

The Amazing Son In Law Chapter 6021 -

“

“Tablita, it's best if you're fine. I've been calling you for the past two days, but I haven't gotten through. It's driving me to death!” Tablita's

mood is very complicated at the moment, and she doesn't know what her husband is. Is it true that Po Qing will arrange an undercover agent at his own house?

Naturally, she didn't want this to be the case, but she didn't dare to take it lightly because it was a matter of life and death for the entire An family.

So, she continued to follow Charlie's instructions, and said, “Honey, you almost couldn't hear my voice...”

Chen Zhimin exclaimed, “Did something happen?!”

Tablita said, “Two days ago, a very powerful super master suddenly attack Wanliu Villa. That person is said to be the elder of one of the four Earls of the Qing Dynasty. Uncle Sheng is also the strongest among the four Earls. Almost all the bodyguards at home were killed after just meeting each other...” “Ah?!”

Chen Zhimin asked nervously, “Then what happened afterwards? You How did you escape? Parents, are they all right?”

Tablita said, “At that time, we all thought we were doomed, but we didn't expect that another mysterious man wearing a mask appeared and rescued us. Willie was chased and beaten by him all the way, and he never appeared again...”

Chen Zhiming asked suspiciously, “Another mysterious person? This is the second time! Will it be the same as the first time to save you? Is it related to the mysterious person?”

Tablita said calmly, “That's right! I heard his voice, and it was the benefactor who saved us in New York last time who came forward to save us!”

Chen Zhimin quickly asked, “Did you see him again ?” Is he on business? Who is he? Why does he show up at critical moments every time?”

Tablita said, “he was still masked all the time, and he hasn’t communicated with us too much.”

Chen Zhimin couldn’t help sighing, “It’s strange, such a powerful People, why have you been protecting you in secret all the time? And you always don’t show your true colors?”

Tablita already had a little ominous premonition in her heart when she heard her husband’s question in such detail. mentality, and said intentionally or unintentionally, “It seems that this benefactor has more important things to do, so he has not shown his true face.” Chen Zhimin blurted out,

“What is more important?”

The father told that Uncle that he was going to take down the entire Po Qinghui, and that he would cut off the head of a man named Sara with his own hands...” There was no sound on the other end of the phone

.

Tablita asked tentatively, “Honey, are you still listening?”

Chen Zhimin came back to his senses, and couldn’t hide his panic and said, “Ah? I’m listening, I’m listening... I was watching something just now, and I was a little distracted...”

After speaking, Chen Zhiming said again, “It’s best if you are all fine, and I am also I can rest assured, I haven’t heard from you for the past two days, I have been nervous, I don’t think about food and drink, and I can’t even concentrate on work...” After finishing speaking,

Chen Zhimin yawned and said, “Oh, I haven’t heard from you for two or three days. I closed my eyes, and when I heard that you were all right, I was so sleepy that I couldn’t open my eyes, my wife, I’ll sleep for a while, I really can’t take it anymore.” Tablita pursed her lips, her expression was slumped, but her voice was very

The Amazing Son In Law Chapter 6022 -

concerned Said, “Okay husband, go to rest, don’t disturb your phone.”

“Okay!” Chen Zhimin agreed, and said to Tablita, “Honey, I’ll hang up first.”

“Okay, hang up.”

Following the voice When the call stopped, An Qishan said solemnly, “Don’t think about it, Zhimin must have a problem.”

Tablita subconsciously said, “Dad, Zhimin cares about us and wants to know what’s going on. It’s okay to ask more questions. Right?”

An Qishan said coldly, “It’s okay to ask too many questions, but there will be problems after asking.”

Li Yalin also agreed at this time and said, “I support Uncle An’s judgment, Zhimin does have problems!”

Tablita Quickly asked, “Brother Yalin, what do you think is the problem?”

Li Yalin said without thinking, “NormallyNow, he knows that you escaped death, so it’s no problem to ask more questions, but after he couldn’t contact you, he didn’t come to Huaxia immediately, which is a bit wrong. It’s understandable if he is just greedy for life and afraid of death, but Why don’t you even tell me about coming to Aurous Hill to see you now that you’re fine? Normal couples, if they encounter this kind of situation, they will rush over no matter how tired they are. What’s more, there are several special planes in your family, so he can get on the plane first and rest on the way to catch up on sleep. “

Speaking, Li Yalin said again, “He never mentioned coming to see you, it must be because he wants to report these important news to the British Lord as soon as possible, and then let the British Lord make a decision!” He will only come to see you if the Lord of England lets him see you. As soon as Li

Yalin’s words fell, he couldn’t help but frowned again, and said, “No, the hero should not let him come to see you. After charlie sang the empty city plan, the hero would never dare to send anyone again.” Come to Aurous Hill. An

Tablita pursed her lips and didn’t know how to answer for a while.

At this time, An Qishan sighed and comforted him, “Okay, now is not the time to think about this. From now on, we just need to remember that everyone except charlie , no one else deserves full trust. “

At the same time, charlie drove to the Champs Elysees Hot Spring Hotel.

charlie had already asked Don Albert to arrange Yun Ruge to an absolutely safe living room in advance. After he arrived, he would directly follow Don Albert's guidance. Came to the living room where Yun Ruge was.

As soon as charlie entered, Yun Ruge stood up quickly, and said respectfully, "I'm going down to Yun Ruge, I met Mr. Wade. "

charlie waved his hand, "Miss Yun doesn't have to be so polite, I'm short on time, so I'll get straight to the point. "

Speaking, charlie continued without waiting for Yun Ruge's answer, "Sara is going to Australia soon. She will stop in Australia and then fly to Myanmar. Ms. Lin and I suspect that she is likely to go to Shiwan Dashan. I want to meet her, so I came to ask Ms. Yun, how can I hide the aura and aura on my body so that others won't notice it? "

Yun Ruge exclaimed subconsciously, "What did Mr. Wade say? Sara came out? ! "

charlie asked her, "Is it strange that Sara came out?"

Yun Ruge said, "She hasn't come out for nearly twenty years, is Mr. Wade's information accurate?"

" After analyzing the relevant clues, it is inferred that she is likely to go to Shiwan Dashan, so the two of us plan to go to southern Yunnan to verify whether our speculation is right or wrong!"

The Amazing Son In Law Chapter 6023 -

Ruge was a little puzzled.

She looked at charlie and asked in surprise, "Mr. Wade...you and Ms. Lin, why did you take the risk to get close to Sara? This...isn't this too dangerous?"

charlie said calmly, "It sounds dangerous, but in fact Ms. Lin and I didn't plan to really get close to Sara;"

"Miss Lin's idea is to make a time difference. According to Ms. Lin's analysis, wherever Sara went, there is a high probability that the members of the Po Qinghui (Benn) will have withdrawn, and now All of Poqing will enter the

silent stage, so as long as the time difference is good, the place she is going to will be safer for us.”

, charlie couldn't help sighing, “She is the biggest enemy in my life so far. I have to know what this person looks like first. Besides, the purpose of her coming to China this time is probably to go to Shiwan Dashan. I also want to know. Meng Willie, where is he practicing in seclusion?”

Ruge nodded slightly upon hearing this.

She said, “Mr. Wade and Ms. Lin are very courageous and strategic. They are a perfect match. Together, you two will definitely defeat Po Qinghui (Benn) and Sara!” charlie laughed at himself, and said lightly, “I want to defeat

Po Qinghui (Benn) !” If you want to kill Sara with your own hands, your personal strength must surpass Sara. No matter which of these two dimensions, we are still far behind.” Ruge said seriously, “It depends on human effort. I firmly believe that

wade Mister can do it! “

As she said, she immediately said to charlie, “Mr. Wade, Sara once taught me a mental formula. By running the mental formula, you can hide the traces of your breath and spiritual energy. I will tell you the mental formula, and you can try it yourself.” give it a try.

charlie nodded, ” Then thank you Miss Yun.” “

Ruge didn't hide any secrets, and immediately taught charlie the mental method that Sara taught her, word for word.

After charlie wrote it down, he tried to exercise his mental method, and he really felt that the aura in his body seemed to form on the surface of his body. A barrier that locks all the aura within.

Ruge saw that charlie had successfully used his mental method, so he reminded him, “Mr. Wade, one of the biggest disadvantages of this mental method is that after the aura of spiritual energy is hidden, you can no longer use the spiritual energy. Once you use the spiritual energy, you can hide it The effect will end immediately, so you must be careful.”

“Okay.” charlie nodded slightly, and after thanking Ruge, he said to Ruge, “Miss Yun is recuperating here. After I come back from southern Yunnan, Come visit again.”

Ruge subconsciously said, “Mr. Wade, why don’t I go with you, if you encounter danger, I can help you!”

charlie waved his hand, “I can ask you for help if I meet anyone. , but you can only meet Sara. You have a formation left by her in Niwan Palace. I think she must have a way to activate the formation due to her insidiousness, so Ms. Yun should not appear around her. Sure.”

Ruge nodded slightly.

She felt that what charlie said was very reasonable, Sara was cruel, since she could leave a powerful self-destruction formation in her Niwan Palace, then she must have a way to activate the formation.

So, she said, “Then I will congratulate the gentleman on his triumphant return in advance.”

...

At this moment.

Sara’s Boeing 777 has already flown through the airspace of New Zealand, and will soon land in Australia for refueling.

The Amazing Son In Law Chapter 6024 -

Although the speed of nearly 1,000 kilometers per hour is already very fast, it still makes Sara a little anxious.

Ever since Master’s portrait came out in Aurous Hill, her mentality has collapsed, and she has completely lost the calmness that a four-hundred-year-old woman should have.

She looked at the flight chart in front of her alone, staring at the altitude and speed data on it, and couldn’t help cursing in a low voice, “The faster modern technology develops, the more mercenary these bastards are. The Concorde back then could fly in an hour.” More than 2,000 kilometers, the current

aircraft can't even fly 1,000 kilometers, and the range that can fly 1,000 kilometers is not long enough!"

Seeing that she was a little angry, a crew member hurried forward and said respectfully, "Please calm down, our lord. Our voyage is too far. Even with the Concorde, it is difficult to do it. Its maximum range is only five or six thousand kilometers. If you fly from Buenos Aires to Melbourne, the Concorde can only fly halfway, and there is an ocean in the middle, and we can't find a suitable place to land and refuel."

Sara waved her hand impatiently, signaling to the other party Don't bother yourself, she also knows that supersonic planes have many disadvantages. Flying ultra-long-distance routes with that thing is as frustrating as driving long-distance with new energy vehicles, so she doesn't say more. Not resolved.

At this moment, the satellite phone in front of her suddenly rang.

She lowered her head, looked at the three words "Chen Zhimin" written on the phone, and sat up straight. Then she immediately connected the phone and asked in a cold voice, "Is there any news about the An family?" On the other end of the phone, Ye

charlie Chen Zhimin, his little uncle, hurriedly said, "Report to the British Lord, my subordinates have just contacted Tablita."

Sara gritted her teeth and said, "They really are not dead!"

After finishing speaking, she asked, "Have you found any news?!"

Chen Zhimin said respectfully "This subordinate called you just to report some situation to you."

Sara said coldly, "Say!"

Chen Zhimin hurriedly said Ming said briefly, "Tablita told me that the person who rescued their family in Aurous Hill is the same as the person who rescued them in New York!" "What?!" Sara blurted out, "Is the news reliable?" Chen Zhimin said, "

An

Tablita Tell me personally, there should be no mistakes. In addition, Tablita also told me that the man appeared immediately after Willie Bo appeared. If he was half a step later, Willie Bo would have died before he died Can kill all of An's family..."

Sara said gloomily, "It's useless to say these things now, the most urgent thing now is to find out who that person is!"

Sara asked again, "Have you asked An? Tablita, the other party went to save An's family that day, did he say anything to Williebo?"

"Yes..." Chen Zhimin said subconsciously, and then fell into a panic.

He didn't know how to explain to Sara what charlie left behind, for fear that if the British Lord was unhappy, he would punish him.

Sara heard that he was a little timid, so she said lightly, "Don't worry, you can answer truthfully whatever I ask you, even if some words offend me, I won't pursue it." Chen Zhiming breathed a sigh of relief, and quickly said,

"Tablita said, that person knows the identity of Uncle Willie and the existence of the Poqing Society, and more importantly, he also knows your identity...and said...also said..." Sara heard the topic lead to

her Naturally, she couldn't wait to know the details of the follow-up. There was no movement on the other side of the phone for a long time, and she scolded in a cold voice, "If you want to say it, say it quickly. If you don't want to say it, cut off your tongue in the future!" When the other party heard this

, Immediately feeling uneasy, he quickly said what charlie wanted to convey to Sara, and said, "He said...he said he would chop off your head with his own hands..."

The Amazing Son In Law Chapter 6025 -

"What did you say?!"

Sara was furious at this moment!

She lived for four hundred years and ignored almost everything for the last three hundred years.

In the past three hundred years, he was the first person who dared to say that he was going to cut off his own head!

Chen Zhimin on the other end of the phone was frightened when he heard Sara's angry shout, and quickly bowed and said, "Forgive me, my lord, this subordinate is just repeating what the thief said, not showing any disrespect to you, my lord..." Wu

Sara Although it was clear that Chen Zhimin was just retelling, she was still furious in her heart.

Chen Zhimin was afraid that Sara's anger would be overwhelmed, so he hurriedly said, "My lord, my subordinates are willing to share their worries for the lord, and my nephew will go to Aurous Hill. Next time, I must do my best to find out who the mysterious person is for the Lord!"

Sara said coldly, "If you go here now, you are throwing yourself into a trap."

Chen Zhimin hurriedly said, "My Lord, Dong Liqin is dead. The chances of suspecting your subordinates are not high. Besides, so what if they suspect your subordinates? Without solid evidence, I don't believe they can kill their subordinates? After all, your subordinates are the son-in-law of An's family, Tablita's Husband, and has always been highly valued by An Qishan..."

Sara said disdainfully, "The An family is far more cunning than you imagined. After Dong Liqin is revealed, the An family will never trust anyone with a foreign surname, even if you are An Qishan What about Tablita's husband? As long as they have doubts about you, they will never let you go easily."

Chen Zhimin couldn't help but said, "But Lord Ying... the current situation is really too passive for us. If the master is not found out, we will have no peace for a day!"

Sara snorted coldly, "Even Willie can't handle that mysterious master, and it's even more impossible for you to find any clues about him. Maybe the other party will take you After being caught, you will be tortured and interrogated, and finally got more secrets from you."

Chen Zhimin hesitated for a moment, and said, "Master Ying, this subordinate is telling you what is in your heart, and now this subordinate also feels that it is difficult to get off the tiger. Such a big incident happened to the An family. If

this subordinate does not go to Aurous Hill, the An family will definitely suspect this subordinate. How will you pass this test then?"

Sara said calmly, "Don't worry, since the An family has already suspected you, you will not be able to pass this test, but there is one thing that is okay, you and Tablita's daughter are now in the Keep this trump card in your hand, it may be useful in the future, and you should not tear yourself apart with the An family for the time being, take care of your children in the United States, the An family will not leave Aurous Hill in a short time, and they probably will not take the initiative to follow you Let's tear it apart, let's keep it tacitly for the time being, let's keep each other in check."

Chen Zhimin said respectfully, "Your subordinates obey!"

...

At this moment.

After charlie mastered the method of concealing aura and aura, he drove to Zijin Villa to pick up Lin Wan'er (Alani) and go to the airport together.

When they arrived at Zijin Villa, Qiu Yingshan(Curtis), Sun Zhidong (Meir), Lao Zhang, and an old lady who looked about 70 years old were waiting respectfully outside the gate of the villa.

Seeing charlie coming in the car, the four hurried forward and waited respectfully outside the car door.

charlie pushed the door and got out of the car. The four of them made an agreement, bowed to charlie at the same time, and said respectfully, "Mr. Wade!

" I, charlie, are just fine."

As he spoke, he looked at the old lady beside Qiu Yingshan(Curtis), and asked curiously, "You must be Mrs. Qiu, right?"
