

The Amazing Son In Law Chapter 6210

In charlie's opinion, there are two ways to purge the evil forces in Europe and America.

Either, just like he did before, whether it is the Canadian mafia that traffics in human beings, or the Mexican gangsters who do all kinds of evil, they will all be taken away, killed or kidnapped; or else, they will treat

this evil force as a human being. For durian, first peel off and pull out all the thorns on the durian, and then eat the remaining pulp in one bite.

Although he looked down on this little money, since he came today, he naturally couldn't go back empty-handed. Since he planned to make Gunbir bigger and stronger in the future, Antonio's family was the first nourishing meal he prepared for Gunbir. Feast.

At this time, Antonio no longer cared about the 75% profit that charlie was leaving. He just wanted to survive and at least hold on to some of the family business. If there was another chance in the future, he might be able to seek revenge from charlie. If he didn't have this chance, he would It doesn't matter, at least he survived.

However, when charlie said that he was going to be sent to Syria, he suddenly collapsed and cried, "Mr. Wade, you can tell me anything you want. I can give you 75% of my profit, or even 85% of the profit. But you can't let me leave New York!"

charlie said coldly, "There are only two choices for you, either go to Syria; or die."

Antonio choked, "If I were Now that we are gone, the Zano family is leaderless. This family is gone, and the 75% profit promised to you is gone. If you leave me here, I will work hard to make money for you..." charlie looked

at He glanced at Julia and said, "After you leave, your daughter will take over your organization."

Julia immediately exclaimed, "I don't want it! I don't want to be a mafia!"

charlie curiously asked her, "Your father Didn't he say that Sicilian women should see more blood? I thought he wanted to train you to be his successor."

Julia shook her head and said, “No... he just wanted to marry me to that Russian...”

“Oh... ..” charlie suddenly understood, nodded slightly, turned around and looked at Aman Ramovich, and asked with a smile, “Mr. Aman Ramovich, are you coming to the United States this time to find a partner?”

Aman Ramovich Qi Shi was very worried and could only say awkwardly, “Yes...it was Antonio who said he was willing to give his daughter toMarry me...”

charlie smiled and said, “Then we are destined to be together. We met twice, and both times you were busy with your partner, but I messed it up both times. Aman pulled me. Mr. Movich, aren’t you angry? “

Aman Ramovich was also extremely depressed. He never expected that he would meet charlie twice when he tried to solve his partner’s problem twice. It was better

last time. Although he lost face, he only got ten blows. Come on, today is really miserable. One of his legs is missing. Judging from his posture, he will be sent to Syria by charlie.

However, facing charlie’s question, how could he dare to be disobedient at all? He quickly shook his head desperately and said “Mr. Wade, how could I be angry with you... If you can’t be angry with me, I’m already grateful...”

charlie nodded and said with satisfaction, “It’s best if you have this awareness, so that you can suffer less in the future.” Point guilt.

After saying that, he looked at Antonio again and asked him, “How many children do you have? “

Antonio subconsciously said, “Three...”

charlie pointed at Julia and asked him, “Which number is this?”

Antonio hurriedly said, “Julia is my second child. “

charlie asked again, “Where are the other two? ” Is it male or female? Antonio answered honestly, “The other two are boys, the older one is 25 years old, the younger one is 19 years old...”

charlie asked him, "Who do you plan to let take over in the future?" Antonio quickly said, "I plan to let my eldest son take over..."

charlie nodded and said, "Okay, then let your eldest son take over your position starting from tomorrow. I will let Abbas from Wanlong Palace fly over to follow." He made a handover and let Abbas get to know him so that if he disobeyed in the future, he would know who to target with his gun. "

As soon as Antonio heard about Wanlong Palace and Wan Po Army, he was even more horrified. With

the name of Wanlong Palace, there are almost no one in the mercenary field and gang field.

The Amazing Son In Law Chapter 6211

I don't know.

Antonio naturally knew about this legendary organization and Abbas's legendary experience.

But he never expected that according to charlie, he could call Abbas to New York at any time, giving the impression that Abbas was one of his subordinates.

And Aman Ramovich couldn't help but begin to re-analyze the relationship between charlie and Wanlong Palace.

In the past, he thought that Wanlong Palace had taken away half of the wade family's assets, so he protected the wade family.

But now it seems that charlie's strength is astonishingly abnormal, and his personality is extremely strong. How could such a person succumb to others?

Therefore, whether Wanlong Palace conquered the wade family or whether charlie conquered Wanlong Palace is still a question mark.

However, judging from charlie's performance, it seems that the latter is more likely.

Thinking of this, Aman Ramovich was even more horrified in his heart.

If even Wanlong Palace is defeated by charlie, then what does he mean to him? Aren't you going to be completely manipulated by him?

Antonio was even more frightened at this time.

Because he could hear that charlie wanted Abbas to supervise the Zano family. Once the Zano family stopped obeying charlie's instructions, they would probably be killed by Abbas.

At this moment, charlie did not conceal his threat at all, saying coldly, "From tomorrow on, no matter who in the Zano family speaks out, as long as anyone is disobedient, I will have Abbas kill him immediately. Anyone who disobeys will be killed." Kill one, kill two if they disobey, until there is no one left in your Zano family, do you understand?" How could

Antonio dare to be careless? He nodded desperately while trembling, and murmured, "I understand. ! I understand!"

charlie nodded, pointed to Gunbir beside him, and said calmly, "Since Gunbir will be your boss in the future, then your Zano family will naturally protect your boss's personal safety to the death. So, from now on, no matter what the situation is, as long as Gunbir gets an accident or is hurt by someone, I don't care if it's you or not. Whatever they do, they will be deemed to have failed to protect you. If Gunbir breaks one of his legs, I will let all the male members of your Zano family break two legs. If Gunbir dies, I will let all the male members of your Zano family be buried with him. Understand? "

The first time Antonio heard about this exaggerated continuous sitting system, his eyes almost fell to the ground, but he also knew very well that charlie was going to kill the Zano family and leave nothing for the Zano family at all. There is no room for disobedience, and resistance is even worse. In this case, the only choice is to obey, and it is unconditional obedience. Helpless, he could only cry and

nod in agreement, and said, "Mr. Wade, don't worry, the Zano family will definitely I will do my best to ensure the personal safety of Brother..."

charlie nodded, looked at Aman Ramovich again, and said, "You are also a member of this joint sitting system, so I advise you to put your cronies and direct lineage are also handed over to Gunbir for his use, and at the same time protect him, otherwise if something happens to him, you will only be more unlucky. When you sleep in Syria, don't blame me for not warning you. . "

As soon as Aman Lamovich heard that charlie insisted on sending him to Syria, he was panicked and at a loss.

He had no idea what charlie's intention was, and the place was in war all the year round, so anyone would cherish his life. Who would be willing to run there?

When he thought of this, he begged charlie, "Mr. Wade, all the mistakes I made today were due to my confusion. Please don't be like me. If you are still not satisfied, you can scold me, you can give me an account, and I can give you some money. Just tell me how much you want, I just ask you to be noble and let me go..." charlie looked at him and said

coldly "I already let you go when we were in Northern Europe, otherwise how could you still have the chance to show up here? "

As he spoke, charlie shook his head and sighed, "I gave you a chance, but you didn't grasp it! "

Aman Ramovich still wanted to beg for mercy, but charlie was too lazy to talk to him anymore, and said to him and Antonio in a cold voice, "Tell both of your men to withdraw. In ten minutes, you two will go to Chinatown with me. ! "

The Amazing Son In Law Chapter 6212

At this time, Antonio and Aman Ramovich no longer dared to have any disobedience to charlie.

So, the two immediately followed charlie's request and separated their men and their families.

In less than ten minutes, these people had all evacuated from the Zano family's manor.

charlie released his spiritual energy to investigate, and after seeing that the entire manor was indeed empty, he said to Gunbir, "Gunbir, go and drive the car to the door." "

Okay, Mr. Wade!" Gunbir nodded and quickly left the wine room. cellar.

charlie looked at Antonio and Aman Ramovich again, and said calmly, "You two, get up and go to the door."

Antonio looked at his useless leg and choked, “Ye Sir, I...I can’t walk...”

“Yes, Mr. Wade...” Aman Ramovich also said with a dejected look, “I can’t walk either. My right leg hurts so much that I can’t even stand. I can’t get up...”

charlie said coldly, “You two, one has a broken right leg and the other has a broken left leg. You two happened to be helping each other out. Since you can’t be father-in-law and son-in-law, you can at least be a father-in-law and a son-in-law. Brothers who support each other.”

Julia couldn’t stand it anymore and quickly wanted to help her father up, but charlie warned, “Don’t interfere.”

Julia asked angrily, “Why do you torture them like this?”

charlie She asked, “Is this called torture?”

After that, he pointed to the medieval-style torture rack beside him and asked her, “Would you like your dad to introduce to you how this thing is usually used? And then use it on him.” All those tricks that you use on others, show it to you again on him?”

Julia wanted to retort, but Antonio turned pale with fright. He quickly pushed his daughter away and said nervously, “Julia, don’t help me. , I can stand up by myself...”

After that, he barely stood on one leg and jumped towards Aman Ramovich with difficulty.

At this time, Aman Ramovich was also afraid that charlie would attack them again, so he quickly jumped to Antonio on one leg. After the two hugged each other, they supported each other with their bodies and barely managed to stand still.

charlie ignored himMeeting Julia, she stepped out and walked out. Antonio and Aman Ramovich also jumped out quickly hugging each other.

Julia followed all the way, and when the four of them came out, Gunbir had already driven the car to the entrance of the manor.

charlie stuffed Antonio and Aman Ramovich into the back seat, and then walked to the passenger seat. While opening the door, he said to Julia who was following behind, "You don't have to follow, go find someone to take the body in the wine cellar." Deal with it, and tell all the Zano family members, as well as Amoramovich's accompanying bodyguards, that I will kill anyone who dares to come to avenge the two of them!"

Julia asked nervously, "Then can my father still be here tonight? Going home?"

The Amazing Son In Law Chapter 6213

"Can't go back." charlie said, "He will be in Chinatown tonight, and will get on the boat to Syria tomorrow."

Julia hurriedly said, "We have to let him say goodbye to his family..."

charlie said Chen nodded and said, "Don't worry, I will let you say goodbye to him tomorrow. Just wait for the notice." After saying that,

charlie got into the car and said to Gunbir, "Drive."

Gunbir stepped on the accelerator, and the car went very fast. Driving away from the Zano family's manor and heading towards Chinatown.

At the same time, in the roast goose shop in Chinatown, the five members of the Burning Angels were still guarded by Arman and Ni Dawei and did not dare to move.

At this time, they were hoping that since they had not gone back for a long time, their boss and other comrades would realize the problem and seize the time to send people over to rescue them.

However, they also knew in their hearts that if they didn't go back for just one or two hours, the boss would not have any suspicion. If they wanted to make him suspicious, they would have to wait at least until early tomorrow morning.

Just when they were hoping for a miracle to happen, the door was suddenly pushed open.

The five of them looked at the door expectantly, only to see charlie, whom they least expected to see, step in.

And even more so that he

What they didn't expect was that they were followed by two weirdos hugging each other and jumping on each other's legs.

However, they soon saw that the reason why these two "weirdos" were so weird was not because they were really weird, but because their other legs were constantly covered with blood. If they looked closely, they could see that Both men could be seen suffering from gunshot wounds.

At this time, the leader of the five, sharp-eyed Will Johnson, suddenly recognized one of the people with a broken leg. He exclaimed in horror, "Za... Boss Zano?!" The other four heard this

. At these words, everyone's eyes widened and they subconsciously looked in the direction where Will Johnson was looking. It didn't matter at this glance, all four of them were scared out of their wits!

Who would have thought that their boss's boss, the boss of the New York Mafia, and the talker of the Zano family, Antonio Zano, would be so embarrassed now following charlie to this small roast goose shop!

You know, this is the most powerful mafia boss in New York! Just like the emperor of New York's underground kingdom!

But now, this underground emperor, who had unlimited fame and power in the sunset, has become a miserable prisoner. This contrast is shocking to everyone!

Ni Dawei was also dumbfounded at this time!
