

The Amazing son in law (charlie wade) - The Amazing Son In Law Chapter 6351

charlie frowned slightly and asked in a cold voice, "Don't you use the word guarantee a bit too much? What qualifications do you have for me to guarantee you?"

The void in the sky hammered hard, and said sonorously, "Yes! I do!"

After saying that, Steve quickly whispered in a very humble tone, "But Mr. , I have a small request, I hope you can agree to it."

charlie said calmly, "Let's talk about it first."

Steve said hurriedly "I hope that after Mr. brings the Sifang Baozhu back to China, he will not reveal our conversation tonight to the world..."

charlie pretended to be enlightened and said with a smile, "Oh, I understand. You are afraid that your father will settle the score with you."

"Yes..." Steve smiled apologetically, "I will help you bring the Sifang Baozhu back to China, and you will help me keep the secret. Everyone will be happy. What do you think?"

charlie smiled slightly, "If your father knew that you helped outsiders transport the Sifang Treasure Building out of the United States in order to secure your position as the first heir, he would definitely be very angry. Right?"

"More than just angry..." Steve sighed, "I'm afraid he will kill me! You don't know, he values Sifang Baozhuang very seriously. In his eyes, the only thing in the world that is more important than the Sifang Treasure Tower may be his own life. Apart from that, nothing else is more important than the Sifang Treasure Tower."

charlie nodded, "In that case, let's talk about cooperation."

Steve quickly said, "Sir, please tell me! As long as it is within my capabilities, I will do my best!" "

charlie said, "I can spare you and your son's life, but you have to find a way to send me and Sifang Baozhuang out of the United States. In return, I will bring Sifang Baozhuang back." China, return it intact to the Chinese government, so that you can continue to be your first heir with peace of mind."

Steve said without hesitation, "Sir, I definitely have no objection to the cooperation you mentioned, but I'm worried that I won't be able to send you out of the United States in a short time. Now the

whole family is trying every means to surround New York. If my helicopter can't fly out tonight, I can only wait for other opportunities."

At this moment, the roar of the helicopter came from far away. charlie's eyes lit up and he said, "Your son is back." Steve subconsciously said, "I hope they don't get into trouble!" A few minutes later, Hank and Royce returned to the room where charlie was. As soon as the two entered the door, Steve couldn't wait to ask, "How is it? Did anyone stop you?" "Yes..." Royce said angrily. "The radar of the National Security Agency has locked the airspace in the blockade area. As soon as our helicopter arrived near the edge of the blockade area, they used radio to warn us that the airspace has banned all non-government helicopters from taking off due to homeland security issues, and they also asked us to We landed in the designated area for inspection. I reported my identity, and after the other party verified that it was correct, they did not force us to land for inspection, but asked us to stay away from the edge of the blockade area." Hank on the side also He said, "Such strict control has never been seen before during 911." Hearing this, charlie couldn't help but secretly sigh at the power of the Rothschild family. They are equal

C 6352

They are not public at all, and they rarely even appear in media reports. Although there are many rumors about them in the market, But they have never come forward to admit or deny it. Few people know how strong they really are, but today, charlie finally saw it.

The Rothschild family is so powerful that they can use the public assets of many U.S. government departments for private use and let them serve themselves, including the FBI, CIA, Food and Drug Administration, and Anti-Smuggling Administration Even the National Security Agency, these departments were actually able to perform their own duties in this matter, helping the Rothschild family quietly and tightly blockade the entire New York and surrounding areas.

Moreover, these departments each have their own reasons and rhetoric. They all blockade the sea, land and air, and strictly inspect all people and means of transportation. This is enough to show that Rothschild The Ed family is unparalleled in the United States.

This made charlie hesitate.

He naturally wants to take the Sifang Baozhu out of the United States as soon as possible. However, no matter how capable he is, he cannot fly to the sky and escape. If he wants to leave the United States, he must either take a plane, a boat, or a car. Go to Canada or Mexico.

However, the most difficult thing right now is that everyone who sets up the card wears a recorder that is constantly synchronized with the line. Delayedly uploading everything they see to the cloud server. It is easy to kill yourself, but your identity will definitely be exposed.

Based on Rothschild's influence on the US government departments, it is not difficult to guess that once his identity is exposed, the US government will do its best to arrest him. By that time, he may be arrested. Interpol Worldwide Wanted in the United States.

From the moment Stephen Thompson came to charlie again, charlie has been trying his best to hide his identity. Even Claire is still in the dark, including Sara. This is a hidden enemy whose existence is not known yet. If you are not careful at this time, it is very likely that all your previous efforts will be in vain, and even push yourself and the people around you into the abyss.

Therefore, charlie also knew very well that he could not take chances or luck, he must find a 100% reliable method.

Moreover, simply leaving the blockade area is not enough. No one can guarantee whether Rothschild will secretly instruct these departments to expand the scope of the blockade. The best way is to find an opportunity and directly Leave the United States.

Thinking of this, charlie asked Steve, "Your Rothschild family should have many industries all over the world. It should be very common for you to go abroad. If at this time point If your family wants to go abroad, can you avoid inspection?"

"This..." Steve said, "What my father means now is to use the strength of the whole family to go all out to find him. Sifang Baozhuang, other things can be put aside temporarily, so in this case, he should not let us leave the United States. Not only that, many core members of the family group overseas have also begun to return to the United States. , after all, it is about the position of the heir of the family head, and no one wants to leave the United States at this time."

C 6353

charlie smacked his lips, and it seemed that he wanted to take advantage of the Rothschild family to leave the United States. The possibility is also slim.

At this time, he suddenly thought of Canada, which was only more than 300 kilometers away from here in a straight line, so he asked ShiTiff said, "If I remember correctly, the straight-line distance between here and Montreal, Canada, should be less than 400 kilometers. Your helicopter will definitely be able to fly directly there. Think about it, under what circumstances , your father will let you leave the United States immediately and go to Canada?"

Steve frowned and thought for a long time, then shook his head and said, "I can't think of it. Although we also have some business in Montreal, after all, The body is not big, and Canadian affairs are assigned to my third brother in the family. If anything happens, my father will definitely let him go, not me."

At this time, Royce on the side suddenly said, "By the way, Dad, Queen Helena of Northern Europe is going to visit Canada next week. Didn't Grandpa remind me before that I hope I can develop some development with her? What if I wait until next week? If Helena comes to Canada, I will take the opportunity to go over and meet Helena, and he might agree."

Steve said hesitantly, "After all, we have to wait until next week, and The current situation is special, and it is still unknown whether he will let you go to Canada."

charlie asked curiously, "The Rothschild family is so powerful, why would Howard want his eldest grandson to follow Has the Queen of Northern Europe developed?"

Steve explained, "Sir, you don't know. Although the Rothschild family has a strong influence in the United States, our reputation in Europe has always been It's not very good. Although the European royal families basically have deep cooperation with us, they have never been willing to marry us. In the past one or two hundred years, we have made many requests for marriage to different European royal families, but they all failed. They rejected it."

At this point, Steve added, "But Helena's situation is quite special. She was originally an abandoned child of the Nordic royal family. Unexpectedly, she turned around in a desperate situation some time ago and directly Boarding the plane to become the queen, and looking at the whole of Europe, there is only one unmarried queen, Helena. For the Rothschild family, if they can marry a member of the European royal family, then Helena will be the highest in terms of rank. "

"In addition, our think tank analysis shows that Helena's character should be different from that of traditional European royal families, and her values should also be very different. It is difficult for other royal families to accept it because of their traditional thinking. Marriage with the Rothschild family, but Helena has abandoned many traditions, and the possibility of acceptance will be much greater."

"Intelligence shows that after Helena ascended the throne, the Nordic royal members had The issue of future marriage has been discussed with her several times. The members of the Nordic royal family hope that Helena can follow the royal tradition and find a prince among the royal members of other European countries who is willing to marry into the Nordic royal family and change his nationality to Nordic. After the two get married, they will give each other a prince title, and their descendants can become the heirs to the Nordic throne."

"However, Helena seems to be a bit deviant. She has made it clear to the royal family that , will not marry other members of the royal family, and has made it clear to the royal family that she prefers to pursue true love and marry the person she truly loves. If she cannot, then she is willing to pursue non-marriageism for the rest of her life. The think tank also makes judgments based on this intelligence, For the Rothschild family, the success rate of marriage with Helena would be greater. "

charlie nodded thoughtfully and said, "If Helena leaves for Canada tonight, will your father take the initiative to ask Royce to go there immediately? "

c 6354

charlie's words left Steve a little confused.

He said seriously, "Sir, Helena is the Queen of Northern Europe. Her visit to Canada is a relatively serious political event. For this kind of thing, all the itineraries are usually planned long in advance. She originally The date set for the visit to Canada is next Friday, which is still nine days away. How can it be said to be early..."

charlie said calmly, "You don't have to worry about this, you just need to answer me. question."

Steve thought for a while and said, "My father hopes that Royce will get in touch with Helena. It was his idea some time ago. He also expressed his position a few days ago that he hopes that Royce will get in touch with Helena. When the time comes, Is can represent the Rothschild family and go to Canada to meet Helena to establish contact first and then see if there is any chance of marriage. If

Helena goes to Canada according to the previous decision, he should let Roy Si rushed over, but now it is a special situation, and I am not sure whether he will change his mind.”

charlie said, “I don’t think he will change his mind. On the one hand, Helena is going to Canada. In his opinion, it was definitely an isolated incident and could not have any connection with Sifang Baozhuang. Moreover, Helena’s change of schedule was sudden. He temporarily asked Royce to go to Canada. In his opinion, it was just one missing person. Sifang Baozhuang’s manpower will definitely not increase the risk of Sifang Baozhuang leaving the United States, why not?”

After saying that, charlie said again, “Besides, now you Rothschild The De family is currently under great pressure from public opinion. Internal and external scandals have been exposed one after another. There is no chance to turn the tide for a while. If we can divert the public’s attention in other ways, it will definitely be a beneficial and harmless choice.” The fact is that I want charlie to leave early, but there is no way for Helena to come early, and I don’t want charlie to stay here and wait. However, hopes are hopes and facts are facts. Therefore, no matter from any aspect, he hopes that charlie will leave the United States as soon as possible with Sifang Baozhuang. Moreover, he is now in the hands of charlie. If he does not leave for a day, his life and safety will continue to be threatened. Moreover, although he is sure, charlie must know about Sifang Baozhuang. The specific whereabouts, but I don’t have the ability to seize food from a tiger’s mouth. The Sifang Baozhuang is a time bomb. As long as it is in the United States and is not in your hands, you will be threatened by it at all times. For Steve, he I don’t want charlie and Sifang Baozhuang to stay in the United States.

Steve said helplessly, “That’s what I say, but we haven’t had any dialogue with the Nordic royal family yet, and we can’t influence the time when she comes to Canada. If she comes next week as planned, then you If I want to take the opportunity to go to Canada with Royce, I have to wait at least a few more days...”

Helena came, because in that case, during the nine days before Helena arrived in Canada, she and her son would have to remain hostages in charlie’s hands, which would always be risky.

So, he said to charlie with a look of embarrassment, “Sir, don’t look at the assets and strength of the Nordic royal family. Their assets are not even as good as those of a medium-sized technology company in Silicon Valley. But She has enough political capital. Although Helena is young, she is still the queen of a country. Let alone Canada, even if she comes to the United States, the country with the highest GDP in the world, she can still enjoy the treatment of the head of state, so even if we Rothschild It is impossible for the family to ask the Queen of Northern Europe to come at a moment’s notice, and waiting for nine days is too risky. Otherwise, we should think of other ways!”

charlie said lightly, “No need to do this. Don’t worry, I’ll ask Helena to come over as soon as possible.”

Steve subconsciously asked, “Are you kidding?”

charlie smiled, He said, “Steve, since we plan to cooperate, I won’t hide it from you anymore. Do you know who I am?”

c 6355

Steve shook his head repeatedly, “I don’t know... ..Who are you?”

“charlie.”

charlie said his name lightly, and then said, “You may not have heard of me. But you should have heard of my father’s name, his name is bruce Wade!”

“Ye...bruce Wade?!” Steve exclaimed, “The same man who made Ross twenty years ago bruce Wade, the Childe family is helpless?! Then you...your mother is Lydia (Ava) (Charlie’s mom) of the An family?!”

charlie nodded, “Yes, exactly.”

Steve took a breath and blurted out, “No wonder! No wonder the Wade family’s short video platform is unwilling to remove and ban our scandalous videos. It turns out that you are bruce Wade’s son...”
“Well...” Steve said in horror, “Mr. Wade is really extraordinary. A few combinations of punches have made our Rothschild family miserable. He is quite like your father in those days...” charlie said calmly, “We are all adults, charlie said calmly, “Yes, that’s what I meant.”

After saying that, he subconsciously asked, “You are bruce Wade’s son, and you are here for the Sifang Baozhuang. So... In that case, Bruce Weinstein took the initiative to break the news about Brooklyn Prison and Peter Zhou, as well as the video of Matt having an affair with his wife, are these all what you meant?”

Don’t be embarrassed about flattery like this. ”

After saying that, charlie took out his mobile phone from his shirt pocket, clicked a few times on the phone screen casually, and said lightly, “By the way, I forgot to tell you. , from the moment I came in to now, this phone has been recording, and everything we talked about was recorded by it. “

Steve’s expression was frightened and frightened for a moment, and he said in panic, “Mr. Wade, why are you doing this? Don’t you still believe me?” “

charlie smiled and said, “I know there are core members of the Rothschild family here, so I thought of recording a video to record it. ”

Steve suddenly felt a lot more depressed. He didn’t expect that the process of reaching cooperation with charlie would be recorded by charlie. In this case, he would have a handle on charlie. In his hands.

Once charlie took Sifang Baozhuang out of the United States, he relieved his own crisis and also seized his Achilles heel. If he exposed the video, the old man Father knows that he let Sifang Baozhuang go, or even helped charlie take Sifang Baozhuang out of the country, he will definitely destroy himself.

This way If so, wouldn’t he have to be controlled by charlie all the time?

But what he didn’t know was that charlie actually didn’t record the video at all in the first place.

He just made it up He lied to scare Steve, and by the way, when he took out his phone just now, he quietly turned on the video.

So, he deliberately said to Steve, "But don't worry, since everyone decided to cooperate, then I will definitely not betray you for no reason. As long as you help me take the Sifang Baozhu out of the United States, your position as heir will not be threatened, and I will definitely keep this secret for you;"

"Although the Wade family did have some issues with you back then, with our cooperation this time, we both have an opportunity to break the ice. In the future, when your old man is gone, you will successfully become Rothschild. The patriarch of the De family, we may still have many possibilities for in-depth cooperation. There is a saying that goes well, friends stay together for life.
