

The Amazing Son In Law Chapter 6167 -

"Of course it's true." charlie

He nodded cheerfully, but said in a serious tone, "But I have only one request. You can't quarrel with Dad these days while I'm gone!"

Elaine said without hesitation, patting her chest. Don't worry, good son-in-law, I will never quarrel with him! If you give mom one million, she will not be at home except when she comes back to sleep. If he wants to quarrel with me, I won't give him a chance!" Jacob heard this

. actually wanted to give Elaine one million, and he felt envious and jealous in his heart.

Although he had an income from the Calligraphy and Painting Association, that little income was simply not enough for him.

He is the executive vice-president himself, and he often receives favors in the association. In addition, driving the Cullinan back and forth all day long means the cost is much higher than that of an ordinary car. Gas costs several thousand a month. block, so every month is very tight.

But Jacob is not as thick-skinned as Elaine. He always feels that he can become the vice president of the Calligraphy and Painting Association because of charlie, he can drive Cullinan, and it is all thanks to charlie that he can live in a first-class villa in Tangchen. It's charlie's ability.

Therefore, he was embarrassed to ask charlie for money again.

But now that Elaine is about to reach one million with just one mouthful, how can he not feel depressed.

So he began to think about whether he should cry out to charlie and see if charlie could express his feelings.

However, when he thought that he had just damaged Elaine and then asked charlie for money, he felt a little embarrassed on his face.

charlie didn't waste any time at this time and directly used mobile banking to transfer one million to Elaine.

Although he had a lot of dissatisfaction with Elaine in the past, his current attitude towards Elaine is that as long as she doesn't act like a monster, he will be polite to her, and he won't feel bad if he gives her a small sum of millions.

Soon, Elaine received a text message from the bank on her mobile phone, reminding her that one millionThe money had arrived, and she immediately danced with excitement and said to charlie with a flattering look, "Oh, my good son-in-law, mom has received the money. Thank you so much, my good son-in-law!" charlie smiled lightly and reminded,

" Mom, you must never forget what you promised me, not to quarrel or quarrel with Dad again."

Elaine immediately raised her right hand and swore, "Don't worry, good son-in-law, while you are gone, I will be with you again. If you quarrel with him, he is the one who gave birth to me, Elaine!"

charlie nodded and said, "Okay, Mom, you are busy first, I will go and pack some luggage."

Elaine said quickly, "Oh my dear son-in-law, what do you want to pack?" Mom said, Mom will help you clean up, you can just sit in the living room!"

charlie said with a smile, "No, Mom, I don't like talking more than using my legs. Besides, you don't know where many things are, so I'll just go by myself."

After saying that, charlie was about to turn around and go upstairs.

Jacob, who had been holding back his energy at the side, saw that charlie was about to leave, and his heart could no longer calm down. He subconsciously shouted, "Oh, my dear son-in-law, don't be anxious yet..."

charlie turned around and asked him, " Dad, are you okay?"

Jacob secretly glanced at Elaine next to him out of the corner of his eye, and then looked at charlie, as if he had just eaten the ginseng fruit and couldn't taste the taste, and he was coveting the Zhu Bajie in Sun Wukong's hand. .

charlie could tell at a glance that something was wrong with Jacob. Thinking that he had just transferred one million to Elaine, he knew in his heart what Jacob had planned.

Elaine was not stupid either. Jacob glanced at her with a sly look, and she guessed what Jacob was up to. She quickly said, "I tell you Jacob, you must not ask for money from my good son-in-law! You Can't you make money by yourself? What kind of thing is it for an upright and capable vice-president of the Painting and Calligraphy Association to ask his son-in-law for money?"

The Amazing Son In Law Chapter 6168 -

Jacob blushed instantly when she said this, and he hesitated and said, "Who said I want to ask for money from my son-in-law? Did I say that? There is a difference in finding a good son-in-law." Please don't rant about me!"

When Elaine heard this, she didn't argue with him. Instead, she turned to charlie and said, "Good son-in-law, you heard everything he said, no matter what bad shit he is holding back. , you must not give him a penny!"

Jacob suddenly got angry, raised his neck and cursed, "Elaine, why are you like this? You keep talking about money again and again, right?"

Elaine deliberately He shook his head and said with a playful smile, "What's the matter? Since you didn't ask your good son-in-law for money, then I told your good son-in-law not to give you money, so why did I offend you?" "You...you..." Jacob didn't expect that

, Elaine's defensive ability was so strong that she strangled her own ideas in the cradle. She had already said this, so why did she have the nerve to ask charlie for money?

Jacob, who suffered the loss of being dumb, was completely unable to refute, and could only say angrily, "I...I didn't want to ask my good son-in-law for money...I just wanted to tell my good son-in-law to pay attention to safety when he goes out!" Elaine deliberately pretended to be comfortable

. He took a deep breath, and while caressing his chest with his two palms alternately, he said with lingering fear, "Oh, Jacob, you really scared me to death. I thought you were so shameless that you wanted to ask your good son-in-law for money! Good son-in-law." It's not easy to make some money. You're a skilled person, so you'd better not spend other people's money."

Jacob said angrily, "I said Elaine, what's wrong with you? I've already told you that I don't want to find a good son-in-law. You want money, have you been mumbling forever?"

Seeing Jacob being so angry but still not daring to speak out his true thoughts, Charlie suddenly felt in his heart that the ancients were indeed right, this poor man must be hateful. At.

Jacob has a weak character, and his acting style is secretive and grinding. He is always in a conflict of fearing the wolf before and the tiger at the back, so that his life has many opportunities to turn around, but in the end he is defeated by himself. I've messed up everything.

Just like when Matilda first returned to China, everyone could see that Jacob really wanted to reunite with Matilda. Even Matilda herself had been thinking about him. The two of them could be said to be lovers and concubines. As long as Jacob dared to marry Elaine. By getting a divorce, you can make up for decades of regrets and strive for a happy old age for yourself.

However, he just didn't dare to pierce the window paper, so Matilda lost patience while waiting for him. In addition, Hank, a man countless times better than him, suddenly appeared and directly stole the love of his life. .

Losing such a big lesson from Matilda still failed to make him realize his problems, and still failed to make him change his stubborn and timid character. In addition to being helpless, Charlie also felt a lot. He was a little angry and couldn't argue.

So, he looked at Jacob and asked directly, "Dad, don't you have enough money? If so, just tell me and I will transfer some to you."

Jacob felt a little excited when he heard this, but when he thought of Elaine's ridicule to him and the fact he had just established, he was really ashamed to slap himself in the face.

Therefore, Jacob didn't know how to answer Charlie's words.

At this time, Elaine saw that Charlie wanted to give Jacob money, and she was very anxious, and said quickly, "Good son-in-law, your dad said it himself just now, he has all the means and legs and doesn't want your money. Besides, your dad is the same size now." He is a person in the cultural circle, and is also the vice president of the Painting and Calligraphy Association. To put it

bluntly, he is also a big shot with a good reputation. If you give him money now, wouldn't that be a slap in his face?" Jacob felt even more uncomfortable

.

Although he wanted to rush up and slap Elaine twice, he also knew that Elaine's words

The Amazing Son In Law Chapter 6169 -

I have been putting pressure on myself. If I follow charlie's words and really ask charlie for money, wouldn't I be completely embarrassed?

Seeing that he hesitated for a long time but did not speak, charlie felt helpless and simply stopped worrying about him. He directly followed Jacob's words and said, "Dad, thank you for your concern. I will pay attention to safety. Nothing else." I have to pack my things first, and I will leave for the airport later."

They borrowed the donkey from the lower slope, but Jacob was always the donkey who was slipped down from the upper slope. Elaine blocked his exit with a few words , he could only slide all the way down Elaine's slope. This was his character weakness and the key to Elaine's control of him.

charlie also knew that his nature was hard to change, so he didn't give him any more chances. After saying this, he turned around and entered the elevator.

Jacob felt so uncomfortable when he saw charlie going upstairs.

Looking at Elaine's triumphant smile, he felt like he was worse off than dead.

charlie who went upstairs couldn't help but sigh in his heart, when will his father-in-law Jacob be able to break through the hesitation and weakness in his psychology, and when will he be able to truly live the way he wants.

...

After everything was packed, charlie left home alone at night, planning to drive to the airport.

As soon as he took the elevator to the first floor, he saw his father-in-law, Jacob, holding a cigarette in his mouth. He stood up from the sofa and said with a smile, "Good son-in-law, are you leaving now?" charlie nodded slightly, "Yes, dad.

", Let's go to the airport now."

Jacob rubbed his hands and was about to say something when Elaine suddenly limped down the stairs and said loudly, "Oh my good son-in-law, Mom is here to see you off!" After getting

one million, Elaine and Jacob, who missed out on one million, both wanted to send charlie out.

Jacob wanted to find an opportunity to mention it to charlie in a subtle way. Talking about the fact that his own funds are relatively tight, let's see if charlie can give himself a million or so with a wave of his hand.

Jacob, when he wants a pillow when he is dozing, he will never say that he wants it. On the contrary, if he wants it, he has to insist that it doesn't matter or even say that he doesn't want it, and then he hopes in his heart that others will take the initiative to give him a pillow. The kind of person who can't even open his mouth when begging for food, hoping that the chicken drumsticks will fall from the sky and just hit the bowl.

To put it mildly, it sounds reserved and reserved; to put it harshly, it means that you are thinking nonsense.

Elaine knew Jacob's character and knew how to control him and block his way out. She was worried that Jacob would pretend to be pitiful in front of charlie and try to steal charlie's money while seeing him off, so she specially Waiting for charlie to go out to disrupt Jacob's plan.

As soon as Jacob's words of crying came to his lips, when he saw Elaine suddenly appeared, he immediately swallowed them back.

Elaine glanced at Jacob at this time, and then said to charlie with a flattering face, "Good son-in-law, you can go out and do some work, you don't have to worry about anything at home!" After saying that, he quickly stepped forward and offered to help

charlie. Picking up the suitcase, he walked out with all his strength, and kept urging, "Good son-in-law. It's getting late, you have to hurry up, don't miss the plane and delay the business." Jacob also saw charlie

being Elaine urged him out of the door, his heart dropped to the bottom, and he could only follow him out angrily.

charlie didn't leave any chance for Jacob. He stuffed the suitcase into the trunk of the BMW, then waved to the two of them and said, "Mom, Dad, I'm leaving first." After saying that, he got into the car and stepped on the accelerator

. Home door.

Half an hour later, charlie arrived at the airport. The plane was ready to take off, and Arman also landed at Aurous Hill Airport on time.

After the two met, they boarded a private plane to the United States. The plane took off in the night and headed to New York, 10,000 kilometers away.
