

The Amazing Son In Law Chapter 6018 -

“Your guess is right!”

Lin Wan’er (Alani) on the other end of the phone said to charlie unabashedly, “My family is going to the south of Yunnan, go now!”

charlie asked puzzledly, “What are you doing in the south of Yunnan?”

Lin Wan’er (Alani) Sighing lightly, he said in a melancholy tone, “Young master, since Pucha’s mother failed to cross the robbery and my family left southern Yunnan, in the past two or three hundred years, my family has never returned to southern Yunnan. Nanbu laid down a net and waited for me to drill.”

Lin Wan’er (Alani) then said, “Sara’s five-army commander’s mansion should have entered a state of silence, even if she still has eyeliner in southern Yunnan, I’m afraid she will withdraw to the Chinese army’s mansion at this time or just stop all investigations and wait for orders, now is a good time for my family to return to southern Yunnan!”

charlie said, “Miss Alani, don’t take it lightly! You are more important to Sara than anyone else in this world. If she is still keeping a net to catch you in southern Yunnan, you will be in great danger if you go back!”

Lin Wan’er (Alani) smiled and said, “Master I don’t know Sara well, but if you know her, you will know that she is extremely cautious, and she is afraid of revealing her identity in front of non-core members. Therefore, if she wants to go to southern Yunnan, the members who will be placed in southern Yunnan by Poqing will definitely be there in advance. Withdrew from southern Yunnan, and she still has more than 20 hours to reach southern Yunnan, and the current southern Yunnan must be a vacuum zone that breaks through the Qing Dynasty.”

charlie asked her, “What is Miss Alani going to southern Yunnan for?”

Lin Wan’er (Alani) said in a mournful voice, “My family... I want to go to my father’s grave to pay respects. Back then, my family buried my father’s clothes on a mountain near my grandmother’s house. That was just to confuse Sara. It was buried in a place that only the slave family knew about.”

Lin Wan'er (Alani) said, "Actually, the slave family also wanted to go to the edge of Tianchi in those days, and it was also the place where the mother of pucha failed to cross the robbery."

Immediately, Lin Wan'er (Alani) smiled and said, "Sara's first stop in southern Yunnan is most likely where my father's tomb is located. Southern Yunnan is very big, and it will take at least a few hours or even longer for her to go all the way. In this way, the theoretical window period for going to Nujia will be longer than expected. If Nujia moves fast enough, it will be no problem to finish these two places. Even if the time coincides with Sara, the huge south of Yunnan may not really collide. "

Hearing her firm tone, Charlie said without hesitation, "Since Miss Alani is going to the south of Yunnan, let me go with Miss Alani! Let's go now, go back quickly!"

Lin Wan'er (Alani) asked in surprise, "My lord... ..You...you want to go to southern Yunnan with my family?"

"Yes!" Charlie said firmly, "I don't worry about you going alone, you can't let those three old gentlemen go with you?"

Lin Wan'er (Alani) was moved, but said with some concern, "My lord... I'm not afraid of Sara, it's because I don't have aura on my body, unless Sara recognizes me, I'll just pass by, as long as she doesn't see my face, she doesn't know who I am. Who."

At this point, Lin Wan'er (Alani) changed the subject and said seriously, "Young master is different! You possess spiritual energy, and you have the ring and other magical artifacts that the master gave to my father back then. If you really disarmed Sara at close range, it is very likely that you will be killed." He was targeted by Sara!"

"It's okay!" Charlie blurted out, "I'll go to Yun Ruge first! Doesn't she know how to hide her breath? That night at Wanliu Villa, she followed me and Willie all the way. I haven't even noticed, if she can teach me the mind method of concealing breath, I don't have to worry about being discovered by Sara!" "

This..." Lin Wan'er (Alani) hesitated, "Master, Sara taught Yun Ruge's mind method. If she has a way to see through, wouldn't it still be very dangerous?"

charlie smiled and said, "It's a little dangerous, but if we can really meet Sara, maybe it's a good thing."

Lin Wan'er (Alani) was even more puzzled, and asked suspiciously "What are your plans, sir?"

charlie said seriously, "I have no plans, the main reason is that it is too dangerous for you to go to southern Yunnan alone. If you want to go, then I will accompany you. If you don't meet Sara, it's the best. If you meet Sara, It may not be a bad thing, as long as Sara can't find out, it is possible to find the place where she and your father worshiped Meng Willie as a teacher through Sara!" Then, charlie further explained, "Through the matter, I am getting more and

more I feel that the "Nine Mysteries of Heaven" and "Preface to the Nine Mysteries of Heaven" are related to my parents to a certain extent, and they seem to be inseparable from the old ancestor Meng Willie. Maybe I can find the things or records left by him, and in that case, I will have the opportunity to unravel more details before and after my parents were killed." Lin Wan'er (Alani) hesitated, "If the young master does not want to meet

Sara, the slave family has 90% Certainty; but if the young master wants to meet Sara, the slave family is 100% sure... However, the redeeming slave family bluntly said that the young master's current strength, coupled with Yun Ruge's hidden mind, even if he can hide his breath in front of Sara for a while, I'm afraid it's impossible to follow Sara from southern Yunnan to Shiwan Dashan..."

charlie said with a smile, "Miss Alani has ignored the monitoring capabilities of Huaxia. As long as we can confirm that she appears in a certain place in Huaxia, as long as she doesn't Invisibility, she will never be able to escape from Skynet's surveillance. In the field of control, you can trouble Mr. Sun at that time. With his identity and qualifications, he should be able to directly retrieve the data of Skynet. However, the problem now is that there is a huge crowd, and I don't know where to catch her first. figure. Lin

Wan'er pondered for a moment, then said, "It's not difficult, Sara will most likely go to her father's tomb, as long as she waits there, there is a high probability that she will see Sara." "

charlie asked her, "Miss Alani, may I ask which city in southern Yunnan is your father's tomb?" Lin Wan'er (Alani) said, "

In Dali, the grandmother of the slave family was born and raised in Dali, and lived in the ancient city, and the tomb of my father's clothes is on the mountains on the Erhai Sea. charlie asked again, “

Then let me ask again, where are your father's ashes buried?” Lin Wan'er (Alani) said, “

In Poole.” After finishing speaking

, Lin Wan'er (Alani) said again, “The Tianchi where the mother of pucha was located was in Banna. “

Dali, Poole, Banna...” charlie murmured, and a complete plan emerged in his mind.

So he said, “Miss Alani gave me two hours to prepare. After two hours, I will go Zijin Villa will pick you up, and we will go to southern Yunnan together! “

Lin Wan'er (Alani) agreed without thinking, “Okay, then the slave family will wait for the young master at Zijin Villa. “

charlie hung up the phone, and immediately drove to the Champs Elysees Hot Springs. He wanted to go to Champs Elysees to meet Dingyuan Boyun Ruge first, and then pick up Lin Waner to go to southern Yunnan. So, he drove

out , while calling Isaac Cameron, and told him, “Old isaac, help me rent a business jet. Don't use the wade family's name to rent it. Find a vest company to pay for it. I will take a flight in two and a half hours.”
