

## The Amazing Son In Law Chapter 5923 -

“A woman?”

Hearing Charlie's words, Lin Wan'er (Alani) exclaimed, “My lord, do you still remember what that woman looks like?”

” How old is he, and his appearance seems pretty good.”

Lin Wan'er (Alani) nodded lightly, “That should be Dingyuan, one of the Four Earls of the Qing Dynasty!”

Charlie asked in surprise, “Do you know the Four Earls?”

” know some. Lin Wan'er (Alani) said, “Although Sara is the only one who has survived until today in the Qing Dynasty, there are still some descendants of my father's tribe inside. Because of the special poison Sara prepared, they can only serve Sara for generations, but they also know that I am still alive.” , have been trying every means to inform me, so I still have some understanding of the internal situation of the Poqing Society...”

Except for Sara, the four Earls have the highest status, but in fact, the financial resources, manpower and material resources of the Po Qinghui are all in the hands of the five army governors' mansions, and the five armies' governors' mansions, without exception, are all owned by the Wu family. The people who belong to Sara are the descendants of Sara's original family...” “

Sara is powerful, can live forever, and has an extremely ruthless style of acting, so over the years, he has accumulated a wealth that can be called heaven. They are basically managed by the Wu family, so the Wu family is also loyal to Sara;”

Lin Wan'er (Alani) continued, “As for the four counts of the Qing Dynasty, they are Changsheng Bo, Nakul Bo, Dingyuan Bo, and Sean Bo. Among them, Uncle Changsheng is the strongest, and Dingyuan is the only woman, probably the woman the young master saw before Changshengbo blew himself up! Uncle Nakul had already been killed by the young master's subordinates before, and Uncle Changsheng was forced to blow himself up to death by the young master today. If Dingyuan was also seriously injured, the four counts of the Qing Dynasty would kill three of them at the young master's hands! “

charlie said, "I don't know if Dingyuan is still alive. If he is dead, it's okay. If he is still alive, maybe he will find an opportunity to inform Sara! "

After all, charlie struggled to get up, but felt that his body was still unable to use his strength.

Lin Wan'er (Alani) hurriedly pressed his shoulders, and said, "Don't worry, young master, Uncle Changsheng's self-explosion is so powerful, is Dingyuan still alive?" It's all unknown, besides, even if she is lucky enough to survive, she must be seriously injured, the situation may not be much better than the young master, I believe that there will be no chance to report to Sara in a while." charlie said solemnly,

" We still can't take it lightly, no matter whether she is dead or alive, we must find her as soon as possible!"

After that, he looked at Lin Wan'er (Alani) and said, "Miss Lin, please lend me your mobile phone."

...

At this moment.

A valley a few kilometers away from Wanliu Villa.

Don Albert, Isaac Cameron, Li Yalin, and the Elms family including Xion have searched the entire valley.

Everyone searched for so long, but they still couldn't find charlie's whereabouts. Their hearts became more and more anxious, and they even had a bad premonition deep in their hearts.

After all, the power of the explosion was indeed too great, and the figure in the center was obviously the remains of the human body after the explosion. With such a strong explosion, it would be difficult to survive if there were other people around.

## **The Amazing Son In Law Chapter 5924 -**

Although they all knew that charlie was very powerful, but in the face of such a powerful explosion, no one was sure whether charlie could survive the explosion.

Contrary to the increasingly desperate and heavy feelings of others, Li Yalin felt more and more hopeful after repeated searches to no avail.

At this time, Xion had already broken down a bit, she suddenly sat on the ground and cried loudly, which suddenly attracted the attention of others.

Everyone hurried forward to appease Xion. Although Don Albert was also in a heavy mood, he was the first to say, "Miss xion, don't worry so much, maybe Master Charlie is a lucky man with a natural face!"

"Yes, Miss Xion." Although Isaac Cameron's eyes were red, he still tried to comfort him, "As long as there is no clear evidence that the young master is in danger, it proves that there is still hope for everything." Xion knew that they were all in danger

. It was just to comfort myself, in fact, everyone couldn't find charlie's whereabouts, and they were all very confused and very sad, but I became the first person who couldn't hold back their emotions.

Li Yalin stepped forward at this time, and said to everyone with a determined face, "Everyone, don't be too pessimistic for the time being. From the current point of view, I think Mr. wade has a very high chance of surviving!

" What?!"

Li Yalin calmly analyzed, "First of all, you have to think clearly about one thing. We shouldn't be pessimistic because we can't find Mr.wadee's whereabouts. On the contrary, we should be sad because we can't find him. I feel lucky."

Speaking of this, Li Yalin said again, "Think about it, everyone, the explosion just now was so powerful, if we found Mr. wade's whereabouts here, even if he is still alive, I am afraid he will only have one breath left. , just because we couldn't find Mr. charlie's whereabouts, nor could we find Mr. charlie's body, so this proves that the possibility of Mr. charlie's narrow escape is very high!"  
Don Albert

blurted out, "Inspector Li, the explosion center There are Master Charlie's things, those things prove that Master Charlie was probably at the center of the explosion when the explosion happened, and we have searched such a large area, but we haven't found any clues from Master Charlie, isn't this a contradiction? Could it be that Master Charlie was able to hide in a safe place

at the moment of the explosion? If so, why didn't he contact us?" Li Yalin said seriously, "Don Albert, you have been following

Mr. Charlie for a long time. It's time, you should be very clear about Mr. Charlie's multi-methods are simply beyond our adult comprehension," "

It seems that I don't understand why I was shot so many times and my body was beaten into a hornet's nest, but Mr. Charlie can still save me," "

So, we must not use common sense to look at what happened today. Do you think that Mr. Charlie may have been at the center of the explosion when it exploded, so is it more or less ominous for him? Then why don't you change your thinking, what if Master Charlie has some means to resist the explosion, and put yourself in a safe place at the moment of the explosion? "

Don Albert said with eyes, "Inspector Li, I don't want to confront you, nor do I want to sing against you. My Don Albert's life was given by Master Charlie. If God can make Master Charlie safe, let I, Don Albert, die suddenly on the spot, and I have nothing to say. "

Speaking of this, Don Albert choked up and said, "I just... I just don't know what's going on in my heart, and I'm afraid that something might happen to Master Charlie..." Everyone

nodded understandingly. In fact, everyone was in the same mood. But they were all afraid that something would happen to him.

At this moment, Don Albert's cell phone rang suddenly.

He was startled by the ringtone, and blurted out, "Isn't the signal blocked? "

Isaac Cameron on the side said, "The helicopter in charge of shielding has gone back just now. If it is shielded for a long time, the nearby residents will definitely find a way to complain, and it will cause even more trouble. "

Oh..." Don Albert nodded, glanced at the calling number and didn't recognize it, so he directly hung up the phone, wiped away his tears, and said, "Let's keep looking!"

As soon as he finished speaking, the phone rang again.

Don Albert was already irritable, and even more disturbed by the phone call, so he immediately pressed the answer button, and blurted out, "You are sick, you keep working hard at night. " Hit, you're done, right? "

From the other end of the phone, charlie's voice came, "Don Albert, why are you so angry?" "

## **The Amazing Son In Law Chapter 5925 -**

The moment he heard charlie Wade's voice, Don Albert was in a daze for a moment.

He didn't come back to his senses immediately, but just looked up at the sky blankly, and murmured, "My day... I couldn't be dreaming, right? Is God really so clever?" charlie Wade asked on the other end of the

phone "Don Albert, what are you muttering about?!"

Asked by charlie Wade, Don Albert came back to his senses, and asked in horror, "Ye...Master Wade?! Is it really you?! Or me?" What hallucinations are there?!"

As soon as Don Albert said this, everyone around exploded!

Everyone was questioning him, asking if it was really charlie Wade who called him.

And charlie Wade asked Don Albert again, "Can't you even hear my voice?"

Only then did Don Albert confirm that the person talking to him on the other end of the phone was actually charlie Wade.

For a moment, Don Albert burst into tears of joy, and he cried and asked, "Master Wade, where are you?! We have been searching in the valley for almost an hour, but we have not found your whereabouts. We are almost panicked to death... "

charlie Wade asked him, "You? Who are you with?"

Don Albert hurriedly said, "I'm with Isaac, Inspector Li, and the Elms family brought by Miss Xion. "

charlie Wade asked again, "Is there no one else?"

"No more." Don Albert hurriedly said, "Others know too much and are uncontrollable, so they didn't notify too many people." "

Okay." charie admired "Don Albert, you did a good job."

Don Albert didn't care about being proud, and quickly asked, "Master Wade, where are you?"

charlie Wade coughed twice, "Ahem... I won't be able to explain this to you for a while But don't worry, I'm fine for the time being."

Don Albert wiped his tears and said happily, "That's good, that's good! It doesn't matter if I die, as long as Master Wade is fine!"

charlie Wade was confused and was about to talk, when he heard Li Yalin's voice on the other end of the phone, "Mr. charlie, are you okay?"

charlie Wade smiled and said, "Thank you, Inspector Li, for your concern. I'm fine for now, yes Now, how is my grandma doing?"

Li Yalin hurriedly said, "Don't worry, they are all in the villa in the middle of the mountain. They are safe at present, but they are all worried about you." "

Okay." charlie Wade breathed a sigh of relief, and said, "Inspector Li Go back later and help me stabilize their emotions, tell him that I am fine, let them rest at the villa in the middle of the mountain, and I will visit when it is convenient." Li Yalin promised to come down and said, "Okay, Mr. charlie, I will convey it for you

."

Speaking, Li Yalin asked again, "By the way, Mr. charlie, where are you now? Is there anything we can help you with?"

charlie Wade ordered, "Inspector Li, turn on the speaker of your mobile phone. I need your help with something."

Li Yalin quickly turned on the loudspeaker, and said respectfully, "Master Wade, please speak, everyone is listening!"

” If you hear the sound of helicopters nearby, ask them to stay in the villa and not go out; in addition, ask Xion to take Elms’s family back to the hot spring hotel first, and don’t tell others what happened today; and Isaac, you and Don Albert should watch together. Tighten the perimeter of my villa, and don’t let anyone get close.”

isaac said without hesitation, “Okay, young master, I’ll make arrangements.”

Charlie hung up the phone, returned the phone to Lin Wan’er (Alani), and asked, “I just now Tell them to fly a helicopter to pick me up, but you have to say no, I can hardly walk now, how can we get to the Champs Elysees Villa?”

Lin Wan’er (Alani) smiled and said, “If you ask them to pick you up, my lord, how should you explain to them? Suddenly appearing in the boudoir of a young girl dozens of kilometers away in the middle of the night? And...”

As she said that, Lin Wan’er (Alani) said a little shyly, “Besides, the young master hasn’t put on any clothes yet. If it gets out, the slave family doesn’t care, but how can the young master explain it to the respected wife? Besides, Lao Zhang and the others live below, and a plane comes flying at night.” Helicopter, a few men came over to the boudoir of the slave’s house, and took away another naked man, what do they think of the slave’s house?”

## **The Amazing Son In Law Chapter 5926 -**

charlie Wade nodded, and said helplessly, “You are right, but how do we get there now?”

Lin Wan’er (Alani) Said, “My lord, wait for the slave’s family for a while, and the slave’s family will make arrangements.”

After Lin Wan’er (Alani) finished speaking, she immediately stood up and went downstairs to change into a simple t-shirt and jeans.

She made a phone call, and twenty minutes later, a two-seater light helicopter quickly flew over the courtyard, and then slowly landed in the courtyard.

After the pilot got off the helicopter, he immediately left through the courtyard gate without looking back.

After he left, Lin Wan'er (Alani) came to the courtyard, took off a brand new airport maintenance uniform from the co-pilot of the helicopter, and then returned to the second floor with the uniform.

At this time, Charlie Wade had already sat up by himself, covering his waist with a quilt.

Thanks to the enhanced version of the three quarters of the Sanxue Jiuxin Pill, although Charlie Wade's aura is completely clean, at least his physical condition has improved to a certain extent, and he is not as weak as when he first arrived here.

Seeing that he had already sat up, Lin Wan'er (Alani) put the uniform in her hand beside Charlie Wade, and said softly, "The helicopter has arrived, young master, change your clothes first, and I will accompany you to the Champs Elysees Hot Spring Hotel later."

Charlie nodding, she said awkwardly, "Miss Lin, please avoid it for a while..."

Lin Wan'er (Alani) blushed and asked, "Can you wear it yourself? Do you need help from my slave?"

Charlie Wade waved his hand quickly, "No, no, I can do it myself. It's just that the time may be a little longer."

Lin Wan'er (Alani) said, "The slave turned around, the young master changed his clothes and called the slave, and the slave helped the young master to go downstairs."

Charlie Wade shook his head and said, "I can go downstairs by myself..."

Lin Wan'er (Alani) said firmly, "Young master is still very weak. It's fine to dress by yourself. Let me help you when I go downstairs."

Charlie Wade saw that she insisted, so he didn't say any more, and spent a lot of effort to put the maintenance clothes on. Change your uniform.

After changing his clothes, Lin Wan'er (Alani) helped him down the stairs.

When he came to the yard, Charlie Wade found that there was no one else in the yard except a light helicopter, and there was no pilot on the helicopter, so

he asked in confusion, “Miss Lin, what are we going to do next?” Lin Wan’er (Alani) said indifferently,

” The servant came to see you, so that no one will see you.”

charlie Wade asked in surprise, “Can you fly a helicopter?”

Lin Wan’er (Alani) nodded naturally, and said with a smile, “Yes, I’ve lived for a long time, and I know something Naturally, there are more.”

charlie Wade was a little surprised that Lin Wan’er (Alani) could fly a helicopter at first, but now that he thought about it, he felt that her words were indeed reasonable, anyone who can live for more than 300 years can also master many kinds of helicopters. If Lin Wan’er (Alani) told herself that she could fly a jetliner one day, she shouldn’t be surprised.

Immediately afterwards, Lin Wan’er (Alani) helped charlie Wade board the helicopter, and she also sat in the cab on the other side.

On the helicopter, charlie Wade wore a noise-cancelling communication headset and asked Lin Wan’er (Alani), “Miss Lin, where did you find this helicopter?”

Lin Wan’er (Alani) said, “I asked Lao Qiu to arrange it, but don’t worry, my lord, I only asked him to get a helicopter.” Come here, he doesn’t know exactly what to do, the pilot was taken away from Zijin Villa immediately after the helicopter was delivered, the whereabouts of the young master will naturally not be revealed.” Lin Wan’er (Alani) asked

charlie Wade again, “By the way, young master, Has everything been arranged at the Li Villa? As long as no one is near the son’s villa, no one will see it.”

charlie Wade nodded and said, “It’s all arranged, I have to work hard for Miss Lin to accompany me personally. “

Lin Wan’er (Alani) smiled and said, “Young Master, you are being polite.”

After all, she skillfully started the helicopter and easily flew the helicopter into the night.
