

The Amazing Son In Law Chapter 6308

When Bruce Weinstein mentioned his wife, his expression became extremely angry.

In the past, he was like a super-high-intensity pressure cooker, constantly accumulating the anger that had been generated for a long time in his heart.

But now, Charlie helped him open the pressure relief valve of the pressure cooker, so he instinctively wanted to release all his anger instantly.

So, in the video, he gritted his teeth and said, "About the video of Mr. Matt Rothschild comforting my wife, I will release it simultaneously later, but before that, I have a more exciting inside story to tell you; "

As he spoke, he switched the camera again and photographed the door of the secret room where Peter Zhou was imprisoned, and continued, "In the underground secret passage right in front of me, a suspect who has offended the Rothschild family is secretly imprisoned. What's interesting is that, The suspect was arrested by the New York police for the crime of theft. He was later convicted of theft by the Manhattan Court of New York and allowed to serve his sentence in Brooklyn Prison. However, such a prisoner was secretly imprisoned by the Rothschild family. He was here, and people from the Rothschild family conducted many inhumane private interrogations and violent tortures on him."

Then, Bruce Weinstein pushed open the iron door of the secret room and patted the iron door. Peter Zhou, who was chained, said, "You can take a look, this is what will happen to you if you offend the Rothschild family in the United States, even if you have been arrested by the police, even if you have experienced a fair trial, and for you The law will make you pay the price for your actions, but once you offend the Rothschild family, they will continue to torture and humiliate you in their own way, and may even kill you secretly!"
Bruce

Wayne Stan paused for a moment and said with a cold smile, "Look, what a great family they are. They have countless powers and privileges that no one else can match. They can sleep with whoever they want, imprison whoever they want, and beat whoever they want." Fight and kill whoever you want, so I hereby sincerely warn you that as long as you live in the United States, you must stay away from the Rothschild family and never provoke those big shots you can't afford to offend."

The video ends abruptly here. When

this video was first released, it did not become popular immediately. However, due to its explosive content, viewers who saw this video at first subconsciously downloaded and saved it as soon as possible. I watched this video and immediately shared and recommended this explosive video to my relatives and friends.

After all, for netizens who watch gossip news all day long, although there are thousands of melons on the Internet, it is definitely not easy to eat as big as the Rothschild family.

This feeling is like buying lottery tickets all day long but never having a chance to win the jackpot.

Therefore, thanks to this view/With the amazing user stickiness and sharing rate, the audience of this video is also increasing exponentially.

And this video indeed aroused strong indignation among netizens.

In American society, scandals involving the private use of public assets and interference with judicial justice are very destructive. Once exposed, even the president will have to bear the consequences and costs. The famous Watergate incident was nothing more than eavesdropping and stealing the information of competitors. Political secrets, but the president at the time chose to resign amid huge public outrage.

And what the Rothschild family did in Brooklyn Prison was much worse in nature than the original Watergate incident!

This kind of thing can instantly prick the nerves of the American people and make them feel strong anger and uneasiness. Therefore, everyone who sees this video gnashes their teeth at the actions of the Rothschild family.

At this time, another video was exposed.

This video clearly shows that when Bruce Weinstein kissed his wife at the door of his mansion in Las Vegas, and reluctantly said goodbye to her before heading to the airport, Matt Rothschild De followed closely and came to Bruce Weinstein's home.

Bruce Weinstein's wife responded to Matt Rothschild with a more passionate kiss.

Afterwards, the two kissed all the way to the bedroom of Bruce Weinstein and his wife, and couldn't wait to stage an unobstructed hand-to-hand fight.

As soon as this video was released, it attracted a large number of related fans to watch because of its huge scale. The unique algorithm of the video website immediately determined that this was a piece of high-quality content worth recommending, so the video was immediately reviewed. Automated algorithm recommendations.

The most amazing thing about this algorithm recommendation is that it adjusts what the user thinks is the next screen content into a flexible algorithm model.

Originally, when the user saw the first screen, the algorithm had automatically prepared several pieces of content to be displayed on the second screen. However, these contents were like Pandora's box to the user. When the user did not slide down the screen, , I never know what the following contents are.

Therefore, this gives the algorithm an opportunity to quickly broadcast hot content.

Once the algorithm discovers that there is content that is fermenting quickly and is loved by users, it will immediately take the opportunity to browse all the current

The Amazing Son In Law Chapter 6309

The screen content is replaced with the user's next screen content to ensure that more people can see this explosive content in the shortest possible time.

As a result, this video instantly ignited the entire American Internet.

What's even more interesting is that many people went back to watch the first video because they saw the second video.

These people originally just wanted to watch something inappropriate for children in a boring late night, but unexpectedly, because of this path, they suddenly fell into a sensitive political whirlpool.

Some of them even unbuttoned their belts and took out the toilet paper, and then angrily threw the toilet paper on the ground. With cursing hands, they began to reply and launched a strong protest and dissatisfaction with the actions of the Rothschild family.

When the Rothschild family became aware of these two videos, they immediately deleted them from the video platform they controlled and blocked Bruce Weinstein's video. account. But

the problem is that the most popular short video platform at the moment is not under their control.

This is because charlie acquired the most popular short video platform in the world more than a year ago.

Therefore, what Bruce Weinstein posts here is completely uninfluenced.

At this time, the entire Rothschild family exploded!

Faced with the increasing number of views of the video and the increasing number of abuses and accusations, the head of the Rothschild family, 70-year-old Howard Rothschild, was immediately furious. He immediately ordered to summon all his descendants to start a line. At the meeting, Matt Rothschild was specifically asked to go to New York to explain to him in person tomorrow.

However, at this moment, Matt Rothschild has turned off his mobile phone and is experiencing the pleasure of having an affair with his wife at the house of a cousin of his.

His cousin, also a core member of the Rothschild family, is the eldest son of his fifth uncle. He just got married last year. Soon after the marriage, his wife was hooked up by Matt. Every time this cousin left New York When traveling overseas on business, he would secretly have trysts with his wife.

During the video conference, all the children and grandchildren came online one after another, including the cousin who was being cuckolded by Matt, who was also connected to the video conference in South Africa, thousands of miles away, but Matt himself, who had caused the trouble, did not appear for a long time. , which made Howard furious.

Wearing his pajamas, he yelled at the camera and dozens of children and grandchildren on the screen, "Where is that bastard Matt?! He got into such a big trouble, and why didn't he get his first wife?" Show up in no time! Matt

's father Robert said in a panic, "Father, I called that bastard Matt, but his phone couldn't be connected. It must have been turned off."

Howard was furious and reprimanded, "You can't find him if you turn off your phone? " Is that all you have? Where is his assistant? Where is his driver? Where are his bodyguards? Even if he is still having an affair, at least he will be protected secretly by security guards, right? Within five minutes, if you still can't get him to appear in the video conference, tomorrow morning, you, Matt, and your family will leave the United States and leave the Rothschild family immediately! "

Robert was so frightened that he was asked to leave the family. Wouldn't that mean he was expelled directly?

Panic-stricken, he immediately took out his cell phone and called Matt's head of security, the head of the bodyguard. The call was connected

. , he directly asked, "Jack, where is Matt?" "

Jack was now in the car outside the place where Matt had an affair. As a bodyguard, he wholeheartedly protected Matt's safety, so he didn't pay attention to what was happening on the Internet. After receiving a call from

Matt's father, he was also the first to Shi Shi wanted to cover it up, so he said, "Master, the young master has already rested. "

Robert quickly ordered, "Go in immediately and wake him up, and tell him to log in to the video conference within five minutes. This is what his grandfather requested, and there must be no delay!" "

At this time, the elderly Howard walked up to Robert, took his mobile phone, turned on the speaker, and said coldly, "I'll have someone send you the address of the video conference. You can connect in immediately, and then rush in as quickly as possible. Come to Matt without informing him in advance! I want to know clearly what this bastard who caused such a huge disaster is doing at this moment! "

Jack said in a panic, “Dear Mr. Patriarch, it may be inconvenient for Master Matt right now...”

Howard suddenly yelled, “I don’t care if it’s inconvenient for others, do as I say immediately! If you dare to collude with him to fool me, I will kill you! “

As soon as Jack heard this, he knew that he had no choice.

Although he was working for Robert and Matt, the father and son, Howard Rothschild was the real big boss. In front of him, Rothschild The rest of the family is insignificant!

So, he gritted his teeth and immediately logged into the video conference as prompted. Then he faced all the core members of the Rothschild family except Matt and said to the two subordinates around him, “You two, immediately Come rush in with me! “
