

The Amazing Son In Law Chapter 6202 -

At this moment, Aman Ramovich felt as if he had seen a ghost.

He never dared to dream that he could actually see the evil star-like charlie in New York, at the home of a mafia leader!

Ever since his last plan to win Helena failed and aborted, charlie has become a nightmare in Aman Ramovich's heart.

Not only because charlie ruined his plan to marry the royal princess, but more importantly, charlie also slapped himself in the mouth more than a dozen times.

Although Aman Ramovich was not of high origin and suffered a lot when he was young, when he became an oligarch, no one could boss him around, let alone beat him. , charlie is definitely the only one. According

to Aman Ramovich's usual temper, he will definitely think of a way to kill charlie afterwards.

But that time, the reason why Amanramovich chose to swallow his anger in the end was because charlie was, after all, a member of the wade family of Eastcliff. The assets of the wade family were much higher than his own, so of course he would be more or less afraid of it. .

But the most important thing is not that the wade family is richer than him, but that there is a powerful Wanlong Palace behind the wade family.

However, in Aman Ramovich's knowledge, he did not know that the entire Wanlong Palace had surrendered to charlie. He thought that the wade family gave Wanlong Palace half of its assets in exchange for Wanlong Palace's forgiveness. and blessing.

So in his heart, he somewhat looked down upon the wade family.

This feeling may be like that of a landowner who met a traitor back then. Although he looked down upon the landlord and wanted glory for the other party, he was forced to be polite and respectful because of the forces behind the other party.

Realizing that he could not seek revenge against charlie, Amanramovich could only break his teeth and swallow it in his stomach, so he left Northern Europe in despair, thinking that he would never meet charlie again in this life, but he did not expect , I came to the United States today. As soon as I got off the plane and before I found a place to rest at Antonio's house, I met charlie again.

Oman at this timeRamovich was depressed and angry. The previous humiliation suddenly came back to his heart, making him clenched his fists and gritted his teeth.

Antonio on the side saw that Aman Ramovich didn't respond for a long time, so he couldn't help but asked again, "Mr. Aman Ramovich, do you...recognize this kid?"

charlie looked at Aman with interest. Ramovich began to look forward to his answer.

Aman Ramovich came back to his senses at this time, but did not speak immediately, but repeatedly considered two things in his mind.

First, why is charlie here? Did he wait for me here on purpose, or was it a coincidence?

Second, it seems that charlie only brought one follower, and Antonio himself wants his younger brother to kill charlie. Can he use Antonio's help to facilitate this matter, so that he can avenge his shame?

Aman Ramovich knew that mafiosi like Antonio would never blink an eye when killing people, but as long as they confirmed that they could offend someone, they would never blink an eye when killing someone.

Antonio doesn't seem to have any respect for charlie. Maybe he doesn't know charlie's true identity.

So, he deliberately pointed at charlie and asked Antonio, "Do you know him?"

Antonio shook his head, "No, there was just a little friction and it was a little unpleasant. If you know him, for the sake of you For the sake of face, forget about the friction between me and him. If you are not satisfied, I will apologize to this gentleman."

At this time, Antonio also felt a little nervous in his heart. He was also worried that Charlie and Aman Ramovich were not in good terms. For friends or acquaintances, if Aman Ramovitch is convicted, it will not end well for him, so he humbly expresses his attitude first, which can be regarded as leaving this chapter

for a retreat first.

When Aman Ramovich heard this, he suddenly had an idea in his mind, thinking to himself, "I never thought that Charlie and Antonio could actually fight! This is Antonio's manor, it is Antonio's absolute home court, the entire manor and the surrounding areas of the manor, I don't know how many mafia killers have been ambushed, and it seems that there are only two people in Charlie's group. In this case, as long as Antonio gives the order, what if Charlie can fight again? He will be beaten to death by these killers. A hornet's nest?"

"As for whether Wanlong Palace will seek revenge on Antonio after Charlie dies, what does that have to do with me? Anyway, I didn't kill the person, and I didn't encourage Anthony to kill him. What happened to Wanlong Palace? They can't even find it on my head."

"When Julia loses her father, she may be fragile and in need of comfort, and I can just take advantage of it and hug the beauty back!" "

If only Julia could listen to me. If she is at my mercy, I can also support her and let her take over her father's position to control the entire New York Mafia. By that time, won't the New York Mafia be the same as my own personal armed force?" This is the thought

?, Aman Ramovich tried hard to restrain the joy in his heart, pointed at Charlie, and said to Antonio expressionlessly, "I don't know this person. If you have any personal grudges, you can resolve them yourself." As he said,

he He deliberately nodded at Antonio and said with a smile, "Antonio, I heard that you Sicilians are decisive and straightforward in doing things and are never timid. Today I just took this opportunity to open my eyes. To tell you the truth, before I came here, I thought about it. It's not about strengthening some

economic cooperation with you. But it all depends on whether you are really courageous and knowledgeable.” Although

Antonio is a rough guy, he is not a fool. When he heard this, he knew that Aman Lamovi What a strange intention, and I couldn't help but secretly think, “This Russian guy talks in a cryptic and whiny manner. Doesn't his real intention just want me to kill someone for him to see? Do you think Sicilian men When people get older, they no longer dare to kill people with their own hands? Then I will kill you and take a look today! “

Thinking of this, he said without thinking, “I originally thought that Mr. Aman Ramovich knew this kid, but since you don't know him, then I have nothing to worry about. Today I will kill this kid with my own hands and give it to you. Add to the fun! “

Aman Ramovich said with a smile, “You are the host and I am the guest. I can do whatever you want. Everything is at your disposal. If you arrange for me to watch the killing, I will watch the killing. If you arrange for me to watch the killing of the chicken, I will watch the killing of the chicken. . Antonio

nodded and said with a smile, “In that case, please move to the wine cellar!” “

After that, he said to the men around him, “Take this boy and his followers to the wine cellar. Today, I want to show Mr. Aman Ramovich how we Sicilian men solve problems!

Julia on the side quickly said, “Dad, you can't kill him! ” Antonio

asked coldly, “He offended me and didn't give me the respect I deserved. This is a great humiliation for men in Sicily. Since he humiliated me, why can't I kill him?” “

Julia blurted out, “I hit him with my car. I owe him a lot, and this happened all because of me. If I hadn't run out secretly, he wouldn't have fallen into your hands. Li, if you kill him today, I will never be able to forgive myself in this life! God will never forgive me! Antonio

was stunned for a moment, and then said with a smile, “My child, don't worry, God will forgive every citizen who comes out from Sicily, and he will naturally forgive you.” “

Seeing Aman Ramovich playing tricks here, and Antonio and Julia as father and daughter talking about God, Charlie was already a little impatient, so he said impatiently, "Antonio, right? Where the hell did you get all this nonsense? Tell me, where the hell is that f*cking wine cellar you're talking about? I'll go first!"

The Amazing Son In Law Chapter 6204 -

Antonio originally wanted to torture Charlie to death, but was encouraged by Aman Ramovich in disguise. He wanted to find a more hidden place immediately and shoot Charlie's head off.

The wine cellar was naturally the best choice for killing people, so he also wanted to take Charlie there quickly and kill this noisy and ignorant Chinese man in front of Aman Ramovich.

But he never expected that Charlie would be more anxious than him when his death was imminent.

After being stunned for a moment, he pointed at Charlie and said with a sneer, "I have killed countless people. This is the first time I meet someone like you who is eager to die. In this case, I will help you!" After that, he immediately said

to Several people around him said, "Take him down now!" Julia

stood in front of Charlie regardless of her own safety and said sternly, "You can't do this!"

Antonio didn't want his daughter to continue to block him, so he He thought about letting someone take her away directly, but before he could say anything, Charlie said impatiently, "Why are you wasting so much time talking to her? Can't we just take her together? Let her see blood! See too much She will make you stronger!"

Antonio was so angry that Charlie was so angry that he gritted his teeth and blurted out, "Julia, as a Sicilian woman, you should see more blood! Otherwise, you will be weak all day long. Like a three-year-old girl!"

After saying that, he waved his hand towards the younger brother domineeringly and said, "Take them away together!"

charlie took back the spiritual energy that he had used to scare several mafia younger brothers at the right time. Several of them were excited and could not care less. Thinking about what happened to him just now, he quickly held the gun and led the two of them towards the wine cellar.

Afterwards, Antonio made a respectful gesture of invitation to Aman Ramovich, and said, "Mr. Aman Ramovich, please come here!"

Aman Ramovich felt happy, and he had long hated it. charlie hated him to death, but he didn't have the chance or courage to kill him. Today he found a good opportunity to kill someone with a knife, and he could watch from the sidelines. It was really wonderful.

When he thought that Wanlong Palace might launch crazy revenge on Antonio in the future, he glanced at Antonio with some sympathy and said with a smile, "Antonio, it seems that you are going to impress me today." Antonio was like a soldier praised by the general

, Standing up straight, he said with a proud face, "Don't worry, Aman Lamovich, today will definitely open your eyes!"

Aman Lamovich reminded him from the side, "I see that the Chinese guy has a good body shape, and the Chinese are good at kung fu." , you must be extremely careful!"

Antonio said disdainfully, "What bullshit, it's all a trick to fool people, even if Jackie Chan comes, I won't miss it."

Aman Ramovich said quickly, "No, no, no, It's better to be cautious and see if there are handcuffs. Cuff his two hands. One pair is not enough, at least two pairs. It would be better if there are three pairs!" Although Antonio didn't understand why

Aman Ramovich was so cautious, he still After all, he is the boss. Since the boss has spoken, he must do the same.

So, he immediately told his subordinates, "Prepare a few pairs of handcuffs, handcuff that Chinese boy to me, and handcuff a few more pairs!" Soon, before

charlie reached the wine cellar, three pairs of handcuffs were tightly cuffed on his wrists. solid metal Handcuffs, even Gunbir on the side were handcuffed twice, for fear that the two of them would have any chance to fight back.

Julia had been begging Antonio to let charlie go, but Antonio ignored her the whole time. This time, Antonio felt for the first time that charlie was right. As a woman from Sicily, Julia did have things she shouldn't have. Some people are merciful, and it's time to let her see more blood up close.

The wine cellar Antonio mentioned was in the basement of the manor.

The basement of the manor is very large, and there are three wine cellars used to store all kinds of fine wines. Two of them are filled with all kinds of fine wines, but the largest one not only has no fine wines, but also has a whole set of them. A torture rack used by the European Vatican in the 15th century.

This is where Antonio tortured and killed his enemies.

Since charlie's hands were cuffed by three pairs of handcuffs behind his back, Antonio did not let anyone fix him on the torture rack. Instead, after taking charlie under the torture rack, he impatiently stood beside him. The attendant grabbed the pistol from his hand, put it against charlie's forehead, and sneered, "Boy, you are lucky. Usually the people I can kill with my own hands are the famous and respectable big shots in New York. A little guy like you You are lucky to die in my hands, character!"

The Amazing Son In Law Chapter 6205 -

Before charlie could speak, Aman Ramovich on the side had already secretly said in his heart, "Antonio, this guy is from the Chinese wade family, and in terms of worth, he is above the rest of you. I don't know how much the mafia is. If you really kill him with one shot, then he should be the most powerful person you have ever killed in your life."

charlie was pointed at the gun, but he was still not afraid. In his opinion, No matter how powerful the pistol is, it cannot hurt him at all. As long as it is not a monster like a close-range anti-cannon, he can face it calmly.

So, he smiled and said, "It's really strange. Within a few hours of coming to New York this time, two groups of people pointed guns at their heads one after another. Is this the way you New York gangsters treat guests?" Antonio didn't listen

. Understood, he frowned and asked, "What do you mean? Two groups of people? Besides me, who else pointed a gun at you?"

charlie said casually, "Oh, no one, just a few little shrimps, but don't worry. I will take you over to get to know them."

"Take me? Antonio was dumbfounded and asked charlie, "Is there any serious illness in your mind?" Do you think I'll let you get out of here alive? "

Arman Ramovich was not afraid when he saw charlie with a gun to his head, and he couldn't help but feel a little drumming in his heart. He felt more and more that every second that charlie lived was a threat to him, so he deliberately stimulated Antonio. , smiled and said, "Antonio, it seems that this Chinese boy is not afraid of you at all. I guess he thinks that you don't dare to shoot at all!" Antonio

suddenly felt his face burning, and he immediately said to Aman Ramovich, "Mr. Aman Ramovich, you take a few steps back. I will blow his head off after I count three!" Don't let your body bleed when the time comes! "

Aman Ramovich smiled and nodded, took a few steps back and said, "Antonio, you

The countdown begins. "

Julia knew that her father had murderous intentions, but she still made her last effort and cried, "Dad, don't... please... don't kill him... he is innocent..." Antonio ignored her, his

eyes Staring at charlie closely, he said coldly, "Three! "

charlie smiled slightly and said, "Two!

"Shit! " Antonio didn't expect charlie to show off in the end, gritted his teeth and said, "Okay, this is the last voice you will leave in this world!"

After saying that, he shouted "One! " "

Then, without hesitation, he pulled the trigger!

Bang!

A crisp gunshot, accompanied by Julia's scream, echoed throughout the wine cellar.

Antonio was very He successfully pulled the trigger, and the recoil from his wrist told him that the shot had been fired.

Just when he wanted to see how charlie's head was blooming, he was shocked to find that charlie was unscathed!

He Unknown to him, at the moment he pulled the trigger, charlie just tilted his head casually and dodged the bullet. Then, his head quickly returned to its position, still in front of Antonio's gun.

Antonio was dumbfounded. He couldn't see clearly what charlie had done just now. He only felt his eyes flicker and the bullet was shot out. charlie was still looking at him with a smile on his face. Everyone else also said in shock at this time

. Speechless, Aman Ramovich was even more dumbfounded. He kept staring at charlie. He clearly didn't see charlie move. He just felt that charlie's head became blurred. How come he was unscathed

? At that time, charlie looked at the dumbfounded Antonio and said with a smile, "Your shooting skills are not good either.

" F*ck! " Antonio didn't care to think about it and immediately pulled the trigger on charlie's head again.

With a bang, the same weird thing happened again.

charlie actually dodged his own bullet again!

Antonio's jaw dropped and he murmured He muttered, "You...how did you do that? ! "

charlie sarcastically said, "This is Chinese Kung Fu, you sand sculpture. "

After that, he suddenly exerted force with his hands, and the six pairs of handcuffs on his wrists were instantly shattered into pieces by the spiritual energy. The metal fragments seemed to have eyes. They were quickly engulfed in the bodies of Antonio's eight men with great speed and great force. Headshot, all eight men were shot in the head at once!
