

charlie wade - The Amazing Son In Law

1. The Amazing Son In Law Chapter 6396

After a pause, charlie said again, "In addition, I advise you to put down the gun, because your pistol is of no use to me!" "Do you

know, you will break the four counts of the Qing Dynasty? Three of them died, without exception, all at my hands!"

"Did you know that all the dead soldiers stationed in Cyprus have surrendered to me!"

"You, a mere scholar, dare to point a gun at me, Are you really afraid that I will twist your head off and find another opportunity to kill your parents who were born as Knight Cavalry?!"

Chen Zhimin's pupils suddenly shrank, and his fierce look was revealed in an instant!

He gritted his teeth and shouted angrily, "Whether what you say is true or false, you will die if you dare to threaten my family!" After

that, he pulled the trigger without hesitation. !

At this moment, charlie suddenly took action, grabbed the gun in his hand, and pressed the hammer on the back of the pistol with his thumb to apply a little force.

Snap!

The gun didn't fire, but the alloy hammer had broken off!

Without the hammer, the pistol lost the key component for firing the bullet primer. Even if Chen Zhimin kept pulling the trigger hard, the pistol could not fire at all.

He never dreamed that charlie would have such strength!

The hammer made of alloy can be broken directly with just one finger!

At this moment, he was suddenly terrified!

You know, these scholars, in order to avoid exposing their identities to the greatest extent, have not been allowed to practice martial arts since they were young.

Their mission is to study, study and study again to ensure that they can be admitted to any top university in the world.

In this way, they can easily sneak into any family, and even the An family will not notice anything unusual about them.

And this means that Chen Zhimin is a useless waste.

In front of charlie, without a gun, he could only surrender.

So, he immediately put on a frightened face, threw the pistol into the back seat, raised his hands and said to charlie, "charlie... don't get me wrong... although I am a scholar from the Po Qing Society, but I... But I really wholeheartedly work for Anjia... Your aunt and I also really love each other..."

charlie sneered and said, "After I killed so many people in the Po Qing Society, you still say such nonsense to me, do you think I Do you believe it? Are you overestimating your eloquence or underestimating my IQ?"

Chen Zhimin cried bitterly and said, "charlie... Since you know Po Qinghui, you know that I am also forced to have no choice! Ever since we were young, we can only do whatever the British Master says. If we slack off even a little bit, we will be killed, let alone resist..."

charlie smiled and said, "No need to work in vain. After today, you If you die, I will kill you with my own hands, as well as the loyal uncle upstairs, and use your heads to give Sara a grand welcome gift!" When

Chen Zhimin heard this, he immediately said hysterically, "Kill me, your aunt I won't forgive you! Your cousin won't forgive you! Your grandpa will never forgive you! He regards me as his own and treats me as his own. If you kill me, how can he bear it at such an old age?"

charlie Smiling calmly, "Not long ago, I sent a message to my grandpa. He told me that if I can kill, I will kill you. So today, you must die! In addition, the An family will not help others do evil. If my aunt knows your true identity, she

will not either.” I have good thoughts towards you, and as for my cousin whom I have never met, if she thinks that I am the person who killed her father, she can seek revenge from me in the future.”

At this point, charlie changed the topic and asked him “Do you think your daughter will still regard you as her father after knowing your true identity?”

...

Happy New Year! ! !

1. The Amazing Son In Law Chapter 6397

At this time, Chen Zhimin’s heart was filled with fear.

It was his father and grandfather who worked desperately to break the Qing Dynasty, and he had the opportunity to become a “scholar”.

In order to stand out from the many “scholars”, he read thousands of books and endured hardships since he was a child. In the past few decades, he has been able to overcome all obstacles and overcome the stars.

Now, he fell into charlie Wade’s hands, and most of the people in charlie Wade’s family seemed to have made up their minds to take his own life, which gave him a kind of despair on the verge of death.

The strong desire to survive drove him to cry and said, “charlie ... Since you know so many inside stories about the Qing Dynasty, you must also know the tragic fate of people like us. If it weren’t forced by the situation, I don’t want to help the tyrants or work for the Po Qing Society. I beg you, seeing that your aunt and I are married and have the same flesh and blood as husband and wife, spare my life! As long as you are willing to spare my life, from now on I will You are the spy of Po Qing Hui! I will report every move of Po Qing Hui to you as soon as possible. I will do whatever you ask me to do. In this way, it can be regarded as giving me a chance to make up for my mistakes. It is better than killing. I want to be strong!”

charlie Wade smiled and said, “You and my little aunt should be brothers and sisters of the same school. She set up a trap in New York and asked Po Qing to kill my grandfather’s family. It’s impossible for you not to know that at that time “Why haven’t you ever thought that you and my aunt are husband and

wife? Why haven't you ever thought that my grandpa treats you like his own son and is as kind as a mountain to you?"

Chen Zhimin was speechless for a moment.

Of course he knew what happened that time.

So, he didn't dare to hide anything, and cried and said, "charlie , that time it was the British who wanted the lives of your grandparents and the whole family. We also followed orders. Your little aunt and I were both foils who were going to be sacrificed at any time. The reason why at that time The reason why I was not allowed to go with you was because the British Master felt that after the An family was wiped out, a suitable person was needed to take over the An family's property. As a male, I am naturally more suitable than your little aunt, so he decided to let me stay on an excuse. Next..."

charlie Wade nodded, "No matter what, you chose to be loyal to Sara in the face of the lives of the An family. For this reason alone, it would be a shame for you to die!"

Chen Zhimin said quickly, "charlie , spare my life. , it's beneficial and harmless to you! If I stay in Poqing Society as an undercover agent, I can do a lot for you! If I die, it will definitely be a great loss to you and Anjia!"

charlie Wade smiled and said, "You want to stay? You will be my undercover agent in Poqing, but you never thought about whether Sara would agree?"

Chen Zhimin said doubtfully, "If you don't tell me, if I don't tell you, how would Sara know?"

charlie Wade sneered, "You don't know, right? Sara is already on her way to New York."

"What?!" Chen Zhimin asked in shock, "Ying...oh no...Sara is coming to New York?!" "

Yes." charlie Wade nodded and said, "I want to Kill Uncle Sean before Sara comes. If Uncle Sean dies and you are the only one alive, Sara will definitely come to you and ask everything." Chen

Zhimin immediately stretched out his right hand and said piously, "Don't worry, I will never mention it. You half a word!"

charlie Wade sneered and said, "Uncle Sean may not be proficient in psychological suggestion, but Sara is absolutely proficient in it. She naturally has a way to make you tell everything. Instead of letting you expose my information in front of Sara, why not I'll kill you too and give Sara a bigger surprise!"

Chen Zhimin was extremely frightened and blurted out, "You can't do this... this is inhumane!"

charlie Wade sneered, "The last thing we need to deal with people like you is... Humanity."

After saying that, charlie Wade looked at Chen Zhimin, a few spiritual energy penetrated into his brain, and said coldly, "Chen Zhimin, from now on, you will answer whatever I ask you, without any reservation; do whatever I ask you to do, without any disobedience! You , do you understand?!"

1. The Amazing Son In Law Chapter 6398

Chen Zhimin's eyes were dazed for a moment, and then he said with an authentic expression, "I understand!"

charlie Wade asked him, "I ask you, why did Po Qinghui not stop after my parents died? Place you and my little aunt in my grandpa's house?!"

Chen Zhimin shook his head, "I don't know... I only know that the year your parents passed away, we had already received training tasks, with a total of nearly sixty A 'scholar' participated in the training. The purpose of the training is to successfully combine with your aunt and your uncle in the future, but we don't know why the British Master did this."

charlie Wade frowned and asked again, "Sara asked you to My grandpa's family has been hiding for so long, why did he suddenly turn against me and want to kill my grandpa's whole family?!"

Chen Zhimin said with a blank look on his face, "This... I don't know... From what I can guess, he may want me to take over smoothly. Anjia, once all the An family dies and I take over the entire Anjia, then the Anjia is equivalent to breaking the Qinghui Association."

charlie Wade shook his head, "Impossible. Even I put money in my eyes, and Sara is even more impossible! She There must be other reasons for doing this!"

Chen Zhimin said, "I don't know about this. In fact, the information we can get is very limited. After the organization sent us out, we have been living in the world, and our contact with the organization is through secrets. Since the day we left the organization, we haven't gone back, so I don't know what the British Master is thinking..."

charlie Wade nodded slightly, trying to figure out why it took so long to break through. After investing so much energy in targeting the grandfather's family, there is no hope for Chen Zhiming. He can only look for opportunities to explore the truth in the future.

Today, the most important thing for me is to take Zhou Liangyun away from the hospital safely after the Rothschild family gives up on holding him accountable, and at the same time find another opportunity to kill the loyal uncle.

As for Chen Zhimin, killing him was nothing more than a hook and was completely insignificant.

The rest can be discussed in the long term.

So, he thought for a moment, and a plan emerged in his heart, so he ordered Chen Zhimin, "You help me mobilize a helicopter, then say hello to the person in charge of Manhattan Hospital, and tell him that in a few hours, your The helicopter will land on the helipad on the top floor of Manhattan Hospital to pick up a patient and let him make arrangements."

Chen Zhimin said without thinking, "Okay, the helicopter is simple, I can make arrangements now."

charlie Wade asked, "Just leave the helicopter on standby. , and follow my instructions for the rest."

Chen Zhimin nodded subconsciously, "Okay! I'll arrange it."

charlie Wade asked him again, "Send a message to Uncle Sean and tell him that you just got reliable inside information. In two or three days, Hours later, the court may go to the hospital to announce Peter Zhou's acquittal, and the

FBI should have withdrawn by then, asking him to wait patiently for this opportunity and not to act blindly!”

Chen Zhimin immediately followed suit and sent a text message to Uncle Sean.

Uncle Sean in the ward saw the text message and immediately replied with surprise, “Zhimin, is this news true?”

Chen Zhimin responded according to Charlie Wade’s request, “It’s 100% true! Uncle Sean just needs to be patient and wait a little longer. , I will definitely wait for the best time to take action.”

“Okay!” Sean said without thinking, “Then I will wait until he is acquitted before I take action against him!”

1. The Amazing Son In Law Chapter 6399

After making the plan, Charlie Wade took off his doctor’s clothes and returned to the ward where Hank was.

The next thing he had to do was wait patiently for the judge to come to the hospital with complete legal documents and declare Zhou Liangyun not guilty on the spot.

Now, the Sifang Baozhuang is almost back to China. As long as Zhou Liangyun is taken away safely and Chen Zhimin and Sean are killed, Charlie Wade’s trip to the United States will be considered a success.

To be sure, Charlie Wade specifically asked Chen Zhimin to rent a business jet that could fly directly to China in his own name, and asked the business jet to apply for a direct route to Yanjing and be on standby at New York’s John F. Kennedy Airport.

late at night.

After sorting out all the documents, the New York justice personally took the documents with him, along with several court staff and Brooklyn jail staff, and rushed to Manhattan Hospital.

The elderly justice did not have to be in such a hurry. It was in line with American judicial procedures to wait until the normal court session tomorrow to announce Zhou Liangyun's acquittal.

But this time, the reputation of the Rothschild family was greatly affected, and the power of the Zhou Manor was mysteriously cut off, which made Howard very worried that the Sifang Baozhuan had been taken out of the Zhou Manor, so he also urgently hoped that Quickly release Zhou Liangyun, and then keep an eye on Zhou Liangyun's every move. He felt that maybe he could get the Sifang Baozhu back in this way. So

, the justice hurried over.

charlie Wade was in the ward, relying on his excellent hearing to monitor every move in Zhou Liangyun's ward.

Uncle Sean in the opposite ward seemed to have slightly inferior facial features, so he chose to release some spiritual energy for perception.

The justice led the staff into the ward, and under the witness of the FBI and staff, said to Zhou Liangyun, "Peter Zhou, the Rothschild family admitted that the previous case against you for stealing antiques was a misunderstanding. After emergency deliberations in the court, We have decided to withdraw the prosecution against you. From now on, you will be free."

Bo Sean, who was monitoring the ward with his spiritual energy, couldn't help but think to himself, "Chen Zhimin's information is indeed accurate, and the person named Zhou will be acquitted!"

At this time ! , Zhou Liangyun on the hospital bed was also shocked.

He did not expect that the Rothschild family would retract their confession so quickly.

In the past few days since he met charlie Wade, Zhou Liangyun had no news about charlie Wade, and he didn't know whether charlie Wade had brought the Sifang Baozhu out of the United States. Now the judge suddenly wanted to acquit him, and he was the first to The idea was to find a way to contact charlie Wade.

However, the next second he felt that he must not take the initiative to contact charlie Wade. The Rothschild family now released themselves, just like those

hunters digging wild bee nests in the mountains and forests. They would tie a wasp to the body. feathers and then release the wasp back into the nest to find the location of the hive.

He believes that the Rothschild family should have the same plan now.

Seeing that he didn't speak, the judge said, "In addition, Mr. Zhou, all the cost of your treatment here will be borne by the Rothschild family. If you need to continue treatment, all the expenses will be covered by them;" "

There is also something about The Rothschild family has offered a settlement of US\$30 million for the personal injuries, physical and mental losses you suffered while in prison. If you agree, they will arrange for a lawyer to come over and negotiate the compensation with you. If you are right If you are not satisfied with this amount, you can file a lawsuit in court at any time."

The judicial system of the United States is different from that of the East, especially China, in many ways.

The biggest difference may be the issue of compensation.

1. The Amazing Son In Law Chapter 6400

In China, the definition of compensation is often based on per capita income as a reference. Therefore, it is often not very high, but in the United States, once the nature and impact are severe, the compensation may be sky-high.

A few years ago, an American airline beat an Asian doctor on a plane and dragged him off the plane. The incident was exposed on the Internet and caused a huge negative impact. In the end, the two parties reached a settlement, and the amount was not disclosed to the public. It was clearly disclosed, but according to information reported by many channels, the compensation is likely to be US\$1.4 billion.

This kind of compensation is unimaginable in China, but it is not uncommon in the United States.

Since the Rothschild family considers themselves unlucky and admits that it is their fault against their will, then according to the conventions of American society, Zhou Liangyun can immediately claim huge compensation from them.

Moreover, given the influence of this incident, as long as the lawyers are professional enough, it is not difficult for the Rothschild family to pay a compensation of US\$300 million.

However, Zhou Liangyun said very plainly at this time, “There is no need for compensation. Please tell the Rothschild family’s lawyers and ask them to prepare an unconditional settlement agreement. I am willing to sign it.” The

justice was stunned and couldn’t help but said, ” Mr. Zhou, are you sure you want to settle unconditionally? Although my status does not allow me to say too much, as this case has developed so far, people all over the United States are paying attention to you. If you do not want compensation, this... is somewhat inappropriate. ...”

Since the Rothschild family has chosen to acquit Zhou Liangyun, they must give Zhou Liangyun a reasonable compensation based on both emotion and reason. Only in this way can the people who are paying attention to this matter feel satisfied and turn their attention away with satisfaction. open.

However, if Zhou Liangyun does not receive compensation, whether the Rothschild family does not pay it or he does not want it, this matter will make the concerned people feel like they are stuck in their throats and they will never be able to let it go.

The justice has a close relationship with the Rothschild family, so he naturally does not want this matter to leave a trace in the end. As long as the two parties can reconcile the matter with a result that satisfies the public, the matter will slowly fade out of the public eye. , eventually no one will remember it.

So, he advised Zhou Liangyun, “Mr. Zhou, I know that your family is also a wealthy family and doesn’t care much about money, but I still hope you will consider this matter carefully. You have been wronged and tortured, and you deserve to receive the money.” Compensation, and the Rothschild family has substantially harmed you, they should indeed be given adequate compensation and pay a heavy price for this.”

Zhou Liangyun shook his head gently, smiled and said, “Compensation is really unnecessary, if I take them If I have money, and a lot of money, everyone’s mentality towards this matter will change dramatically. From the beginning, everyone will sympathize with me and be willing to complain for

me, gradually change, and finally evolve into envy and jealousy of me. , even want to replace me and become me;” “

In this process, the perpetrator will gradually no longer be the perpetrator in their eyes, but become a giver of wealth and wealth. This is the same as Everything I hope for is the opposite, and I cannot accept it!”

The justice asked in surprise, “Mr. Zhou, what exactly do you hope for?”

Zhou Liangyun raised his voice and said seriously, “What I hope is that everyone can always remember Regarding this matter, remember that the Rothschild family is a trampler of American law, remember that they used public weapons for private purposes, firmly controlled the entire prison in their own hands, and remembered that they abused lynching to torture others to achieve their own goals;”
