

The Amazing Son In Law Chapter 5943 -

“Empty city plan?!”

Hearing charlie Wade’s words, Lin Wan’er (Alani) and Yun Ruge were puzzled.

They naturally know the allusion of “Empty City Strategies”. In “The Romance of the Three Kingdoms”, Zhuge Liang faced the siege of Sima Yi’s 150,000 troops. Going up, playing the piano while waiting for Sima Yi’s army. When Sima Yi’s soldiers approached the city, he saw Zhuge Liang playing the piano with a smile on the top of the tower, contentedly.

However, they couldn’t figure out why charlie Wade sang this “Empty City Strategies” to Sara. Do they want charlie Wade to climb up the tower and play it calmly like Zhuge Liang?

Yun Ruge was the first to persuade him, “Mr. charlie, the reason why “Empty City Strategies” works is because Zhuge Liang made Sima Yi fearful. , Sara will definitely send those three elders to test your details, she will be afraid of you only if you are in the dark, and once you are in the light, she will only force her to fight you to the death...” Lin Wan’er (Alani) couldn’t bear it either

. I can’t help persuading, “Yes, my master, I also think that what Uncle said is reasonable. At this time, the possibility of my master trying to scare Sara away is almost zero. It is better for me to advise you not to take risks...” charlie Wade saw

two Everyone was persuading him not to take risks, but instead he laughed out loud and said with an unfathomable face, “You two, don’t doubt my IQ, I’m not stupid enough to take the initiative to expose myself to Sara.” When they saw

charlie Wade smiled confidently, and was even more puzzled in his heart.

Lin Wan’er (Alani) guessed that charlie Wade was so confident that he must have a perfect plan, so she asked, “I don’t know if you have any clever tricks, why don’t you tell me and Uncle Dingyuan to learn from it.” charlie Wade laughed and said, “Both of you have different life experiences

. He is much richer than me, so we can’t talk about learning from me, and we can make progress together at most.”

said, Charlie Wade stood up and said, "You two will wait, let me show you something."

The second daughter could only suppress the doubts in her heart, watched Charlie Wade get up, and took out a scroll from the safe.

Lin Wan'er (Alani) had already guessed a little bit, and couldn't help asking, "The scroll in the master's hand, could it be the portrait of the master?!"

Charlie Wade nodded, brought the painting in front of the two of them, and spread it out on the coffee table in the middle. When it opened, a lifelike and peerless painting appeared vividly on the paper.

Lin Wan'er (Alani) looked at the old man with the fairy wind and crane bones in the painting, and couldn't help exclaiming with admiration, "So this is the true face of the old man, Shigong... It really is like what my father said, the spirit is extraordinary, and the fairy wind is ethereal!"

"Ruge asked in surprise, "This...is this the master that Sara often talks about, Meng Changsheng?!"

Lin Wan'er (Alani) exclaimed, "Sara told Uncle about the master?"

Yun Ruge said shamefully, "Ms. Lin should not call me Uncle anymore, that is just a fancy name given to me by Sara. To be honest, I have never liked this title... Besides, I have now turned my back on the dark and turned to the light, and I don't want to have any more contact with these three words. Any involvement..."

Lin Wan'er (Alani) nodded with a smile, and said, "In that case, I will call you Miss Yun from now on."

Yun Ruge cupped her hands gratefully towards Lin Wan'er (Alani), and then continued, "Sara is in front of the four of us, She often mentioned Senior Meng and the past when she worshiped under Senior Meng. She said these things in order to give us a picture, to let us know that a journey of cultivation can lead to a thousand years of longevity, and let us follow her even more wholeheartedly." Lin Wan'er (Alani)

pointed She nodded and sighed, "If she doesn't get the Hundred Turns Thousand Return Pill, Sara can live another hundred years at most. She must

have started to feel anxious by now.” Yun Ruge smiled, and said in agreement, “What Miss Lin

said In other words, in the past two years, Sara has become more anxious than before. In the past few decades, Sara has never worried about aging. After all, her appearance has not changed a bit for hundreds of years, but in the past two years, she I started to pay attention to skin care, and sometimes I could smell the skin care products when I passed by her, and I thought I was afraid of getting old.”

Lin Wan’er (Alani) sneered, “What is supposed to come will always come, what’s the use of being afraid.”

After finishing speaking, she pulled her thoughts back to the painting in front of her, and suddenly understood charlie Wade’s plan.

So she widened her eyes for a moment, and asked charlie Wade with great joy, “Master... Could it be that you want Master to sing “Empty City Strategies” for you?

” .

And charlie Wade saw that Lin Wan’er (Alani) was really smart, she could tell a little bit, he couldn’t help saying excitedly, “Miss Lin’s guess is right! I just want to work hard for Old Ancestor Meng to sing “Empty City Strategies” for me!” Yun Ruge felt her

own I couldn’t keep up with the two of them, so I asked anxiously, “Mr. charlie, what do you and Ms. Lin mean? Isn’t Old Ancestor Meng passed away for hundreds of years? How can you let him sing for you?”

charlie Wade looked at Meng Changsheng in the painting, and asked Yun Ruge, “Miss Yun, from your point of view, why did Sara send the three elders to Aurous Hill?

” Uncertainty, the An family is unharmed, Sara is not sure who the enemy is, how many enemies there are, the strength of the enemy is not sure, and whether the enemy is dead or not, these are all based on what she wants to find out. In addition, she definitely wants to continue attacking the An family.”

charlie Wade nodded, and said, "Miss Yun is right, these are all things Sara is in a hurry at the moment."

As he spoke, charlie Wade pointed at Meng Meng in the painting. Patriarch, asked her, "Miss Yun thinks, how many people in this world can recognize the person in this painting as Patriarch Meng?"

Yun Ruge's pupils shrank suddenly, and exclaimed, "Except for us! I'm afraid there is only... only Sara!"

Yun Ruge doesn't know the past of Mrs. Jiang's family, but only knows that Meng Changsheng passed away many years ago, and Sara is the only person who knew him and lived to this day.

charlie Wade didn't extend the topic either, so he followed Yun Ruge's words, nodded and said, "Since this old ancestor Meng, apart from us, only Sara knows him now, if this painting suddenly comes out in Aurous Hill tomorrow, once Sara sees it, she will be very happy." What would you think?"

Yun Ruge said in shock, "Then she...then she might be shocked to the top by lightning?! In her opinion, she should be the only person in this world who has met Patriarch Meng and is still alive. One, and the portrait of Old Ancestor Meng suddenly appeared in Aurous Hill, wouldn't she fly over non-stop when the time comes?!"

Lin Wan'er (Alani) chuckled and said, "Miss Yun is worrying too much, if this painting suddenly comes out in Aurous Hill, Sara will instead Never dare to come."

Yun Ruge asked inexplicably, "Why? This is the portrait of her master. After hundreds of years, the face of the master has reappeared in the world. Doesn't she want to find out who made this painting Did you get the painting out?"

Lin Wan'er (Alani) laughed and said, "Of course she wanted to, I'm afraid she still had to scratch her head, but then again, the more she wanted to find out, the less she dared to come to Aurous Hill!" After that, Lin

Wan'er Looking at charlie Wade, he said in admiration, "Sir, you really have great wisdom. This "Empty City Strategies", I am really ashamed of myself. Once this painting comes out in Aurous Hill tomorrow, I'm afraid it will scare Sara to pieces!

” charlie nodded, smirked at the doctor, and said, “What a coincidence, Aurous Hill is just holding a calligraphy and painting exhibition, and now it is collecting excellent calligraphy and painting works across the country. Created momentum in the major media”

“Although this painting did not leave any name of the author, but the painting is remarkable and the artistic conception is also very extraordinary. From an artistic point of view, it is definitely not inferior to those well-known painters in Chinese history, so as long as this painting is taken If it comes out, it will definitely cause quite a stir in the calligraphy and painting circle; “

The Amazing Son In Law Chapter 5945 -

“Sara is paying close attention to Aurous Hill, isn’t she? As long as this painting comes out, she will definitely pay attention to it, and there will definitely be many question marks in her heart!” “

She must I want to know, who is it that took out the portrait of her master?”

“And she must want to know more, what is the relationship between the person who took out the painting and her master? Could it be the disciple her master accepted before her? If so, then the other party may be over five hundred years old , I have already obtained the Hundred Turns Thousand Return Pill, and I am afraid that I am much stronger than her!” “

She must also want to know why the two earls under her command died and disappeared in Aurous Hill just now, and the portrait of the master the next day is still missing. Was born in Aurous Hill?”

“And she must really want to find out, the person who took out this painting, and the person who forced Willie to blew himself up.”, could it be the same person? If so, why didn’t that person die when Willie blew himself up? “

“And she must really want to understand why the other party survived Willie’s self-explosion, and why he made Master’s painting public immediately afterward;” “

Besides, she probably wants to find out even more. What is the intention? Did he want to shake the mountain and tell her that the other party already knew her true identity and that she was Meng Changsheng’s disciple? ! “

“Once she thinks about this level, she will realize that the other party has already figured out all her old background!” “

“At that time, this woman who usually uses a voice changer on the phone will probably be as terrified as an ant in trouble. “

“And that’s not the problem that bothers her the most!” What bothered her the most was that this person knew all about her. Was he trying to lure her to Aurous Hill by doing this? Or lure her to send more people to Aurous Hill to die? Speaking of this ,

charlie Wade sneered, “I believe that when Sara has so many question marks in her mind, she will definitely be wary of Aurous Hill. At that time, I will give her the courage, do you think she dares to come?” ! Even if the three elders had already arrived in Aurous Hill, she would immediately call these three back! “

Yun Ruge asked with some doubts, “Mr. charlie, I don’t understand the art of war, and I don’t understand conspiracy. I have always had one doubt about “Empty City Strategies”, that is, since Sima Yi has 150,000 soldiers, Zhuge Liang will open his eyes.” Why didn’t he send 10,000 or even 20,000 soldiers to the city gate to find out the truth? “

charlie Wade smiled slightly, “Let me tell you this, if you receive a scam call, and the other party says on the phone, as long as you transfer all your 150,000 yuan to him, he will let you earn 100,000 in one day. times, and you already firmly believe that the other party is a liar in your heart, then would you take out 10,000 or even 20,000 of your 150,000 belongings and call him to try? “

Yun Ruge was stunned for a moment, and then said shamelessly, “I understand...Thank you Mr. charlie for your advice. It seems that I have devoted myself to cultivating the Tao these years, and my strategy is too far behind...”

Lin Wan’er (Alani) looked at charlie Wade, her eyebrows and eyes had already bent over with a smile .

She felt more and more that charlie was very interesting, he had capital and kindness, he was capable and had a sense of justice, and at the same time he was very smart, and even more rare, he was also very humorous.

So she smiled and said, “Young Master, if Sara finds out that Young Master is plotting her against her one day, she will be so angry that she will lose twenty years of her life...”

Lin Wan’er (Alani) smiled narrowly and said, “Since Master has such a good memory, why don’t you give up on him?” Inscribe a few words on this painting, and the effect will be better.”

charlie Wade asked with a smile, “What words should I inscribe?”

Lin Wan’er (Alani) smiled and said, “Just click on the biography of Old Ancestor Meng! Meng Sheng, courtesy name Changming, a native of Chang’an, was born in the first year of Linde in the Tang Dynasty. Later, he called himself Changsheng Jushi and changed his name to Meng Changsheng...”
