

The Amazing Son In Law Chapter 6041 -

” “Even if she is a tyrannical life, so what? ” I, Lin Wan’er, still beat her!

Seeing Lin Wan’er’s excited face, eager to try, charlie suddenly understood her mood.

She has been hiding from Sara for more than three hundred years, and she has been on the run for more than three hundred years. It is estimated that Lin Wan’er is the only one in this world .

As she said, in this life, it is impossible for her to seek revenge on Sara by relying on her strength, but she can use great courage to slap Sara in the face. She can’t be found under Sara’s nose, maybe

she is the one who slaps Sara now. The best way to face Sara.

Therefore, charlie was also a little infected by her, and said, “Since this is the case, then I don’t need to let someone come and pretend to be a spy. I will accompany you here and wait for Sara to come over, and take a look with my own eyes.” Who the hell is she, Sara! “

Lin Wan’er asked in surprise, “My lord is really willing to accompany me?”

charlie nodded, ” That’s right.” Lin

Wan’er said seriously, “This is a tightrope walk on the cliff, if you make a mistake, you will die.”

charlie smiled and said, “You are not afraid, what am I afraid of? ” “

Lin Wan’er smiled slightly, and said with sincerity in her eyes, “With the words of the son, the slave family is satisfied, but the slave family is different from the son, the slave family has no one to rely on, no relatives and no reason, death is never a terrible thing for the slave family On the contrary, death is a relief for the slave family, so the slave family wants to stay by themselves, and does not want to implicate the son.

charlie waved his hand, “I can’t persuade you, why do you think you can persuade me?”

Lin Wan'er insisted, "But this is a personal grievance between the slave family and Sara . "

charlie said lightly, "I also have grievances with her. Although my parents were not killed by her own hands, as the mastermind behind the scenes, she is my biggest enemy. "

Lin Wan'er hurriedly said, "The servant stayed here today to slap Sara in the face. My son will find another opportunity to kill Sara in the future. Is it okay for us to divide the work like this?" charlie shook his head, looked at Lin Wan'er, and said seriously, "How about this,

from From now on, you will be with me in everything related to Sara, today I will accompany you to slap her in the face, and in the future you will accompany me to kill her, what do you think?" Lin Wan'er looked at

charlie, wondering what to do for a while. What are you talking about, charlie in your eyes's image is gradually blurred, and the eyes are actually wet with tears.

She suppressed her tears back, smiled softly, and said, "Thanks to the love of the young master, from today on, the slave family will advance and retreat with the young master!"

...

Shuanglang Ancient Town.

charlie and Lin Wan'er, who were wearing couple outfits, were not in a hurry to buy equipment, but walked around the town first.

Although Shuanglang Ancient Town has changed drastically in Lin Waner (Alani)'s view, she still found some memories of her childhood.

She found a stone bridge that she walked across when she was young, held charlie's hand in surprise, and said to him excitedly, "Honey, I walked across this bridge several times when I was young!"

The Amazing Son In Law Chapter 6042 -

charlie asked in surprise, "Are you sure it's this bridge?"

” Said, “This piece of incompleteness was caused by a frightened horse. Its owner was a stonemason. He sent two stone sculptures to Shuanglang’s chieftain’s new house that day. As a result, it was difficult for the horse to get on the arch bridge. The stonemason whipped the horse several times. The horse was anxious, slipped its hoof, and almost fell down. Then it struggled like crazy and ran forward, overturning the cart it was pulling, and one of the stone sculptures fell on the ground. There is such a gap left on this stone slab.”

As she spoke, Lin Wan’er said again, “It just so happened that I came with my grandfather from the ancient city of Dali to congratulate the chieftain here, so I happened to see the whole body of the horse frightened and causing trouble by the bridge. The process.”

Listening to her description, charlie couldn’t help imagining the scene she described in his mind.

At this time, it happened that a little girl about seven or eight years old, wearing Hanfu, was bouncing onto the bridge with candied haws in her hand. She stopped to take pictures of her, while her father, carrying two bags, one big and one small, and two glasses of drinks, followed leisurely.

Lin Wan’er kept following the little girl with her eyes, and couldn’t help showing a slight smile on her face, and said to charlie, “At that time, I was a little younger than her.” As she spoke, Lin Wan’er winked playfully at

charlie She blinked and said, “But the clothes I wore at that time were prettier than hers. Grandma embroidered the beanie for me by herself, and I couldn’t find a second one in the whole of southern Yunnan. It’s not like the Hanfu worn by young girls nowadays. It doesn’t look like any other, and doesn’t have the charm of Hanfu at all.”

charlie recalled that when he saw Lin Wan’er in Northern Europe, her Hanfu was so elegant that it was outrageous, so he asked her curiously, “When I met you in Northern Europe, what clothes did you wear? Where did you buy it?”

Lin Wan’er said with a shy smile, “It’s the first time you and I met, the crepe and embroidered dress I was wearing still had four squares. Xiangyun’s cloud shoulders are all made by myself. I learned the embroidery skills of those female reds from my grandmother, but my grandmother left early, and I only learned 60 to 70% of her skills. In the next few hours, charlie accompanied Lin Wan’er and walked around the ancient town. After Lin

Wan'er had finished shopping, the two found an outdoor goods store and purchased some equipment needed for camping. Because they were pretending to be a couple

, So the two bought a tent, sleeping mats, light sleeping bags, and camping lamps.

In addition, charlie also bought two folding chairs, a folding table, and some toilets. I used a department store.

charlie felt that since he wanted to play under the lights under Sara's eyes, he had to establish a good relationship with the group of outdoor enthusiasts who planned to camp on Guibei Mountain and integrate into their circle. It can also better cover himself and Lin Wan'er.

So, he bought more high-end spirits and fresh ingredients, and planned to get acquainted with those people first when he planned to go back.

He speculated that if Sara came to Shuanglang, Then the time of her arrival is most likely to be from this night to tomorrow morning. It happens that those people are camping here tonight and have a few drinks with them in the evening. In this way, it is estimated that they will not be able to get up and leave tomorrow morning. More people means more cover.

When the two returned to Guibei Mountain with the purchased equipment, it was almost evening.

The group of outdoor enthusiasts who came earlier called some donkey friends, and a group of people Eight tents were set up, and they were preparing dinner while admiring the sunset.

Seeing charlie and Lin Waner (Alani) returning with a lot of equipment, the young man who was previously called Lao Hu took the initiative to say to them, "Dude, what did we say just now? You may not come here, but I didn't expect you to come!

Charlie looked at Lin Wan'er beside him, and said with a smile, "No way, my girlfriend insists on camping, so I can only accompany her." "

The old Hu pointed to the open space next to the eight tents, and said with a smile, "We specially made the tents denser and left a space for you. You can

put your tents over there. We are planning to light a fire and grill skewers.”
Let’s have some food together later!

charlie nodded, and said with a smile, “Thank you buddy.”

After that, he came to the crowd, handed the handbag containing the drinks to the old Hu, and said with a smile, “I was originally I’m going to have dinner with you, so I specially bought a few bottles of wine, and we’ll drink together at night!”

Old Hu laughed, and took out an acoustic guitar from the grass next to him, and said cheerfully, “Okay! Let’s drink and eat together at night Meat, let’s hold a bonfire party after dinner, and you won’t be afraid of disturbing the people in this mountain, you can drink and sing to your heart’s content!”
