By / March 8, 2024

Early the next morning.

charlie Wade made an appointment with Nanako and drove to the Champs-Élysées together. He was going to send Nanako to the Mid-Levels Villa, where he would let Nanako concentrate on improving her control of spiritual energy, while he himself had to bring the completed oral liquid. Distribute oral liquid to all martial arts students.

At the same time, Steve Rothschild had already crossed the ocean on a private plane and was getting closer to Aurous Ling, with only a few hours of flight left.

When charlie Wade was still on the road, Hong Changqing said to more than 400 martial arts students who were practicing in the morning: "Everyone, let me tell you some good news. Master Wade will come over to meet you later. According to Master Wade, he gave You have prepared gifts and will give them to you personally later."

After hearing this, all the martial arts students were extremely excited.

Aurora, Xion, members of the Elms family, and members of the Wanlong Palace all knew that charlie Wade had a good medicine that could improve the cultivation of warriors. Although Maxton, who came from afar, lacked understanding of this, since she came to China, I have always been thinking about charlie Wade in my heart, and somehow I always look forward to seeing him.

Hearing that charlie Wade was coming here, Maxton was already feeling nervous and looking forward to it.

After charlie Wade sent Nanako to the Mid-Levels Villa, he brought the oral liquid to the Champs-Élysées. Don Albert and Isaac Cameron were already waiting outside the door. They also prepared a trolley in advance according to charlie Wade's request.

Seeing Isaac Cameron, charlie Wade smiled and asked him: "When did Isaac arrive?"

Isaac Cameron replied: "Back to the young master, my subordinate rushed back this morning."

charlie Wade nodded lightly and said, "It just so happens that today There is a dinner party at noon. When I finish my work here, you and Don Albert will join me." Don Albert

already knew that the second-in-command of the Rothschild family would be entertained at Tianxiang Mansion at noon today, but Isaac Cameron was not convinced. Nothing yet.

Hearing that charlie Wade wanted him to attend the dinner with him, he immediately said without asking any questions: "Okay, young master."

charlie Wade asked Don Albert again: "Has everyone gathered?"

Don Albert said hurriedly: "Everyone. I'm waiting for you at the martial arts hall!"

"Okay." charlie Wade nodded and said, "Hurry up and get there." Don Albert

quickly took the initiative to push the cart filled with oral liquid, and together with Isaac Cameron, followed charlie Wade there Martial Arts Hall.

At this time, in the martial arts hall, hundreds of martial arts students wearing uniform training uniforms were sitting cross-legged and waiting. Everyone was sitting horizontally and vertically, neatly, while Hong Changqing was sitting cross-legged on the teaching platform alone.

The moment Isaac Cameron pushed the door open, everyone looked sideways and saw charlie Wade walking in. Everyone immediately stood up in unison, stood up straight, and paid attention to charlie Wade.

Among them, the way Maxton looked at charlie Wade was full of surprise and excitement that could not be concealed.

Hong Changqing walked a few steps towards charlie Wade, came to charlie Wade, and said respectfully: "Master Wade, the disciples are waiting for you, please say a few words to everyone!"

charlie Wade nodded and walked up to the teaching platform. , said in a loud voice: “Everyone, the road to martial arts is a long one. My fundamental motivation for establishing this martial arts training base and inviting Master Hong Tian here to teach you is that I hope that through these efforts, I can To a certain extent, it will speed up your progress in martial arts. I wonder how you actually feel about this place after experiencing it personally for a period of time? Is this place helpful to your cultivation?” The people in the audience answered in

unison. : “Yes!”

Someone among them said loudly: “Not only yes, but it is of great benefit!” “

Yes! The improvement is indeed huge!”

”My personal understanding of martial arts has also suddenly become enlightened!”

Maxton among the people also said He mustered up the courage and said loudly: “After coming here, practicing can be said to be twice the result with half the effort!”

charlie Wade recognized her and asked curiously: “Miss Long, when you Taizhen Taoists were in the United States, you also practiced with Master Hong Tian. It’s the same here, why can you feel like you’re getting twice the result with half the effort here?”

Maxton didn’t expect charlie Wade to ask her questions, and said nervously: “Master Wade... I... everything I said is true, and it’s not rhetoric. So I feel that there are three main reasons for getting twice the result with half the effort.”

After saying that, she paused for a moment, gathered her thoughts and then continued: “The first reason is that when Tai Zhen Taoism was in the United States, the Master was not as good as he is now. Serious and responsible, the master at that time focused more on personal cultivation and rarely gave lessons to his disciples. Most of them gave the disciples the mental method and then let the disciples understand and practice on their

own. Occasionally, he would give some advice and advice to his direct disciples. Reminder, Master now has to teach every day, supervise our practice, and always pay attention to our practice progress, so the efficiency is naturally much higher...”

Hong Changqing explained with some embarrassment: “Master Wade...Taizhen Tao used to Some Buddhists, and their subordinates are indeed a bit undisciplined... But now these problems no longer exist!”

charlie Wade nodded with a smile, and asked Maxton: “What about the other two reasons?”

Maxton replied: “Second The first reason is that I feel that Master’s personal understanding of the mental method of “Taizhen Hunyuan Dao” has been greatly improved. His understanding has improved, and when he teaches it to us, our understanding will be better than before. Stronger;” m..cc

Hong Changqing quickly added: “Master Wade, thanks to you giving your subordinates the mental method of the last chapter of “Taizhen Hunyuan Dao”, these subordinates understand “Taizhen Hunyuan Dao” It has been of great help, and my level of enlightenment has also improved a lot!”

Maxton continued: “The third reason is that the atmosphere here is really stimulating. I used to be in Tai Zhen Dao, and I am a direct disciple. , their cultivation speed and understanding of martial arts are higher than those of their fellow disciples. Naturally, they are a bit more arrogant and complacent, so it is inevitable that they will slack off. However, I realized here that many people’s talents are actually different. They are much better than me, and they work harder than me. I realize that I am not the best, so I can only work harder to catch up with the gap. “

When charlie Wade heard this, he nodded slightly and said with a smile: “I thought Miss Long was just saying a few polite words, but after listening to it, I felt that she really spoke from the bottom of my heart. “

Don Albert took several martial arts students and quickly distributed a bottle of oral liquid to each person. Even Hong Changqing, who had already reached the Great Perfection of Ming Realm, got his share.

After waiting for it to be distributed, Charlie Wade said: "The medicine you are holding in your hands is specially used to strengthen the body and meridians. After taking it, it will be helpful to your cultivation. If you happen to be at the critical stage of realm breakthrough, , maybe we can achieve a breakthrough by relying on this bottle

of medicine." After hearing that it was a medicine that could improve their cultivation, everyone was particularly excited. For warriors, complete internal skills and mental methods as well as medicines that can improve their strength are the most precious. .

Many warriors have been practicing hard all their lives, but have never received any help from any elixir. Sometimes they can feel that they are only one step away from breaking through to the next level, but that kick, relying on their own abilities, is no matter what. Can't get kicked out no matter what.

Seeing that many people were holding the oral liquid and did not dare to take it in person, Charlie Wade said: "You can take the medicine now and see if it can be improved. If it happens to be during the critical period of improving the realm, it might be able to help. Let's all work together to break through a small realm."

As soon as Charlie Wade said this, everyone was even more excited. Many people were already eager to try it and were ready to take the medicine immediately.

Charlie Wade added at this time: "In the future, I will continue to provide the same medicinal solution to all students, no less than three bottles per person every year. Students who make rapid progress will also receive additional medicinal solution rewards. I hope everyone You can go all out to improve your cultivation as soon as possible."

Everyone was so inspired that they sat cross-legged on the ground and drank up all the medicine given by Charlie Wade.

Even Don Albert and Isaac Cameron, two people with little martial arts talent, were waiting expectantly for feedback from their bodies.

The concentration of active ingredients or elixirs in the medicinal solution that Charlie Wade prepared this time was not as good as the celebration wine prepared for the soldiers of Wanlong Palace after the victory in the Mexican

War, but for those at the scene who had not entered the dark realm, For a warrior, the effect of the medicine is still very significant.

However, this time, although the cultivation level has not changed much, the nature is completely different.

Originally, her other three meridians were like the soil in nature. With a little effort on her part, she could dig deeper and deeper until they were gradually opened like ants digging their holes.

This is also the underlying logic of a warrior practicing in the Ming Realm, which is to continuously work hard to open new meridians until all eight meridians are opened.

But Maxton's other three meridians have now been sealed by charlie Wade with spiritual energy. This is equivalent to replacing the soil with rocks, which is completely beyond the scope of the ant's ability. She has been trying hard during this period, but on the sixth The meridians showed no signs of loosening at all.

But now, after taking the medicinal solution given by charlie Wade, she felt that the medicinal solution was all acting on the five meridians she had opened, and no medicinal power could affect the blockage of the sixth meridian in the slightest.

While many people were cheering excitedly, Maxton was particularly depressed.

She realized that if charlie Wade didn't open his three meridians, no matter how hard he practiced, he wouldn't be able to enter the rank of a six-star warrior.

At a certain moment, she also thought about mustering up the courage to go to charlie Wade and beg him to show his kindness.

But when she thought about how arrogant and arrogant she had been back then, she resisted the urge.

As a result, her mood became even more depressed. She sat cross-legged on the ground, staring at the floor in front of her, feeling decadent.

Maxton suddenly heard charlie Wade's voice, and his whole body trembled, and he immediately looked up When charlie Wade was right in front of him, he quickly stood up and said respectfully and nervously: "Mr. Wade...Thank you Mr. Wade for the medicine. I...I feel very good...the five meridians have improved to varying degrees. , The strength has also improved..."

charlie Wade nodded slightly and asked her: "Have you adapted to the time since coming to Jinling?"

"Adapting..." Maxton said hurriedly: "Thank you Mr. Wade for giving me and Mrs. This opportunity for Zhendao disciples... everyone here... has made great progress..."

charlie Wade smiled slightly and said: "Miss Maxton, I have something to talk to you in private. You can follow me out. Let's go."

Maxton was a little nervous, but he still said very simply: "Okay, Mr. Wade!"

charlie Wade turned around and walked out of the martial arts hall, and took Maxton to the lounge next door.

Maxton came to charlie Wade with some anxiety and asked respectfully: "Mr. Wade...what orders do you have for your subordinates?"

charlie Wade said calmly: "Miss Long, to be honest, I didn't originally plan to do it so early. Just accept Taizhen Tao, but Miss Long and all the Taizhen Tao brothers have worked hard to protect my grandparents and their family, which really showed me your sincerity. Since Miss Long is sincere, I will naturally reciprocate the favor."

Maxton hurriedly said: "Mr. Wade, you are too polite... That is what subordinates should do..."

charlie Wade nodded slightly, and then said: "I think your current cultivation level is not enough to break through to a six-star warrior. However, you have already entered the mid-to-late stage of a five-star warrior. If I hadn't sealed your three meridians, you would have started to attack the sixth meridian now. Do you blame me in your heart?"

The Amazing Son In Law Chapter 6576

By / March 9, 2024

She didn't expect that just when she was despairing about her future cultivation, charlie Wade would open her sixth meridian so generously!

You must know that even if charlie Wade has not sealed his three meridians, he is not yet at the stage where he can break through to a six-star warrior. Even if he has reached the mid-to-late stage of a five-star warrior, it will take at least a few years to break through.

Yes, what charlie Wade did just now not only lifted the shackles of his own cultivation, but also directly saved him several years of hard work to break through!

Maxton, who was so excited that his face burst into tears, subconsciously knelt on the ground and said in tears: "Subordinate... I kneel down to thank Mr. Wade for your support..."

charlie Wade did not reach out to help her up, but said very seriously: "Practice well here. When the time comes, I will help you open the remaining meridians one after another. As long as you work hard enough, I will be like today. Instead of holding you back, I will help you break through at the critical moment."

Maxton was extremely grateful and said loudly: "Mr. Wade's kindness... I will never forget it! In the future, I will do my best to improve my cultivation, and everything will be done as long as Mr. Wade follows his lead!"

charlie Wade nodded slightly and said calmly: "You have been unwilling to take over the position of leader of Tai Zhen Dao before. In my opinion, the time is now ripe. Although your master is still the nominal leader, his energy has been scattered after all. It means that the Taizhen Tao has no leader. I think you will have a good chat with your master after today, choose an auspicious day, and formally complete the handover ceremony of the master in front of all the disciples of the Taizhen Tao."

Maxton immediately Said: “I obey! I will communicate with the master later and settle this matter as soon as possible!”

charlie Wade was very satisfied with her attitude and said: “Okay, you go back to the martial arts hall Well, by the way, tell Don Albert and Lao Chen that it’s time to set off, and I’ll wait for them here.”

Maxton said respectfully: “I obey your orders!”

The Amazing Son In Law Chapter 6577

By / March 10, 2024

At 10 a.m., a private jet converted from a Boeing 747-8 landed at Aurous Hill Airport.

After Steve Rothschild, the heir to the Rothschild family, arrived on the same plane with his entourage, they completed the customs entry procedures as quickly as possible.

The staff of the Rothschild family in China have been waiting here for a long time. Although Steve does not yet know when he will take charge of power, in the eyes of others, he is the true representative of the entire Rothschild family. He is the number two person, so I naturally respect him very much.

When Steve left the airport, there was already a fleet of Cadillacs waiting for state guests outside the airport.

These vehicles are all the same presidential cars ordered by the Rothschild family from the United States. Although they do not look as luxurious and luxurious as Rolls-Royce, the cost of each of these cars is more expensive than the Rolls-Royce Phantom. On many.

In fact, the money-making family has already abandoned Rolls-Royce.

Today’s Rolls-Royce owners are mostly young rich second generations, or young people who suddenly became rich by speculating in coins or self-media.

After Steve got into a lone explosion-proof Cadillac, he directly ordered the person in charge of the reception: “Go to Tianxiang Mansion.” The

person in charge rushed over from Eastcliff yesterday and was not familiar with Aurous Hill, but he went to Tianxiang Mansion. He had carefully studied the route, so he said without hesitation: "Okay sir, let's go directly to Tianxiang Mansion."

At this time, Tianxiang Mansion had suspended business, and the parking lot was guarded by dedicated personnel, and no cars were allowed in.

Don Albert drove charlie Wade and Isaac Cameron to Tianxiang Mansion first. After parking the car, charlie Wade strode into the gate of Tianxiang Mansion and said to Don Albert beside him: "Don Albert, you are the host, and we will be hosted by you later." You receive them here, and remember, no matter how many people come in their party, only Steve Rothschild can be allowed in."

"Okay Master Wade!" Don Albert nodded heavily, and then said: "Yes. Master Wade, the business car you asked me to prepare is already parked at the back door."

"Okay." charlie Wade smiled slightly and said, "Remember, you don't need to be too polite to this Steve, lest he really thinks What kind of distinguished guest am I? I can't figure out my position in my heart."

Don Albert nodded and said with a smile: "Master Wade, don't worry, Don Albert is sensible!"

charlie Wade greeted Isaac Cameron and said, "Old Chen, let's go to the private room and wait. "

Don Albert said hurriedly: "Master Wade, let me take you and Mr. isaac up!"

charlie Wade smiled and said: "This is not the first time here, so there is no need to bother."

Don Albert nodded: "Diamond box, you know Yes."

charlie Wade and Isaac Cameron stepped upstairs, while Don Albert stayed on the first floor to wait.

Arriving at the box, charlie Wade sat directly at the main seat facing the door, and then said to Isaac Cameron, "Old isaac, sit on my left." "

Okay, young master!” Isaac Cameron nodded respectfully, and then sat on Charlie Wade’s left and sat down.

Isaac Cameron, who had just rushed back to Aurous Hill today, did not know the intention of the Rothschild family. He asked nervously: “Master, is there anything I should pay attention to when meeting the Rothschild family?”

Attention?” Charlie Wade smiled and said: “There is nothing that requires special attention. Just remember not to take him too seriously.”

Isaac Cameron was slightly stunned, and then nodded heavily: “Okay, young master, I understand.”

Soon, a convoy of Cadillacs drove over from the intersection directly in front of Tianxiang Mansion.

When Don Albert saw the convoy, he asked the boy in the parking lot to lift the pole to let the convoy in.

After the convoy entered the parking space one after another, more than ten bodyguards in black suits immediately got out. As soon as they came out, they immediately surrounded Steve’s car with professional postures and looked around vigilantly.

The Amazing Son In Law Chapter 6578

By / March 10, 2024

One of the blond white men walked towards Tianxiang Mansion, and Don Albert also walked out to meet him at this time.

The blond white man looked like a CIA agent. He looked left and right vigilantly, and whispered through the walkie-talkie microphone he wore: “Everyone, stay where you are, be careful!”

After saying that, Don Albert had already arrived in front of him.

He looked Don Albert up and down and asked him: “Are you the person in charge of Tianxiang Mansion?”

If Charlie Wade had not greeted Don Albert in advance, Don Albert would probably have been intimidated by the posture of the man in front of him, but Don Albert already knew Steve’s identity and his upcoming trip to the dog

farm, so he didn't take the man in front of him seriously at all, and just said disdainfully: "Who is the person in charge? I am the boss here."

After that, Don Albert raised his eyebrows and asked him: "What about you? Are you the security captain of this motorcade?"

The man did not expect to be given the title of security captain, and said with some displeasure: "I am from the Rothschild family. Security consultant, once worked for c..."

"Stop talking." Don Albert stretched out his hand to interrupt him, and said calmly: "I came here in person just to meet a guest named Steve. Since you are not, there is no need. Stop talking nonsense with me. Our boss is waiting upstairs and told Steve to stop showing off in the car and get out of the car and follow me."

After that, Don Albert ignored the other person's annoyed look and continued. "By the way, he is the only one who can enter the gate of Tianxiang Mansion. No one else is allowed to enter, nor are they allowed to leave the parking lot." The

other party was already a little angry, and when he heard this, he became even more furious, and immediately said angrily: "You are just the owner of a restaurant. Who gave you the capital to talk to me like this? Do you know how important Mr. Rothschild's safety is?"

Don Albert said calmly: "Anyway, my boss is already waiting upstairs. Now, if your boss can't get up, just give him a quick message!"

Steve, who had been in the car, had listened clearly to the conversation between the driver and the bodyguard through the intercom system in the car. Don Albertdu said this, making it clear that he was not prepared to make any concessions, so he quickly opened the car door and walked out.

The safety consultant was about to argue with Don Albert when he saw Steve getting out of the car in person. He quickly turned around and ran towards him and said, "Sir, you can't go up by yourself, we can't guarantee your safety!"

Steve waved his hand: "It's okay. Since Mr. Wade is the host, safety is guaranteed. Just wait for me here."

The man hurriedly said: “Sir, this...”

Steve interrupted him: “Okay, needless to say. Yes, this is Mr. Wade’s territory. You must be respectful enough to ask your people to go back to the car and wait. You are not allowed to get out of the car until I come out.”

Steve knew very well that although the bodyguards he brought were all top agents, , but it was all for nothing in front of Charlie Wade, not to mention that they were not qualified to hold guns in China, and their actual combat capabilities were greatly reduced. Under this situation, if Charlie Wade really wanted to punish himself, it would make no difference whether they were there or not.

Instead of doing this, he might as well just go up and follow the boss of Tianxiang Mansion in front of him.

Seeing Steve’s insistence, the security consultant couldn’t say anything more, so he took off his walkie-talkie from his waist and handed it to Steve: “Sir, if you need anything, press the red button above and we will be there first.” It’s time!”

”No need.” Steve waved his hand: “If I bring this, Mr. Wade will definitely misunderstand me.”

After saying that, Steve didn’t say anything more to him and went directly to Don Albert. , said with a smile: “Hello, I am Steve Rothschild, please take me to see Mr. Wade!”

Don Albert nodded: “Follow me.”

Steve followed Don Albert into Tianxiang Mansion and all the way to the door of the diamond box.

The Amazing Son In Law Chapter 6579

By / March 10, 2024

The door of the box was open at this time, so he could see Charlie Wade sitting directly opposite the door at a glance.

So, he hurriedly greeted him with a smile, and said flatteringly: “Mr. Wade! I finally meet you again!”

charlie Wade nodded and smiled, and said: "Come on, Steve, sit down wherever you want."

Steve looked at Looking at the large round table with more than ten seats in front of me, I suddenly felt a little embarrassed.

He doesn't know much about Chinese people's eating habits.

This table is really huge. If you were to sit face to face with charlie Wade, you would probably have to speak louder. However, with such a big table and so many empty seats, if you forced yourself to sit in front of charlie Wade, it would indeed seem a bit too flattering. .

Just when Steve didn't know what to do, charlie directly patted the seat on his right and said with a smile: "Sit here, Steve. This table is too big, and it looks unfamiliar to sit on. Why don't we Just sit a little closer and look closer."

Steve nodded quickly and came to sit next to charlie Wade.

charlie Wade then pointed to the empty seat next to Steve and said to Don Albert: "Don Albert, sit next to Steve. It's so familiar." Don Albert nodded

: "Okay, Master Wade!"

After Steve sat down, charlie Wade said: "Come on, Steve, let me introduce to you. The person next to you is my subordinate and the boss of Tianxiang Mansion, Don Albert, Mr. Albert."

Steve He quickly said politely: "Hello, Don Albert!"

Don Albert smiled: "You are welcome, you are welcome!"

charlie Wade pointed to Isaac Cameron beside him and introduced: "This is the current butler of our Wade family. He is also the general agent of the Wade family, Isaac Cameron, Mr. isaac."

Steve nodded and said hurriedly: "Hello, Mr. isaac! Nice to meet you!"

Isaac Cameron also said very politely: "You're welcome."

charlie Wade continued He said to Don Albert and Isaac Cameron: "Don Albert, Isaac, this is the current heir to the patriarch of the famous Rothschild

family, Mr. Steve Rothschild. There is an introduction to him in the encyclopedia. You are all right.” Search and take a look.”

Both of them were very polite and said they were happy to meet.

Even though both of them were Charlie Wade’s subordinates, and Don Albert seemed to be a restaurant owner, Steve didn’t dare to show off at all, and said modestly: “It’s my honor to meet you two. You two will come to the United States. Please be sure to contact me and give me the opportunity to show my kindness as a landlord.”

Charlie smiled and said: “Steve is indeed hospitable and hospitable. I must have a few drinks later.”

After that, he said to Don Albert: “Don Albert, let the waiter serve the cold dishes and liquor first, and let’s chat while drinking.”

“Okay, Master Wade!” Don Albert hurriedly prepared the dishes, and the chef who had already prepared the dishes immediately asked the waiter to bring the prepared dishes. Cold dishes were served one after another.

Before Steve could recover, nine waiters came in one after another and brought eight cold dishes and a five-pound bottle of vintage Jin Jue Moutai.

Just when Steve looked at the huge white wine bottle with a stunned expression, the waiter had already filled the wine dispenser in front of him, and then poured him another glass of wine.

After the waiter left, Charlie Wade picked up the wine glass and said with a smile: “Come, Steve, welcome to China. According to our rules, let’s drink three glasses together first.”

Steve smelled the strong liquor taste, exclaimed: “This... the alcohol content of this wine is not low, right?”

Don Albert smiled and said: “Fifty-three degrees is high, a serious collection of Maotai.”

“Fifty-three degrees...” Steve was shocked, blurted out: “You don’t have to do anything, why don’t you just drink three drinks first?!”

charlie Wade smiled and said: “Guests can do as they please. Don’t think I’m bullying you on purpose. This is the rule here. At the beginning of the meal, everyone should drink three drinks together.”

The Amazing Son In Law Chapter 6580

By / March 10, 2024

charlie Wade did not lie to Steve. The three drinks at the beginning are almost the rules of wine bars in most cities in China. However, the selection is based on the average alcohol consumption in the region. The alcohol content and glass size will also vary.

For those with a high alcohol capacity, three glasses of high-quality liquor and at least one tael of base for each cup; for those

with a low alcohol capacity, three glasses of ordinary beer, each with at least 150 ml.

Steve also knew that charlie would not lie to him, but he still had some doubts in his heart, and murmured: “I...I have also accepted banquets from Chinese people...but...but I have never drank like this...”

charlie Wade smiled and said: “With your status, how could anyone who invited you to dinner dare to force you to drink? Even if there is such a rule, I will never mention it when I meet you.”

After saying that, charlie Wade changed the subject and spoke Said: “I’m different. I don’t ask you to do things, I don’t ask you to borrow money, and I don’t rely on you for support. Then how can I break the rules for you, don’t you think so?”

Steve thought about it , charlie Wade is indeed right. In the United States, the people he meets around him feel that they are lower than him, and they are naturally respectful to him. At the wine table, if he does not raise a glass to propose, no one will dare Move the wine glass, so no matter what the rules are, they can’t compete with your own rules.

But charlie Wade was different.

If you are trying to please him, you will naturally follow his rules.

Thinking of this, Steve quickly said: "It's all my fault that I didn't understand the rules of the Chinese wine table before. In this case, I will follow the local customs and drink whatever you say!"

charlie Wade nodded, picked up the wine glass, He said with a smile: "Let's serve three glasses of wine together. As the saying goes, if the relationship is deep and boring, let's pick up the empty glass and put it down. After drinking three glasses, we can play freely."

Steve looked at the bottle with a capacity of about 20 ml. Holding the wine glass, I secretly thought to myself: "With such a strong wine, if you don't even add ice cubes, wouldn't it burn your stomach if you drink it directly?"

While thinking about it, charlie Wade had already picked up the wine glass and said very cheerfully: "Come on, everyone. , the first glass, done!"

Don Albert and Isaac Cameron quickly picked up their wine glasses, bumped into charlie Wade's wine glass, and shouted: "Drinked!"

Steve was a little frightened, but he could only imitate. In this way, he clinked glasses with the three of them and said bravely: "Okay! Let's do it!"

charlie Wade, Don Albert, and Isaac Cameron all drank it in one gulp. Although Steve was not used to this way of drinking, he was decisive. Swallowed.

charlie Wade nodded with satisfaction, picked up the chopsticks, and said with a smile: "Come on, come on, let's use the chopsticks together. After eating a few bites of food, let's have a second cup."

Steve had no choice but to say like charlie Wade That way, guests do as they please.

After three rounds of white wine, Steve was already a little dizzy. In fact, he was not a bad drinker. He usually drank strong alcoholic beverages such as cognac, whiskey, and vodka, but he had never tried this kind of anxious drinking method.

At this time, charlie Wade looked at Steve and asked curiously: "By the way, Steve, what are you going to do when you come to Aurous Hill this time? I am also considered a local snake in Aurous Hill. If you tell me, I might be able to help." It's you."

When Steve heard this, he felt happy.

When he came to Aurous Hill, he was actually blind. After all, the Hogwitz family had sent people to look for him, but all the clues were interrupted. After searching for a long time, they finally returned without success.

This time, he originally wanted to seize the time and come first, so as to give the old man Howard a good impression and make him feel that he took this matter very seriously.

But he didn't know exactly how to find the father and son. He could only come to Aurous Hill first and pay a visit to charlie Wade.

Now that charlie Wade has offered to help, it is of course the best thing for him.

So he said to charlie Wade: "Mr. Wade, to be honest, I came to Aurous Hill this time to find someone."
