Amazing Son In Law Chapter 5893 -

Niwan Palace is the place where the Nine Truths Dao is located in Taoist practice!

Some people say that the Niwan Palace is the pineal gland in human anatomy, which can secrete a variety of hormones and has very subtle and metaphysical effects on the human body.

But with age, its own function will slowly degenerate and gradually become a decoration.

If someone who can cultivate the Tao can reopen this place, it means opening a whole new world!

Opening the Niwan Palace refers to using spiritual energy to open the Niwan Palace in the center of the brain.

The Niwan Palace is also called the upper dantian. Generally speaking, it is easy to open the lower dantian, and it is not difficult to open up the eight meridians. However, only monks with extremely high strength can open the Niwan Palace.

However, for Taoists, this place is the supreme place of the Nine Truths Dao, where human consciousness is born.

If you open the Niwan Palace and cultivate in the correct way, not only will you be able to master more powerful and mysterious power, but you will also be able to separate your spiritual consciousness from your body and do whatever you want.

However, most of these claims are only recorded in some Taoist books, but if anyone has ever opened the Niwan Palace by their own strength, it may be difficult to find a few among the seven billion people.

Even charlie didn't know how to open the Niwan Palace at all.

It is recorded in the "Nine Profound Heavenly Scriptures" that mastering aura is only an extremely basic entry element for monks, and only after opening the Niwan Palace can one be considered a real monk.

However, in the "Nine Profound Heavenly Scriptures", there is no idea about how to open the Niwan Palace.

The four counts, including Willie and Yun Ruge, actually failed to open the Niwan Palace.

However, thirty years ago, the Lord of England used his great supernatural powers to forcibly open the Niwan Palace for the four earls!

The British Lord forcibly opened their Niwan Palace, which did not give them any help in terms of cultivation. However, the British Lord spent several years, leaving an extremely huge Niwan Palace in each of the four of them. Array.

In addition, the British Lord also taught them a mental method. In times of crisis, they can open the formation in the Niwan Palace by silently recitation and operation in their hearts.

According to the British Lord, if the four of them are in danger of life and death, they use their minds to open the Niwan Palace and activate the formation in the Niwan Palace, that formation can help them realize the death of the body and the life of the soul!

Therefore, Yun Ruge saw that it was impossible for Willie to escape from charlie's hands, now is the best time to open Niwan Palace!

At the same time, Willie's heart skipped a beat!
