

## The Amazing Son In Law Chapter 6103 -

Confused, Sara immediately stepped towards the inner stone chamber.

Originally, Meng Changsheng (Willie)'s stone chamber only had the outer one.

At that time, Meng Changsheng (Willie) had already started his second 500 years of cultivation. He had already achieved fasting and meditated all day long without needing to sleep, eat or go to the toilet.

After bringing Sara and Parker back to the cave, Meng Changsheng (Willie) used his sword to open two bedrooms for the two of them, as well as a kitchen and toilet.

In order to not disturb his practice, Meng Changsheng (Willie) opened a stone room for himself to use for his practice and meditation.

As a result, there are five more stone chambers here.

Sara looked at all the first four stone chambers. When he came to the fifth stone chamber, there was no sign of the fifth stone chamber. The

original entrance to the fifth stone chamber has now turned into a smooth and traceless stone wall.

Sara touched the smooth stone wall and said, "Master, when your time was approaching, you called my senior brother and me here to take care of the funeral arrangements. I said a few words from the bottom of my heart in a hurry, and you sent me and Senior brother rushed out, and since then, your stone room has disappeared. At that time, my cultivation was weak and I couldn't tell whether this was a blind trick or a great supernatural power..." As she said that,

Sara pulled out a ribbon from her waist and flicked her wrist. The ribbon instantly became hard and straight, like a long sword made of silk.

This long sword is Sara's magic weapon.

At this moment, the blade of the long sword made a low cry due to resonance. Sara pointed the sword at the stone wall, gritted his teeth, and said in a cold voice, "Today, I will destroy your cave to see if you are playing tricks on me!"

” , Sara gathered the spiritual energy on the sword edge, and the surging spiritual energy instantly transformed into a fierce offensive, cutting towards the smooth stone wall in an instant.

Today’s Sara is no longer the Sara who was kicked out by Meng Changsheng (Willie) that day.

Now she has successfully opened the Niwan Palace, and her strength is more than a hundred times stronger than before!

Back then, Meng Changsheng (Willie) could use his sword to carve out several stone chambers in the mountain. Today, Sara also has the same confidence and can completely destroy the stone walls!

Sara slashed at the stone wall with her sword full of confidence. She thought she could easily split the stone wall, but unexpectedly, the moment the sword tip slashed at the stone wall, it seemed that the stone wall was suddenly wrapped tightly by a powerful force, so that Sara’s As soon as the tip of the sword touched the stone wall, it bounced back on the spot!

The extremely strong rebounding force was several times the spiritual energy Sara had expended when he slashed at the stone wall, instantly knocking Sara’s sword flying, and Sara’s own arm was in excruciating pain, and he couldn’t lift it up at all.

At this moment, Sara was terrified!

She didn’t expect that this stone wall, which seemed to have no mystery, could be so powerful!

She couldn’t hide her shock, and couldn’t help asking herself in her heart, “Could this be the formation left by Master?!”

Thinking of this, she hurriedly said in a respectful voice, “Master! Disciple Sara has come back to visit Master!”

After finishing speaking , Sara looked around vigilantly, wanting to see if there were any changes.

But what disappointed her was that everything around her was still the same, and nothing unusual could be seen.

She wondered suspiciously, “The old thing’s thousand-year lifespan has come, so he must have died. There is a high probability that this is the formation he left behind to prevent others from finding his stone chamber and discovering his dead body when his time limit is approaching.” !”

Immediately, she turned around, picked up the blown sword again, and said coldly in her heart, “snort! Since it is a formation, no matter how powerful it is, it will be exhausted sooner or later. Today I will smash your stone wall to find out! “

After saying that, Sara swung the long sword with her left hand, once again carrying the powerful zhenqi, and slashed at the stone wall with all her strength! Seeing the

lightning and flint, she only heard a bang. Before Sara had time to react, she only felt a blow on her left hand. A huge force shocked his left hand, and the long sword that was tightly clenched in the tiger’s mouth was blown away again!

This time, the strength of the rebound from the stone wall was no weaker than the blow just now, which made Sara’s expression instantly surge. She was extremely frightened.

She could understand that a formation was very powerful, but what she couldn’t understand was that this formation had clearly consumed a lot of power in the first rebound. Why was the strength of the second rebound not reduced at all? Such a

situation Come on, I couldn’t guess how strong the spiritual energy contained in this formation was.

Sara was shocked and angry, feeling as if she had been tricked and humiliated by the formation left by Meng Changsheng (Willie).

She gritted her teeth and yelled: ” Did you set up such a powerful formation just to guard against me? I am your apprentice! Since you were approaching your end three hundred years ago, why did you pass on to me your lifelong learning and magic weapons? We keep saying that we have to wait for Sheng Longge, but where is the talk about Sheng Longge? Besides, what if there is a

Shenglongge? You have never met him, why would you leave all the treasures of your life to him? What's wrong with me, Sara? ! “

Sara roared in anger, mainly to vent her resentment, but the moment she finished speaking, a strong man's voice suddenly sounded in the cave, “Evil disciple, I told you, you are not allowed to step in again. Shiwandashan, what are you doing back here? ! “

This voice has scared Sara out of her wits for a long time!

Because she is very familiar with this voice. The owner of this voice is her master Meng Changsheng (Willie).

At this moment, her brain was almost short-circuited, and she came back to her senses after a while, knelt on the ground with a thud, and said in fear, “Master, disciple... this disciple didn't intend to disobey, but I haven't come back to worship your old man for many years. I came here specially to pay homage, and I didn't mean to offend you...”

After saying this, Sara immediately began to answer that voice cautiously.

The sentence just now was a cover-up, but it was also a temptation.

She deliberately mentioned that she came to worship today just to see how the voice would respond.

Because although she was now sure that the voice was Master's, she still didn't understand whether the voice came from the formation or from reality.

If it comes from the formation, it proves that the master guessed that he would come back one day before the deadline was approaching, so he specially set up a puzzle for himself to let him retreat in spite of the difficulties.

But if this voice comes from reality, that would be terrible, because it means that his master is still alive.

So she said this specifically because she wanted to hear how the other party would answer.

If the other party talks about him, it proves that the first possibility is more likely.

If the other party directly says, "I don't need worship from scoundrels like you," it will prove that the master is indeed still alive.

Therefore, while Sara was extremely vigilant, she was also silently and anxiously waiting for the other party's answer.

At this time, I heard that voice scolded in a cold voice, "For the sake of you and me as a teacher and apprentice, I will not make things difficult for you today, but you remember, don't go back to Shiwan Dashan again in this life!"
