

The Amazing son in law (charlie wade) - The Amazing Son In Law Chapter 6346

In the dark room, a fourth person's voice suddenly came, which made the other three people instantly startled!

With the faint light coming from the window, the three of them could see the outline of the man in front of them, but they could not see his face clearly.

However, judging from his figure and voice, this man should be relatively young, but he didn't know exactly when he appeared in the room. His expression was cold and playful, which made the three of them extremely terrified.

And the man who spoke was charlie.

The reason why this villa lost power was because charlie directly used spiritual energy to destroy the two power supply lines across the river.

charlie knew that they had a lot of high-tech equipment to guard against, so he directly chose the method of cutting off the power. Ordinary houses do not have backup power supply, but this high-end villa area can have two power supply lines and one main power supply. Once the two lines are disconnected, the residences within a few kilometers are suddenly plunged into darkness.

After the power outage, those high-tech detection equipment lost their effectiveness. When charlie entered the villa, it was like a deserted place, and no one could detect it.

It was only at this moment that Hank realized that the target of the power outage was not the Zhou Manor, but the frontline headquarters.

He was the first to be alert. He subconsciously took out a pistol from his waist, pointed the gun at charlie, and without asking any nonsense, he directly pulled the trigger.

But the strange thing is that the trigger seems to be covered by a safety. Although it can be pulled, it can only be pulled half of the way, and the hammer of the pistol cannot be activated.

Before he could figure out what happened, charlie suddenly appeared in front of him at an extremely fast speed, patted his shoulder lightly, and said calmly: "Don't talk to Rose. Childe is messed up, and you will be my dog from now on."

As soon as he finished speaking, Hank suddenly sat on the ground like a hunting dog, stretched out his two forearms on the ground, and looked attentively. He imitated charlie and imitated two dog barks: "Woof!"

Both Steve and Royce were dumbfounded. No one expected that Hank, who usually kills people without batting an eyelid, was stunned. The tough guy would actually lie on the ground like a dog, sticking out his tongue to please charlie.

Numerous thoughts flashed through their minds. They thought about running away and calling for help, but they were also worried that charlie could appear here without anyone noticing, and it was probably impossible to let him. They successfully called for help, but if they pissed him off, they might even kill him.

charlie looked at the two of them and said coldly: "You two are the core members of Rothschild, right? Come on, from oldest to youngest, introduce yourself."

Shi Tiff looked at charlie in horror, swallowed his saliva, and said nervously: "Who are you? What do you want to do?!"

charlie frowned and slapped him. On his face, four or five of his back molars were removed.

Steve was slapped until he sat on the ground. Regardless of the severe pain in his face, he spat out the broken teeth mixed with blood from his mouth. He had always been pampered and pampered, and he had never been offended like this. He said angrily: "Do you know who I am? How dare you do this to me!"

charlie said disdainfully: "I just don't know who you are, so I asked you to introduce yourself. And I don't have much patience. If you don't answer my questions, I will kill you. Anyway, as long as one of you two can survive, that's enough for me."

said After that, charlie looked at the father and son and said coldly: "If you don't want the news of your body lying on the street to become the headline tomorrow, you'd better cooperate honestly!"

Royce was so frightened that he trembled all over and said quickly: "Sir, don't be angry. My father is old and his brain reaction speed is a bit slow. Let me answer your questions!"

charlie nodded and said calmly: "Say."

Royce said hurriedly: "Mr. Hui, my name is Royce Rothschild, and I am Howard, the current patriarch of the Rothschild family. "Rothschild's eldest grandson..."

As he spoke, he hurriedly introduced the father next to him and said: "This is my father, Howard Rothschild's eldest son and historian. Steve Rothschild..."

charlie glanced at the two of them and couldn't help being surprised.

He did not expect that the core members of the Rothschild family waiting to pick peaches here could be so "core"!

An eldest son and an eldest grandson are, normally, definitely the first and second heirs of the Rothschild family.

With these two people in hand, it may no longer be a problem to take the Sifang Baozhu out of here, or even out of the United States.

So, charlie said to the two of them: "From now on, as long as you cooperate well, I will spare your lives, but there is only one chance. As long as you don't cooperate, I will kill you immediately." Do you understand?"

The two nodded hurriedly and said in unison

charlie nodded slightly with satisfaction, and then asked Hank who was squatting on the ground: "How many people have you arranged here in total?" Steve, who was covered in cold sweat, felt as if he had been pardoned, and said quickly: "Sir, you can take my helicopter and leave! A member of the Rothschild family himself Helicopters can enter and exit the blockade area freely!" Then, he looked at Steve, said: "What can you do?" At the critical moment, charlie stretched out his hand to block Hank's gun, and said

calmly: "Let him finish." Hank's only mind at this time was to execute charlie's order, so he didn't care what Steve said, pointed the gun at his head, and pulled the trigger without hesitation. When Steve saw this, he was so frightened that he blurted out: "Don't shoot, don't shoot, I have a way! I have a way!" At this time, Hank was the only one who followed charlie's lead. Naturally, without any hesitation, Hank picked up the gun and wanted to kill Steve first. As soon as charlie said these words, Steve and Roy were so frightened that they became weak and terrified. charlie turned to look at Steve Rothschild and his son Royce, and said to Hank: "Since we can't be silent, It's useless to keep these two people, help me kill them!" Hank thought for a while and said seriously: "It is basically impossible to leave quietly. The entire Rothschild family is constantly strengthening this blockade. Everyone The staff in the blockade area are equipped with Internet-connected recorders, and all video information is uploaded to the Rothschild family's own cloud server in real time. Even if there is a way to get through, the video image data will definitely be left behind, so there is no way to do it quietly. Silent." charlie nodded and asked: "If I get the Sifang Baozhu, is there any way to quietly leave the Rothschild family's blockade area?" Hank hesitated for a moment and said: "These more than a hundred people are not completely obedient to my orders. There are also many informants left by Howard. Once I have If they have unreasonable behavior, they will report it to Howard immediately. If I evacuate people, they will definitely report it to Howard immediately. When Howard gives the order, these people will not listen to my command at all." charlie asked him: "If I want to go to the Zhou Manor, will you Can you get them away?"

Hank said quickly: "Go back to the master, we have arranged for more than a hundred people."

"Take your helicopter?"

charlie Wade looked at it in confusion Steve, asked him, "Where can your helicopter take me?"

Steve quickly said, "Its range is about three hundred miles, as long as it can fly anywhere , you can go!"

After that, he added, "I just asked someone to notify the pilot to prepare for takeoff, you can leave at any time!"

charlie Wade asked him, "Where do you plan to go when you ask the pilot to prepare for takeoff?"

Steve quickly replied, "I plan to let my son Royce go back to see the situation at home. Look at the current progress of others and inquire about the news..."

charlie Wade said lightly, "You are letting your son go back instead of letting him go outside the blockade area. How can you be sure? Can my helicopter enter and exit the blockade?"

Steve subconsciously said, "I am the first heir of the Rothschild family. My helicopter can definitely enter and exit. No one will Stop me."

charlie Wade smiled slightly, "Whether someone will stop you, just give it a try and you will know."

After that, charlie Wade said to Hank He said, "You accompany Master Royce on a helicopter ride and fly directly outside the blockade. See if anyone blocks your way. If not, you fly back directly. If there is, you use the excuse that you want Master Royce." I want to try the strength of the air traffic control."

When Royce heard that he was going to leave here by helicopter, he breathed a sigh of relief, as if The rest of the life is like a disaster.

What he thought was that as long as he was allowed to fly out, as long as the helicopter he was riding in was intercepted, he could ask for help from the other party, and he would be able to escape.

But charlie Wade's next words shattered his luck instantly.

charlie Wade looked at Hank and said calmly, "Remember, if Master Royce dares to ask anyone for help, or tries to leave you alone at any stage, you will not do anything. Shoot him without hesitation, remember to aim at his head, and try to open his head with one shot."

Hank said without thinking, "Master, don't worry, as long as he plays tricks, I'll get rid of him as soon as possible."

Royce turned pale with fear.

He knew very well that Hank was in RothschildThe family's status is very high. After all, he is the old man's most trusted bodyguard and his confidant.

This also means that Hank can wear a gun normally when he is around members of the Rothschild family.

If I ask others for help at that time, it is very likely that I will be shot by Hank before I finish speaking.

charlie Wade asked Hank to go back with him and supervise the whole process. With Hank's identity, no one dared to shoot him directly. This meant that even if he asked for help, The person being asked for help cannot have a chance to strike first, so if Hank really wants to kill him, it will be effortless.

In this way, he will not be able to escape. No matter whether the plane will be intercepted or not, he will have to return here obediently.

Just when Royce was depressed, charlie Wade looked at Steve and said coldly, "Listen carefully, if your son dares to play any tricks, not only will he be If I kill you, you won't be able to survive, do you understand?"

Steve didn't dare to hesitate at all, and nodded quickly, "I know...I know..." At this time, Hank's walkie-talkie came with a report from his subordinates: "Boss, I have contacted the power supply company. The circuit has been severely damaged. The circuit across the river has been cut off. It is impossible to organize enough manpower tonight. Emergency repairs are underway. It will have to wait until dawn tomorrow at the earliest. Do you think it is necessary for us to dispatch a power supply truck?" Hank quickly looked at charlie Wade, waiting for charlie Wade's instructions. And charlie Wade said, "Tell them not to mobilize the power supply trucks tonight. Since the other party has cut off the circuit, it proves that they are about to take action. Mobilizing the power supply trucks now will not quench the near thirst. All of you must start a fight." We must keep an eye on the Zhou family and never take it lightly." Hank quickly relayed charlie Wade's original words to his men without thinking. The other party said respectfully, "Okay, boss, I understand!" charlie Wade knew that there were hundreds of people here staring at the Zhou Manor, how could he

Sneak into the Zhou Manor quietly, but it is impossible to go to the gate of the Zhou Manor quietly. , and then in full view of the public, he took away the four-square treasure banner from the stone lion.

What's more, it is still unknown whether he can take away the Sifang Baozhuang. If he uses violent means to force his way out of the restricted area with the Sifang Baozhuang, no one will be able to stop him. Own. That's it. His identity will also be exposed.

At present, the big problem of breaking up the Qing Dynasty has not been solved. If oneself is exposed to the Rothschild family, the gain will not be worth the loss.

Therefore, Charlie Wade still wanted to find a way that was as safe as possible. As long as he could quietly bring the Sifang Baozhu back to China, he would have fulfilled Zhou Liangyun's entrustment to him.

It was now about three hours before dawn, and Charlie Wade decided to see if the helicopter route was feasible.

Ten minutes later, Steve's helicopter took off from the backyard of the villa.

Although this luxurious heavy-duty helicopter can accommodate more than twenty people, at this moment, there are only two people in the huge luxurious cabin, Hank and Royce.

Charlie Wade simply sat down on the sofa in the room, looked at Steve in the dark, and asked, "Are you a Rothschild?" The first heir of the De family, why do you still do this kind of thing yourself?"

Steve was filled with bitterness and said with a bitter expression, "You don't know something...my father suddenly suddenly Announcing that whoever can retrieve the Sifang Treasure Tower will be the heir of the Rothschild family. This sentence is tantamount to denying my legal status as the first heir..."

Charlie Wade He nodded in realization and said with a smile, "No wonder you are working so hard and staying up all night on the front line."

"Where, where..." Steve said awkwardly, "I I am also forced to have no choice. If I lose my status as the first heir, then my son will not be qualified to inherit the family business. I will work hard for his future."

Charlie Wade asked again, "Then why did you choose to stare here? Instead of trying to cooperate with various departments to block it like others?"

Steve Ru a> Shidao said, "My father told me that the chance of finding the Sifang Baozhuang is the highest here, so I came here..."

Charlie Wade nodded and smiled. "To tell you the truth, the Sifang Baozhuang you are looking for is in the Zhou family! And I am here to get the Sifang Baozhuang."

Although Steve guessed this On the first floor, but still shocked by charlie Wade's words.

He did not expect that charlie Wade would dare to break into a circle surrounded by hundreds of people, and that he could reach here quietly and control himself, which was enough to show that his strength had exceeded Imagine.

When he thought that the Sifang Baozhuang was indeed in the Zhou family, he felt a little excited at first, but then he felt deep regret and annoyance.

He knows very well that it is impossible for him to get rid of the evil star charlie Wade now. Whether he can survive in the end is still unknown. If he had known that the Sifang Baozhuang was here, he might as well have started Just bring a hundred excavators over and dig three feet into the ground. If you find the Sifang Treasure Building before charlie Wade, your mission will be completed.

But now, not only did he miss completing the task, but he might even risk his life.

Seeing Steve's depressed and regretful expression, charlie Wade couldn't help but smile and said, "Steve, you don't seem to be in a good mood?"

Steve was scared. Agitated, he quickly said, "No, no, you misunderstood..."

charlie Wade smiled and said meaningfully, "Steve, in fact, there is no need for the two of us to become enemies. Think about it, if you still hope to get the Sifang Baozhuang, then the two of us will be life-and-death enemies. But think about it differently, if I quietly take away the Sifang Baozhuang today, what will happen to you? On the contrary, it is a good thing."

"A good thing?" Steve was a little stunned for a moment. Because he was too nervous, his thinking ability and judgment speed were much faster than normal. of regression.

charlie Wade said with a smile at this time, "Didn't your father say that? Whoever can bring the Sifang Baozhu back will be the first heir. But if you think about it in another direction, if No one can take the Sifang Baozhu back? Then aren't you still the first in line to succeed?"
