

The Amazing Son In Law Chapter 6191 -

Seeing his daughter dressed up, Antonio couldn't help but praise, "God, Julia, you are definitely the most beautiful girl in Sicily!"

Julia said with disgust, "I I'm not a girl from Sicily. I was born in New York, and I've only spent less than half a year in Sicily in my life! I don't want to have anything to do with that shabby place anymore!" Antonio raised the corners of his mouth slightly and smiled

. Then he said, "Julia, you are still young. Sooner or later, you will be like me, deeply proud of the Sicilian blood flowing in your body!" Julia said with a disgusted face, "Then I would rather go to the hospital

. Replace all the blood on my body!"

Antonio shook his head and sighed, "Your rebellious period will take longer than I expected, but it doesn't matter, as long as you obey my arrangements, I won't argue with you."

Julia said no more and followed Antonio to the main hall of the manor, her eyes always looking around for something.

...

Time passed by minute by minute.

A few minutes later, in the darkness outside the manor, Gunbir couldn't help but ask charlie, "Mr. Wade, what are we waiting for?"

charlie smiled and said, "Waiting for an opportunity."

Gunbir asked in surprise, "What's the opportunity?"

charlie's eyes suddenly flashed with light. He pointed at a black car driving out of the Zano Manor and said with a smile, "That's the opportunity!" After that,

he Turn on the car lights, kick the accelerator and drive the car out.

In the black car, Julia, who was wearing a white evening gown, drove the car out in a hurry.

She just deliberately found an opportunity to damage the hem of her skirt, and then used the excuse of dealing with the hem of her skirt to escape from the main hall, and then found this black car without the key in the yard.

At this time, she had no idea where she should go. She just wanted to seize the opportunity to escape from this place before anyone reacted.

However, at the moment when she drove the car out of the manor in a panic, a Chevrolet car suddenly drove up on the road in front of the manor.

She subconsciously wanted to step on the brakes, but for some reason, she tried her best with her right foot and couldn't push the brake pedal down even half a minute.

Julia didn't know that she, or rather, the car she drove, was the opportunity that Charlie had been waiting for for a long time.

Therefore, regardless of who was driving, he directly blocked the brake pedal and steering column with his spiritual energy, making it impossible for the car to slow down at all, and at the same time, it was completely unable to slow down. Unable to turn.

At this time, Julia tried her best and was unable to control the car to slow down or turn. She could only watch the car rush out of the manor and land on the side of the trunk of the Chevrolet with a bang.

The Chevrolet was hit and spun in a circle on the road, and she was also shaken by the impact of the explosion and the impact of the exploding air bag.

At this time, the mafia members standing guard had rushed over to check.

Everyone recognized the car as belonging to a member of the Zano family, so they quickly stepped forward, opened the cab door, and pulled the driver out.

When everyone saw that the eldest lady, Julia, was driving, everyone couldn't help but exclaimed, "Miss?! Why is it you?!"

Julia threw away their hands and sat on the ground slumped, feeling extremely desperate for a moment.

Seeing that he was about to escape, who would have thought that there would be a car accident just as he arrived at the door! I'm afraid there's no chance to

escape now! What if my father gets the news and sees that he is trying to escape, and he still doesn't know how to punish himself. As long as he doesn't succeed this time, he will definitely take strict precautions against himself. If he tries to escape in the future, he will never have a chance!

Just when Julia was panicked and helpless, not knowing what to do, the cab of the Chevrolet car suddenly opened, and a man with an oriental face got out of the car, pointed at her angrily and said, "Hey, can you drive?" ! I was driving fine, but you just hit it. Don't you know how to apply the brakes?"

Faced with the accusation, Julia could only bite the bullet and said, "I'm sorry, there seems to be something wrong with my car. I can't stop it. ..."

"Can't stop?" charlie said aggressively, "This is a Maybach! I don't believe that a Maybach can't stop a car! If you don't have good skills, just say so, there's no shame in it." Julia nodded repeatedly and said

dejectedly "You're right... Don't worry, I will compensate you for your losses..."

charlie said, "I rely on this car to support my family. If you hit me like this, I will definitely not be able to work for several days. You No matter what, you have to compensate me for ten days of lost work, at least 100,000 US dollars! I see that you live in such a nice house, and you must not be short of money. 100,000 US dollars is nothing to you, so quickly give me the money. I still have things to do!"

All the Sicilian mafias in suits and ties around him were stunned.

Are you afraid that you are deaf?

This guy actually dared to blackmail the daughter of the Mafia family boss at the door of the Mafia family manor?

For \$100,000, just this crappy Chevrolet, \$100,000 can buy a lot!

So, one of them immediately shouted angrily, "Asshole! How dare you f*cking blackmail our eldest lady, are you tired of living?"

The Amazing Son In Law Chapter 6192 -

"Blackmail?!"

When charlie heard this, he suddenly became anxious and blurted out, “I drove by here without messing with anyone, and suddenly I was hit by this girl’s car. I asked Compensation is a matter of course, how can you say I am extorting money? You don’t want more people to bully the less people, and don’t think that I am afraid of you because there are more people!”

The mafia member immediately took out a pistol from his waist and pointed it at charlie’s head , said in a cold voice, “Get out of here right now! If you say one more nonsense, I’ll shoot you!”

“F*ck!” charlie said angrily, “You are so capable. You want to shoot me in public?” “?”

At this time, Gunbir opened the passenger door of Chevrolet, held up his mobile phone and said loudly, “Brother , I have called the police!” “

Okay!” charlie nodded with satisfaction, looked at the mafia member, He said coldly, “Aren’t you going to shoot me? Come on, shoot me here!”

As he said that, charlie pointed to his eyebrows and said, “If you have the guts, shoot!”

When Julia saw this, He immediately yelled, “Robert! Put down the gun!” In

Julia’s opinion, although the strange man in front of her asking for one hundred thousand dollars was indeed too much, in the end, this The incident was his own responsibility. If he hit someone else, he would definitely have to pay compensation. It was completely unreasonable for his father’s men to point guns at others.

Seeing that charlie was so stubborn and not afraid of the gun in his hand, the man suddenly didn’t know what to do.

In fact, he didn’t want to actually shoot.

But he just wanted to use the gun to show his identity as a mafia, so that this oriental man who didn’t know the heights and heights of the world would have some sense and get out of here.

But who would have thought that this guy would be so arrogant.

Normally, he would never hesitate to shoot someone.

But today's situation is really special.

First of all, this is the entrance to the Zano family's estate.

Shooting and killing people here will definitely attract great attention.

And the other party has already called the police. The police will definitely come. When dealing with this traffic accident, if the person died, there would be no way to cover it up, and there would be no time to deal with it. Not only would he be caught, but the Zano family would also be affected.

What's more, the eldest lady is watching here, how can he kill someone in front of her?

At this moment, another person walked up to Robert and whispered in his ear, "The distinguished guest is coming soon! Don't cause trouble, otherwise the boss will be very angry if you neglect the distinguished guest!" Robert was frightened

. A chill ran down his back, and he quickly asked, "What should we do now? This man wants a hundred thousand dollars, and I can't agree to it." As he said,

Robert glanced at Julia quietly, and said, "Miss, what are you doing now?" What should I do here?"

The man said quickly, "Are you stupid? Can't you see that the eldest lady wants to escape? If it is handled properly, the boss will not blame you, but will think that this car accident happened very well. If it wasn't for this car accident, the eldest lady drove away and the banquet can't be held tonight?"

Robert came to his senses instantly and was overjoyed. He quickly said, "Then I'll inform the boss now!"

After that, Robert took out his hand The walkie-talkie said, "Please tell the boss that the eldest lady had a car accident at the door. Please come over as soon as possible." Upon hearing

this, Julia quickly struggled to stand up and said to charlie, "Sir, don't you want to One hundred thousand dollars? You drive me to a place and I'll give you the money!"

charlie had long heard the whispers between Robert and another person, and then he realized that the young girl in front of him was actually from the Zano family The eldest daughter.

Isn't this just someone giving me a pillow when I'm dozing off?

How could he let go of such a good opportunity.

So, he said with a rogue look, "No, I want cash, and I'll wait here. If you don't give me money, I'll wait for the police to come."

The Amazing Son In Law Chapter 6193 -

Say! Julia

's expression was tense and desperate, and she begged, "Sir, take me out of here, and I'll give you two hundred thousand!"

charlie remained unmoved, "I want cash, and I want it now! " "

Julia's anxious tears were about to flow out. She frequently looked back at the manor for fear that her father would chase him out of it.

However, charlie did not give her any chance.

At this time, a tall and fat man in a suit walked quickly ran out, followed by a large group of people. When Julia saw it, she immediately fell into despair, because the man in a suit running at the front was her father Antonio. Antonio was angry and anxious at this time, and he didn't do anything

. Thinking about it, his daughter Julia accidentally broke the hem of her skirt just now, and she said she was going to find a needle and thread to mend it. However, he heard a report from his subordinates that his daughter had been in a car accident at the gate of the manor! When he heard the news, his first thought was not concern

. Her daughter was safe, but she was afraid that her daughter would escape, so she chased him out in a panic.

When Julia saw him, she struggled to escape, but she didn't expect to be caught by charlie. charlie said seriously, "Miss, if you If you run away now, that would be a hit and run! "

Julia stamped her feet anxiously. She was originally very guilty towards charlie, but now she wanted to give charlie a slap in the face.

She had no choice but to point at Yue. The father, who was getting closer, said, "That man is my father. He will give you money for me. Please get out of my way and let me go." "

That won't work. " "charlie said firmly, "If you hit me, I will ask you for compensation. It has nothing to do with anyone else. One hundred thousand dollars, not a penny less!" "

Julia was so angry that tears welled up in her eyes. Just as she was about to speak, her father Antonio had already arrived, looked at her and shouted angrily, "Julia! Explain to me why you are here! "

Julia also risked her life and shouted loudly, "Because I want to leave this home! Don't any of you stop me! "

r> "You dare!" Antonio shouted angrily, "Leave this home and go to Sicily to shear sheep for the rest of your life!" "I won't go!"

Julia said angrily, "I'm going to sever ties with you! From now on, I will support myself and make a living by myself. Destroy yourself, life or death has nothing to do with you!"

Antonio said angrily, "How impudent! If you were born in the Zano family, you will be a member of the Zano family for the rest of your life!"

After that, he said to several people around him, "Bring the lady back!

" Leah immediately wanted to break away, but there were so many people on the other side that she, a girl, couldn't resist them.

Seeing that she was about to be taken away, charlie immediately said angrily, "Why don't you team up to play me? Where's my money? She hasn't compensated me yet, so she can't go anywhere!" Antonio frowned and looked at charlie coldly

. "Who are you?"

charlie looked at him and said in a neither humble nor condescending manner, "Your daughter hit me with a car and you want her to leave without paying for it? You are bullying an honest person!"

Antonio frowned and looked at charlie looked at the two cars involved in the car accident again. After a moment of silence, he took out his wallet, took out a thousand dollars in cash, handed it to charlie, and said calmly, "For the sake of helping me stop my daughter, take it." With this thousand dollars, get out of here!"

charlie sneered and said disdainfully, "You want to send me away with a thousand dollars? Are you crazy about being poor, or am I crazy about being poor?"

Antonio did not expect that charlie would be like this Without knowing what is good or bad, his expression suddenly became extremely cold, he stared at charlie and asked sternly, "How much do you want?"

After asking this, Antonio kept staring at charlie's eyes, waiting for charlie's quotation. He even I thought to myself, "This ignorant boy dares to be greedy in front of me. He is afraid that he will risk his life for money! If he dares to say a number over five thousand US dollars, I will have his head ripped off!" "

At this time, charlie met Antonio's gaze, cleared his throat, and said loudly, "Listen up, one hundred thousand US dollars, not a penny less!"
