By / April 29, 2024

Chen Yufei was able to run a rat warehouse in Ji Qingtang and wanted to run away Zhou Liangyun in order to ensure that his position was not threatened at all. This shows that he attaches great importance to interests.

And what he desperately wants to keep is nothing more than a job with an annual salary of hundreds of thousands a year, and by the way, he can make hundreds of thousands of money.

But what he didn't expect was that in order to keep such a job, he would miss out on a huge sum of 20 million yuan. This was like a bolt from the blue to him, and it was even more uncomfortable than killing him.

What he didn't expect was that he missed out on the 20 million, and ended up going around in Zhou Liangyun's pocket, which made him feel worse than death.

So, he immediately hung up the phone on the vendor, picked up his cell phone and called Zhang Ermao (Cade).

He knew that Zhang Ermao (Cade) had set his WeChat account to Do Not Disturb, so he called him directly.

Zhang Ermao (Cade) was sleeping soundly this time when his cell phone suddenly buzzed.

He picked up the phone impatiently. When he saw that it was Chen Yufei calling again, he answered the phone angrily and blurted out: "Didn't I tell you? If something happens, send it to WeChat. I will check it when I wake up. You Why are you calling again?"

Chen Yufei was as anxious as an ant on a hot pot and said, "Brother Ermao! Something big happened!"

"What happened?" Zhang Ermao (Cade) asked disdainfully: "Did Zhou Liangyun get beaten up for selling fake goods? Or did he go to the police knowing that he had been deceived?"

By now, Chen Yufei was deeply disgusted with Zhang Ermao (Cade)'s confident attitude. The original flattery and flattery in his heart completely

disappeared at this moment. He almost hysterically shouted at Zhang Ermao (Cade): “Fake! Fake! Fake. Damn it! The ‘fake’ thing you prepared for him was sold for a total of 20 million! How could you sell me the same thing? ! I was also bewitched by you, recorded a video, and spread it. If people knew that the thing I kicked out was worth 20 million, where would I put my face? I would still have the face to appear in the antique street. “Zhang Ermao (Cade)! You’re F*cking killing me!”

Zhang Ermao (Cade) was confused by Chen Yufei’s sudden question. Although he had heard such words before, no one had dared to do so since he followed Hong Wu. Speak for yourself.

Just when he subconsciously wanted to scold Chen Yufei angrily, he suddenly remembered what Chen Yufei had just said and asked in shock, “What did you say? That thing was sold by Zhou Liangyun for 20 million?!”

“Yes!” Chen Yufei Gritting his teeth, he said: “The miscellaneous guy running the stall in Nantou saw them complete the deal with his own eyes! A collector from Yanjing gave Zhou Liang 20 million on the spot!”

As he said that, Chen Yufei, who was burning with anger, had lost his mind. He continued to scold: “Oh, by the way! That F*cking imitation of the Ming Dynasty bronze Buddha you made so smartly is actually from the F*cking Northern Song Dynasty! You know the gilt bronze wares of the Northern Song Dynasty, right? That’s what the F*ck! You can’t F*cking recognize it without the gilt outer layer. Do you F*cking eat this? I always thought I was the biggest parallel importer in the antique street, but I didn’t expect you. These idiots are worse than me! Do you know that if this news gets out, I will be damned!”

“F*ck...” Zhang Ermao (Cade) didn’t care. Angry at the other party’s constant swear words, he broke into a cold sweat.

Zhang Ermao (Cade) was much smarter than Chen Yufei. After providing the complete story of the incident, he immediately realized the biggest danger he was facing now.

That danger is Jacob!

Whether this thing is worth 20,000 or not has little to do with me.

Teacher Cheng and the others made the things, and then he introduced Jacob to buy them. Later, Jacob sold him and the money went into Jacob's pocket. The whole thing had nothing to do with him. He was just a matchmaker.

In other words, it is worthless and you cannot lose a penny; if it is worth 100 million, you cannot make a penny.

But the key is who Jacob is, and Zhang Ermao (Cade) knows him very well.

Among the people in the world who truly understand Jacob's style of acting, charlie Wade ranks first, Zhang Ermao (Cade) ranks second, and neither Elaine nor Claire can compare with them.

Therefore, Zhang Ermao (Cade)'s first thought was that once this matter reached Jacob's ears, he would be doomed.

Jacob is not the kind of person who plays his cards according to conventional routines. He doesn't recognize the rules of buying and selling, and if this thing is sold at a high price, and the King of Heaven comes to him, he will not be able to refund the price difference. .

The converse is also true. If this thing is sold at a low price, even if the thing is in the hands of Tianwang, Jacob will have to ask him to make up the difference.

If the price of the house I bought goes up, I want to tell the world on my WeChat. If the house I bought goes down, I want to demolish the sales office to defend my rights. This is what people like Jacob can do.

If someone comes to defend their rights after losing money, I will definitely not give him a thumbs up. But the key point is that Jacob is not an ordinary person. He is the father-in-law of Master charlie Wade, and he owes everything to his success today because of Master Wade's support. If he knows He himself missed 20 million and asked Master Wade for help. What should he do? Pay the difference? How can I have so much money now! Although Don Albert gave himself a lot of shares, which greatly increased his income expectations, after all, it had just started, and the profits of many businesses were calculated quarterly and annual dividends, so he had not made any big money yet.

In addition, what he is most worried about is not money. What should Charlie Wade do if he finds out about the things he has done and has objections to him? If you were to pull yourself off and let you go back to where you came from, wouldn't your future be completely ruined? !

As soon as Zhang Ermao (Cade) heard that Jacob was about to take off, he relaxed a little.

Although this matter is very difficult, if you give yourself a little more time, you might be able to come up with a good countermeasure. At the moment, Jacob doesn't know about this matter, and he will soon take a few hours' flight to Dubai, and even more The key is that after arriving in Dubai, he will definitely not have much energy to pay attention to the gossip in Aurous Hill, so that he can buy himself more buffer time.

So, he quickly said: "It's okay, President Jacob. I'm calling you just to ask when you will take off. Since your plane will take off soon, the flight attendant will definitely ask you to turn off your phone or turn on flight mode. I won't disturb you anymore. I wish you and your wife a pleasant trip this time."

Jacob saw Zhang Ermao (Cade) being so polite and said with a smile: "Ermao, you are serious. I will definitely bring you some local tourism features when I come back from Dubai. A souvenir!"

Zhang Ermao (Cade) said enthusiastically, "Oh, I thank you in advance, President Jacob!"

Jacob said with a smile, "Okay, I won't tell you more. Let's talk to you when we get back.

" Ermao immediately said: "Okay, okay, let's talk when you come back."

Jacob was about to hang up the phone, but suddenly thought of Zhou Liangyun, so he asked: "By the way, Ermao, how is the man named Zhou? What happened to him about the eye-punching, now Doesn't everyone know this? The whole antique street is probably watching his joke, right?"

Zhang Ermao (Cade) cried with tears in his heart and cursed secretly: "You are still F*cking laughing at him, we have become a F*cking joke... ..."

Although Zhang Ermao (Cade) didn't dare to tell the truth, he also didn't dare to lie. After all, Zhou Liangyun made 20 million when he landed in Aurous Hill. It is definitely impossible to leave Aurous Hill now, so Jacob will definitely know this when he comes back. I definitely can't make this up.

Just when Zhang Ermao (Cade) was helpless for a moment, the news that Zhou Liangyun made 20 million a day had spread like wildfire on the antique street.

Although he had threatened Chen Yufei not to talk nonsense, the key point was that dozens of customers came to Zhou Liangyun's store early in the morning, and the entire antique street had already known about it.

Everyone is curious. Zhou Liangyun just had his eyes opened yesterday, and today dozens of people came to buy things. What kind of medicine is being sold in the gourd?

After the collectors from all walks of life came out because they had not bought the bronze Buddha, many good people had already found the opportunity to approach them and ask why.

These people did not hide it, they directly explained the general situation.

I just heard that this group of people took 20 million and rushed over overnight to snatch the "fake goods" that Zhu Liangyun had received yesterday. Before he could grab them, the entire Jinling Antique Street began to doubt their lives.

So everyone spread the word, and the news soon spread like wildfire.

Everyone's mood was almost one of envy, jealousy, and hatred. Many people even couldn't help but sigh in their own WeChat Moments. There were many antique makers in Jacob's WeChat Moments, and almost everyone posted in WeChat Moments to lament how much Zhou Liangyun had earned overnight. Twenty million legendary operations.

At this moment, Jacob was drinking champagne with his legs crossed, just using his mobile phone, constantly checking Dubai to see where there was

fun and places to visit, and he didn't even look at the explosive content in his circle of friends.

Elaine on the side quickly made a contribution.

She also ordered a glass of champagne, matched with the environment in the first class cabin, took a selfie, and attached a text, which read: "Flying to Dubai for vacation with my husband, but the first class cabin of Emirates Airlines does have to give a Bad review, the environment and conditions are far worse than private jets. "

After posting on WeChat Moments, Elaine no longer wanted to study Dubai. She kept scrolling through WeChat Moments, waiting for likes and comments from others.

As a result, she didn't even get a like or a comment, but she came across a piece of content that left her stunned!

That circle of friends was posted by a proprietress of a spa and massage parlor. The content was: "I heard that there is a guy in the antique street across the street. He spent 300,000 yuan on an antique last night and resold it for 2,000 yuan the next night. Wan, when will I have such good luck? Good luck and riches!"

In addition to this text, the picture is also a picture of the God of Wealth.

Elaine looked at it and couldn't help but sigh to Jacob: "Hey, husband, someone in my circle of friends said that you often go to that antique street. Yesterday, a guy spent 300,000 yuan to buy an antique and sold it for two. Ten million, you often pick up leaks. When did you pick up such a big leak? "

Jacob curled his lips and said, "Just tell me, in this F*cking age, you can still find such a leak, so I just lied to you? Such uninformed laymen, when we insiders hear such words, it is completely nonsense!"

Elaine nodded and said with a smile: "It seems a bit unreliable, 300,000 has become 20,000,000, and the TV series is also I don't dare to take pictures like this."

After saying that, he suddenly saw that the lady boss who had just posted the post on Moments added another comment that was visible to everyone.

The content of the comment is: "I am talking about real family members. You don't have to doubt that the antique collector was laughed at by his colleagues in the antique street last night. They all said that he was deceived and bought an antique for 300,000 yuan." It's a fake. It turned out that they sold it today. I just asked my friend who opened a shop in the antique street. They said that it was indeed the case. It seemed that someone used that thing as a fake from the Ming Dynasty to deceive the boss. , I didn't expect that thing to be a genuine product from the Song Dynasty! I have never heard of this kind of thing for more than 40 years, but today it opened my eyes!

When Elaine saw this additional comment, she quickly said to Jacob: "Hey, husband, it seems that this matter was not made up. Someone said that someone took something and pretended to be from the Ming Dynasty, and sold it to that person for 300,000 yuan." The boss, but actually the thing was from the Song Dynasty, and the boss sold it early this morning."

When Jacob heard this, his whole body seemed to fall into a black hole, and all his consciousness was wiped out in an instant. , the champagne in his hand slipped unconsciously and touched his crotch.

Elaine quickly wiped his pants with a hand towel and said, "Husband, why are you still getting your pants wet?"

After saying that, she saw Jacob's eyes widened and his mouth wide open, as if he had been knocked out of his soul. , and quickly shook his shoulders: "Husband, what are you doing so stupidly? Husband, what's wrong with you? Are you okay?"

Jacob came back to his senses instantly, his eyes suddenly turned blood red at this moment, and he suddenly stood up , blurted out with eyes split open: "F*ck! My 20 million!!! Open the door! Open the door for me quickly! I want to get off the plane!"

All the passengers and flight attendants in the first class cabin were suddenly yelled at by Jacob Stunned, Elaine was also confused and quickly asked: "Husband, what do you mean by your 20 million?"

Jacob was about to walk out of his cubicle, and said impatiently: "It's too late. I've explained to you, get off the plane quickly and go get the 20 million back!"

The flight attendant hurriedly walked up to him and said, "I'm sorry, sir, we have closed the door now and the plane is about to be launched, please hurry up. Go back to your seat and fasten your seat belt!"

Jacob's eyes were red and he jumped anxiously: "Push me over! I want to get off the plane!"

The flight attendant explained: "Sir, the plane is over. "Exit, we can't return unless there is an emergency. Please sit back in your seat and don't disturb the order on the plane!"
