slapped his thigh: "Damn it! These two people are hanging out at the University for the Elderly all day long. Last time the city organized an exchange trip to South Korea, there were also people from the University for the Elderly. Did they both go too?!" After finishing, she immediately picked up her mobile phone and entered the keywords of Aurous Hill's cultural exchange with South Korea into the search engine, and added the three words Matilda. Sure enough, she found a lot of news content.

After all, it was a cultural exchange event organized by the city. It was a basic operation to include the list and introduction of the entourage in the press release. When Elaine saw that Matilda had actually participated in the exchange, she shivered with anger and cried. : "This... this is not for any kind of communication, this is for a travel affair!"

After saying that, she looked at Claire and cried: "My daughter, I hate it! Jacob is planting a seed on my head. What a prairie! I still cuckold Christopher every day. It didn't take long before and after souna was sent to the black coal mine, but this bastard Jacob has been together with Matilda for who knows how long behind my back. !"

Claire pursed his lips and hurriedly said: "Mom, that Aunt Matilda should be quite serious. They will definitely not do such dirty things..."

Elaine was startled and asked: "Claire, Have you met Matilda too?!"

"Ah...Mom...I...I didn't..." Claire realized that he had let it slip and didn't know how to explain it.

Elaine asked aggressively: "You have never met anyone named Han, how do you know she is a serious person?"

Claire was speechless for a while.

Elaine collapsed all of a sudden and cried: "Claire, did you also help him lie to me? Really!"

Claire was immediately confused. Just when he didn't know how to restore the situation, charlie Wade suddenly Shi suddenly opened the door

and came in. As soon as he entered, he said, "Mom, I haven't seen Aunt Matilda before, but I have."

"Ah?!" Elaine was surprised when she saw charlie Wade come in, and asked, "You ...Have you ever met Matilda?! Did that bastard Jacob take you to see him?"

charlie Wade nodded and said truthfully: "Dad brought me to see him."

Elaine went crazy and scolded: "Then why didn't you tell me?! I called you a good son-in-law and treated you like my own son. Jacob cuckolded me, and you didn't even tell me! charlie Wade! You...you are too letting me know Disappointed!"

charlie Wade did not panic and quickly explained: "Mom, this matter is really not what you think. I do know about Aunt Matilda's return. I also went to see Aunt Matilda with my dad, but dad We are really innocent with Aunt Matilda, and the main reason why Dad won't tell you or let me tell you is for your consideration."

"You fart!" Elaine blurted out the foul language without thinking.

But after saying that, he immediately closed his mouth nervously.

In the past, it was common for her to say such things to charlie Wade, and she would just say it. She would feel uncomfortable if she didn't say ten or eight sentences a day.

But things are different now.

Now she relied on charlie Wade for everything, including food, clothing, housing, and transportation. Without charlie Wade, she couldn't do anything, so she suddenly cursed charlie Wade subconsciously. She was really afraid of annoying charlie Wade.

So, she quickly said: "charlie Wade, Mom is not targeting you, Mom is targeting that bastard Jacob. He said he was thinking about me, how is that possible?!"

charlie Wade explained: "Mom, you don't know, My aunt has been in the United States for thirty years, and she has done well. She and her first husband, who has passed away, jointly founded one of the most famous law

firms in the United States, called Smith Law Firm. You You can check it online. It is definitely one of the top law firms in the world. The valuation of their law firm is at least several billion dollars, and the share they get from helping major companies in lawsuits every year must be hundreds of millions of dollars.”

Matilda In fact, she is a very low-key person. She has been abroad for so many years, and her classmates in China have no idea about her situation in the United States. It is as if this person has disappeared from the world after going abroad.

Therefore, Jacob, Elaine and their former classmates don't know how Matilda is doing abroad.

It was only after Matilda returned to China that she mentioned her matter to Jacob.

Therefore, what charlie Wade said was all true and not exaggerated at all.

Elaine was not as good as Matilda in everything back then. When she heard that Matilda was so good at being in trouble, her face suddenly became a little worried and she said unnaturally: “What does it have to do with me that Matilda is so good at it? She is so good at it. Can I get together with my husband?”

charlie Wade sighed, made up a story, and said truthfully: “Mom, you don't know what's going on here. After Aunt Matilda's husband passed away, the family property and the law firm were inherited by her and her son. Even if Even with her son, she has to take advantage of more than ten to two billion US dollars, which is equivalent to tens of billions of RMB, and why did she return to Aurous Hill? She didn't come here for her father, she came for her true sweetheart!”

“Real sweetheart?!”

Elaine exclaimed, “What do you mean?”

charlie Wade said seriously, “Mom, the reason why Aunt Matilda returned to China is because of her sweetheart, who is her current fiancé.”

As he said, charlie Wade added: “her fiancé’s name is hank. I know this person before. He is a top economist specially invited from the United States by our Aurous Hill University of Finance and Economics. When he was in the United States, he worked on Wall Street and was a top professional manager. If you go to any of the world’s top 500 companies, you will definitely be able to become a continent-level CEO;”

Elaine pouted: “What kind of professional manager is he? He is not a wage earner!”

charlie Wade said : “Don’t underestimate professional managers. Look at the CEO of Apple. His annual income is about 100 million US dollars. According to the current exchange rate, this is more than 700 million yuan!”

Elaine was shocked when she heard this number. With her eyes wide open, it was unimaginable to her that she could earn more than 700 million a year working part-time.

charlie Wade continued at this time: “Professor hankl may not be able to earn as high a salary as Apple’s CEO, but 30 to 50 million US dollars a year is always no problem. Do you know what this concept is? As long as he is willing, he can do it for a day Earning 100,000 U.S. dollars, but he is a high-spirited person and does not want to go to the Fortune 500 to make money, so he came to teach at Aurous Hill University of Finance and Economics.”

After saying that, charlie Wade continued: “Why did Aunt Matilda return to Aurous Hill? You can figure it out now, right? I didn’t come here to rekindle my old love, I came here to pursue love because my sweetheart came to Aurous Hill to teach.”

Elaine was immediately fooled by charlie Wade.

Although she knew that Matilda was getting married, she suspected that when Matilda first came back, Jacob had something unclear to hide from her.

But now that charlie Wade said this, when Matilda returned to China and to Aurous Hill, she didn’t come to see Jacob at all, but to come to see her current fiancé?

In doubt, she asked charlie Wade: “Is everything you said true?”

charlie Wade looked at Elaine and asked from his soul: “Mom, let me ask you a question, do you think you can attract Elaine with the conditions like Dad?” Would you like to see a rich woman worth more than 1 billion U.S. dollars come back from the United States all the way to find him and rekindle the old relationship?”

After saying that, charlie Wade continued: “Although he is Claire’s father, although I am his son-in-law, even though I It may be treasonous to say this, but I still have to say, Mom, do you think Dad is worthy?”

charlie Wade, the soul, asked, and immediately gave
Elaine asked.

Yes, is Jacob worthy?

That he deserves it? Isn’t that too flattering to Jacob?

With his looks, no old lady with a retirement salary of more than 5,000 would probably look down on him.

So, Elaine subconsciously spat: “Bah! He deserves nothing! As for that wimp Jacob, who else can like him besides me, let alone someone worth more than 1 billion US dollars? She’s a rich woman!”

”That’s right!” charlie Wade struck while the iron was hot: “To be honest, with Dad’s current conditions, if Aunt Matilda even looks at him one more time, her thirty years in the United States will be in vain! I have seen a lot on Wall Street. Guang, what kind of outstanding talents have you not seen? How can you look down on an old loser like Dad? People who have been to the United States for thirty years will not come back to help the poor after thirty years. Are you right?”

After saying that, charlie Wade sighed: “Let me tell you, the only one who can like Dad is you, Mom.”

The Amazing Son In Law Chapter 6643

By _ / April 5, 2024

Jacob, who was hiding against the wall outside the door of Lieniu Niu Novel, heard this and felt his face was being slapped, and he felt so much in his heart . How frustrating it is.

He knew that Matilda, who was worth over 100 million yuan, came back because of him.

It's a pity that I don't have the courage to divorce Elaine and get together with her. I originally thought that there was no rush in this matter. If I had a cold war with Elaine for a while, Elaine might take the initiative to divorce me. Then I would naturally Being able to be with Matilda is a matter of course.

But he never expected that Matilda, who was originally thought to be a constant, turned out to be a variable.

She is not waiting there forever for Jacob. She has met a man who is better, more dedicated, and more suitable for her, so she no longer waits.

However, he also knew that charlie Wade was ridiculing him in front of Elaine, which was charlie Wade's way of saving him. Even if he put a bucket of shit on his head, he had to catch it.

At this moment, when Elaine heard what charlie Wade said, her competitive spirit suddenly rose, and she immediately said righteously: "Don't say that Matilda doesn't despise him, I don't despise him either! If he hadn't done what he did to me back then, How could I have wronged myself to marry him after such a beastly thing happened! I was forced to do that!"

Jacob's heart hurt even more, and he was sobbing deep in his soul: "Damn, even Elaine was forced... ..Then what have I become?"

At this time, charlie Wade immediately agreed and said: "Mom, I think you are right, you are also a straightforward person who dares to love and hate, and you have been living with a coward like dad all your life. What a loss! What a loss!"

Elaine's eyes

He instantly became red: "Good son-in-law, you have spoken to my mother's heart! I just told the traffic police that in ancient times, I, Elaine, was also the number one heroine. Why did I marry such a waste?"

After that, She immediately added: "I think I am the Huang Rong in The Legend of the Condor Heroes. As for Jacob? Damn, he is the Guo Jing version of Guo Jing who doesn't know martial arts. It's okay if he doesn't have the ability to do anything. He's so f*cking stupid." , isn't he just a complete loser?"

charlie Wade nodded and said, "You're right! So, Mom, what kind of anger do you think you are angry at? You suspect that Dad has something to do with Aunt Matilda, but Dad He's obviously unworthy. Even if Dad wanted to, there's no way he'd be given a chance. Aren't you just adding trouble to yourself?"

Elaine nodded subconsciously, her anger towards Jacob had eased a lot, but in an instant she Realizing that something was wrong, he immediately said: "Then why did he hide Matilda's return to China from me? Why didn't he tell me directly?"

charlie Wade sighed: "Hey, Dad didn't tell you just to protect you, When Auntie first came here, she kept saying that she wanted to invite you and Dad to have a meal together. Dad didn't want you to be shocked when you met Auntie Matilda, so he never told you. I was there at the time."

Elaine frowned and asked: " Why did Jacob take you to see Matilda?"

charlie Wade said: "At the beginning, Aunt Matilda told Dad that she was going back to China. Dad didn't want to pay attention to it at first, but after I heard about her situation at that time, I felt Her son should be a potential big customer, so I asked my dad to help introduce me, so my dad took me to meet her and her son."

After saying that, charlie Wade explained: "You may not know, When Aunt Matilda returned to China, her son also came back. Her son's name was Paul, and he was the head of Smith Law Firm. He moved their law firm to Aurous Hill. When choosing the location, they happened to find someone to do a Feng Shui check. Dad introduced me to him because of the idea, so I met Aunt Matilda and her son with him. Later, his son did become my client, and I made millions on that one deal.

" , charlie Wade added: "Later, Aunt Matilda made arrangements for the two families to have a dinner together. She said that she would take her son and let dad take mom, you, Claire and me, but dad didn't agree. First, I'm

afraid that you'll be hit, and secondly, I'm also worried that if Aunt Matilda tries to find a sense of superiority over you, you won't be able to resist."

When Elaine heard this, she felt extremely sad.

She really didn't expect that Matilda was doing so well now.

He is said to be worth tens of billions of yuan, many times more powerful than himself.

While she felt sour in her heart, she couldn't help but feel scared. It was fortunate that she hadn't seen Matilda. If she really saw her, she would smile and greet her in person and ask her how she was doing. How would she answer?

Matilda is not souna. I can easily find a sense of superiority over the latter, but Matilda is better than me in every aspect.

She is prettier than herself, gentler than herself, more knowledgeable and smarter than herself, and even her figure is dozens of miles ahead of her.

If you compare yourself with her, you will be like a native chicken and a peacock, with no advantage at all.

Originally, when I thought of her, I could comfort myself. Although I was not as good as her in every way, I still had a way to steal her man.

But looking back now, Jacob, who I thought was the prize of victory, might not even be considered a piece of shit in the eyes of others.

Just when she felt extremely inferior in her heart, charlie Wade couldn't help but sigh: "Oh, Mom, you have to understand Dad's good intentions. You said that if you meet Aunt Matilda, she will bring tens of millions of imperial green Jade bracelet, holding your hand, thanking you from the bottom of my heart, what should you do?"

Elaine subconsciously asked: "What is she thanking me for?"

charlie Wade said seriously: "Of course, thank you for taking dad away from her. You took her away. It was precisely because you took her dad away that she was able to go to the United States alone, where she met her first husband, and together with her husband, she created a well-known company worth billions of dollars. If you hadn't snatched her father away from her, then she would probably be you now. She was tortured to death by the old lady and Christopher's family every day. How could she still have the high status she has today? You said that people should not be grateful. Will you drag her out of the fire pit?"

"This...this...I...she...f*ck..."

When Elaine heard this, her defenses were completely broken deep in her heart.

She cried in her heart: "What the hell is this? Why is Matilda doing so well? Shouldn't she have left the United States thirty years ago because she couldn't adapt to the environment in a foreign country and stayed there all her life? Is she struggling at the bottom? She is now in her fifties. She is about to lose her job first and then be abandoned by a man. Then she gets seriously ill and is abandoned by capitalism.

It's only right to sink your boat and end up washing dishes in the back kitchen of a Chinatown restaurant! Why can she and her husband build the world's top law firm, and why can they achieve a net worth of tens of billions of yuan! I hate it! ! ! "

As soon as she thought about it, most of her hatred for Jacob was transferred away at once.

At this time, charlie Wade continued to pursue the victory and said: "Mom, you must suspect that there was something wrong with dad's exchange trip to South Korea, right? Bar? You won't believe me when I explain in vain. If you do this, search for relevant news and see if there is a person named hank in the list of exchange personnel. That person is Aunt Matilda's fiancé. The couple went to the exchange together. Therefore, Dad was traveling with the two of them, and there would definitely be no problems with Matilda. "

Elaine subconsciously looked at the webpage she just searched again, and sure enough she saw hank's name in it.

What charlie Wade said instantly formed a complete chain of evidence.

Seeing her complicated expression, charlie Wade hurriedly He added: "Mom, let me tell you the truth. Dad told me immediately that Aunt Matilda was getting married, and he also discussed with me whether to tell you, but you also know that Aunt Matilda is now She is getting along so well, and her future husband is also very impressive. The venue they chose for their wedding this time is the Shangri-La, the best in Aurous Hill, and it is a sky garden that ordinary people cannot book. She not only invited her father,

but invited Our whole family was harmed. Dad thought twice and told me that I should try not to let you know about this matter, otherwise it would definitely bring a big blow to you, so I kept it from you and never told you. Unexpectedly, you I accidentally discovered the wedding invitation and ended up causing such a scene. "

With that said, charlie Wade sighed and said, "But, Mom, if you really want to go, then let's go and drink their wedding wine with the whole family. This will also make you feel completely at ease. What do you think?

Elaine blurted out subconsciously: "No, no, no! " I don't want to go!

She muttered depressedly in her heart: "Damn it, Matilda is such a badass, and the person she is looking for is also the best among people. I can't compare to her in anything, and Jacob can't compare to her fiancé in anything. I and What was Jacob doing in the past? Are you going to make a fool of yourself by going together?

Seeing her refusal, charlie Wade deliberately said: "I just heard my dad tell me that you want to go. My dad also told

me just now. "

I made a statement, saying that I will open my heart to you this time and never keep any secrets. If you want to go, he will no longer stop you and will definitely go with you.

"I won't go, I won't go. " Elaine said unnaturally: "Your dad threw the invitation on the highway, what else is there to go to?"

charlie Wade smiled and said, "Mom, have you watched too many movies online about the return of the God of War, a big banquet, and hiring eight hundred men to check invitations at the door? " Don't forget, you and your dad are both old classmates and old acquaintances of Aunt Matilda. Even if you lose the invitation, when you two stand at the door on the wedding day, the couple will greet you at the door and greet you two. When we meet, I naturally warmly invite you in.

Elaine waved her hands repeatedly: "I really don't want to go. There's no need. I haven't seen him for decades. What's the point of going? It's boring, so I won't go. " "

The Amazing Son In Law Chapter 6646

By / April 6, 2024

But before coming over, charlie Wade repeatedly confessed that this sentence must be said, and it must be said out loud. This is the real risk of death.

Because charlie Wade was sure that these words were the key to him getting through the crisis this time.

After Jacob said this, his heart was bleeding crazily. He felt that he was just putting his old face on the ground and stomping it to death, so as to dispel Elaine's suspicion of him and say that he was the one. He was a piece of shit and said that it was impossible for his sweetheart to think highly of him. This feeling made him extremely painful and inferior.

But he knew that there was no turning back when the bow was fired. Matilda had already missed it, and he could never lose Elaine again.

Therefore, when Jacob saw that both Elaine and Claire were a little horrified, he could only adjust his mentality, gritted his teeth and continued: "A person as high as Matilda can only see a piece of shit like me. How can a piece of shit like me have any ulterior motives when I cover my nose and take a detour?"

After saying that, he looked at Elaine and continued: "Honey, there is no way in this world for a piece of shit like me. , if you don't want me, who else will? No one else likes me, so how can I cuckold you?"

Elaine saw Jacob's self-deprecating and sad look, coupled with the look on his face. Seeing the blood marks scratched by herself, she completely believed Charlie Wade's words in her heart.

At this moment, she suddenly felt guilty and distressed for Jacob.

It turned out that Jacob kept it secret from him because he didn't want to be stimulated by Matilda.

And after listening to Charlie Wade's words, she also knew that the gap between herself and Matilda was too big. If they really met, they would probably not be able to recover in ten years.

Looking at Jacob's face, which was scratched to pieces by her, she felt even more guilty, and the balance in her heart was completely reversed.

She looked at the self-deprecating Jacob with red eyes and choked up: "Husband... when I asked you in the car, why didn't you tell me the truth? If you told me the truth, how could I fight with you..."

When Jacob heard this, his colleagues who were relieved in their hearts couldn't help but sigh to themselves: "What the f*ck, if I had Charlie Wade's brains and eloquence and could think of such a sophistry, I would of course have followed him. If you tell me, I won't be beaten to pieces by you."

However, he said with emotion: "Hey! I still don't want you to know these things. We are all ordinary people. How can we be like other successful people? , Billionaire ratio? So I hope you don't know these things in your life, so that you won't be irritated, have a broken mentality, and live our own lives in a down-to-earth manner."

After that, he said with some relief: "Charlie just said is right. In fact, I am not worthy of a woman like Matilda at all. She and I are not even from the same world at all. I am just an ordinary useless old man who has no ability or level and likes to go everywhere. A show-off old loser who cares about face... You suspect that I have cuckolded you. I also want to thank you for thinking so highly of me. If anyone else heard about this, they would probably ask me, Jacob, are you worthy..."

said After that, he looked at Elaine and choked up: "Wife, I also want to thank you. In the eyes of others, I am a loser, a waste, and a piece of shit. In your eyes, I have become a person who can make a fortune." A billionaire rich woman traveled thousands of miles to rekindle my old relationship with a scumbag... Wife, you may be the only one in this world who thinks so highly of me and treats me like a treasure..."

Elaine couldn't help but feel a little uncomfortable when she heard him ridiculing herself like this. She quickly said: "Okay, Jacob, stop saying that you are a piece of shit. We are just ordinary people living at home. They are rich and have more money than them." Although we couldn't compare to the rich people in their days, our life is not that bad now. I have the self-awareness to know that I can't compare to her in all aspects."

After saying that, Elaine took the initiative to step forward and put her arm around him . raised his arm and said: "Okay, what happened just now was all my fault. You were so kind to take care of my emotions, but I still treated it like a donkey. Don't worry, I won't mention this matter again in the future. Just pretend it never happened." Don't bear a grudge against me, okay?"

The Amazing Son In Law Chapter 6647

By / April 6, 2024

When Jacob heard this, he was completely relieved. After the disaster, he said from the bottom of his heart: "How could it be? I will definitely not bear a grudge against you."

Elaine He nodded excitedly and said, "Look, my daughter has been in the United States for so long, and she finally came back today. Let's not make people laugh here. Let's go home!"

Jacob was relieved and nodded heavily, with tears in his eyes. He said: "Okay! Go home!"

After that, the two of them held each other's arms affectionately and walked out.

Claire was dumbfounded, and charlie Wade wiped away cold sweat. This was to risk his life and live again. It seems that it was really successful. Elaine will definitely not mention Matilda again in the future, and will even try every means Avoid meeting Matilda.

In this way, what I said will not be misleading.

Claire on the side came to his senses and said in a low voice: "Husband, you are so awesome! This can make you happy!"

charlie Wade sneered: "I can't help it, for the sake of family harmony, I am embarrassed. No more."

Claire held his arm and said happily: "Sacrifice the small self to achieve the greater self. Husband, you have done a great job!"

At this time, the traffic police outside saw the two people who were working hard just now and came out holding hands. Everyone rubbed their eyes in disbelief.

The traffic policeman handling the case subconsciously asked: "You... you two are not going to fight?"

Elaine quickly shook his head and said: "If we don't fight, we will cause trouble to our comrades in the traffic police!"

After saying that, he gave a rare bow to others. Bowed.

Jacob also said quickly: "Comrade traffic police, don't worry, I will never stop on the highway again!"

The traffic policeman nodded subconsciously and said, "As long as you know, you only have three points left on your driver's license. Take it easy. If you don't have the buckle, you have to study."

Jacob nodded repeatedly: "Don't worry, I will strictly abide by the road traffic laws in the future and won't cause any trouble to you!"

A family of four left the traffic police team one after another, and charlie Wade moved Claire's luggage After getting in the car, Elaine said: "Good son-in-law, go back and drive, and let your dad rest in the back."

charlie Wade nodded and sat in the front row with Claire, while Jacob and Elaine sat in the front row. Back row.

As the car drove out, charlie Wade saw in the rearview mirror Elaine touching the wound on Jacob's face with a distressed expression, and whispered: "Honey, does it hurt? I'm sorry..."

Jacob was really touched in his heart. In addition, what he said just now made me completely lose my previous inexplicable sense of superiority, and my attitude towards Elaine also changed a lot.

So, he shook his head and said, "It's okay, it doesn't hurt."

After saying that, he subconsciously reached out and held Elaine's hand quietly, and a trace of blush flashed across Elaine's face.

Elaine also squeezed Jacob's hand and said very seriously: "You are my husband. You will never say that you are a piece of shit again. Not under any circumstances. Do you understand?"

Jacob didn't know if he was really touched or not. Fakenly moved, he nodded repeatedly with red eyes: "Okay, wife, I understand!"

The Amazing Son In Law Chapter 6648

By [/](#) April 7, 2024

charlie Wade saw that the two of them had changed from the tense situation just now to the relationship between each other, and his impression of Elaine suddenly changed a bit.

Even though Elaine has so many shortcomings, in her marriage with Jacob, she is the one who is truly sincere and emotionally moved.

As for his father-in-law, he seems to have never had true feelings for Elaine.

When it comes to his past with Elaine, he always complains and complains, but now it seems that Elaine may be the best destination for him. Otherwise, with his character and style of dealing with things, even if he and Matilda were together, I went to the United States, and now I'm afraid they have gone their separate ways.

Jacob has too many shortcomings common to men of his age. However, other men of the same age have three to five, as many as seven or eight, of the twenty shortcomings, while he has at least eighteen. .

So, looking at it from another angle, besides Elaine, I'm afraid there won't be another woman in the world who can tolerate him to this day.

This is also thanks to Elaine's straightforward character. He will scold when he is unhappy and hit when he is angry. Therefore, when faced with Jacob's many shortcomings, Elaine can use beating and scolding to offset the harm caused by Jacob's shortcomings. .

If you were someone with Matilda's personality, facing Jacob's various shortcomings all day long and having nowhere to release your inner depression, you would probably be driven crazy sooner or later, or simply depressed.

charlie Wade believes that after today's setback, Jacob and Elaine's relationship should be able to recover a lot. At least when they return home, they won't have to worry about the old couple fighting or having a cold war.

Although Claire on the side did not see the disgusting behavior of the old couple behind him, he also clearly realized that after this incident, the relationship between the old couple did improve a lot, and he was very grateful to his husband charlie Wade.

said Looking at it, Elaine hummed and said: "Originally, she didn't have so much money to return all the money, but it seems that Wendy is doing well now. The etiquette company she runs is getting bigger and bigger. However, she helped souna a little bit. We are short of money , so we can barely make up for it."

Jacob asked her, "If we fill up all the holes, will everything be fine?"

Elaine said, "I heard an old sister say two days ago that souna The document about not arresting or not prosecuting seems to have been approved soon. It is said that you can go home after it is approved."

charlie Wade said: "It should be the decision not to prosecute."

Elaine nodded repeatedly and said: " Yes, yes, that's the name!"

After saying that, she sighed with some dissatisfaction: "You are really cheap for this stinky bitch souna. She should be arrested and sentenced to ten or eight years."

Jacob couldn't help but sigh: "Okay, my wife, although my mother and my eldest brother's family have done a lot of excessive things, their life is miserable enough now, so don't expect their family to be ruined. My eldest brother and Harold haven't recovered yet, so I can't go out to work to make money. Fortunately, Wendy can still earn some income, otherwise how would their family survive."

As he said, he was afraid that if he favored his mother and eldest brother's family, he would anger Elaine, so he quickly explained: "I'm not here to speak for them or help them reverse their case. The main thing is that our life is getting better now, so we shouldn't expect others to get worse, so as not to ruin our own family's happiness, don't you think?" Ma

? Elaine was silent for a moment, nodded slightly, and said very seriously: "Husband, I think you are right. Being as familiar with them makes me, Elaine, seem to be too small. From now on, we will live a down-to-earth life in our own family. I don't want to bother with their affairs. As long as they don't mess with us, I won't mess with them either. "

Jacob breathed a sigh of relief and quickly gave a thumbs up and praised: "My wife's situation is really a good deal.

Elaine said with rare shame, "Oh, I'm embarrassed to ask you to say that. "

With that said, Elaine added: "Today I have to buy groceries and cook for my daughter. Let's do this. Tomorrow morning I will take off all the cuckolds hanging on the balcony and throw them away. I won't be angry with him Christopher anymore. "

Jacob said in surprise: "Really... ->>

Said: "Really, wife, you... your change is a bit fast, I can't adapt to it for a while..."

Elaine waved her hand: "Hey, actually I have wanted to throw away those cuckolds and hang them on the balcony. It's true that it doesn't look good, but I was still a little angry before, so I didn't pick it off. Since you said, don't be like them in the future, I won't be angry anymore and I can pick it off."

Jacob sighed sincerely . Said: "Honey, you really impress me..."

...
