

The Amazing son in law (charlie wade) - The Amazing Son In Law Chapter 6331

After charlie Wade's troubles, both Zhou Liangyun and Gustavo were exposed to the public's sight one after another, and caused a huge sensation.

In addition to bringing the biggest public relations crisis to the Rothschild family, it also gave the two parties an invincible buff. After the incident was exposed, their safety would definitely be guaranteed.

So charlie Wade felt that he had lost the meaning of staying in Brooklyn Prison.

Let Fei Kexin operate himself out tomorrow, while he must seize the time to get the Sifang Baozhu and find a way to bring it back to China.

And charlie Wade also believes that once the Sifang Baozhuang is publicly released in China, its life experience and its wandering fate over the years will definitely make the Rothschild family fall into greater passivity. By then, they may have to Zhou Liangyun was released.

As for Gustavo, after all, I met him once, and he also did me a favor, so sparing his life can be regarded as reciprocating the favor. As for whether he will live a good or bad life in Brooklyn Prison in the future, it depends on him. It's your own creation. At

this moment, Gustavo is indeed still uneasy about his future.

At this moment, several well-armed FBI agents came outside the cell door. After the iron door opened, one of the FBI agents walked into the cell, came directly to Gustavo, and said politely, "Gustavo Sir, I am an FBI detective. Now I need you to hand over your mobile phone, and I hope you can cooperate."

Gustavo blurted out, "Why? This is the privilege promised to me by the Rothschild family!"

Then The FBI detective said, "Mr. Gustavo, we are here to protect you, so no matter what agreement you have with the Rothschild family, from now on, everything you do must obey the management of the FBI. If If you refuse to obey, then we can only transfer you out of Brooklyn Prison and send you to Washington Prison to serve your sentence. However, I want to remind you

that if you go to Washington Prison, you can only set off alone. When you get there, there will be no one around you. With his care, life will only be more difficult than here.”

As soon as Gustavo heard this, he couldn't help but feel panic in his heart.

He knew that he was no longer qualified to negotiate conditions with the FBI, so his treatment in Brooklyn Prison in the future would definitely not be comparable to before.

But Charlie Wade was right, there was nothing more important than living. After all, with his help, he saved his life.

So, he could only reluctantly take out the phone and hand it to the other party. After the FBI took the phone, he immediately unlocked the phone with Gustavo's face.

After unlocking the lock, he logged into the background of the video website and looked at it. After confirming that it was the video uploaded by this phone, he said to Gustavo, “Mr. Gustavo, your phone has been temporarily confiscated. I will take it away.” Leave it to the prison administrators for safekeeping for you.”

Gustavo nodded, knowing that he had no other choice.

Then the FBI said to Gustavo, “Gustavo Mr. Stavo, from now on, you can no longer live in this cell. We have arranged a single cell for you. During the sensitive period, you will live there temporarily. The FBI will protect your personal safety 24 hours a day. All your meals will be provided by us alone. In this case, the control over you may be stricter than before. I hope you can understand. Gustavo

didn't expect that Charlie Wade was right, so he nodded slightly and said, “I listen to you.” “

The FBI smiled and said, “In this case, Mr. Gustavo, please come with me. You don't need to pack any personal belongings. From now on, your personal belongings will also be replaced by us. If you need anything, you can list it for us.” list, as long as it does not violate prison regulations, we can arrange it for you. “

The FBI also knows very well that the Gustavo in front of them is the former soul of the Sanchez family, and they don't know that Gustavo has been abandoned by his son, so in their eyes, Gustavo is still the drug trafficker. The emperor of the group should naturally be as polite to him as possible and never cause unnecessary trouble.

Gustavo had no choice but to stop packing his personal belongings and looked at Charlie Wade, feeling a little reluctant but also grateful. He said, "Mr. Wade, then we can only meet again by chance..."

Charlie Wade smiled and nodded. He and Gustavo both knew in their hearts that they would probably never have the chance to meet again.

Very soon. Quickly, Gustavo, a generational tycoon, was taken out of this cell by the FBI. After the FBI left, Charlie Wade took out his mobile phone and sent a message to Fei Kexin, asking her to find a way to let him go tomorrow. Leaving the Brooklyn Jail.

He was arrested for illegal immigration. People like him are sent to jail first when caught by the US Immigration Bureau. After being held in jail for a few days, if they find that such people have no passport and no money, they will get them out of prison and let them fend for themselves on the streets of America.

...

The American FBI that took over the Brooklyn prison not only took away Gustavo, but also took away Joseph, who assassinated Gustavo during the day.

Originally, Joseph was very righteous in front of the FBI. When the FBI asked him who instructed him to assassinate Gustavo, he was unwilling to say a word.

In his opinion, he would never do anything in his life. He wasn't planning to leave the prison either. As the saying goes, if you have too many debts, you don't have to worry about it, and if you have too many lice, why should you offend Gustavo's son?

But he still underestimated the FBI's methods.

The FBI has only one trick, and it works every time. That is, if you don't tell me the truth, I will send you to the toughest, harshest, and most dangerous prison in the United States.

Although you will be imprisoned for a lifetime, under what circumstances will you be imprisoned? This

Lifetime, this is very important.

Joseph can definitely survive in the Brooklyn jail. This is due to the fact that he has made a name for himself in New York more than ten years ago, so he lives in jail in front of his home, and many of his younger brothers even come here because of his reputation.

But once the FBI sends him to other places to serve his sentence, especially to prisons filled with serious criminals, super perverts and extreme murderers, his advantage will be gone.

If a tiger is imprisoned with a group of chickens, ducks, geese, cattle, horses and sheep, the tiger will naturally be happy, but once a tiger is imprisoned with another group of tigers, the gap between the tiger and the tiger will be very large.

Considering his living environment in the next few decades, Joseph no longer took into account the morality of the world this time. He hurriedly revealed the real culprit who hired him. Gustavo's son had been sold to the FBI before dawn.

Although the FBI in the United States seems to be impartial in enforcing the law, in fact they are completely controlled by the U.S. government. The U.S. government naturally wears the same pants as a super family like the Rothschilds, so the FBI is naturally more inclined to help the Rothschilds. The De family. After

they asked for a confession from Joseph, they immediately contacted the Rothschild family without any hesitation.

Howard of the Rothschild family was as anxious as an ant on a hot pot. The overwhelming insults on the Internet almost called him autistic. The entire Rothschild family was also attacked and attacked online. The Rothschild family, who had their underwear taken off and their hands tied, were worried

about how to hide their shame. Unexpectedly, the FBI came to them with good news that made them excited!

Therefore, at the behest of the Rothschild family, the FBI urgently released the video of Joseph's interrogation online.

Although this video cannot save the fact that the Rothschild family and Gustavo are colluding, it can at least clear up the suspicion that they crossed the river and demolished the bridge, unloaded the mill and killed the donkey.

But as soon as this video came out, Hector Sanchez in Mexico was completely shocked.

The elders of the family were questioning him whether what Joseph said was true. Hector could only bite the bullet and jump out and curse that it was all a Rothschild conspiracy. According to him, after all, everyone knew about the FBI. The U.S. government is pissing in the same pot. It is completely reasonable for the FBI to find someone to slander itself at this time.

The Rothschild family also didn't expect that Héctor would shamelessly bite them back, so they immediately jumped out to say that they had not interfered in any way with the FBI's handling of the case, and that everything Joseph said was the truth.

But when this matter got here, it naturally reached a deadlock.

It's like two people standing on opposite sides of a pit yelling at each other, but neither one can get the other into the pit.

In order to help the Rothschild family and win the war of words with Héctor, the FBI stayed overnight. They began to investigate Joseph's upline, but they never dreamed that the only upline had been pushed into the crematorium of a crematorium in New York and burned into a plume of black smoke.

As a result, the war of words can only continue indefinitely.

Early the next morning.

When the scolding war between the two parties escalated to the point where it made headlines on major TV stations and media, Charlie Wade was "invited" out of Brooklyn Prison.

The reason why I say “please” is mainly because there are many illegal immigrants like him, and most of them don’t want to leave prison so soon.

Many illegal immigrants have no job, no living conditions, and lack of language skills or language skills before they are caught and imprisoned.

After being imprisoned for a few months, not only can he find a shelter from the wind and rain, solve the problem of food and clothing, but he can even practice speaking English in prison.

If you stay there for a few months before being kicked out, your chances of finding a job will be much higher.

Therefore, many illegal immigrants regard prisons as novice villages. It will be much better to come in and get some experience before going out.

It is precisely because of this that illegal immigrants who are generally invited out as soon as they are arrested are not willing to leave the prison immediately. Most of them will cry and make trouble, trying to complete the Novice Village tasks in the prison.

When charlie Wade came out, he also symbolically acted out a reluctant scene. The kind-hearted FBI pushed him out of the prison, pointed to the intersection on the right side of the prison, and said

impatiently, “Go three intersections over there and turn left. There is a relief station. If you run faster, you can still get a meal.”

After finishing, he walked back to the iron gate without looking back, as if he was afraid that charlie Wade would follow him in again.

charlie Wade stretched himself, looked at the time, and planned to go to Chinatown to meet Arman first to discuss how to bring the Sifang Baozhuang out of the United States. Then he would find an opportunity to go to the Zhou Liangyun family’s manor in the evening and bring the Sifang Baozhuang back.

.

At the same time, at the Rothschild family mansion, Howard, who had not slept all night, paced back and forth anxiously in the living room.

Many core members of the Rothschild family have rushed back and are now in front of him, racking their brains with him on how to save the passive situation the family is currently facing.

After listening to a group of people chattering for a long time, Howard suddenly said, "I understand! All the troubles in front of us are because of the loss of the Sifang Baozhuang! With the loss of the Sifang Baozhuang, our Feng Shui fortune is no longer in our Rothschilds." The De family is here! If we can't get the Sifang Treasure Tower back, not only will all the current problems not be solved, more other troubles will definitely arise. As long as we can get the Sifang Treasure Tower back, all the troubles we face will be solved!"

After that, he looked around at everyone and said sternly, "Listen up, I, Howard Rothschild, swear an oath in the name of the Rothschild family today! Whoever can get back the real square treasure house for the Rothschild family, who is The next generation heir to the Rothschild family!"
