

charlie wade - The Amazing Son In Law Chapter 6465

Hearing Sara's words, Jadiel was shocked and blurted out: "Master Ying, you... why do you think so?"

Sara said: "Because he has killed Uncle Willie and witnessed Uncle Willie's death, so he knows , we cannot give Uncle Sean a chance to die. We must kill Uncle Sean with one strike. Therefore, he will use such an alternative method to kill people."

After saying that, Sara added: "I really didn't expect that he turned out to be like a ghost. It's everywhere, and what I didn't expect was that Williebo's death did not cause much harm to him. Not long after, he killed another count of mine!"

Jadiel asked: "Master Ying, There was a fire not long ago here. Doesn't this mean that this person is also in New York at the moment?!"

Sara gritted her teeth and said: "If my guess is correct, then the current situation is that the enemy is in the dark and we are in the clear. He must know that I am coming. I left New York, so he is definitely not here now. Moreover, he killed Chen Zhimin and Uncle Sean before I landed, secretly sent the Sifang Baozhuang back to China, and deliberately rented a plane to fly to China in the name of Chen Zhimin to interfere. He grasped my vision and time rhythm very accurately, which proves that he not only knew that I came to New York, he completely grasped my movements, and he already knew it from the moment I set off."

Jadiel said hurriedly: "Master Ying, all the crew members have been dealt with. This time I plan to directly transfer a few direct descendants from the Wu family to serve as the crew of your special plane."

Sara said: "Since the other party already knows my whereabouts, then I The plane is no longer safe. Go and prepare a new plane. When you are ready, don't come to New York. Let the plane wait in Philadelphia."

Jadiel asked hurriedly: "Master, are you planning to leave the United States?"

"Well." Sara said: "That person will never return to New York. Maybe he has left the United States. There is no point in staying here. Besides, I am in the open, so it is safer to leave as soon as possible."

Jadiel asked: "What about the Rothschild family? These bastards are covering the sky in New York and ruining your moral integrity. Why don't you teach them a lesson?"

Sara said lightly: "Here, of course I will. I can't wait to take some out before I leave." Time, just kill him all over."

After saying that, Sara added: "However, you have also seen their influence in the United States. It is easy to kill them for temporary pleasure, but after killing them, they are likely to become members of the US government. Dead enemy, we cannot provoke the government of such a powerful country. We still have to deal with this matter slowly."

After saying that, Sara said coldly: "Investigate the information of all the marriageable young people of the Rothschild family and try to send a few scholars to them. 'Go in.'"

Jadiel said respectfully: "Master, most of the Rothschild family's marriage partners are Jewish. They are relatively traditional. It may be difficult for 'scholars' to get in..."

Sara waved her hand and said: "Let Wu Yongzhen Find a way, I just want results."

Jadiel immediately said: "I obey your orders!"

When Sara decided to send the 'scholar' to the Rothschild family, charlie Wade's special plane had already taken off from Burlington International Airport, carrying Follow him back to China.

He didn't know if Sara could find clues about Chen Zhimin and Zhong Yongbo in New York, but he wasn't worried. Even if Sara could find evidence that the two were killed, it would be impossible to find their bodies, let alone anything related to them. Clues about him.

If they find clues that the Rothschild family sent people to the scene to destroy evidence, then the Rothschild family will probably be in big trouble.

However, charlie Wade does not feel any guilt about this, because he knows very well that the Rothschild family is not innocent at all. If they had not tried their best to find Zhou Liangyun, how could they have anything to do with the Po Qing Society?

C 6466

Everything is just their own fault.

For charlie Wade, this trip to the United States was full of rewards.

He rescued Zhou Liangyun, sent him back to the Sifang Baozhu, and killed Chen Zhimin and Uncle Sean.

Chen Zhimin is the An family's biggest enemy, and Uncle Sean is Sara's last earl. Now that both of them have been eliminated, it is another big loss for Poqinghui.

The only people who could still make charlie Wade feel threatened by the current Po Qing Meeting were the three elders who were about to open the Niwan Palace, apart from Sara himself.

charlie Wade is not in a hurry to continue fighting guerrillas with Po Qinghui. He feels that now is a good opportunity for the two sides to have a temporary truce. Sara does not dare to get involved in China. After he returns, he can peacefully study the "Preface to the Nine Mysteries Sutra" in Aurous Hill. ", and at the same time, study the photo album left by his father to see if there are any other clues.

Moreover, China is now safe. charlie Wade feels that it is time for his wife Claire to go home. He asked Fei Kexin to invite her to the United States for so many days, and he misses her very much.

So, he used the satellite network on the special plane to make a WeChat call to Fei Kexin.

The phone was connected, and Fei Kexin's voice came: "Mr. Wade, do you have anything to do with me?"

charlie Wade asked her: "Ms. Fei, how is the progress of your project now? When can Claire reasonably withdraw? Leave?"

Fei Kexin thought for a while and replied respectfully: "Mr. Wade, Claire plays a more important role in the project. she is one of the three core designers, and this project is very large. If we really want to do it, It will take at least half a year to complete the preliminary design work and all handovers before construction."

charlie Wade asked: "Is there any way for her to escape smoothly?"

Fei Kexin said helplessly: "If I fall out with Claire, If she opens it, she will be able to get away smoothly, but that would be too cruel. Opening someone without a suitable reason will mean that she will not be friends in the future."

charlie Wade said: "Don't be so extreme, otherwise she will definitely feel bad in her heart. It's uncomfortable."

After saying that, charlie Wade asked her again: "How much is your investment in this project?"

Fei Kexin said: "About one billion U.S. dollars. Currently, 300 million have been invested."

charlie Wade said, "Okay, ten million dollars." I'll pay you \$100 million. Please sort out some contract issues first. Let's just say that there is a legal dispute over the land acquisition procedures. Currently, the project needs to be temporarily suspended until the legal team follows up and resolves the dispute before it can continue. Then you can temporarily suspend the project. Stop it and let Claire go back to Aurous Hill first. Then you can restart it when the time is right. When the time comes, you can come forward and ask her to continue helping you complete this project. I will let Claire decline politely."

In charlie Wade's view, the work itself is It's like working hard, then fading, and finally exhausting yourself. When you go to help a friend on a project, you naturally want to finish it off in one go. However, if something goes wrong in the middle, you have to come back first, and this energy will be relaxed, and you can do it yourself. Ask Fei Kexin to stop the project for a longer period of time, and then start it suddenly after his wife Claire has more things to do, and it will be difficult for her to leave even if she wants to.

Moreover, Fei Kexin asked Claire for help in the name of "emergency". Once the project is suspended, she will have enough reasons to sort it out slowly. By then, whether Claire can help or not will not be so important.

When Fei Kexin heard charlie Wade's solution, she immediately said: "Mr. Wade is too polite. This little money is nothing to the Fei family. I will first find a reasonable reason to suspend the project indefinitely. What? When you need to come back to the United States, I will restart."

charlie Wade was stunned when he heard this, and subconsciously wanted to decline, but after thinking about it carefully, it was really impossible to say this kind of thing. If a similar situation

happens again in the future, Fei Chen would Kexin's place is really a good choice for settling his wife, so he doesn't want to completely block this road.

So, he said: "Then I'll leave it to Miss Fei to handle it."

The Amazing Son In Law Chapter 6467

Fei Kexin smiled and said: "Mr. Wade, don't worry about Kexin's work!"

...

At this moment, Aurous Hill Qixia Temple.

At the northern foot of Qixia Mountain and in the valley to the north of Qixia Temple, there is a very quiet mountain villa.

This courtyard belongs to Qixia Temple, but it has never been open to the public. Even the monks in Qixia Temple were told by the abbot not to approach it without reason.

At the moment, dawn has just broken in Aurous Hill, and there is not much light in the mountains. The entire valley is filled with mist, and the calls of various birds echo in the valley, which is particularly melodious.

In the other courtyard, an incomparable middle-aged lady was sitting cross-legged on a futon in the courtyard, gently twirling the Buddhist beads in her hand.

This noble lady is charlie Wade's mother, Lydia (Ava) (Charlie's mom).

At this time, a middle-aged and elderly woman with very short hair walked out of the blue brick house. This person was Lydia (Ava) (Charlie's mom)'s subordinate, Sister Sun.

Sister Sun came to stand in front of Lydia (Ava) (Charlie's mom) and said respectfully: "Madam, I just received the news that the young master has returned to China." "

Oh?" Lydia (Ava) (Charlie's mom) opened his eyes and said in surprise: "Sifang Baozhuang has just returned to Yan. Jing, charlie has returned now, so Peter must have been rescued by him too."

Sister Sun said, "There was feedback from the airport that only the young master got on the plane, and Peter Zhou was not seen." An

Lydia (Ava) (Charlie's mom) said with a smile . : "charlie must have made arrangements. The Nordic Queen Helena visited Canada in advance. Maybe it was charlie who did it. Peter will most likely leave North America with her." After that,

Lydia (Ava) (Charlie's mom) asked again: "Where is Chen Zhimin? Yes? Any news?"

"No." Sister Sun shook her head and said, "The whereabouts are still unknown."

Lydia (Ava) (Charlie's mom) nodded and said with a smile, "Then he must be dead. Maybe the fire was used by charlie to destroy the body and eliminate traces. . "

After that, Lydia (Ava) (Charlie's mom) asked her: "Where is charlie flying this time? Aurous Hill or Eastcliff?"

Sister Sun said respectfully: "Go back to Madam, the young master is flying directly to Eastcliff."

Lydia (Ava) (Charlie's mom) said happily: "Then I guess He went to Eastcliff to explain the situation to his grandfather. This child is very clear about right and wrong."

After that, Lydia (Ava) (Charlie's mom) sighed: "When charlie goes to Eastcliff, he should return to Aurous Hill. When he comes back After that, I have to be even more careful, but I haven't found a chance to see Nanako Ito yet. When charlie comes back, I'm afraid it will be even harder to find a chance."

Sister Sun said with shame, “Madam, these days, Miss Ito has been He practiced martial arts hard in Champs-Élysées, and occasionally returned to Tomson Yipin’s home. It was just a

matter of two points and one line. His subordinates really couldn’t find a suitable opportunity...” Lydia (Ava) (Charlie’s mom) was silent for a moment, and then said: “I have an idea, can it be done? Unknown, let’s give it a try!

C 6468

Because charlie Wade is not in Aurous Hill, Ito Nanako has been studying martial arts wholeheartedly for the past few days. She simply lives in the dormitory of Champs Elysees most of the time, and only occasionally comes back to accompany her father.

Yesterday, Takehiko Ito missed his daughter, so he had someone prepare a sumptuous Japanese banquet. He called Nanako Ito back, and the father and daughter had a meal together.

Banquets are generally sumptuous and complicated, and it is common to eat a meal in two or three hours, so Ito Nanako did not rush back to the Champs Elysees last night, but stayed at home for one night.

In order not to delay her morning practice, she got up quickly at dawn, washed briefly, and prepared to drive to the Champs-Elysees.

When taking the elevator to the basement and passing by the ninth floor, the elevator slowly stopped, the car door opened, and a young woman about the same age as Ito Nanako stepped into the elevator.

Ito Nanako didn’t pay attention. The woman entered the elevator while making a phone call and said mysteriously: “Oh, I didn’t expect it to be so early. I just heard from a layman inside Qixia Temple that the famous Master Jingqing was taught by Master Jingqing.” I have been invited to come to Qixia Temple to give a lecture. I will arrive in an hour or two. I heard that I will take some time to consecrate and bless the believers. The amulets consecrated and blessed by Master Jingqing are very effective. I plan to ask for one for my husband. He lives in the world every year. Flying around and running around, asking for an amulet to protect him.”

Another woman on the other end of the phone asked curiously: “You can get amulets from every temple, what’s so surprising about the one blessed by Master Jingqing?”

Then The woman said: “Master Jingqing is very famous. He is invited to preach Buddhism all over the world all year round. Every time he lectures, he will consecrate and bless magic weapons for some believers for free. He lectured at Mount Putuo some time ago, and the tickets for Mount Putuo were sold out for a week in a row. , the magic weapons blessed by him are resold in the circle of believers for prices starting from six figures.”

As she said that, the woman added: “Xinxin helped her husband in Mount Wutai last year to ask for a magic weapon that was consecrated and blessed by Master Jingqing. The amulet was involved in a series of car accidents on the highway last year and was rear-ended by an overloaded truck. He

was the only one alive among the eight people in the three vehicles. He was fine but the amulet was broken. Do you think this thing is quite effective?”

Then The woman said in surprise: “I only knew that her husband was in a car accident last year, and I didn’t know about it.”

At this time, the elevator had reached the underground garage. After the elevator door opened, the woman walked out and said: “Master, this is The matter of my second visit to Aurous Hill has not been announced to the public yet, and it is estimated that it will be announced tonight. Once the news is announced, devout believers from hundreds of kilometers around will probably want to see the Master, and it will be difficult to arrange it by then, so I plan to Go there early and wait, if you are interested, we will go there together.”

Nanako Ito followed the woman out of the elevator. She has been studying martial arts recently, and her hearing has also improved, so she can still hear the woman on the phone saying excitedly: “Then I will prepare now. Where can we meet?”

1. The Amazing Son In Law Chapter 6469

the woman said. : “You go out to the gate of the community now, and I will pick you up there.”

Nanako Ito couldn’t help but feel secretly moved when she heard this.

Inspired by the memory of her mother during her lifetime, she has always believed in Buddhism and can be considered a devout Buddhist believer.

When I was in Kyoto, I often went to the Kinkakuji Temple to worship Buddha and make offerings. Last time, for charlie Wade, I went to the Kinkakuji Temple to pray for a royal guard for him.

Now she suddenly heard that a well-known eminent monk from China was coming to Qixia Temple to give lectures and also be blessed with amulets. The first thing she thought of was to ask for one for charlie Wade.

Although charlie Wade’s strength is already the strongest Nanako has ever seen, in her opinion, the theological or metaphysical blessing of religion itself is another kind of soft power beyond hard power. In a sense, , is also essential.

It’s like although soldiers have powerful weapons and equipment, they still pray for God’s blessing deep in their hearts before going to the battlefield.

So, Ito Nanako took two steps quickly, caught up with the woman in front of her, and said with an apologetic look: "Sorry to bother you, I didn't mean to eavesdrop on your phone call, I just heard you talking about the amulet, so I would like to ask you a question How can I ask Master Jingqing to consecrate and bless an amulet?"

The woman was slightly startled, and then said with a smile: "This is simple, you go directly to the Dharma and Martial Arts Circulation Office of Qixia Temple and say that you are invited to visit Jingqing. It's a mage. The master there will take you to the Xiangtang to wait. Not many people know this news. You should have a chance if you go there early!"

Ito Nanako quickly thanked you: "Thank you so much!"

"You're welcome." The woman She smiled and said, "You live here too. We should be neighbors, right?"

"Yes." Nanako Ito nodded and said, "My home is on the 21st floor."

The woman smiled and said, "I live on the ninth floor and I just bought it a few days ago. I moved here because my husband is busy with business in other places all year round. I basically live here alone. You can come and play with me when you have time." After that

, the other party did not wait for Ito Nanako's reply and said: "Let's not talk about it for now. "Yes, I have to pick up my friend quickly. Her home is in the opposite direction from Purple Mountain. It will take a lot of time on the way. You should hurry up and go first. The sooner the better."

Ito Nanako quickly thanked her and watched the other party get in the car and drive away. After that, he got into the car and started the car to go to Qixia Temple.

The two cars left the basement of Tomson Yipin one after another. Then one went to the left and the other to the right, and soon the distance was widened.

After driving for a few minutes, the woman in the car in front picked up the phone and dialed. After the call was connected, she said: "Sister Sun, Nanako Ito should have already left for Qixia Temple." On the

other side, after receiving the call, Sister Sun spoke Said: "Okay, I understand, she didn't doubt you, right?"

The woman replied: "Probably not, besides, even if there is suspicion, it can withstand scrutiny. I have lived here for several days, so I am not afraid of her checking."

Sister Sun He smiled slightly and said: "Okay, you go pick up Xiao Liu and rush here as usual. But if everything goes well, Ito Nanako should have left by the time you arrive. But for the whole show, you come here first."

"Okay Sister Sun."

C 6470

After hanging up the phone, Sister Sun immediately came to Lydia (Ava) (Charlie's mom)'s side and said respectfully: "Madam, Miss Ito should be on her way here. As soon as you arrive in Aurous Hill, you will have someone buy a house downstairs from Ito's house. It's really far-sighted."

Lydia (Ava) (Charlie's mom) smiled slightly and said: "I can't say far-sighted. I just really like this girl, so I decided to take one more step."

Sister Sun asked tentatively: "Madam, Miss Ito and Miss Sun , which one do you prefer?"

Lydia (Ava) (Charlie's mom) shook his head and said with a smile: "Sister Sun, you are making things difficult for me. Nannan is the baby girl I have chosen for charlie. She has been like my own daughter in my eyes since she was a child. , she has an aura in my eyes that no other girl has, and for so many years, everyone thought that charlie had been dead long ago, but Nannan and the entire sun family still adhere to the engagement. This is no longer true love in need. It can be described as well as she has become better and better over the years, so I naturally like her very much."

After saying that, Lydia (Ava) (Charlie's mom) couldn't help but sigh and said quietly: "But having said that, over the years, as a Bystanders, I watched charlie suffer, watched charlie suffer, and watched charlie reach the top step by step. To this day, if you ask me to objectively judge who is more suitable to join hands with charlie, I will not hesitate. Say, it's not Claire or Stefanie sun, but Nanako Ito!"

Hearing Lydia (Ava) (Charlie's mom)'s sigh, Sister Sun couldn't help but asked with a smile: "What about Claire of the Wilson family? What do you think?"

"Claire..." Lydia (Ava) (Charlie's mom) was silent for a moment and said seriously: "Some kind of To a certain extent, she is kind to charlie, but charlie has been married to her for four years, and she has never been pregnant or given birth to a son or a half, so I speculate that the marriage between the two should be strong on the outside and capable in name only. From what charlie did for her Judging from past events, charlie should be sincere to her. In this case, he is still in name only, so the problem should lie with Claire."

After saying that, Lydia (Ava) (Charlie's mom) added: "She must have her reasons . , I can't make any assumptions, but does this mean from another level that she doesn't love charlie that much, or does she not love charlie as much as charlie loves her?"

Sister Sun nodded: "Madam said Yes, my subordinates also think so. If Master charlie divorces Claire in the future, whether he chooses Miss Sun or Miss Ito, it should be excellent for him. It can be seen that these two girls love him very much. ."

Lydia (Ava) (Charlie's mom) nodded slightly, gave a wry smile with some emotion, and said: "Whether we leave or not, everything is charlie's choice. In the past twenty years, I have failed to fulfill my duties and obligations as a mother, and now I have even failed to do so. You don't have the right to dictate his choice of mate. You just asked and I talked about it, that's all."

Sister Sun nodded and couldn't help but sigh: "Actually, Zara from the Banks Family and Jasmine from the moore family are both chosen from thousands of miles away. There is nothing wrong with Helena from Northern Europe. Master charlie's compatibility with the opposite sex is indeed much better than that of ordinary people."

Lydia (Ava) (Charlie's mom) sighed softly: "These girls are indeed rare good girls, but I wonder if charlie's appearance will delay their happiness."

After saying that, Lydia (Ava) (Charlie's mom) added: "It is said that Guo Xiang in "The Legend of the Condor Heroes" met Yang Guo when they were in Fenglingdu and missed her for life, but If you think about it carefully, Guo Xiang is not the only one who was delayed by Yang Guo in this book?
