

The Amazing Son In Law Chapter 6174 -

“Damn it!”

Seeing that charlie was not afraid, but instead spoke arrogantly, the black man became furious!

He used the bottom of the pistol to push all the bottles and cans on the table to the ground, then stood up, pressed the muzzle of the gun against charlie’s head from above, and cursed with a sinister expression, “Huaxia Dude, this is the United States, the United States of America! If you cause trouble here, no one will tell you to go back to China. Instead, they will smash your head with a gun!”

charlie smiled and said, “You are so arrogant.”

After finishing speaking , , charlie put away his smile and said contemptuously, “But I’m not afraid!”

The man gritted his teeth and said, “Damn it, are you really tired of living?”

charlie spread his hands and said lightly, “I’m sitting here today, no matter what. No matter whether you are a burning angel or a wild dog in the crematorium, as long as you dare to come, you must kneel down and sing “Conquer” for me! If you sing well, I will spare his life; if you sing poorly, I will kill him. Tear off the dog’s head and kick it all the way from the east end of Chinatown to the west end of Chinatown.”

As he spoke, charlie looked at his face and frowned, “Your head is not very good, it is too long and too pointed, more like a rugby ball. , with a brain like yours, you can’t dribble like a football, you can only open your feet like a rugby, so I take back what I just said and say it again. If you don’t sing well in a while, I will twist off your dog’s head. , from the east end of Chinatown, to the west end of Chinatown!”

“Holy shit!” The man went berserk in an instant, his finger kept rubbing on the trigger, and the whole person seemed to go berserk and moved back and forth in a space of three meters to the left and right. Jumping, muttering “I’m going to kill this bastard! Immediately! Immediately!”

After saying that, he winked at the few followers around him. Those people immediately understood and hurriedly turned around and closed the door of the roast goose shop from the inside. Close tightly.

As soon as the door was closed, the man pointed the muzzle of his gun at charlie's eyebrows again and said coldly, "You Chinese people just like to hit the muzzle of the gun. Anyway, I have killed more than one person like you. I won't be able to get one more." It doesn't matter, I don't take a clown like you seriously at all! If you have any last words, just say them and I'll send you on your way!" "

Last words?" charlie laughed mockingly and said disdainfully, "Like Trash like you can't kill me at all."

After saying that, he knocked on the table with a smile and said, "Gunbir, where is my food?"

Gunbir ran out of the kitchen in a panic, holding a bowl of food in his hand. Taking a bowl of roast goose rice, he muttered, "Mr. Wade... your rice is here..."

As he said that, he hurriedly placed the piece of roast goose rice in front of charlie.

At this time, the black man knocked the entire meal to the ground with his hand and said sternly, "Damn it, you're going to die when you're about to die." "Want to eat? ! "

After that, he turned the muzzle of the gun, pointed it at the rice bowl on the ground, and instantly pulled the trigger. With

a bang, the bullet penetrated the rice bowl, shattering the plastic rice bowl into pieces, and even made Gunbir tremble with fear!

Arman on the side did not show any signs of it. He was not scared. He knew very well that these people were just a group of ants in front of charlie. Even the entire Burning Angel was just a clown in front of charlie. The Fei family was almost like a local emperor in New York

. But when charlie shot Jamura with his own hands in front of everyone in the Fei family, who in the Fei family dared to stop him?

The Amazing Son In Law Chapter 6175 -

When charlie asked Jamura's father, grandfather, and grandpa Zeng, he killed Jamura and these people When you are convinced or not, who dares to say anything?

Now, a few gang members who don't know the heights of heaven and earth dare to jump in front of charlie with guns, and charlie will never let them have an easy time.

At this time, the leader Staring at charlie, charlie was not afraid at all. Instead, he looked at Gunbir and said, "Give me another bowl. This garbage is a waste of food. I will make him kneel on the ground later, like a dog." Licking all the rice grains on the ground one by one. "

The man's heart almost collapsed. He had already fired, but charlie was still not afraid at all. This made him feel a little hairy in his heart, and at the same time he was filled with murderous intentions. His mouth was exaggeratedly large, and he flapped his two thick lips

. , gritted his teeth angrily and said, "Chinese guy! Since you are looking for death, then I will send you to see God! "

After that, he pulled the trigger hard!

Gunbir closed his eyes in fear, and the black man's four companions also took a few steps back. They saw that their boss had murderous intentions. At this time, all of them were the same. They looked disgusted, fearing that they would be stained by the blood that splattered out later.

Just when they thought charlie was about to be shot in the head, the black man's eyes widened and he murmured as he pulled the trigger with all his strength. "What's going on...why can't my hand pull the trigger..."

charlie smiled slightly. He only used a tiny amount of spiritual energy, which was enough to render the opponent completely helpless. At this time, the black man's hand could no longer use even half of his strength. Let alone pull the trigger, even a grain of rice could be used. It's impossible to hold it.

The black man still didn't know what was going on. He still had strength in his arm, but his five fingers were completely out of control. Just when he was terrified, this chapter is not over.

, charlie had already reached out and pulled out the gun from his hand. He glanced at the Italian-made 9mm pistol and said calmly, "If God really wants to see me, he must come to me." , instead of me going to find him."

"Shit!"

The four black men behind him saw that charlie had already held the man's gun in his hand. They immediately shouted and panicked and took out their pistols from their waists to prepare for shooting. Shooting at charlie.

charlie sneered, suddenly grabbed the black man's wrist, and then swung him hard like a baseball bat!

Before the four of them took out their guns, they felt a big black stick weighing more than 100 kilograms hit them sideways. Before they could react, they were instantly swept away. land.

For a moment, five people were lying in the corner wailing.

The Amazing Son In Law Chapter 6176 -

The person who was thrown out suffered the worst. His entire right arm was only connected to the body by tendons. In the subsequent impact, his cheekbones, ribs, and leg bones were damaged. , all had serious fractures, and countless bones were broken all over the body.

Although the injuries suffered by the four people were not that serious, the sudden and powerful impact was like being hit by a high-speed car. They were all covered with injuries and were lying on the ground in pain. The living ghosts cry and wolves howl.

They never imagined that an ordinary person could have such powerful power, and they knew in their hearts that this time they met a master, maybe this was the legendary Kung Fu.

At this time, charlie walked up to the five people expressionlessly, looked at the frightened expressions of the five people, and slowly squatted down.

The five people were so frightened that they subconsciously wanted to hide, but at this time they were already huddled in the corner and had nowhere to hide.

The leading man had already lost half his life, and now he had lost all his previous ferocity, and his whole face was filled with fear and uneasiness.

charlie looked at him and slapped him hard on the face!

The snap echoed throughout the roast goose shop.

Seeing that the man's cheeks were swelling rapidly, charlie smiled and said, "What the hell is the underworld? And the Burning Angel... Who the hell gave you this stupid name? Look at your old donkey face, it looks a little bit like an angel." Does it matter?"

The man's cheek was in pain as if it was exploding, but at this time he could only cry and say to charlie, "I'm sorry, I'm really sorry, I didn't know you could kung fu, please let us go, we I'll never come here again!"

charlie frowned and slapped him hard again.

This crisp sound, next to theThe eardrums of the four people around me hurt.

After charlie slapped him for the second time, he smiled and asked him, "Wasn't it very cruel just now? The posture you held the gun in was so cool. I think you wanted to jump up and shoot. Why did you soften so quickly?"

At this time, the man was beaten so hard that he almost fainted, but the severe pain on his face made his brain extremely clear.

He knew that he had encountered a tough opponent today and that he had no one to help him, so he could only ask for a way out in a low voice.

Thinking of this, he cried and said, "Sir, I was really wrong... I grew up in a poor family. My father made my mother pregnant and ran away. My mother worked three jobs to raise me. Da, I didn't go through any studies. I have been working with gangs since I was a child. I beg you, for the sake of my mother, spare my life..." charlie asked with a smile, "What is your current routine

? Show weakness and beg for mercy, and then find more people to help after you get out, right?"

The man quickly said, "No, no! Absolutely not! I swear to God!"

charlie slapped him in the face and asked coldly "Why do you say nothing about God, but still hold a gun to collect protection money? With a gun you

are a burning angel, without a gun you are the Lamb of God. Do you believe in God or guns?” “

I ...I...” The man was questioned by charlie and didn’t know how to answer. He could only bite the bullet and said, “I...I believe in God...”

charlie asked back, “Then do you think God can bless you today?”

” I...” The man was even more frightened for a moment. He was afraid that he could not pass charlie’s test no matter what he said. If he said he could, maybe charlie would have to say he couldn’t and then shoot himself in the head; if he said If you say no, if charlie says you’re right and then shoots himself in the head, wouldn’t he be dead anyway?

At this moment, he was almost desperate and could only plead with charlie, “Brother, please spare my life, I... I don’t want to die... I will never join a gang again, I swear!”

Seeing his extremely frightened look, charlie smiled slightly and said, “There is no chance of survival, it depends on whether you can grasp it.” When the man heard this, he quickly cried and said, “I am willing to grasp it, I will

definitely Get it!”

charlie nodded, took out the magazine from the pistol, then handed the magazine to him and said, “Don’t you like people to taste the bullets? Come on, take the bullets inside Eat them all! I’m warning you, eat them all and don’t leave any! No matter how many you have left, I will shoot them in for you with a gun!”
