

The Amazing Son In Law Chapter 5948 -

the other side.

charlie Wade was still in the mid-level villa in the Champs Elysees, having a long conversation with Lin Wan'er (Alani) and Yun Ruge.

Although he has decided to sing "Empty City Strategies" to Sara, there are still many details that need to be clarified gradually.

Lin Wan'er (Alani) said to charlie Wade, "Master, the idea of "Empty City Strategies" is brilliant, but the only risk is that if the three elders come to Aurous Hill, but Sara hasn't paid attention to the portrait of the master, how should we deal with it?" charlie Wade

laughed He said, "Don't worry, the most popular short video platform right now is the Wade family's industry. I tried to find a way to send this painting to the Painting and Calligraphy Association this morning. Within a few hours, I can naturally arrange this painting to be popular. , as long as Sara is still paying attention to Aurous Hill, she will definitely see it."

. The three elders will definitely be dispatched, so it is estimated that these three elders are about to leave."

Lin Wan'er (Alani) nodded and said, "It's a long way to come to Huaxia from the edge of Antarctica, and it's impossible to take off and land ultra-long-range airliners on their island. , so they must go to Argentina first, and they are probably on their way to Argentina now."

charlie Wade looked at the time and said with a smile, "If they are efficient, they will probably be here by seven or eight o'clock in the morning." It's time to fly to Huaxia."

Then, charlie Wade paused slightly, and said, "After they get on the plane to Huaxia, I will publish the paintings of Old Ancestor Meng, and it is estimated that Sara will publish them soon. They urgently summoned them back, and the mentality of these three people will probably collapse by then."

Lin Wan'er (Alani) nodded slightly, and said with a smile, "The three of them have retreated for a hundred years, and they are about to succeed. They are suddenly called out by Sara to perform a mission, and they will definitely have

some opinions in their hearts. , and the Wu family is the same, this is human nature.”

Both charlie Wade and Yun Ruge agreed with Lin Wan’er (Alani)’s point of view.

Yun Ruge lamented, “There are opinions for sure. After all, we persisted for a hundred years, but we only missed the door. The sudden interruption, I don’t know how long it will be delayed.”

charlie Wade smiled and said, “The key is that if there is an urgent task, they are duty-bound to leave the customs, but everyone has been tossing around, and they have not yet arrived in Aurous Hill, and then they are called back. If you drag the dog back, the dog will be dissatisfied.”

Lin Wan’er (Alani) asked with a smile, “What is the young master’s plan now? How can this painting be given to the painting and calligraphy exhibition?”

charlie Wade replied, ” My father-in-law is the executive vice president of the Painting and Calligraphy Association, and they have been looking for exhibits everywhere recently, so I can give this painting to him.”

Lin Wan’er (Alani) said with some concern, “My son’s identity is sensitive, and Sara has always wanted to find out the whereabouts of son. , if the young master gives the painting to the young master’s father-in-law, in case Sara sends someone to investigate, maybe he can find out the young master’s identity information, and in that case, it will be exposed?” charlie Wade nodded and said with a smile, “I must

choose A clever way to give this painting to my father-in-law.”

As he spoke, he thought of an idea, and said, “I have a solution, and I will do it later.”

After speaking, he looked at Yun Ruge said, “Miss Yun, the formation that Sara left in your Niwan Palace needs a special formula to activate, right?”

Yun Ruge nodded and said, “That’s right.”

charlie Wade asked again, “Then Have you used your spiritual energy to investigate the mystery?”

Yun Ruge said, "I have, but the Niwan Palace is usually closed, and our spiritual energy cannot enter at all."

The Amazing Son In Law Chapter 5949 -

charlie Wade nodded and sighed, "It seems that Sara The strength of your body is indeed very strong, and I have never opened the Niwan Palace. I can't even open my own Niwan Palace, let alone try to open someone else's. Therefore, the self-explosive formation in your body should not be able to be removed in a short time. "

Yun Ruge sighed softly, and said, "I never thought about getting rid of the formation, but I just hope that this formation will not affect other innocent people. Anyway, I don't have too long to live, and there is only the last thing left in my life. It's been more than two years."

charlie Wade asked curiously, "Why did Miss Yun say that?"

Yun Ruge said, "I have the strange poison left by Sara in my body. I have to take the antidote every three years, otherwise my meridians will be cut off and my internal organs will be destroyed." charlie Wade frowned and said, "I wonder if I can check it out

. ?"

Yun Ruge hesitated for a moment, then nodded slightly, and handed charlie Wade his right hand.

charlie Wade put his fingers on Yun Ruge's vein gate, and a trace of aura entered her body. After walking through her body for a while, he found that her meridians, dantian, and even internal organs were surrounded by a strange energy .

charlie Wade could vaguely feel that this energy had been completely fused with her meridians and internal organs. With charlie Wade's current ability, it was completely impossible to separate this energy from her body.

What's even more strange is that charlie Wade can feel that this energy is extremely manic in nature, but the reason why it can be stably integrated with her body without interfering with each other is because there is another energy that is like a stabilizer, constantly interacting with this energy. The strands of energy interact to keep the former stable.

Moreover, Charlie Wade can feel that the latter has been continuously absorbed by the former at an extremely slow speed. This kind of slow absorption can not only keep the former stable, but also allow the former to absorb continuously for a long time. In the middle, it will gradually become stronger and stronger, while the latter will become weaker and weaker because it is continuously absorbed by the former.

Charlie Wade couldn't help but said, "Miss Yun, there are two strange auras in your body, do you know?" "

Yes." Yun Ruge nodded, and said, "These two auras are poison and antidote.

" Charlie sighed, "It seems that the spiritual energy in the deepest part of Miss Yun's body should be the poison itself, and the spiritual energy involved with it is the effect of the antidote. As long as the effect of the drug is still there, the poison's properties can be stabilized. The effect of the antidote has been slowly absorbed by the former, and once the latter, which has the function of a stabilizer, is absorbed by the former, the former will explode, and you will die from breathlessness." Charlie Wade said again, "The blood in your

body This kind of toxin is completely different from the situation of the dead man and the Xiao cavalry. The toxin in the body of the dead man and the Xiao cavalry is a kind of poison with a complex structure. Presumably it should be a special toxin mastered by Sara. Miss, the poison in your body is not so much poison as it is a special aura."

Yun Ruge nodded, laughed at himself, and said, "This is Sara's ingenuity, the poison she gave us to reconcile. The medicine is actually a special kind of aura. The clever thing is that if we don't take the antidote, we will die from the poison. If we take the antidote, it seems to stabilize this energy, but in fact, it is letting this energy continuously improve its own strength, which is tantamount to chronic poisoning, getting deeper and deeper."

Charlie Wade said with emotion, "Sara is really smart. The consequence of this poison and antidote is that the longer you live, the longer you live. The more you have to eat, and the more you take the antidote, the stronger the toxins in your body will be. Even if you practice hard and improve your strength, but because you have to take the antidote every three years, you still can't get rid of this kind of poison. The poison has control over you!"

The Amazing Son In Law Chapter 5950 -

For the poison in Yun Ruge's body and the formation in her Niwan Palace, Charlie didn't have any good solutions for a while.

This also made Charlie realize that there was still a huge gap between himself and Sara.

This time, Willie blew himself up. Although he had escaped with the ring that Lin Waner (Alani) gave him, if Sara really sent three masters who were about to break through the Niwan Palace to Aurous Hill, then he might not survive at all. Chances are, even if there is Lin Waner (Alani)'s ring, it will only kill Lin Waner (Alani).

As for Sara, she opened the Niwan Palace more than a hundred years ago, and her current cultivation is unfathomable, at least a hundred or even two or three hundred years ahead of her, so if Sara came here in person, she would probably be even worse. possibility of survival.

Thinking of this, Charlie couldn't help but rejoice, if he hadn't accidentally rescued the mother and son of Mrs. Jiang who were in trouble in Mexico, how could he have the opportunity to get the portrait of Old Ancestor Meng?

If he didn't have this portrait of Old Ancestor Meng in his hand, it would be a fool's dream to sing "Empty City Tactics". In that case, he would be powerless to stop the three elders from coming to Aurous Hill.

Charlie couldn't help but secretly swear in his heart that if he could bluff Sara this time, he must thank Mrs. Jiang for this opportunity. If Mrs. Jiang needs it, he will give her another Spring Pill as a thank you.

After making up his mind, Charlie looked at Yun Ruge, and said apologetically, "I'm sorry Miss Yun, although I can heal your injury and slowly restore your cultivation, but I really can't solve it for a while." The poison in your body, and the formation in your Niwan Palace, but you don't have to worry too much, I will try my best to find a way." Yun Ruge

knew that Charlie was comforting herself, but she was not disappointed in her heart, After all, my first thought after the explosion was to stay away from the hero and spend the rest of my life. Now that my body has recovered a lot, Charlie promised to help me recover slowly, which is far beyond expectations. How dare you expect to be able to detoxify and form formations.

So, she said to charlie very gratefully, “Mr. charlie doesn’t need to apologize to me. I am already grateful for your help to heal my injuries. As for the detoxification and formation, I don’t dare to hope that I can live the rest well.” In the past two years, I have been very satisfied!”

charlie looked at her, and said very seriously, “It’s really not possible, I still have a way after two years, although it may not be able to break the formation in your body, but at least 80% sure it will be able to do so.” Eliminate the poison in your body.”

Upon hearing this, Yun Ruge’s eyes flashed with excitement.

But at this time, charlie changed the subject and said very seriously, “But Yun Xiaojia, although this method has an 80% success rate, it may also bring you great pain. If it fails, the pain will be a disaster for no reason. , I wonder if you are willing to take the risk?”

Yun Ruge said excitedly, “Mr. charlie, don’t say that there is an 80% chance, even if there is only a 10% chance, even if I have to go through a sea of swords and flames, I am willing to try!”

charlie nodded seriously. Said, “I might as well tell you this method. I have a medicine called Reshaping Pill. As long as the human brain is not dead, even if the body has turned into mud, the Reshaping Pill can help him reshape a complete body.” , I just saw that the toxins in your body, Ms. Yun, are basically in your meridians, dantian, and internal organs. At that time, I can cut off all the poisoned places in you, and then put the remodeling pill into your mouth, so that It helps your body reshape, once the reshaping is completed, I believe these toxins should no longer exist!”

Hearing this, Yun Ruge asked in surprise and joy, “Mr. charlie, you really have such a magic medicine?!” “

charlie said indifferently, “I can talk to you here unscathed because of taking the Reshaping Pill.”

The Amazing Son In Law Chapter 5951 -

Yun Ruge’s eyes widened, and she couldn’t help but burst into tears with excitement, kneeling on the ground with a plop, respectful Said, “Mr. charlie! If you are willing to use this magic medicine to help me, I swear that in this life, you are the only one who will follow my lead! Even if you let me die, I will have

nothing to say!" charlie stretched out his hand to help her up, with an expression on his face

. He said in a solemn voice, "My goal is to kill Sara with my own hands and avenge my parents. If you are willing to follow me, you will be an enemy of Sara. Can you do it?"

Yun Ruge gritted his teeth and said, "Mr. charlie, don't worry, Sara is vicious and vicious. Not only has he used poison to control me for decades, she even turned me into a human bomb, and I have a sworn feud with her!" charlie tapped lightly

. Nodding, he said, "Okay! If I can help you detoxify your body after two years, then if I am lucky enough to open the Niwan Palace in the future, I will definitely do my best to help you remove the formation in the Niwan Palace. After death, you are completely free, no matter where you go, I, charlie, will never interfere, this is my promise to you today!" Yun Ruge clasped her fists in both hands, and

said gratefully, "Thank you, Mr. charlie, for your righteousness!"

At this moment , it was already light outside.

charlie said to Yun Ruge, "Miss Yun, I'll have someone take you to the Champs Elysees Hot Spring at the foot of the mountain later, where I'll arrange a room for you to stay temporarily. You still have a very powerful formation in your body. , Therefore, I need you to be ready to evacuate at all times. If my empty city plan fails and the three elders still come to Aurous Hill, then I will send you to a safe no-man's land, in case the three elders come to Aurous Hill. There is a way to detonate your formation."

Yun Ruge nodded, and said respectfully, "I will listen to Mr. charlie's arrangements for everything!"

Lin Wan'er at the side thought for a while, and said, "Young master, I think that you must find a way to monitor it from Argentina. All civil aircraft that take off and go to Huaxia, including passenger planes and cargo planes, Argentina is very far away from Huaxia, and there is currently no direct flight between the two countries. If there is a flight that applies for a route to Aurous Hill, pay attention to the route map of the flight, real-time Monitor the other party's whereabouts. Once the young master's empty city plan is over, and there are planes from Argentina heading straight to Aurous Hill, then you must be

careful! If the young master's empty city plan is over, A certain plane that was supposed to come to Huaxia suddenly turned around, then this plane may be the one that the three elders took. Ye

charlie nodded in agreement and said, "It is indeed a good idea to monitor the plane. I used this method to lock down a shipping company of the other party, and then I met Miss Lin in Northern Europe. "

Lin Wan'er smiled slightly and said, "I also guessed that the young master should use this method. Only this method can grasp the movements of the Xiao cavalry guards and dead soldiers.

At this time, Yun Ruge suddenly said, "Young master, if you can lock the plane that the three elders are flying on and find a way to shoot down the plane, wouldn't you be able to kill all the three elders with ease? " !

charlie and Lin Wan'er said almost at the same time, "No way! " After Ye

charlie finished speaking, seeing that Lin Wan'er had the same reaction as himself, he asked her, "What do you think, Ms. Lin?" "

Lin Wan'er said seriously, "No matter what the situation is, shooting down a civilian airliner is a terrorist act, which is absolutely not advisable, and will be despised and condemned by the whole world. You must act with a clear conscience, this kind of thing is absolutely not advisable. "

charlie also agreed and said, "A man is a man, he can do something, and he can't do something. This kind of thing is definitely not within the scope of my consideration. "

Yun Ruge was ashamed immediately, and quickly said, "I'm sorry Mr. charlie and Ms. Lin, I took it for granted... I just think that if the three elders are all on the same plane, shooting down the plane might kill them all at once. The best way, but I never thought about it... This approach is really inappropriate... Please forgive me, Mr. charlie and Ms. Lin..." Ye

charlie nodded and said, "Today's goal is to scare Sara and force him to She retreats, don't be greedy. As long as this goal is successfully achieved, Sara will never dare to act presumptuously in Aurous Hill for a long time in the future, so that she can buy more time to try her luck and improve her strength. When we were dispatched, we already had the strength to keep the three of them in Aurous Hill forever! "
