

The Amazing Son In Law Chapter 6079 -

Although charlie Wade doesn't understand tea, he can understand Lin Wan'er (Alani)'s special feelings for the mother of Pucha.

In his opinion, the mother of Pucha is a kind of spiritual sustenance of Lin Waner (Alani), and it is a spiritual sustenance spanning three hundred years, so he also understands why Lin Waner (Alani) is eager to reproduce the taste of the mother of Pucha one day.

So he said to Lin Wan'er (Alani), "After the handover of Erlang Mountain is completed, you can use this place as your cultivation base in the future, and use your experience to see if you can breed better tea varieties." Lin Wan'er (Alani) nodded and said, "Breeding

is It's a very troublesome thing, I don't know much about technological breeding, but artificial breeding, I'm afraid it will take at least ten years to be effective."

charlie Wade reassured, "It's okay, if you can breed it, even all tea lovers It doesn't matter if you can't cultivate it, anyway, you have already tasted the taste of the mother of Pucha, and its taste will always remain in your memory." "Hmm..." Lin Wan'er (Alani) smiled slightly, "My lord is right.

"

While speaking, charlie Wade had already driven back to Zhicheng Group's production base at the foot of Erlang Mountain. Although

the factory is off work at this time, at the gate, a gentle middle-aged man wearing glasses is waiting nervously and anxiously. The security guard who had communicated with charlie Wade just now.

The security guard looked at the middle-aged man, and asked with some doubts, "Director Wang, who are you waiting for here? Is the chairman coming to inspect the work?" The

middle-aged man called Director Wang, named Eric Wang, is The person in charge of this processing plant.

Hearing the security guard's question, Eric Wang waved his hands and said, "I'm waiting for two distinguished guests."

Eric Wang is Fadil's confidant general.

The two most important businesses of Zhicheng Group, one is the production of Pu'er tea and the other is the sale of Pu'er tea. The latter is handled by Fadil himself, and the former has always been under the sole responsibility of Eric Wang.

A few years ago, in order to make Eric Wang die, Fadil gave him three shares.

> Now, the banks Group intends to wholly acquire the Zhicheng Group. In addition to Fadil being able to cash out, other equity owners can also take advantage of this opportunity to cash out together.

Therefore, Fadil had informed Eric Wang of the banks Group's acquisition on the phone, and Eric Wang was naturally extremely excited.

He has worked with Fadil for so many years, and he has been looking forward to the listing of Zhicheng Group, so that he can find opportunities to cash out his shares.

However, Zhicheng Group failed to go public repeatedly, which dealt blows to Eric Wang again and again. In the next few years, he didn't even take these three points of shares seriously.

After all, if it cannot be listed, it is doomed that this share is useless, it is just a name in the industrial and commercial registration.

The reason why he never left was also because Fadil treated him really well. Although the long-term benefits of shares were hopeless, Eric Wang was very satisfied with the short-term and medium-term benefits such as wages and bonuses.

But today I suddenly heard that the banks Group bought the Zhicheng Group at a price of 700 million. Eric Wang was so excited that his legs couldn't stand still. His three points of shares, based on the price of 700 million, were worth 21 million before tax. , after deducting 20% of the personal income tax, the net income is more than 16 million. If one bet of Shuangsequiu is 4 million after tax, this time is equivalent to winning the Shuangsequiu four times. For him, he definitely became rich overnight!

But Eric Wang didn't get excited for a long time, Fadil told him that the tea experts sent by the Su Group would arrive soon, and in order to avoid any trouble, he specifically told Eric Wang that he must confess the experts of the banks Group as if they were his ancestors. Let them have any complaints.

Without saying a word, Eric Wang immediately ran to the factory gate and waited, in order to let the "experts" of the banks Group be satisfied with his service and attitude.

When charlie Wade

The Amazing Son In Law Chapter 6080 -

When the VIP (2/2) car drove to the factory gate, Eric Wang had already seen charlie Wade's license plate number clearly, and knew that this was the car of the two experts, so he immediately braced himself up and prepared to deal with it.

At this time, the security guard walked to the middle of the road first, stopped charlie Wade's car, and said, "Young man, why are you back again? Didn't I tell you, you have to go to the group to make an appointment first!" Eric Wang did

n't Thinking that the security guard went up to communicate with the VIP first, and it seemed that the two of them had already been here once before.

So, he immediately stepped forward to pull the security guard aside, and asked charlie Wade, "Hello, are you an expert sent by the banks Group?" charlie Wade pointed to

Lin Wan'er (Alani) beside him, and said with a smile, "I'm not an expert." , this lady is the real expert."

The security guard said with a puzzled look, "Young man, when did you two become experts?"

. How do you talk to the VIP, the VIP is here to guide our inspection work, so you are here to dictate, open the door quickly!" The security guard was surprised, but after all the factory

manager had spoken, he hurriedly opened the door .

Eric Wang hurriedly said to Charlie Wade, "You two, I am Eric Wang, the director of our factory. I am in charge of all the big and small affairs here. Please let me know what you want to investigate first. I will definitely cooperate with you." , Never keep secrets!"

Charlie Wade nodded and said, "Well, you can arrange a place first, let's sit down and chat for a while."

Eric Wang blurted out, "No problem! Then please move to my office! "

Charlie Wade asked him, "Is Director Wang driving?"

Eric Wang nodded quickly, "It's on!"

"Okay." Charlie Wade said, "Then you lead the way."

"Okay!"

Eric Wang black blockHe got into a black Audi car and brought Charlie Wade to the factory office building.

Afterwards, he graciously invited Charlie Wade and Lin Wan'er (Alani) to his office, and while making tea, he said, "The two of you are here so late today, what do you mainly want to know about us?" Charlie Wade asked casually, "I

heard Did you say that your tea base is mainly based on Erlang Mountain?"

"That's right!" Eric Wang nodded heavily, and explained, "Our tea base itself was built around Erlang Mountain. Privately contracted tea mountains, but due to the poor planting and management of these tea farmers, the quality and output of tea here have been declining year after year. After we took over, we took over the mother plant of Caiyi Erlang Mountain as the core and re-cultivated it based on it. The quality of the tea has been greatly improved."

Lin Wan'er (Alani) was immediately excited when she heard the key words of the Erlangshan Pucha mother plant, so she asked, "Director Wang, may I ask, what Erlangshan Pucha you are talking about?" What does the mother plant of tea mean?"

Eric Wang explained, "It's these two distinguished guests. There is a Pu'er tea tree with a history of more than a thousand years on Mount Erlang. There are many tea trees in a radius of tens of miles. It is said that they all came

from it. After we took over, we also did a certain degree of breeding work. At that time, the basis of our breeding was this thousand-year-old Pu'er tea tree."

Lin Wan'er (Alani) was even more excited, and asked quickly, "I don't know if Director Wang can take us Let's go and have a look at this thousand-year-old tea tree? Maybe it will be of great help to our future breeding direction."

Eric Wang nodded and said straightforwardly, "Since the two distinguished guests want to see it, you can do it anytime!

" Eric Wang said again, "It's just that the sky outside is getting darker now. It will probably be dark by the time we go up the mountain. I wonder if the darkness will affect your judgment on this tea tree?" Lin Wan'er (Alani) said without thinking,

" No, I can see it in my heart!"
