

The Amazing son in law (charlie wade) - The Amazing Son In Law Chapter 6383

Because he knew that the Po Qing Club was now much lower-key, so when charlie came to New York this time, he really never thought that he would interact with the Po Qing Club.

However, as soon as he arrived on the seventeenth floor of Manhattan Hospital, an injured person from the Qing Dynasty was immediately brought in. This could not be a coincidence.

charlie's intuition told him that the Po Qing Meeting must have come for Zhou Liangyun.

And their purpose of approaching Zhou Liangyun, needless to say, must be the Sifang Baozhu.

charlie thought to himself, "When I called Wan'er, she said that Willie once mentioned Sifang Baozhuang to her father Aasif, so naturally Sara also knows The existence of Sifang Baozhuang is even very likely to be the only person in Po Qinghui who knows the true background of Sifang Baozhuang. Now that people from Poqinghui are eyeing this place, then this must be Sara's order."

Thinking of this, charlie felt a little more cautious.

He knew that in addition to Sara, there were three elders and an earl in the Po Qing Association. If Sara sent an earl, he would have a chance of winning, but if she sent any of the three elders, he might resist them. Can't live.

After all, those are the three masters who are about to open the Niwan Palace, and their strength cannot be underestimated.

charlie roughly analyzed the current situation and felt that it was better to bring Zhou Liangyun to a safe area as soon as possible to avoid long nights and dreams.

Before, it was just the Rothschild family who wanted to catch him, but now, even the Qing Dynasty Society has become involved. If they don't find a way to transfer Zhou Liangyun as soon as possible, he and he may be in danger.

It is not advisable to fight at this time, safety is the most important thing.

Seeing the other party being pushed into ward 1707, charlie walked to the door of ward 1708.

After knocking twice, he opened the ward door without waiting for Hank inside to respond.

The single ward where Hank is located is more like a one-bedroom apartment. There is a small hall for resting at the entrance, and the ward is inside.

At this time, Hank was lying on the bed bored, waiting for the doctor's follow-up examination.

Seeing charlie come in, he quickly stood up and said respectfully, “Mr. Wade, you are here!”

charlie nodded, put the flowers aside, and asked him, “Has Howard given you any new instructions?”

Hank blurted out, “Back to Mr. Wade, not yet. He asked me to find out the situation here first and wait for his instructions!”

charlie asked again, “Based on your understanding of him, what do you think he will do next?”
“Is it possible for you to snatch the person away?”

Hank thought for a while, shook his head and said, “Probably not. When he asked me to come, I made a statement, saying that I would snatch the person back at all costs. Tortured, but he refused. In my opinion, he would never dare to do it again at this time. Recklessly.”

charlie nodded, thinking to himself, “If Howard can’t find a breakthrough point here, then he will definitely change his mind and let Uncle Zhou go. It will take Arman seven or eight hours to land in Jinling. Including the time for him to hand over to Grandpa Sun, the time for Grandpa Sun to leave for Eastcliff, and the time for handing over the Sifang Baozhuang to the officials, it will be delayed for at least another six or seven hours. In this case, there are still almost thirteen or four hours. , the news of Sifang Baozhu’s return to China will be released.

So, he asked Hank, “If I want to take people away by force, do you have any good suggestions?”
“

Hank said, “Back to Mr. Wade, the FBI has at least ten people here. If they rush in, the FBI will definitely summon all New York’s S.A.T., that is, special police, in the shortest possible time. Dozens of police aircraft Helicopters will surround this place within ten minutes. If you snatch him away, this incident will probably become the headlines all over the world, and the impact will be very bad. I am afraid that Mr. Zhou will have to hide in Tibet from now on.”

That makes sense.” “charlie nodded, and at the same time released his spiritual energy to check the conditions of several wards inside.

This check didn’t matter, charlie found that there were far more than the ten people Hank said, but almost twenty people.

Among them, 02 In the three wards, 03 and 04, there are four more people in each ward. In ward 1701, in addition to Zhou Liangyun, there are six people guarding them. Moreover

, these FBIs are all armed with live ammunition. Once someone rushes in, If they go in, they will shoot without hesitation.

As long as they shoot, the situation will inevitably escalate.

charlie has no enmity with the FBI, and it is impossible to kill these FBI who protect Zhou Liangyun, so if this matter is The hard ones are basically unsolvable.

However, there are no good breakthrough points for the soft ones.

You can't just take turns brainwashing the nearly 20 people on the other side, right?

Even if you successfully take the people out, won't Zhou Liangyun become a wanted man? Have you committed a crime? According to his own wishes, he would rather sit in jail than bear the crime of a wanted criminal.

Just when charlie was in a dilemma, his mobile phone suddenly received a WeChat message.

The WeChat message was sent by Lin Wan'er. It came with the content: "Sir, Sara has gone to New York! Please leave quickly! Seeing this, Ye

Charlie frowned slightly and quickly replied to her, "When did it happen?" Lin

Wan'er quickly replied, "Just now, her special plane took off from Buenos Aires. I checked the route application.

This plane flies directly to New York. "

charlie didn't expect that this time Sara would come to look for the Sifang Baozhuang in person, and he couldn't help but feel a little nervous.

Since the Qing Dynasty Society had already sent people to Manhattan Hospital, charlie speculated that once Sara came to New York, she would definitely Come to the hospital to see Zhou Liangyun.

Zhou Liangyun can still save his life in the hands of the Rothschild family, but in the hands of Sara, there is absolutely no chance of survival.

Moreover, Sara must have the ability to make him tell what he wants Everything he knew.

So, charlie asked Lin Wan'er, "How long does it take to fly from Buenos Aires to New York?" Lin Wan'er replied, "

Sir, judging from Sara's model, the fastest is ten hours." "

charlie said, "It takes ten hours to fly, and it takes at least half an hour to get out of customs. It takes exactly eleven hours to get to me. Lin Wan'er said, "

It's almost the same, but I suggest you to leave New York as soon as possible. It's too dangerous to stay there." "

charlie said, "I can't leave yet unless I can take Uncle Zhou away. "

Lin Wan'er said, "The young master must make a quick decision and solve everything within eight hours, so that he can evacuate calmly. "

charlie was a little worried.

After eight hours, could he think of a suitable way to take Zhou Liangyun away?

Just when he felt a little at a loss what to do, Steve Rothschild suddenly called charlie. The phone

call After being connected, Steve said on the other end, "Mr. Wade, my father has made representations to the New York police and the court. He has withdrawn all accusations against Peter Zhou, claiming that there was a problem with the testing equipment used by his team. , the Sifang Baozhan that Zhou Peter gave to him is the real Sifang Baozhan, not a fake, so Zhou Peter will be acquitted soon.

charlie asked, "Acquitted? " In this case, how soon can everything be resolved? "

Steve said, "According to the procedure, acquittal also requires a court hearing. The formal process will be slower, but the impact of this incident was too bad. The judicial department also hopes that the dust will be settled as soon as possible. My father is also urging them to do something special. Special case, so the New York court will send a team of judges to go to the hospital to go through the court process and pronounce the verdict. They are expected to set off in a few hours. Counting all the time, from now on, five hours later, that is, in the evening It can be finished around seven o'clock. "

When charlie heard this, he immediately breathed a sigh of relief.

Sara still has at least ten hours. If Peter Zhou can be acquitted in three hours, then he can leave the United States directly. Arrangements will be made for him to return to China at that time. Even Sara didn't dare to chase him.

Moreover, even if Sara dares to pursue him, it doesn't matter. He only needs to wait two or three more hours before the news of Sifang Baozhuan's return to China will be released. By then, Sara will no longer have the need to pursue Zhou Liangyun.

In charlie's heart, there was a feeling that there was a bright future and a bright future.

At this time, charlie heard a knock on the door from the opposite ward.

The sound of opening the door came, and then charlie heard a man say at the door, "Hello, doctor, I am Frank's friend. I came to visit him. I wonder how he is doing?"

When charlie heard this, he I knew someone would come from the Po Qing Society again.

At this time, the doctor said, "The person is not seriously ill. He can be discharged from the hospital as long as he is hospitalized for a few days. However, it is estimated that it will take more than half a year to fully return to the state before the car accident."

The man said, "I don't know if it can be done." Shall we go in for a visit?"

The doctor said casually, "Okay, I'm almost done here. You guys go in and see the injured. Be careful not to take too long. The patient needs more rest." "

Okay, we'll have a dozen or two at most. It'll be over in ten minutes, thank you doctor."

The person who spoke was charlie's uncle, Chen Zhimin.

charlie had never seen Chen Zhimin and could not hear his voice. At this moment, he was concentrating on listening to the noise next door. After hearing two people entering the ward and closing the door, charlie heard a third person. "My subordinates have met Arman yong and Mr. !"

Arman yong said calmly, "Don't call me this title outside. If you reveal the core secrets of the meeting, I will kill you!"

The third person He quickly said, "This subordinate is presumptuous, please punish me!"

Arman yong snorted coldly, "Humph, seeing that you have done your duty, I won't hold you accountable today."

When charlie heard this, his eyes suddenly lit up.

I still have at least ten hours of time window, but these ten hours must be divided into two parts.

In the first paragraph, he has to wait for the court to come and pronounce his innocence. He has nothing to do except to keep the people from the Qing Dynasty from getting close to Zhou Liangyun;

in the second paragraph, now that Zhou Liangyun has been released, he has to Send him out of the United States within the second time period.

This also means that from now on until the sentencing, there is nothing to do.

Since he had plenty of time, charlie couldn't help but make up his mind, "Two of the four great earls of the Po Qing Society have died and one has been demoted. The only one left wandering around is Arman yong. This is a rare opportunity! Do you want to Take advantage of this good opportunity and kill him in the first period of time?"

Yun Ruge said that among the four great earls, Willie was the strongest.

However, if Willie didn't blow himself up, he wouldn't be charlie Wade's opponent.

Therefore, charlie Wade felt confident about killing Uncle Sean.

However, whether there is a chance or not is another question.

charlie Wade also knew very well that if he wanted to kill Uncle Sean in New York, it would actually be very difficult.

Fighting with people in the city center of a first-tier city would do more harm than good. If you do it yourself, it may be broadcast live on the Internet before you can kill Uncle Sean.

Therefore, Shazhong Yongbo must not fight him head-on.

And I can't use magic to kill him with one blow.

Otherwise, if a thunderbolt suddenly struck a man to death in a Manhattan hospital, it would probably cause an uproar.

This means that if charlie Wade wants to kill Uncle Sean, he must find a way to catch him by surprise and kill him with one blow.

Before that, charlie Wade still had a thorny problem that needed to be solved as soon as possible.

That Sean Bo might be looking for an opportunity to attack Zhou Liangyun.

If I don't drive him out from here, he is likely to suddenly attack and make himself passive.

Once Uncle Sean takes action, charlie Wade will never sit back and wait for death. I'm afraid he will still have to fight with him in public.

Thinking of this, charlie Wade suddenly had a plan in mind.

He took a disposable mask from Hank's ward, put it on, walked out of the ward, took the elevator to the emergency room on the first floor.

At this time, a young female nurse was in charge of the emergency room.

He asked the female nurse, "Hello, a patient with a car accident was sent to Ward 1707 just now. Which doctor was responsible for the diagnosis and treatment of that patient?" The female nurse was

stunned for a moment, and asked with some vigilance, "Excuse me, who are you?" People? Family members of the patient?"

charlie Wade gave her a little spiritual energy and said calmly, "I am your new medical director of the emergency department. My surname is wade. Please call me Dr. wade.

The female nurse immediately said respectfully, "Hello, Dr. wade! " Ye

charlie nodded and said, "Take me to that doctor. I have something to ask him."

The female nurse immediately said respectfully, "Okay Doctor wade, please come with me. " "

With that said, the female nurse took charlie Wade to the door of an office.

She gently knocked on the door, and a middle-aged man's voice came from inside the door, "Come in." The female

nurse opened the door and said to a male doctor sitting inside, "Dr. Pitt, Dr. wade is looking for you."

nurse opened the door and said to a male doctor sitting inside, "Dr. Pitt, Dr. wade is looking for you."

" Dr. wade? " Dr. Pitt looked at charlie Wade next to the female nurse in surprise, and asked curiously, "Which department are you from?" "

charlie Wade did not answer his question, but said to the female nurse, "It has nothing to do with you here. Go back to work and continue working. Remember not to tell anyone about my coming here. "

The female nurse nodded immediately, turned around and walked out.

Dr. Pitt was even more confused. He didn't understand what this man wearing a mask was doing. The doctor named Ye didn't even wear a doctor's white coat.

Ye At this time, charlie walked up to Dr. Pete and also used spiritual energy to give him a psychological suggestion, reminding him, "Pete, right? I am now the boss of your emergency department. Later, you will come with me to see the patient in 1707. What should I do?" Say, you can agree to whatever I ask, and you can do whatever I ask for unconditionally. Do you understand?

Dr. Peter nodded without thinking, "I understand, Dr. wade! " "

charlie Wade nodded with satisfaction, and then asked him, "Where is the medical record of patient 1707? Let me take a look. "

"good. "Dr. Peter immediately found 1707's medical record and handed it to charlie Wade.

charlie Wade took a look and found that the patient's name was Sun Ke. He was admitted to the hospital because he was hit by a vehicle. He had multiple cartilage contusions and skin trauma. This

but it didn't hurt my muscles and bones, and it didn't seem to be a big problem.

charlie Wade asked him, "This man's illness is not serious. There is no need to admit him to the hospital, right? Can't we just observe him in the emergency room?"

Dr. Pitt quickly said, "Mr. wade, you don't know something. This Sun Ke is Chen Zhimin's assistant. Chen Zhimin is the son-in-law of the An family and is very famous in New York. At that time, Chen Zhimin called the chairman of the hospital. The chairman paid special attention and arranged for him to be arranged in the comprehensive ward on the 17th floor for good treatment and recovery."

charlie Wade suddenly frowned and said, "You What did you say? An's son-in-law Chen Zhimin?"

"Yes!" Dr. Pitt nodded heavily, "That's him!"

charlie Wade clenched his teeth subconsciously and clenched his fists.

It seems that among the three people in ward 1707 just now, one is the so-called injured person who was brought in before, the other is Uncle Sean among the four counts, and the third is his uncle, Chen Zhimin!

Before, Anjia only highly suspected that something was wrong with him, but there was no clear evidence.

However, today he actually appeared here with Sean Bo.

This completely confirms the fact that he is an undercover agent of the Qingqing Society!

Thinking of this, charlie Wade sneered and thought to himself, "It seems that Sara really wanted to get the Sifang Baozhuang this time and sent Chen Zhimin and Uncle Sean here."

So, Charlie Wade took out his mobile phone and sent a message to his grandfather. The content is "Grandpa, there is absolute evidence that Chen Zhimin is a member of the Qingqing Society. Now that I have the opportunity to kill him, do you think I should kill him or not?"

...

at this moment.

Eastcliff, China.

It was early morning in Eastcliff, and An Qishan had already gotten up early, dressed neatly, and was preparing to attend a very important business event.

In the past few days, An Qishan, accompanied by his eldest son Asher, second son Homula, and Chinese detective Li Yalin, signed strategic cooperation agreements with various government departments in Eastcliff.

For An Qishan, he is particularly excited and looking forward to being able to come back and contribute to the construction of the motherland.

For the officials, the return of well-known overseas Chinese to invest in China is naturally an excellent case for cooperation, and they will naturally accelerate the progress wholeheartedly.

Therefore, the efficiency of signing cooperation is very fast, and a batch of business contracts are basically signed every day.

Today, An Qishan made another very big move. On behalf of many airlines controlled and invested by Anjia, he ordered nearly a hundred of China's own large passenger aircraft from China.

China Commercial Aircraft Corporation of China also warmly invited him to take a short-distance flight on a domestically produced large passenger aircraft in Eastcliff this morning.

An Qishan, who was dressed very grandly, had just gone out to meet his two sons and Li Yalin when he received a text message from Charlie Wade.

As he looked at the phone, his expression suddenly became very shocked. Immediately, he said to the three people around him, "You guys come to my room first."

After that, he turned around and returned to his room without waiting for the three people to respond. .

The three of them didn't know why and quickly followed in.

After closing the door, An Qishan looked at the three of them, handed the phone to Li Yalin, and said, "Yalin, the three of you circulate it and don't say anything. After the circulation is completed, you just need to tell me whether you have any opinions or not." No objection, no matter whether you have it or not, don't give any reason."

The three of them were even more confused. Li Yalin quickly took the phone and read it first. After reading it, his expression suddenly changed.

However, he did not dare to delay and quickly handed the phone to Asher.

Asher was shocked after reading it and handed the phone to Homula.

Homula's eyes widened, and then he handed the phone to An Qishan silently, and then asked in a low voice, "Dad, who will express his stance first?"

An Qishan said lightly, "I will express my stance first!"

The three of them quickly looked at him, I didn't even dare to breathe.

An Qishan's expression flashed with a trace of cruelty, and he gritted his teeth and said coldly, "I have no objection!"
