

The Amazing Son In Law Chapter 6164 -

In the afternoon, An Qishan, accompanied by his eldest son Asher and his second son Homula, secretly went to Eastcliff with Sun Zhidong (Meir).

charlie did not return to Tang Chen Yipin's home immediately, but went to his villa next door, and then called Hong Tianshi Hong Changqing, who was in charge of martial arts teaching here, and asked him to notify Isaac Cameron and Don Albert to come here to meet him.

Originally, charlie was even a little worried whether Isaac Cameron would suddenly disappear for no reason.

After all, Stephen Thompson, as the chief steward of the entire wade family, had someone else behind him. So Isaac Cameron, as the spokesperson of the wade family in Aurous Hill and as Stephen Thompson's direct subordinate, was probably deliberately arranged by someone.

But fortunately, Isaac Cameron is still at the Champs Elysées.

The moment he saw Isaac Cameron, charlie felt a little relieved.

Frankly speaking, he felt a little disappointed knowing that Stephen Thompson had another owner.

On the one hand, Stephen Thompson was once his father's most loyal subordinate. Although he was not qualified to make him loyal to the wade family, his behavior did leave charlie with a slight psychological gap; on the other hand, charlie

's Stephen Thompson had almost unconditional trust before. After all, he had protected him for so many years. After coming to Aurous Hill to meet him, he had always supported him unconditionally.

However, only today did he know that the person he really worked for was not the wade family, nor himself. How could charlie not feel disappointed.

What he is most afraid of now is that there are other people around him like Stephen Thompson, and he is most afraid that the mysterious person has been planting various spies around him.

Isaac Cameron and Don Albert were both met by him when he first took back his identity as the young master of the Wade family, and they were also two subordinates he trusted very much. If there were problems with them, it would definitely be a bigger blow to Charlie.

More than ten minutes later, Isaac Cameron and Don Albert, who were practicing martial arts here, jogged all the way to Charlie's villa.

After entering the door, Isaac Cameron said very respectfully, "Master, when did you come back? Why didn't you notify us?" "

Yes, Master Wade!" Don Albert also said quickly, "You inform us, and we can pick you up at the airport. !"

Charlie smiled slightly, waved his hand and said, "I will only stay for one day when I come back this time, and I have to leave at night, so I didn't notify others."

Isaac Cameron asked curiously, "Master, where are you going in such a hurry?"

"Let's go there . America." Charlie said casually, and then asked Isaac Cameron, "Old Isaac, do you know much about Butler?" When

saying this, Charlie quietly exerted some spiritual energy and gave Isaac Cameron a psychological hint to let him do everything. Answer truthfully.

"Butler ?" Isaac Cameron didn't feel anything unusual. He just thought about it and said truthfully, "Back to the young master, although Butler is my direct boss, after all, there are spokespersons for the Wade family in every province and municipality, including many overseas, so I am just one of the hundreds of spokespersons for the Wade family. In the past, I could only meet Butler Tang during the annual work report meeting, so I didn't have much contact."

Charlie nodded lightly. It seems that Isaac Cameron and Stephen Thompson are not in the same boat. People.

Charlie used the same method and asked Don Albert, "Don Albert, before you met me, did you know Stephen Thompson?" "

No..." Don Albert shook his head repeatedly, mocking himself and said, "Master Wade, before I met you, I didn't know you." He is just an old young

and Dangerous boy with some reputation in Aurous Hill. Even Mr. isaac and I can't compare to him, let alone the chief butler of the wade family..."

The Amazing Son In Law Chapter 6165 -

Seeing this, charlieAlso feel relieved.

Then, he said to Isaac Cameron, "Old isaac, Butler Stephen has temporarily left the wade family for a period of time. During this period, the position of the chief steward of the wade family is vacant. I want you to temporarily replace Butler Stephen. I wish Butler Stephen will return in the future." Will return, then you will return your position to him as his deputy. If he does not return in the future, then you will sit in this position forever." Isaac Cameron was surprised and said quickly, "Young

Master... my business has always been I have never been out of this province, and I have just barely figured out what I am doing. You asked me to take over the position of Butler Tang. I...how can I have the ability..." charlie asked back, "Isn't it true that

Butler Stephen also climbed up step by step? "Yes...

" Isaac Cameron said awkwardly, "It took Butler Stephen more than ten or twenty years to climb up. My ability is much inferior to him, and my qualifications may not convince everyone." charlie waved his hand

. "I am the head of the wade family, the position of the wade family's chief steward. Whoever I ask to do it will naturally be qualified. It depends on whether you want to do it." "

This..." Isaac Cameron suddenly fell into conflict.

For him, Stephen Thompson's position was the theoretical peak of his career.

Originally, he did not dare to covet that he could reach the height of Stephen Thompson in the future.

However, after being appreciated and valued by charlie, he sometimes felt that as long as he stayed by charlie's side and worked hard wholeheartedly, charlie might give him this opportunity in the future.

But that is definitely something you can only hope for after you are 50 years old and have accumulated enough experience.

But he never dreamed that charlie would suddenly give him this opportunity to reach the sky in one step.

The only thing he worries about now is that he is afraid that he is not competent enough.

However, when he saw charlie's firm eyes, he knew that charlie's ability to make this decision not only represented recognition of his own abilities, but also represented trust in his loyalty.

So, he gritted his teeth and said loudly, "Master, thanks to your favor, I am willing to go all out and give him a try. If I am not capable, I will resign to the master as soon as possible. I also ask the master not to give up." Force it!"

charlie said with appreciation, "Don't worry, if your ability is not up to par, I will not be nepotistic and will definitely replace you as soon as possible." After that, he looked

at Don Albert again and said, "Don Albert, you have been with me for a long time. After isaac becomes the chief Stephen of the wade family, you will be the agent for the entire Aurous Hill and the entire province. Are you willing?" Don Albert was overjoyed and quickly raised his hand and

said "Back to Master Wade, my subordinate is willing! Like Mr. isaac, my subordinate will do his best, but if my subordinate is not capable, please don't force it, Master Wade!" "Okay!" charlie nodded slightly and said,

"

You two Let's get ready. After Old isaac hands over the work of Aurous Hill to Don Albert, he will go to Eastcliff as soon as possible. I will say hello to the old man in advance and let the old man help you take office. But then you will have to work hard. First, stay in Eastcliff for a while and sort out what Stephen Thompson left behind. Then you can take part of the work to Aurous Hill and at the same time, you can continue to stay here and learn martial arts." Isaac Cameron continued after hearing this

. After learning martial arts, he was immediately pleasantly surprised and said quickly, "Thank you, young master! I will definitely practice martial arts while

ensuring that all work is completed perfectly!” “Okay.” charlie smiled and said, “You hurry up and hand over the work, I have to go back

. Tomson’s first grade!”

After leaving the Champs Elysees hot spring villa, charlie immediately rushed back to Tangchen Yipin, planning to simply pack some luggage and tell his father-in-law Jacob and mother-in-law Elaine that he would rush there overnight tonight. Giving a Feng Shui consultation to another client out of town.

The Amazing Son In Law Chapter 6166 -

The couple knew that charlie was running around all day long, and they were used to it, so they were not surprised when they heard the news.

What charlie didn’t expect was that his mother-in-law, Elaine, took the initiative to care about charlie and said with a distressed look on her face, “Good son-in-law, you are running around all day long and don’t take a few days off. What if your body is exhausted?” !”

Suddenly being cared about by his mother-in-law, charlie also felt that it was very rare, so he smiled and said, “Mom, don’t worry, although I am running around every day, I am actually not tired at all.” Jacob looked at Elaine and hummed

. “What do you know? My good son-in-law is now a Feng Shui master. Don’t look at him running around all day long. The people who hire him are big bosses and big stars. These people respect the Feng Shui master more than they respect their own fathers. She must be very concerned about her good son-in-law’s food, clothing, housing and transportation, and would never let her good son-in-law suffer hardship. In ancient times, no matter how far away they were, it would take eight sedans to carry the good son-in-law there!” Elaine said

thoughtfully She nodded, then looked at charlie, and said with a smile, “My good son-in-law is the best! Rich people have to beg to spend money on my good son-in-law!” After saying that, she rolled her eyes and

said with a smile, “Okay Son-in-law, can I discuss something with you?”

As soon as charlie saw Elaine like this, he knew that Elaine must be asking for something from him, no wonder he took the initiative to care about him today.

So he asked, "Mom, if you have anything to say, just tell me."

Elaine hesitated and said, "Um...Mom, money is a little tight lately, you have to go away again this time. "Mom is worried that if she runs out of money, she will disturb you and your wife. So, what I mean is, do you think you can leave some more money for me before you leave?" Jacob rolled his eyes at Elaine

.., said disdainfully, "Elaine, I know you, a weasel, have no good intentions in giving New Year greetings to the rooster. You want to ask charlie for money!"

Elaine seemed to have been stepped on, and cursed angrily, "Jacob! I follow My good son-in-law wants some money, what does it have to do with giving it to you? I'm showing you off, you keep talking!"

Jacob said angrily, "You have hands and feet, but you won't make it yourself when you have no money? Look at me, Now in the calligraphy and painting association, the monthly salary plus subsidy is ten thousand or twenty thousand!"

Elaine cursed, "Bah! Don't talk about your calligraphy and painting association. If your good son-in-law hadn't helped you, you would have given up long ago. Get out of here!"

"You fart!" Jacob blushed and tried to protect his dignity.

Seeing that the two of them were confused and about to choke again, charlie quickly interrupted and said, "Dad, Mom, please stop quarreling with each other. When I go out, you two will be the only ones left at home. If you keep fighting all day long, I I can't feel at ease outside!"

Elaine snorted, "I don't bother to pay attention to him unless he's looking for trouble!"

charlie nodded. He knew Elaine's character. He can be a monster when he has money, and he can be a monster when he has no money. But at the very least, when she was rich, she would definitely not be able to act like a monster, so she would just spend a small amount of money to buy a pure one.

So, he said very cheerfully, "Mom, money is not a big deal. In this way, I will transfer one million to your card in a while, and you can spend it however you want during this period." Elaine heard

this As he spoke, his eyes widened in an instant, his lips trembled with excitement, and he asked in a stammering voice, "Good son-in-law! What you said...is it true?! Do you really want to give it to your mother?" One million?!"
