

The Amazing Son In Law Chapter 6158 -

Late at night, a cargo ship set sail from the Bohai Bay, carrying Stephen Thompson to Tahiti in the South Pacific.

Stephen Thompson stood at the stern of the ship, looking at Jincheng Port getting further and further away in the night, with mixed feelings in his heart.

Although he is the confidant of charlie's father, bruce, twenty years ago, bruce gave him two tasks. One is to protect charlie's safety after something happened to him, and the other is to obey the security plan in everything. Cheng Qi's instructions.

In these years, although Stephen Thompson has been working as a housekeeper in the wade family, in fact, everything was following Lydia (Ava) (Charlie's mom)'s instructions.

For more than ten years before, even Lord Wade did not know whether his grandson charlie was alive or dead. This

is because before bruce's accident, he did not arrange when Stephen Thompson would inform Lord Wade of charlie's news, and Lydia (Ava) (Charlie's mom) controlled everything behind the scenes.

It was only when Lydia (Ava) (Charlie's mom) felt that the time was right that he asked Stephen Thompson to confess charlie's situation to Lord Wade. Lord Wade felt that he was unworthy of his son and daughter-in-law. In addition, his grandson was ill-fated. In order to make up for charlie, he bought the Dihao Group. , and gave Stephen Thompson a 10 billion black card to bring to charlie, and then everything that happened next happened.

Although Stephen Thompson was reluctant to leave Eastcliff suddenly, he also knew that leaving temporarily was the best way at the moment. The only thing that made him feel ashamed was leaving charlie without saying goodbye.

At this moment, charlie was lying alone in the guest room of the wade family's old house, tossing and turning.

Stephen Thompson's leaving without saying goodbye made him want to understand something.

Stephen Thompson is not working for his grandfather Lord Wade, nor is he working for his father Bruce.

If Stephen Thompson was working for his father, he would not leave today.

On the contrary, he will help himself figure out who and where this Zhou Liangyun is.

After all, Zhou Liangyun is most likely his father's friend, and Stephen Thompson is his father's old subordinate. There is no need for the two to hide things from each other.

 The only conclusion is that Stephen Thompson is actually working for a third person he does not know.

That person didn't want him to know his existence through Stephen Thompson, so he made Stephen Thompson disappear suddenly, leaving him with nowhere to check or ask questions.

What puzzled Charlie was who this third person was.

Fortunately, there are various signs that this third person is definitely not an enemy, which makes Charlie feel a little relieved despite his doubts.

...

early the next morning.

Charlie left the guest room with the photo album and came to the main hall. Lord Wade was already waiting here. When he saw Charlie coming out, he said, "Charlie, Miss Lin asked me to tell you that she went out to buy some breakfast and will be back soon."

Charlie surprised, he asked, "Did she go by herself?"

Lord Wade nodded and said, "Stephen has been unable to contact me, and there is no servant at the old house. I originally said that I was going, but she went out before me.

" Charlie nodded slightly, feeling somewhat worried in his heart.

After all, Sara had always wanted to catch Lin Wan'er (Alani), and Lin Wan'er (Alani) didn't have a bodyguard around her. Going out alone always made him feel a little uneasy.

Just as she was thinking about it, Lin Wan'er (Alani) had already opened the door and walked in, carrying many bags with breakfast in her hands. When she saw charlie, she smiled and said, "Master, wake up, come and have breakfast. I bought a lot of Eastcliff specialties." Early." After

saying that, he quickly said to Lord Wade, "Grandpa wade, let's have some too!"

Lord Wade nodded lightly and said with a smile, "Thank you for your hard work, Miss Lin."

After saying that, he asked charlie in a low voice, "charlie , why does this Miss Lin call you Young Master

The Amazing Son In Law Chapter 6159 -

charlie thought for a while and said with a smile, "The little girl likes ancient culture. Don't be surprised if she calls herself a slave later. "

Lord Wade shook his head and said with a smile, "I am old and I don't understand what these young people like. "

As he spoke, he lowered his voice again and said to charlie, "But this Miss Lin is really very ladylike, but she is a little younger. Otherwise, she is really suitable for you. "

"Yes, you are really young..." charlie agreed with a smile, thinking to himself, "If you, the old man, knew that Lin Wan'er (Alani) was already over 300 years old, I'm afraid... Fainted from fear.

Then, he and Lord Wade came to the restaurant together.

Lin Wan'er (Alani) was taking out the breakfast he bought one by one, and charlie handed the photo album in his hand to Lord Wade and asked him, "Grandpa, do you have any impressions of this photo album before? " "

Photo album? " Lord Wade frowned, "Where did you get the photo album?" "

charlie said, "It's in my parents' former study room. "

It shouldn't be..." Lord Wade murmured, "I have tidied your parents' study room countless times. I know how many books there are in it, but I haven't seen any photo albums in it!"

charlie pointed at the photo album and asked him, "Don't you have any impression of this photo album? " "

Lord Wade looked at the photo album handed over by charlie, shook his head and said, "It's the first time I've seen it, and I can be sure that this thing was definitely not in your parents' study before. "

charlie suddenly had some doubts in his heart.

Twenty years after his parents passed away, the old man has always kept the old house in its current state. He should know everything in this old house.

If he said that he had no impression of this photo album, that would prove it. This photo album was brought over later.

Thinking of Stephen Thompson,charlie speculated that this was most likely what Stephen Thompson brought yesterday.

It seemed that Stephen Thompson knew what he was looking for, so he left the clues here in advance so that he could discover it.

This also made charlie more sure of his guess last night, that there must be someone else who Stephen Thompson really worked for.

He even felt that the person behind this was probably the same person as the person behind the two nuns at Qingzhao Temple yesterday.

Thinking of this, charlie was already full of expectations for solving this mystery.

Immediately, he looked at Lord Wade in front of him and said, "Grandpa, open it and see if the photos inside look familiar."

Lord Wade nodded slightly, opened the album in confusion, and after looking through it carefully, he charlie said, "I have never seen these photos before."

charlie pointed to the photo of Zhou Liangyun and his father and asked, "Grandpa, do you have any impression of this person next to my father?"

Lord Wade stared at Zhou Liangyun for a long time. , shook his head and said, "I have no impression, and I have never heard Chang Ying talk about it. I think this photo was taken in the United States. Could it be his friend in the United States?" Seeing that the old man really didn't know him, charlie nodded slightly

. "It should be."

Lord Wade suddenly remembered something at this time and reminded charlie, "By the way, charlie, I remember you brought Arman back from the United States some time ago. He had a very good relationship with your father during his lifetime, and he was also in the United States. You have lived for a long time, I think you can ask him."

charlie's eyes suddenly lit up. Before, he asked Arman to spend more time with his family in Hong Kong Island and wait for his call, but in order to let Arman spend more time with his family, , charlie never let him come to Aurous Hill. At the critical moment, he didn't even think of him!

So charlie immediately said, "Grandpa, you are right. I will take the photo and send it to Uncle and ask him if he recognizes it."

The Amazing Son In Law Chapter 6160 -

charlie sent the photo to Arman on WeChat, and then attached a voice message, "Uncle Arman, please help me take a look. Do you know this person next to my father?"

Arman quickly sent him a voice message back, "Master, I have met the man in the photo before. His English name is eter, eter·chou, Peter Zhou. However, I am not very familiar with him. I only know that he is a A Chinese antique dealer who has a close relationship with your father."

As soon as charlie heard that Arman said he knew this person, he immediately called him. As soon as the phone call came through, he quickly asked, "Uncle Arman, could you please introduce me to him in detail? This is Peter Zhou."

Arman said, "Peter Zhou's family has been engaged in antique business overseas. The main business is concentrated in Europe and the United States. In addition to the United States, it is the United Kingdom and France. His family is somewhat famous in the European and American antique industry."

With that said, Arman added, "The photo you sent is of Peter Zhou's store in New York. It is said that this store is the first store opened by the Zhou family, so the store is quite small and inconspicuous." charlie

asked He said, "Uncle Arman, when was the last time you saw Peter Zhou?"

Arman said, "It must have been a long time. When I opened a roast goose shop in Chinatown, he came to visit a few times, but then he seemed to I'm not in New York anymore, so I have no contact."

said, Arman asked curiously, "Master, are you planning to find Peter Zhou?"

charlie said calmly, "I plan to When you go to New York, first go to this antique store to take a look. It would be great if you can find this Peter Zhou."

Arman said without thinking, "Master, let me go with you. After all, I am familiar with New York. Besides, I've also met Peter several times."

charlie asked him, "Is it convenient for Uncle Arman's time?"

"Convenient, convenient." Arman said quickly, "I should have gone to Aurous Hill to report to the young master. I have been with my family these days, and the things at home have been settled." charlie thought for a moment, and said, "That's good too

. "About what time can Uncle Arman leave?"

Arman said, "I can do it at any time, just today. I'll do it now." Just look at the air tickets. "

charlie smiled and said, "Uncle Arman, there is no need to go to such trouble. I will ask Liu Jiahui to arrange a private plane for you to take you to Aurous Hill. We will meet in Aurous Hill then.

Arman coughed twice and said awkwardly, "Master, the house we live in and all expenses are arranged by Mr. Liu. I will go to Aurous Hill alone and buy a plane ticket. I'd better not bother Mr. Liu." "

charlie smiled slightly and said seriously, "Uncle Arman, Liu Jiahui owes you these. You don't have to be polite to him. Besides, I don't know Liu Jiahui very well. He is just a car parked on an uphill slope. For a car with a handbrake, not only must the handbrake not be loosened for a moment, but it must also be inspected every now and then. If there is even the slightest sign of slackening, it must be tightened, otherwise the car will definitely roll backwards if given the slightest chance. "

Arman said with a smile, "I think... I think he has done enough..."

charlie said firmly, "Uncle Arman, I will arrange this matter, so you don't have to worry. Seeing this,

Arman had no choice but to say, "Then I will listen to the young master." "

charlie said, "I'm still in Yanjing now. I'll leave for Aurous Hill later. I still have some things to do in Aurous Hill. I'm expected to take off from Aurous Hill to New York tonight. Uncle Arman, don't worry. Just pack your things and clean up your home. After settling in, just go to the airport to fly to Aurous Hill in the evening. We will meet directly at the airport.

"Okay, young master! " Arman said simply, "Let's see you tonight." "

...

After making an agreement with Arman, charlie directly called Liu Jiahui.

On the phone, charlie asked him to arrange a private plane to take Arman to Aurous Hill at nine o'clock tonight, and also asked him to arrange a motorcade to take him from Arman's home. Delivered to the airport.

Although Liu Jiahui was not happy, he did not dare to refute. He could only agree with a smile.
