

The Amazing Son In Law Chapter 5988

"When charlie spoke with a firm tone, he knew that he was still very satisfied with his wife, so he quickly asked, "charlie, where is your grandson-in-law? Why didn't you bring it to grandma to see?" charlie said, "A few days

ago Knowing that all of you are coming to Aurous Hill, I had a premonition that there might be danger, so I sent her to the United States."

The old lady nodded and said with a smile, "It doesn't matter, it won't be too late when she comes back!"

charlie shook his head and said, "Grandma, even if she When I come back, I probably won't bring her to see you and grandpa."

The old lady asked puzzledly, "Why, charlie? Are you still complaining about your grandpa?"

charlie shook his head slightly, and said, "Grandma, My wife... still doesn't know my real identity."

Everyone present widened their eyes.

No one expected that charlie's wife who had been married for four years would not know his real identity.

The old lady couldn't help asking, "charlie, you have been married to that girl surnamed Willson for four years, why doesn't she know your identity?"

charlie laughed at himself and said, "When she married me, I was useless. I was still moving bricks and cement at the construction site. Later, when I got married, I joined the Willson family. In the eyes of the Willson family, I was born in an orphanage. I have studied at a low-end population with no real skills. At that time, I was also happy with the feeling that no one paid attention to me, so I never askedThe Willson family revealed their identities..."

Speaking of this, charlie said again, "Later, Stephen Thompson found me and gave me a sum of money and a company, and I myself had some special encounters, and I arrived soon Today, but during this period of time, I didn't think about how to tell Claire about me, so fortunately I kept it a secret and didn't let her know. Grandma

thought for a moment, nodded understandingly, and sighed, "A friend in need is a friend. When you have nothing, she can still marry you and never leave her. This is really remarkable." "

Speaking, she couldn't help asking with some expectation, "charlie, since you have been married for four years, don't you already have a child? "

Others also looked at charlie expectantly, hoping to hear the good news from him.

charlie touched his nose in embarrassment, "Grandma, we haven't had a child yet..."

Everyone was a little surprised, and at the same time I was also a little disappointed.

The old man An Qishan quickly changed the subject and said to charlie, "By the way, charlie, grandpa will introduce you to your three uncles and aunts. I haven't seen them for so many years. They have changed a lot. I'm afraid you will Can't recognize it. "

An Qishan started with Asher, and introduced, "charlie, this is your uncle. You should have met some time ago. "

charlie nodded, and said calmly, "Uncle came to Aurous Hill to participate in the Huichun Dan auction, and I was watching the real-time monitoring from behind. An

Asher sneered twice, and said, "I just guessed that you kicked me out, and you really didn't wrong you kid!" "

charlie smiled, and said seriously, "Uncle, the state owns the state laws, and the family has family rules. The first rule of the Huichun Pill Auction is that no one can take the Huichun Pill away. My uncle was really impatient that day. According to the regulations, please don't blame the uncle. "

Asher said quickly, "I didn't have any intention of incriminating the teacher. It was true that I violated the rules of the auction at that time, and I deserved to be kicked out. "

As he said that, Asher asked curiously, “charlie, about the auction, my uncle has only one question that I am more curious about. I wonder if you can talk to my uncle?” charlie nodded, “Excuse me, uncle.”

An

Asher asked, “Did you know my identity at the time?”

“I don’t know.” charlie said truthfully, “My uncle used the name of dhilon at the time. I didn’t doubt it too much. It was Jian, the father of the Fei family, who told me about it.” I know your identity.”

Asher nodded lightly, and murmured, “So...”

Speaking of this, he suddenly thought of the previous changes in the Fei family, and couldn’t help asking, “charlie, did the Fei family change a lot before? Is it because of you?”
