

The Amazing Son In Law Chapter 6031 -

A trendy-dressed couple dressed in big names finished boarding the plane arm in arm at the VIP passage, and then got into a commercial vehicle for VIPs at the airport arm in arm.

In the eyes of outsiders, these two people must be rich second-generation couples. Not only are they dressed in famous brands, but also they will spend hundreds of thousands of chartered flights when they go out for a trip.

However, this is also charlie and Lin Wan'er (Alani)'s best disguise.

With charlie's current state, no one would doubt him if he was just twenty years old, and if he met an acquaintance head-on in the aisle, he might not be recognized by anyone.

The two boarded the plane, and the crew guided them to the spacious cabin. Lin Wan'er (Alani) directly ignored the two independent first-class seats at the front, and pulled charlie back while coquettishly saying, "Honey, I want to follow you!" You sit together."

Behind, there are side-by-side double seats without armrests in the middle, which are standard double sofa seats.

As soon as Lin Wan'er (Alani) got on the plane, she took a fancy to these two seats.

charlie naturally cooperated with the role seriously, nodding repeatedly, "Since you want to sit together, then sit together."

Lin Wan'er (Alani) stopped and said seriously, "You forgot to call me baby."

charlie was impressed by her serious look. Startled, she said awkwardly, "There is someone beside me."

The stewardess next to her couldn't help but covered her mouth and snickered.

In her opinion, the two young people in front of her are standard lovers in love, without any violation.

Lin Wan'er (Alani) didn't care about the stewardess beside her, and said very seriously, "Nicknames are meant to be called in front of people, and this can prove that you really love me. If you only call me baby in private, but keep it with me in front of people The distance, doesn't that mean that you are eating what's in the bowl, and you're still thinking about what's in the pot?"

The stewardess next to her couldn't help giving Lin Wan'er (Alani) a thumbs-up. Seeing Lin Wan'er (Alani) getting into the show so much, charlie thought that he couldn't be a pig teammate to drag her down, so he put on his old face and said sincerely, "Baby, you're right!" That's right!"

Lin Wan'er (Alani) blushed pretty, nodded in satisfaction, and said seriously, "In the future, you have to remember that the more you are outside, the more you have to be sloppy with me, so that no other woman will try to pick on you, and there will be no other women. This is called declaring sovereignty."

charlie nodded again and again, "Baby is right, baby is right."

After finishing speaking, he looked at the stewardess beside him and ordered, "Miss, please pour me a glass for my baby." Here comes the water, after talking so much, she should be thirsty."

The stewardess couldn't help laughing, and quickly said, "Sir, miss, I'll go and prepare some for you two."

Lin Wan'er (Alani) gave charlie a white look, and muttered, "I hate it! Isn't it too much? Look at my little fists!"

After finishing speaking, he raised his hand and tapped charlie's chest twice.

The stewardess was full of envy. In her opinion, the way this couple flirted was the most authentic reaction between lovers.

When the stewardess went to the kitchen in the front cabin, Lin Wan'er (Alani) stuck out her tongue at charlie, then sat down next to charlie, and asked him with a smile, "How is it? Is my acting okay?" charlie nodded

, Seriously said: "That's great, if you say that you have never been in a relationship, I absolutely don't believe it, I feel that you are so clear."

Lin Wan'er (Alani) was shy and anxious, "I have never been in a relationship, but at least I have watched movies and TV dramas." Isn't flirting and scolding a common occurrence in romance dramas?" "

Yes, yes." charlie nodded with a smile, at this time, the plane had slowly rolled out of the seat, so charlie brought the topic back to the main topic , said in a low voice, "We will be able to land in Lijiang in more than two hours, and we will rent a car to Dali as soon as we land. Can you still recall the exact location of your father's tomb?" Lin Wan'er (Alani) put away her smile and said, "

Father The Clothes Tomb is in the northeast of Erhai, I have seen maps and satellite photos, that place is now renamed Shuanglang."

charlie nodded, took out his mobile phone to check the map, and said, "Shuanglang is about 100 meters away from Lijiang. Get closer, and it's about an hour and a half drive after getting off the plane."

"Hmm..." Lin Wan'er (Alani) nodded slightly, and said, "Father's tomb is on the mountain in the northeast of Shuanglang. Hundreds of years have passed, I don't know where it is now. What does it look like."

charlie asked him, "Did there be a tombstone?"

"Yes." Lin Wan'er (Alani) said, "I asked someone to carve a stone tablet and buried his clothes with my mother, but I don't know if it is still there. Can I find it."

charlie asked him, "Is your mother buried there?"

Lin Wan'er (Alani) said, "Originally, but before I left Dali, I was afraid that Sara would destroy my parents' remains, so I cremated my mother's remains He was buried with his father's ashes in Poole."

charlie nodded, and said, "Then let's find a way to find your father's tomb first, and then try to find a way to see how to set up some surveillance, and strive to be able to capture Sara's appearance when she goes, after getting ready , let's not wait for Sara to arrive, I'll accompany you directly to Poole to pay homage to your parents."

Lin Wan'er (Alani) looked at charlie and said seriously, "Young Master, Sara is suspicious by nature, maybe she'll even disguise herself this time, this

If you can't take pictures of her, don't be disappointed. “

” It's all right. “charlie said indifferently, “I am mainly worried about you going to southern Yunnan alone, and I want to accompany you to pay homage to your parents, and then accompany you back to the place where the mother of pucha grew up to cherish nostalgia, and finally bring you back safely. Aurous Hill, as for Sara, it's just like asking the boss for a receipt to scratch off a prize after dinner. Lin

Wan'er was moved, she nodded lightly, and sighed, “My biggest wish before was to go back to the south of Yunnan again before I died, and to go through all these places again. Thanks to my son, I can finally come true this time. It's over...”

charlie asked her, “If Sara's trouble can be solved, what would you most like to do? “

Lin Wan'er (Alani) said without thinking, “What I wanted to do most before was to move my parents' tomb to the edge of the Tianchi Lake, and then build a small wooden house on the edge of the Tianchi Lake where the mother of Pucha failed to cross the robbery. Cows, a few sheep, and a dog, to spend the rest of my life in peace.

charlie asked curiously, “Before? ” what about now? “

“Now?” Lin Wan'er (Alani) looked at charlie, lowered her eyelids, and murmured, “Suddenly a little confused these few days...”

charlie asked her, “What is the confusion?” “

Lin Wan'er (Alani) smiled slightly, and said softly, “I am confused about what to do in the future.

At this time, the stewardess came over from the front kitchen area with two glasses of drinks, and the two of them ended the previous conversation. Lin

Waner was in a low mood, and when she saw the stewardess coming, she leaned her head on charlie's shoulder Come on, whispered, “Honey, I'm a little tired, I want to squat for a while.

charlie nodded, "Then close your eyes and rest for a while. " "

Seeing Lin Wan'er (Alani) leaning on charlie's shoulder and closing her eyes, the flight attendant carefully put two glasses of drinks in front of the two of them, and said to charlie in a low voice, "Sir, our plane has already launched, and it is currently the third place to take off. About ten Minutes, if you need it, press the call bell at any time, and I will serve both of you as soon as possible."

charlie nodded lightly, "Okay, thank you for your hard work."

When

Sara's plane landed in Melbourne, charlie The plane that charlie and Lin Wan'er (Alani) took has already taken off at Aurous Hill Airport, heading for Lijiang, which is more than a thousand kilometers away.

When the plane took off and flew all the way west, Lin Wan'er (Alani) completely lost her previous liveliness and playfulness.

She leaned on charlie's shoulder for a while, and then her eyes seemed to be out of focus, staring out the window.

charlie could feel that something was wrong with her, and understood her current state very well.

After all, in this world, no one is more suitable for the four words of closeness to hometown than her now.

A little girl who has been away from home for more than 300 years is now finally on her way home, whoever she is will sigh in her heart.

More than two hours later, the plane landed at Lijiang Airport.

When getting off the plane, Lin Wan'er (Alani)'s legs unconsciously felt a little weak.

When she was holding charlie's arm, charlie could clearly feel that she put a lot of weight on her body, presumably it was because of her lack of physical strength.

So he took the initiative to reach out, took Lin Wan'er (Alani) by the arm, and led her all the way out of the airport

Outside the airport, charlie rented an SUV with the fake identity that Isaac Cameron had prepared for him, then he removed the dash cam on the car, and drove Lin Wan'er (Alani) straight to Dali Shuanglang.

After driving away from the airport, charlie asked Lin Wan'er (Alani) beside him, "Have you been to Lijiang before?"

" Grandma has been here together, but only once."

As she spoke, Lin Wan'er (Alani) sighed, "Three hundred years ago in southern Yunnan, the roads had to go over mountains and mountains, and they were all small and mountain roads, so it was not easy to walk. Come to Lijiang It's already considered a long trip."

charlie couldn't help asking her, "Didn't you agree to change the title? Why did you change it back?"

Lin Wan'er (Alani) said softly, "Back to southern Yunnan, my family seems to have returned to three hundred years ago. When I went to my grandpa and grandma's house to stay in the boudoir..."

She said, "There are only the son and the slave in the car, and the slave is still used to talking to the master like this."

charlie nodded and asked again, "Are you convinced?" During those years of Everlasting Green Pill, did you always live with your grandpa and grandma?"

Lin Wan'er (Alani) said, "Grandpa left earlier, and later he and grandma depended on each other for life. Fortunately, grandpa's ancestors had always been one of the many chieftains in southern Yunnan, and his family was relatively well-off, so life in southern Yunnan was relatively good since childhood. I have been teaching me to read and write, and I have learned a lot of knowledge and principles."

As she spoke, Lin Wan'er (Alani) looked out the window and said with great emotion, "Grandpa has five children, and except for my mother who died of illness, the remaining four are fighting against the Qing court. Later, Wu Sangui bloodbathed the anti-Qing righteous men, and none of the descendants of the four uncles was spared, and the grandfather's family would have no descendants. Otherwise, when the slave family returns today, there may still be a few relatives who can go away... ..."
