

The Amazing Son In Law Chapter 6121 -

At this time, at the foot of Qingzhaoan Mountain.

charlie still hasn't made the decision to give up the trip.

If you just leave like this, you will really feel unwilling.

However, Lin Wan'er (Alani)'s analysis was not unreasonable.

Some people take great pains to remind themselves that if they still insist on going their own way, it would be a bit too conceited.

Thinking of the word arrogance, charlie suddenly realized that his current strength was actually far from enough in the face of the unknown.

After pondering for a moment, charlie smiled bitterly and said calmly, "That master's wife should be right. My strength is not even as good as Sara's, so I shouldn't be too conceited. Moreover, that master's wife can know your and my information and movements, so naturally it's not true." Ordinary people." As

he spoke, charlie looked at Lin Wan'er (Alani) and said seriously, "Ms. Lin is smarter than me. Many problems are deeper than I think and she can see more clearly than I do. Since you also advised me to stop, I'd better listen to others' advice. , have a good meal, and then turn around and go back to Aurous Hill."

Nervous Lin Wan'er (Alani) finally breathed a sigh of relief.

She was afraid that charlie would lose his temper, so she would stick to one goal and never waver no matter what others said.

Now that charlie relented and wanted to go back, she was naturally relieved.

So, like a girl with high emotional intelligence to coax her immature boyfriend, she held his arm and said with a smile, "Young master, although you have stopped here today, you will not stop here forever. It's just that you will come here first this time and go back." Take a good rest and be fully prepared, then wait for a better time to do it again. Don't experts often say that this is called a strategic retreat?"

charlie inevitably said with some depression, "A retreat is a retreat, there is no such thing as a strategic retreat. ."

Lin Wan'er (Alani) looked at him and asked with a smile, "Young Master must have never climbed Mount Everest and K2, right?"

charlie nodded and said, "I haven't climbed it, how about you?"

Lin Wan'er (Alani) smiled and said proudly, "The slave family has climbed it before, more than once."

As she spoke, she said, "Decades ago, when the mountaineering equipment was still very crude, At that time, it was very difficult for people to climb Mount Everest and wait for K2, especially K2. People have tried for more than 50 years but failed to reach the summit. Countless efforts have turned back somewhere in the middle, but fortunately these five years have failed. For more than ten years, there are always people who can push the retracement position higher until they finally reach the top.

Lin Wan'er looked at charlie and said with a smile, "No matter whether the master is still alive or not, based on his cultivation more than three hundred years ago, he should be the strongest among all the cultivators known to the master, right?" "

charlie nodded. "Within what I know, Meng Changsheng (Willie the 1st) is first and Sara is second. "

Yes." " Lin Wan'er (Alani), who held charlie's arm, pulled charlie's arm down like a coquettish girl. She smiled and said shyly, "Young master, in his heart, he regards the two of them as Mount Everest and K2. Today's Qingzhao. The nunnery is the end point of the first summit attempt. Next time, consider this place as the base camp for the summit attempt and push forward step by step until you succeed. "

charlie sighed softly, nodded and said, "That's all we can do. "

Lin Wan'er (Alani) saw that charlie was finally relieved, and felt much more relieved. At

this moment, she was like a newly married young lady in ancient times. She only had eyes for her “husband”, and “husband” was everything to her. “Husband” If she is happy, she won’t feel hard even if she eats glutinous vegetables, but if her “husband” is unhappy, even delicacies from mountains and seas will make her feel like chewing gum.

She is most afraid that charlie will not know how to retreat. Now it seems that although charlie has many She was somewhat unwilling to give in, but at least she had accepted the teacher’s advice.

Although she could see that she was still a little depressed, she left it to herself to enlighten and comfort her.

So, she held charlie’s arm, Pulling charlie, he turned around and walked on the way he came.

charlie walked with his head down, and Lin beside him

Wan’er thought of ways to ease his mood, and asked him expectantly, “Young master, do you think the mother of Pucha has grown up or sprouted in the past two days?” More leaves?”

charlie casually said, “It should grow bigger. As for the leaves, it shouldn’t be a big problem to pull out more buds.”

Lin Wan’er (Alani) said with a smile, “Then after we go back, the slave family will take out the new ones.” Pick the young shoots, kill the greens and give the young master a taste.”

charlie asked curiously, “Isn’t the process of making Pu’er tea very troublesome? After processing, it needs to be stored and fermented, right?”
Lin

Wan’er smiled and said, “Actually, you can drink it after it is finished. It just lacks the fermentation taste, but it also has a fresh and soft flavor. Generally speaking, only freshly picked tea leaves are processed immediately. It’s best when it’s finished, and the requirements for freshness and time are strict, so most people don’t have the chance to taste it.”

charlie asked her with a smile, “Don’t you value the leaves of the mother of Pu tea? Why are you acting like this now?” That’s so generous.”

Lin Waner smiled shyly and said softly, "The mother of Pucha has so much vitality, it shouldn't be a problem to pick a little. Isn't that what the master said." charlie knew that

Lin Waner wanted to make him happy, but he didn't I don't want to be troubled by this matter all the time, so I smiled and said, "Let her grow the leaves of the mother of Pucha. If you pick too many, you may not be able to sleep." Lin Waner shook her head and said seriously, "As long as the young master is happy

. , the slave family has nothing to hate."

charlie smiled knowingly and nodded slightly. He knew Lin Wan'er (Alani)'s thoughts and was a little moved in his heart. He always felt that it was a bit embarrassing for a big man to have a little girl to circle around and coax him. , so he said to her, "By the way, Miss Lin, Sara should not dare to touch Huaxia again in the short term. There will definitely be no risks in the future. What are your plans next?" Lin Wan'er (Alani) saw that charlie had already changed his mind

. topic, so he smiled and said"The slave family plans to go back to school, but then it will be a day school. Purple Mountain Villa will take care of the mother of Pucha every day. In addition, Lao Qiu may need to prepare a plane and go to Erlang Mountain in southern Yunnan on weekends to take care of the tea garden there. ."

charlie smiled and said, "That must be very busy."

Lin Wan'er (Alani) nodded and said seriously, "It's better to be busy. In fact, the slave family hasn't been this busy for many years. In the past, I was always worried about being caught by Sara, so I didn't dare to run around. In recent years, I have been living at home all day. Apart from playing with some porcelain, writing, and painting, I can do almost nothing. I even wanted to raise a small and cute Juanshan cow. Sara should feel oppressed in the future. I'll be more relaxed and can be busy a little longer."

Seeing Lin Wan'er (Alani)'s expectant look, charlie couldn't help but feel happy for her.

charlie knows that for this little girl who has lived for more than three hundred years, the next period of time may be the period of least pressure for her except childhood. For her, even if she is busy, she will definitely be more stressed. happy.

Thinking of this, he felt that this trip to southern Yunnan was not in vain, and his mood eased a bit.

The two of them climbed up the second mountain step by step along the way they came. When they were halfway up, the altitude had already exceeded the peak where Qingzhao'an was located. Lin Wan'er (Alani) suddenly stopped and turned around. Looking at Qingzhao'an in the distance somewhat absentmindedly, he seemed to be thinking about something.

charlie saw her stopping and looking back with a thoughtful look on her face, so he asked her, "What is Miss Lin thinking about?"

Lin Wan'er (Alani) frowned slightly and whispered softly, "The slave family is thinking that the master's wife told the slave family about Sara and Po Qinghui, talked about hatred, fate, and even an ancient Greek myth, but...but..."

charlie asked, "But what?"

Lin Wan'er (Alani) pursed her lips, her voice was a little louder, with a bit of doubt. Said, "But she only never told the slave family about Buddhism..."
