By / March 28, 2024

When Jacob was sent home, he was so drunk that he was almost unconscious.

When charlie Wade took him from Xiao Wu's hand, he originally had thick eyebrows and big eyes, but he could only open his eyes a thin slit even though he tried hard, plus he had a red face and a facial expression that looked like a smile but not a smile. , just like the obscene perverts in Japanese adult movies.

Seeing charlie Wade come out to pick him up in a daze, the drunk Jacob said with a smile: "Good... good son-in-law... your father and I are so... so... so honorable today!"

charlie Wade was helpless. He shook his head and said, "Dad, if you drink too much, go back and rest quickly. Don't wake mom up. I will definitely come down and scold you when I see you like this." "

Scold me?" Jacob glared and snorted coldly. He said: "I...I'll give her some courage...courage!"

charlie Wade patted his back and whispered: "Keep your voice down, mom is full of courage, why do you need to give her some courage? In your current situation , if she really attacks you, you can't beat her."

Jacob, who was still drunk just now, felt a sudden rush of cold air from Tianling Gai, and his whole body shivered subconsciously, and then quickly changed his words: "Okay... A good man doesn't... don't fight with women! You... you take me back... to my room, and we both keep a low... low profile!"

charlie Wade hummed, helped him into the villa, and then sent him back The room settled down.

After doing this, charlie Wade came out of the room, just when the phone rang. Seeing that it was Helena calling him, he realized that Zhou Liangyun's return to China might be approaching, so charlie Wade returned to his room and answered the phone .

Helena's voice rang on the other side of the phone, and she said respectfully: "Mr. Wade, I'm not disturbing your rest at this late hour, right?" "

No.” charlie Wade asked her with a smile: “How is the situation over there?”

Helena Helena said hurriedly: “I’m calling you because I want to report the recent situation to you.”

After saying that, Helena said again: “There are many things that may take up a little bit of your time. Is it convenient for you? If it’s not convenient, I will make an appointment with you at another time.”

charlie Wade said: “It’s okay, it’s convenient for me, you can tell me.”

Helena said: “Then let me tell you something clear about the situation first. The first one is Mr. Zhou’s identity. It is no longer resolved. According to his personal wishes, I asked someone to help him order a flight for tomorrow morning. There is no direct flight from Osu City to Aurous Hill, so he has to transfer twice. It takes almost 24 hours to arrive in Aurous Hill, which is Aurous Hill the day after tomorrow. In the afternoon.”

After saying that, Helena explained: “You previously requested that Mr. Zhou be given a reasonable identity as an ordinary person, so I did not arrange a business jet for him here, and the journey will be a little harder.”

”Okay . . .” charlie Wade said understandingly: “Returning to China is the last step for Uncle Zhou to get out of this disaster. It’s better to work harder than to make trouble. You can send me the flight number later and I will pick him up at the airport.”

Helena said: “That’s it, Mr. Wade, what Mr. Zhou means is to try not to let me tell you his flight information. He said that you are still very influential in Aurous Hill. If you go to pick him up, or have some influence on him after he arrives in Aurous Hill, If you take care of him, many people will pay extra attention to him, so his idea is to go to Aurous Hill to settle down quietly first, and after he settles down, he will find an opportunity to contact you.”

charlie Wade hesitated for a moment, and then clicked lightly. nod.

Aurous Hill is not a very big place. Although most people here do not know their identities, there are indeed many who know Master Wade. There are tens of thousands of Don Albert’s little brothers alone. As soon as one of them meets someone who goes to the airport to pick up a stranger they are

not familiar with, even if they have no ill intentions, they will definitely be curious about that person.

Thinking about it this way, it would be better for me not to get involved for the time being, and then contact me after he has settled down. I can ensure that he has peace of mind by quietly taking care of and protecting him in Aurous Hill.

So, he said to Helena: "Since Uncle Zhou has made a decision, let his thoughts prevail on this matter."

Helena said simply: "Okay Mr. Wade, I will follow up next. Tell me about the AI model. Howard of the Rothschild family has personally delivered 40,000 graphics cards. Microsoft's data center in Northern Europe has also begun the handover work. They will migrate the data as quickly as possible. Go to other data centers, and we can use it normally after that."

After that, Helena added: "But there was a small episode in this matter, that is, Nvidia just released the latest computing chip b100 two days ago. The performance is much better than the h100 we ordered, and it can be regarded as a product of the next era, so I talked with Howard and asked him to take advantage of the b100 before it is officially launched, seize the time and use his connections to order one from Nvidia. Approval, at least ensure that we can get 20,000 pieces within the first quarter of b100's official launch."

charlie Wade asked: "What did Howard say?"

Helena said: "Of course he, an old fox, is not willing, b100 The computing power is a qualitative improvement compared to h100. Many AI companies and powerful Internet companies in the industry have already held the currency and are waiting. He said that he has already taken so many h100 through special relationships, so b100 is really embarrassed to speak out. Yes."

charlie Wade smiled lightly and said, "Why are you so embarrassed to speak? It's just that the terms have been negotiated in advance and he doesn't want us to increase the price temporarily."

"Yes." Helena said, "Howard is the shrewdest person in the world. Businessmen, these days, they have made a lot of money from NVIDIA stocks. After NVIDIA's b100 is launched, their income will soar rapidly. Getting 10,000 more graphics cards is not a big problem for him. , but he just doesn't want to raise the price now."

charlie Wade smiled and said: "This matter is actually easy to handle. We can't simply increase the quotation, but also increase the value of our target appropriately. So, you tell him, if He can solve 40,000 b200 to Northern Europe, and then give him an extra quarter of the pill. After calculation, he will have three-quarters of the blood-spreading and heart-saving pill."

Helena smiled and said: "I believe it He will definitely not refuse, and he will definitely be very positive."

charlie Wade sighed: "It's just a pain for his son Steve. This guy just arrived at Aurous Hill to pay homage to the dock. When he returned, he found that his father was getting stronger. You will hate me like crazy."

Helena quickly asked him: "Mr. Wade, if this Steve jumps over the wall in a hurry, will it bring any risks to you?"

charlie Wade smiled: "If he really jumps over the wall in a hurry, he will definitely He will find a way to kill his father instead of me. After all, he is jumping over a wall, not a building, and he will not seek death on his own."

The next day, Jacob slept until three o'clock in the morning.

Although Elaine didn't drink, she had recently become obsessed with watching live broadcasts and short videos on her mobile phone, so she didn't get up from bed until after ten o'clock. /

Originally, charlie planned to go to the mountainside villa in Champs-Élysées today to continue to help Nanako and improve her mastery of spiritual energy. However, because Claire was arriving in Aurous Hill this afternoon, charlie planned to go to Aurous Hill today. Go and wait at home until it's time to pick her up from the airport.

Elaine was sleepy, rubbing her eyes and holding her mobile phone. She walked out of the elevator. Seeing charlie cleaning up the living room, she asked him curiously: “Good son-in-law, why didn’t you go out today? Usually at this time Aren’t you going out to discuss business with clients?”

After saying that, she asked with some nervousness and concern: “My dear son-in-law, is it difficult to do the Feng Shui business recently? Will it affect our family? Live a normal life, right?”

charlie said with a smile: “Mom, you are overthinking it. It’s not that business is not good, it’s that I turned away all the work today.”

”Oh my god!” Elaine said with some pain: ” My dear son-in-law, can’t you keep up with the accounts? You just go to see a customer and place an order, which costs tens or even millions, but you don’t earn so much money and just clean the house. Isn’t it a big loss? You might as well go out and earn your tens or millions, and give your mother 1%, which is thousands or tens of thousands of dollars. She will help you clean the house at home and make sure it is spotless!”

charlie She smiled helplessly and said: “Mom, the reason why I didn’t go out today is because Claire will be back in the afternoon. I cleaned up the house and picked her up at the airport when the time was almost up. She has been in the United States for such a long time. I We can’t let her see the house in a mess as soon as she comes back.”

When Elaine heard that Claire was coming back, she cheered excitedly: “Oh, Claire is coming back? Is Claire really coming back? ? I miss her so much!”

charlie nodded and said: “Claire got on the plane a few hours ago, and it will be there in another six or seven hours. I guess it will be around four or five o’clock in the afternoon. It will be just right. In time for dinner.”

Elaine hurriedly scolded: “This girl only has you as her husband in her heart, and she doesn’t even have me as her mother. She didn’t even tell me such a big thing when she came back.”

After saying that, she saw charlie He was mopping the floor and hurriedly stepped forward and said: “My dear son-in-law, the house has been a bit messy recently. It’s all my fault that my mother didn’t bother to clean it up. Of course, there is also that old dog Jacob who leaves early and comes home

late all day long. What kind of work is there at home?" If he doesn't do it, those who don't know think he is raising his mistress outside. Come on, good son-in-law, just give mom the mop and she will clean it up."

charlie said: "Mom, why don't you go clean up the kitchen? Just leave it to me in the living room."

"That's okay!" Elaine nodded: "Two of us will clean up together, it will definitely go much faster."

After that, she cursed unhappily: "That bastard Jacob, is Didn't he go out again? He didn't do anything all day long, he just spent time in that bullshit calligraphy and painting association. He didn't know if there was his little lover or his old sweetheart there.

Just as he was talking, Jacob wandered from upstairs He walked down leisurely, looking listless and yawning again and again. It looked like he hadn't completely sobered up yet.

Elaine and Jacob had been separated for a long time, so she thought Jacob had gone out long ago. When she saw him coming down from upstairs, she immediately mocked: "Hey, why didn't Vice President jacob go to the Painting and Calligraphy Association today? Isn't that where you usually run most actively? What? People found you out to be a liar and kicked you out? "

When he heard Elaine speak, Jacob's expression seemed as if he suddenly had a migraine, his mouth was crooked and his eyes were about to burst.

He stretched, patted his face with both hands, and then said disdainfully: "Elaine, You can also have a good time. Why, it feels good to make fun of me, right?

Elaine curled her lips and said, "How can I be calling you a sarcastic comment? " What I said is obviously the truth. If others don't understand you, Jacob, can I still not understand you? Tell me what your real talents are? Your little research on calligraphy and painting is worse than a stall selling fake antiques in the antique street. You still have the nerve to be the executive vice president of the Calligraphy and Painting Association. I don't know which of the presidents of this calligraphy and painting association is blind. Eye, let you, the second-hand swordsman, be the second-in-command. When he suddenly calms down one day, you may have to pack your things and leave. "

Jacob said proudly: “Elaine, Elaine, your wishful thinking is probably going to come to nothing. Our President Pei is seeking a promotion recently. Once he gets promoted, the position of President of the Painting and Calligraphy Association will be mine. At that time, my second-in-command will no longer be the second-in-command, but become the first-in-command! “

”I bother! “When Elaine heard that Jacob had a chance to be promoted, he immediately scolded angrily: “Jacob, are you worthy of being the president of the Painting and Calligraphy Association? Don’t even urinate and take a look at yourself to see if you are worthy! “

Jacob picked up the water glass and took a glass of water for himself. While drinking, he shook his head and said: “If you let me be the president, it must be what everyone expects. In the entire Calligraphy and Painting Association, no one dares to say that I, Jacob, am half-bad, not even President Pei! Otherwise, the higher-ups could have sent us to South Korea for exchange some time ago. Why didn’t they send you, Elaine, to go to South Korea for exchange? Ma

Lan said disdainfully: “That’s the circle that your grandma Ma always hangs out in. If I join that circle, if Aurous Hill organizes an exchange trip to South Korea, I will definitely have a place!” “

Jacob rolled his eyelids and asked with wide eyes: “Just you? I asked you to go to South Korea for exchanges. What would you communicate with people in South Korea? Do you want to exchange insults with Korean vixens? You don’t understand the language either! Think about it for yourself, what advantages do you have when you come to Korea to communicate and curse? Besides saying ‘Assi’, what else can you say?”

Elaine scolded: “I still talk about Bagaya Road! “

Jacob sighed: “Tsk, that’s Japanese, silly! ”

Elaine was furious. She took the broom from charlie and threw it at Jacob. Jacob barely dodged it and walked out while cursing: “Crazy woman, I don’t know the same level as you. I’ll go to the meeting.” Gone for tea!

Elaine scolded: “Jacob, come back here! “

Jacob curled his lips: "I won't listen to you. Bye bye! "

Elaine gritted her teeth and said, "My daughter came back in the afternoon, and you still ran out. What's the matter? Do you want to leave this house and live alone?"

Jacob was startled and asked in surprise: "My daughter came back in the afternoon. Is it true? "

Elaine said: "Of course it's true. Didn't you expect that your son-in-law didn't go out today?"

Jacob nodded and asked charlie: "Good son-in-law, when will Claire arrive in Aurous Hill?" "

charlie said: "It's like four-thirty or five o'clock.

Jacob said: "It's still early. It's okay. I'll go to the meeting first. I'll come back early to pick you up in the afternoon. Let's go to the airport together. " "

charlie said, "Dad, if you have something to do, go ahead and get busy. It's okay for me to pick up Claire alone in the afternoon.

Elaine immediately said: "No! " Claire has been away from home for so long this time, so we all have to go to the airport to pick her up! "

Jacob had no choice but to say: "Then as I said just now, I will go to the meeting first. I will pick you up at three or four o'clock in the afternoon, and we will go there together.

Elaine asked angrily: "Jacob, no matter what you say, it won't work, right?" You have to go to that shabby calligraphy and painting association today, right? If you say you must go today, then I will go with you. Aren't you the executive vice president? Aren't you about to be promoted to president? As the current wife of the executive vice-president and the future wife of the president, there's nothing wrong with me coming over to see you, right? "

When Jacob heard that Elaine said that she was going to the Painting and Calligraphy Association, his liver trembled with fright. He didn't want a shrew like Elaine to go to the Painting and Calligraphy Association to embarrass himself, in case the people below him talked about it behind his

back, saying I am such a good person, why did I find such a shrew as my wife? Wouldn't I lose all my face?

Thinking of this, he had no choice but to say: "Forget it, then I won't go. Isn't that okay if I don't go? The three of us will just sit at home and stare at each other until four o'clock in the afternoon, and then we will go together." Going to the airport, this is no problem, right?"

Elaine asked him back: "What? Is it so difficult to take me to your meeting? How clueless am I?"

Jacob collapsed and blurted out: " Oh, you! Why are you looking for trouble over and over again? It's never over, isn't it? You asked me to stay at home, and I agreed to stay at home, can't I still satisfy you?"

Elaine asked coldly: "What are you doing ? What's your attitude? Are you impatient with me? Oh, now that you're going to be the president, it's not time for you to be a coward and be ridiculed by the old lady and Xiao Changgan's family, so you don't look at me seriously now. Are you holding me back?"

Jacob defended awkwardly: "I didn't mean that, you said it yourself."

Elaine asked: "Then what do you mean?"

Jacob felt dizzy. She blurted out: "I don't mean anything! I'm just telling you that I won't go to the meeting. I'm waiting at home to pick up my daughter from the airport."

Elaine hugged her shoulders and sneered: "Oh! You don't feel that it means anything now. What are you going to do? Did you give up after the beginning of chaos?"

Facing Elaine's crazy output, Jacob was almost crying, and quickly explained: "I...I didn't have it, what did I say?"

Elaine looked at charlie , he said aggrievedly and angrily: "Good son-in-law, you are here to judge. How can I live a good life with him Jacob for so many years? He is now awesome and wants to be the president. He feels that I, my wife, have disgraced him. , isn't this the contemporary Chen Shimei?"

Not to mention Jacob's big head, charlie couldn't resist it at all, so he hurriedly said: "Mom, I remember there is something urgent to deal with. How

about this, you and dad rest at home, I'll go first I won't be back in the afternoon to do some work. I will take a taxi directly to the airport. Then dad will drive you to the airport to meet me, and we will pick up Claire and come back together." With that,

charlie walked quickly to the gate.

When Jacob saw that charlie was leaving, he was even more panicked and said quickly: "My dear son-in-law, don't leave. Please stay with us!"

"No, dad, it's really an emergency." charlie said, while After changing his shoes, he turned around and said, "By the way, don't cook tonight, let's go out to eat! That's it, see you at the airport in the afternoon!"

Although charlie Wade had long been accustomed to weird things like Elaine and Jacob, it was still very uncomfortable to the senses if he really went deep into the center of the whirlpool, and even caused physical discomfort.

Therefore, leaving quickly at this time is the best choice for him.

After charlie Wade left home, he felt like he had nowhere to go. The journey to the Champs-Élysées was quite far, and it took up too much time to go back and forth.

When I was bored, I suddenly thought of Lin Wan'er, so I called her.

When the call was connected, Lin Wan'er asked curiously: "Why did you call me at dinner time? Could it be that you want to treat me to dinner?"

charlie Wade smiled and said, "I don't know what to do myself. Since you said so, , then let's go out and have lunch together!"

Lin Waner (Alani) said with a smile: "Since the young master has nothing to do, why not come to the slave's house to have a meal. The weather is getting cold, and the slave's family is preparing to cook a side stove in the yard. If the master comes, The slave family asked Sister Xian to prepare an extra pair of bowls and chopsticks and some ingredients."

"Okay!" charlie Wade said without thinking: "It just so happens that I can return the car that Sister Xian borrowed from me last time. Wait for me. I'll do it right away. Come over here!"

After saying that, charlie Wade hung up the phone and left Tomson Yipin in the Rolls-Royce he drove from Purple Mountain Villa.

When they arrived at the small courtyard where Lin Wan'er was, Sister Xian had just delivered the ingredients and was about to go out. When she saw charlie Wade, she said respectfully, "Hello, Mr. Wade."

charlie Wade nodded slightly, handed the car key to Sister Xian, and said, "Xian Sister, I've brought the car back and parked it in the parking lot at the door. I'll give you the key."

Sister Xian said, "If Mr. Wade needs it, just drive it and use it. There's no need to return it."

charlie Wade smiled and said, "I still don't. I'm so used to driving such an expensive car, it's a bit too high-profile."

After hearing this, Sister Xian said no more. After taking the car key, she respectfully said to charlie Wade: "Mr. Wade, your tableware and ingredients have been prepared. Okay, I won't disturb you and the lady for your meal."

charlie Wade nodded: "Thank you, Sister Xian."

Sister Xian walked away, and charlie Wade saw Lin Wan'er and the tables, chairs and tableware she had prepared in the courtyard. The beautiful The small solid wood table is paired with two huanghuali chairs. All kinds of beautifully plated high-end ingredients are placed in an extremely orderly manner on the table and the small cabinets next to it. Coupled with this antique courtyard, everything looks so... Perfect fit.

charlie Wade looked at the impeccable scene in front of him and sighed: "Ms. Lin's aesthetics are indeed amazing. If you open a restaurant, even if there is not a single dish in the restaurant, you will probably get one Michelin star just for the environment. ."

"It's only one star." Lin Wan'er stuck out her tongue, and then said with a sweet smile: "Master, please take a seat, it's almost time to start eating."

charlie Wade nodded and sat down opposite her.

Lin Wan'er took the empty bowl in front of charlie Wade, made it into a bowl of soup for him, and said with concern: "Sir, this is fish maw chicken soup, drink some while it's hot."

charlie Wade took the bowl and said thanks, She asked her: "Why is Miss Lin so leisurely today, eating hot pot by herself?"

Lin Wan'er said with a smile: "I have nothing to do every day, so I like this kind of thing to kill time."

Then, she asked charlie Wade: "Young master, your hands and eyes are all over the sky in Jinling. Why can't you have a place to eat alone at noon today?"

charlie Wade said truthfully: "My father-in-law and my mother-in-law were quarreling at home, which really affected my mood, so I came out." "

It turns out . So." Lin Wan'er nodded, and then said: "By the way, the young master didn't go to the Champs Elysées today?"

charlie Wade said: "My wife will be back this afternoon, and I have to pick her up at the airport and go around the Champs Elysées. It's a long way around, wasting time."

The Amazing Son In Law Chapter 6626

By / March 30, 2024

Lin Wan'er felt a little disappointed when she heard that Claire was coming back.

She knew that charlie Wade would definitely have fewer opportunities to come to Purple Mountain Villa in the future, and her chances of meeting charlie Wade would naturally be greatly reduced.

However, she did not show it, but asked calmly: "I wonder how the master's progress is at Champs-Elysees? Can the progress of those warriors be recognized by the master?"

charlie Wade explained: "Where is the progress? Most people's cultivation speed is within the normal range."

After saying that, he suddenly thought of Ito Nanako, so he said: "By the way, there is one thing that I haven't synchronized with Miss Lin yet. I wonder if Miss Lin knows about Ito Nanako?"

Lin Wan'er (Alani) smiled. Said: "I know, what happened to the Japanese girl next to the young master?"

charlie Wade said: "Nanako realized the Tao a few days ago."

"Enlightened the Tao?" Lin Wan'er (Alani) was slightly startled, and then asked: "Mr. Wade means enlightenment. What way do you understand? Is it true energy or spiritual energy?"

True energy is the way of martial arts, and spiritual energy is the true way of cultivation.

However, although there are huge differences between the two, everyone's opinions are consistent. The formal entry point is called "enlightenment".

charlie Wade said at this time: "Nanako has mastered the spiritual energy."

Lin Wan'er couldn't help but exclaimed: "Mastering the spiritual energy, is it true or not?"

charlie Wade said firmly: "It is true."

"Lin Wan'er (Alani) said with a sigh and envy: "Miss Ito is so young, she didn't expect to have the talent for enlightenment. What's even more unexpected is that she is actually Japanese."

After that, she asked charlie Wade doubtfully: "Nanako's enlightenment is the result of the Young Master Gang. Are you doing any favors?"

charlie Wade shook his head and said, "I didn't help him. It was an eminent monk from Qixia Temple who enlightened her and made her realize enlightenment by mistake."

"A eminent monk from Qixia Temple?"

Lin Wan'er heard this. After saying this, I immediately thought of the false teacher I had met twice.

Originally, she wanted to tell Charlie Wade to let him know that she had met the other person, but thinking about it carefully, she couldn't even figure out the other person's identity. If she told Charlie Wade directly, it would probably bring a lot of trouble to Charlie Wade. Psychological pressure, it is better not to say anything than to do this or that.

Charlie Wade didn't know that Lin Wan'er had already been to Qixia Temple and had seen the false teacher's wife at Shiwanda Mountain that day.

He answered Lin Wan'er's question: "A few days ago, a mage came to Qixia Temple. He is very knowledgeable about Buddhism. This mage has already realized the Tao. By chance, Nanako went to Qixia Temple to ask for an amulet from him. She saw that Chucaicai is very talented in enlightenment, so he helped her."

Lin Wan'er (Alani) pretended to be curious and asked: "The enlightened mage? This is the first time I have heard of this. Do you know the name of that mage??"

Charlie Wade then said: "The other person's name is Master Jingqing. It is said that he is the master who has the deepest understanding and understanding of Buddhism in these years."

"Master Jingqing..." Lin Wan'er (Alani) nodded lightly. As for the lecturer, he actually I don't know the identity of the other party, but fortunately, the words 'Master Jingqing' should not be false.

Lin Wan'er was secretly happy. In her opinion, it was unlikely that an enlightened monk suddenly gave Nanako Ito random guidance and helped her to achieve enlightenment. It must have been specially arranged by someone, and she could not find the way to trace the origin of the false teacher Taichi. Master Jingqing may be a good breakthrough point for the identity information of the mastermind behind it!

The Amazing Son In Law Chapter 6627

By / March 31, 2024

Finding out the true identity of the false teacher's wife was Lin Wan'er's thought buried deep in her heart, so she didn't even tell Charlie Wade, she just smiled and sighed: "Miss Ito has such a good fortune, it is not only her blessing, but also the master's luck. Mr. There has never been anyone around me who can enlighten and master spiritual energy. This time Miss Ito has

successfully enlightened. In time, she will definitely be of great help to the young master.”

charlie Wade smiled and said calmly: “I don’t expect her to help me. What to do, it’s just that after she realized the truth, besides being happy for her, I also felt excited about having a companion when walking alone in the dark forest.”

Lin Wan’er nodded with understanding and murmured with emotion: “The slave family has lived so well. It was not until the moment when I opened my heart to him for many years that I had the feeling that he mentioned.”

After saying that, a trace of loneliness flashed across her expression.

Before meeting charlie Wade, she had never had any expectations for enlightenment.

In the early years, she still thought about one day being able to avenge her father, but later on, she no longer expected to be able to kill Sara with her own hands. She just felt that she could live a good five hundred years of life and live up to her father’s expectations for her. .

But after meeting charlie Wade, deep down in her heart, she had vague extravagant hopes and expectations for enlightenment.

However, she also knew very well that she did not have the talent for enlightenment, and the Eternal Green Pill could not help her make any progress in enlightenment. She thought that there was no hope of enlightenment in this life.

It was precisely because of this that she felt lonely in her heart.

In order not to let charlie Wade notice, she deliberately changed the topic and asked: “Sir, how is the progress of the Nordic AI model?”

Fortunately, the scolding war between the two has remained in a stable situation of mutual ridicule and has not escalated further. On the whole, Elaine naturally has the upper hand, but it is still within Jacob’s tolerance.

After Jacob finished his lunch, he put down his chopsticks and packed the lunch box while saying without raising his head: "My son-in-law sent a message, saying that my daughter's plane will land at three o'clock in advance, and we will go out at two o'clock."

"Elaine muttered: "Why are you leaving so early? My daughter is coming back from abroad. She has to go through customs after getting off the plane. It's very slow. It'll be good if she can get out at 3:30. I'll go up and take a nap for a while. Let's set off again at 2:30. ."

After saying that, Elaine turned around and left the restaurant without looking back: "Pack up my takeaways and throw them away together."

Although Jacob had ten thousand complaints in his heart, he didn't say anything else, feeling depressed. The head then put Elaine's leftover lunch box into the trash can.

Elaine left, and Jacob sat alone on the sofa. The hangover had gradually subsided, and his mood became worse and worse as the alcohol disappeared.

Being complimented at the wine table can only make you happy for a while, but if your sweetheart follows someone else, you may be in pain for the rest of your life.

He couldn't help but recall the time when Matilda had just returned to China. During that time, Elaine disappeared from the world. Not only did he go to the airport to greet HMatilda, he also had meals with her, attended class reunions, went back to his alma mater to revisit, and even invited her to Come over for a meal at home.

At that time, she and I were having a very hot and passionate affair in the restaurant. If the children hadn't been outside, the kitchen would have turned into a fierce battlefield.

When he thought of this, Jacob spread his hands and kept slapping his knees with the back of his hands. His expression looked like he had eaten a lemon, his facial features were twisted into a ball, and he was filled with sadness.

After finally staying up until half past two, Elaine changed her clothes and walked out of the elevator after catching up on her sleep. When she saw

Jacob still sitting on the sofa, he immediately asked: “Jacob, why haven’t you been here yet?” Wash and change clothes? You have to go out to pick up your daughter!”

Jacob came to his senses and said dejectedly: “Oh, why did you pack up so neatly when you went to pick up your daughter? You just left.”

Elaine cursed and said: “What have you done these two days? What’s going on? It’s like my mother is dead. Is she doing something useless outside?”

Jacob immediately retorted: “What nonsense are you talking about! I didn’t do anything that is useless.”

Elaine muttered: ” I don’t think you have the courage.”

After that, she looked at the time and urged: “Okay, let’s go quickly, we will be delayed in picking up my daughter!”

Jacob stood up, took the car key, and went out with Elaine. .

Arriving at the Cullinan, Elaine subconsciously got into the passenger seat. After Jacob got in the car, he opened the navigation and chose the fastest route to the airport.

The car drove out of the community and onto the airport expressway. Since it was not yet the rush hour, the road conditions were relatively smooth. Elaine in the passenger seat was in a particularly good mood. Claire was not at home. She usually had no one to talk to. charlie Wade leaves early and comes home late. As for Jacob’s husband, it makes no difference whether he has her or not.

Jacob was preoccupied, and his mind was filled with the fact that HMatilda was about to get married, and he was in a daze.

At this moment, a call suddenly came in on his mobile phone. Since the mobile phone was connected to the car’s Bluetooth, he could see on the dashboard that the caller was Xiao Wu from the Painting and Calligraphy Association.

I drank too much last night, and the further things go, the less I remember. I was a little confused when I came back last night, so I completely

forgot about Xiao Wu bringing HMatilda's wedding invitation to him, so Without thinking much, he directly pressed the answer button on the steering wheel.

On the other end of the phone, Xiao Wu's flattering voice came: "Vice President Jacob, it's me, Xiao Wu, why didn't you come to the meeting today? Did you drink too much last night?"

Jacob hummed listlessly. Said: "I drank a lot last night, and I still have a headache. What's wrong? Is something going on at the meeting?"

"It's okay." Xiao Wu said quickly, "I'm just worried that you'll feel uncomfortable after drinking too much, so I'm calling you to ask. If you have anything that makes it difficult for you to drive today and you need me to drive for you, please feel free to say a word!"

With that, Xiao Wu didn't wait for Jacob to speak, and quickly said: "By the way, Vice President Jacob, my wife has learned some Chinese medicine at home, and she has a formula for sobering up and a formula for nourishing the liver, just like yours. People who drink frequently need to take good care of their livers. If you don't mind it, I'll ask my wife to make the decoction at home and deliver it to your home later!"

Although Xiao Wu did not attend yesterday's dinner, But while driving President Pei and Jacob home, he listened to the two drunken men chatting all the way.

The two drank too much and had no one to talk to, so they called each other brothers and confided in each other all the way.

Xiao Wu learned from the conversation between the two that President Pei was seeking promotion, and that Executive Vice President Jacob was the best candidate for the next president. With President Pei's full support, the chance of being elected was naturally very high. big.

Moreover, Xiao Wu sent Jacob home yesterday and knew that Jacob actually lived in the top-notch Tomson first-class villa, which gave him a deeper understanding of Jacob's financial resources.

The Painting and Calligraphy Association is a hobby association. When selecting a president, qualifications and professional knowledge are not important. Social circle and asset strength are important criteria.

After all, the association's funds are usually tight. Letting a wealthy person become the president will certainly alleviate the gap in the association's funds to a certain extent.

From this point of view, it was only a matter of time before Jacob became the next president, so Xiao Wu wanted to take the opportunity to curry favor with Jacob. After Jacob came to power, he would have the opportunity to become his confidant.

Jacob was not a fool, and he could naturally hear the naked and undisguised flattery in Xiao Wu's words.

Naturally, he would not refuse such a young brother who came to his door. In order to enjoy the feeling of being complimented and fawned over, he said unceremoniously: "Xiao Wu, you are interested. I am preparing to go out to pick you up now." My daughter, the whole family will have dinner out tonight, how about this? How about you bring the prepared medicine to my house after ten o'clock in the evening?"

Jacob has deeply understood President Pei's way of controlling people. Dao, deliberately gave Xiao Wu a chance to serve, and deliberately delayed the time very late, in order to test Xiao Wu's loyalty.

Xiao Wu, who was on the other end of the phone, heard this and said happily: "Okay, I want the vice-president, so you can get busy first. I will call you at Tomson Yipin after ten o'clock in the evening."

Elaine listened on the side I was so shocked and angry that my eyes almost rolled to the sky, and I thought to myself: "Damn it, this Jacob has really made rapid progress in the calligraphy and painting association, and he even has a dog licking! What if he really gets fooled? Sir, he's not allowed to look at me with his heels?"

Jacob, who was being complimented repeatedly by Xiao Wu, caught a glimpse of the shock on Elaine's expression, and deliberately put on airs. He hummed and said, "Well, it's okay. I'll hang up first."

Xiao Wu said respectfully: "Okay, President Jacob, hang up first."

Jacob was about to hang up when Xiao Wu suddenly remembered something and blurted out quickly: “By the way, Xiao President, there is one more thing!”

Jacob said casually: “Tell me.”

Xiao Wu hurriedly said: “You drank too much when I sent you off last night. I don’t know if you still remember that Professor Han asked me to give you I’ve put the invitation in the armrest box for you, don’t forget it!”

When Xiao Wu mentioned Professor’s invitation, Jacob only felt his head buzzing, and then it suddenly exploded.

He had a guilty conscience and said to Xiao Wu on the phone: “Okay, okay, what’s that, I know, I have nothing else to do. Hang up first!”

After that, he quickly pressed the hang up button.

Elaine on the side asked curiously: “Professor, what Professor?”

If Jacob had a better psychological quality, he would naturally say that he was a colleague from the University of the Elderly at this time, and there is a high probability that this matter would be It’s over.

But Jacob is the kind of player with extremely poor psychological quality, who will panic when facing battle, and will be in chaos when he panics.

Elaine just asked casually, and cold sweat was already flowing down his forehead.

So, while he glanced nervously at Elaine, he couldn’t help but stammered: “No... no one...”

Elaine realized something was wrong and frowned: “What did I ask you, Professor Han? Did you say no?” What do you mean? Who is Professor Han? What invitation? What are you doing?”

As she said that, Elaine saw cold sweat flowing from Jacob's ears and temples, and immediately asked: "Jacob, why are you nervous? Are you nervous? What are you hiding from me?"

Jacob was extremely flustered, but he could only bite the bullet and explain: "I really have nothing to hide from you... What am I hiding from you..."

Elaine stared intently. Staring at Jacob, Jacob dared not look at her, so he could only pretend to focus on looking ahead.

Elaine said at this time: "Jacob, you can't hide things on your face! You must have done something behind my back!"

After saying that, she immediately opened the armrest box to take a look.

Jacob didn't dare to let her see it. Although he hadn't opened the invitation and looked at it, the names of the bride and groom must have been on the invitation. If Elaine saw the three words "Matilda", the matter would completely explode!

So, he had no choice but to go all out and press the armrest box firmly with his elbow, saying nothing to let Elaine open it.

But the more he behaved like this, the more suspicious Elaine felt and the more she wanted to find out.

So, she gritted her teeth and yelled at Jacob: "I'm warning you Jacob, if you know what's going on, take your arm away from me right now and let me see what's going on! Otherwise, today's situation I'm not done with you about this matter!"

Jacob was anxious and afraid. While continuing to hold on, he stubbornly resisted and said: "Oh, it's really nothing. It's just an invitation sent to me by a colleague who is getting married. What's so good about a bad invitation? ..."

Elaine said sternly: "It's just a broken invitation, why can't you let me see it?! I still want to see it today, so get out of my way and hurry up!"

Jacob shook his head repeatedly: "Don't read it! , It's really just a wedding invitation..."

Seeing that he was stubborn and refused to let go, Elaine suddenly leaned on his right arm and bit him fiercely.

Jacob groaned and subconsciously pulled his hand back, shaking his left hand as well, and the car also made an S-shape on the highway.

Jacob was so frightened that he quickly turned back to the right direction and let the vehicle continue to drive in its original lane. He cursed without thinking: "Are you sick?! Don't you know this is on a highway? Do you want to die?!"

Elaine did not ignore him, I took advantage of the moment to open the armrest box and pulled out a bright red invitation inside.

As she opened the invitation, she muttered in her mouth: "It's really a wedding invitation... Damn it, Jacob, you are so damn boring. If someone else sends you an invitation, what do you have to hide? How can I still be suspicious?" Are you having an affair with his wife?! Look at how nervous you are!"

After that, she opened the invitation.

Elaine also has life experience. When reading the invitation, she first looks at the signature. Anyway, the text of the invitation is nothing more than the same old polite words, and then writes the time and place of the wedding. She doesn't care about any of this. She only cares about Professor Han and why he let him. Jacob was so nervous.

Therefore, within a second of opening the invitation, Elaine saw two names, one was He Yuanjiang and the other was Matilda!

Matilda? !

Seeing these three words, Elaine felt as if three knives were gouging out his eyes.

And Jacob was also emboldened. He knew that the situation was imminent, so with the last glimmer of hope, within a second or two of Elaine opening the invitation, he reached out and snatched the invitation from Elaine's hand like a poisonous snake biting someone. He grabbed it and immediately lowered the driver's side window and threw the invitation out the window.

The Cullinan was traveling on the highway at a speed of more than 100 kilometers per hour. As soon as the invitation was thrown out of the window, it disappeared instantly.

Jacob thought that in such a short period of time, there was a high probability that Elaine would not even have time to see the final payment.

Now that the invitation is thrown out of the window by himself, it is regarded as dead and unconfirmed.

At this moment, Elaine came back to her senses from the sudden situation. Seeing that the invitation had been thrown away by Jacob, she slowly shook her head and said with a smile: "Oh, Jacob, you are really interesting, but it's just an invitation." Well, isn't it normal for someone to invite you to a wedding banquet? What do you have to hide from me?"
