Jacob cursed angrily: "If you can't compensate me, don't talk nonsense! I just have one request now, open the door immediately and let me out!"

Elaine also came to her senses and quickly asked Jacob: "Husband, in my circle of friends Could it be that the thing you mentioned was the one you sold yesterday?"

Jacob burst into tears, gritting his teeth and nodded: "Yes! So I have to sell it no matter what. I want to come back!"

Elaine became anxious when she heard this. This is a total of 20 million! If interest is included, even if you spend 10,000 a day, you can spend seven or eight years! How can you say it's gone just like that?

So, she also yelled at the flight attendant: "I'm talking to you, do you hear me? Open the door quickly!"

The flight attendant was a little slow to respond. Fortunately, at this time, a man in a white shirt came from the economy class. , a young man in black trousers, the man came over and said to Jacob and Elaine: "You two, I am the safety officer of this plane. I now solemnly warn you two, don't make trouble anymore! Otherwise! If you do, the consequences will be very serious!"

Elaine didn't know what the security officer was doing. Seeing his warning tone, he immediately scolded: "Who are you talking to? This is how you treat nobles? First-class passengers?"

The young man said seriously: "My job responsibility is the flight safety of this plane. If you two continue to make trouble like this, then I will contact the ground to take measures!"

Elaine said with a smile: "Then you take measures quickly! Open the door and let people outside take us down! If you don't let people take us down, we will open the door and go down ourselves!"

The young man said: "Madam, you are threatening the aviation of the aircraft. Safety is no joke, I advise you to calm down!"

Elaine asked angrily: “Didn’t you hear what my husband said? Are you responsible for the loss of 20 million? Can you afford it? Open the door for me quickly!”

Jacob also echoed: “That’s right! These are two dollars Ten million! Can you take responsibility?”

The young man asked: “If I contact the ground, the airport police will threaten the safety of the aircraft and detain you. Do you think you can take responsibility?”

Jacob spat: “Bah. ! You’re still detaining me? I got on the plane because I paid for the ticket, and I got off the plane because I don’t want to take the plane anymore. Why are you detaining me? I’m telling you, if you don’t open the door for me, I’ll do it myself. Pull that slide down!”

The young man didn’t want to continue messing with him, so he said coldly: “Sir, if you don’t sit back in your seat within 10 seconds and continue to yell like this, then I will contact the ground immediately. You can go down as you wish, but the penalty you face is not an istrative penalty, but istrative detention. If you dare to pull the emergency slide today and go down, you will most likely be charged with sabotaging transportation. Detention, you will face public prosecution!”

Jacob looked disdainful and shouted openly: “If you can, arrest me now! Frown, I am your grandson!”

When Elaine heard that he was going to be detained, he became arrogant. She disappeared immediately, and then, awake and regaining her IQ high ground, she quietly pulled Jacob’s sleeve beside her and said nervously: “Forget it, husband, if you keep making trouble like this, you will be detained!”

Jacob said contemptuously. : “If he is really capable, he will arrest him!”

Elaine quickly whispered in his ear: “Husband, believe me, you can’t stand the life there, and I can’t stand it. Think about what I suffered there. How much is the crime? Let me just stop arguing and go to Dubai first! If you can’t get there, come back as soon as possible. It’s only a matter of one day. It’s better than staying there for more than ten days, right?”

In fact, Jacob was not usually this bold.

This day, he dared to bare his teeth with the security officer on the plane, purely because the amount of 20 million is too big.

Wine can strengthen the courage, money is the same.

Thirty thousand fifty thousand dare not bare their teeth, three and a half million dare to kill.

Not to mention that this is the whole 20 million!

And, is equal to Jacob himself threw out 20 million, but also f*cking thrown into the pocket of the enemy.

This makes him even more scared to death.

However, Elaine's words, immediately let him calm down.

What good can come from going to the detention centre?

Elaine went in for two or three days and had to come out with a broken leg. If he was really detained for fifteen days, he didn't know how much he would have to suffer.

Thinking of this, he did not dare to continue to play with the security guards, only dishevelled and incomparable sit back in his seat, aggrieved tears have flowed down, clutching Elaine's hand, helplessly asked: "Wife, how to do this ah I thought that the thing is not worth money, three hundred thousand on the sale, but did not expect it!could be worth twenty million, isn't this a loss to my grandma's house I feel so bad in my heart!"

Elaine hurriedly touched the back of his hand to appease him, while opening his mouth to ask: "Husband you give me a good talk about what is going on?"

Jacob is also afraid of shame, it came to Elaine's ear and said: "Before the manager of Jiqing Hall Zhou Liangyun back, that grandson had beaten me before, I was a little upset, just Zhang Ermao (Cade) told me the news, willing to help me to fix him a, we are looking for a fake thing to sell him, so that he hit the eye, but also by the way to lose a little money, Zhang Ermao (Cade) to help pull the strings to give me to find an old copperBuddha, I spent ninety-eight thousand to buy down, yesterday night let someone thirty

thousand sold to Zhou Liangyun, which can think of that thing is worth twenty million

Elaine heard straight shook his head, couldn't help but spit out: "Husband, according to the two of us are back together, I shouldn't scold you, but you're doing this thing is too stupid, spread out to let people laugh off."

Jacob sighed: "Ai! It's useless to talk about this now, the most important thing right now is how can we get the money back, we can't let the surname Zhou's so easily, just put this 20 million into their own pockets, right?"

Elaine thought for a moment and spoke, "Give me the specific details, how did you all trick him, what story did you use to trick him?"

Jacob then told Elaine the story that Zhang Ermao (Cade) had made up.

After listening to it, Elaine's eyes rolled and immediately said, "There, didn't Zhang Ermao (Cade) have his little brother pretend to be the one who stole it from his house? Then find another person to pretend to be his little brother's brother, go directly to Zhou Liangyun, and say that the thing was passed down to him by his father, and as a result, it was stolen and sold by his younger brother, and now he is required to give it back, and return the three hundred thousand dollars to him, and if he doesn't give the thing back, then he will directly report to the police, and according to the theory that this thing belongs to the stolen property the police should help to recover it."

Saying that, Elaine added: "Didn't you read the internet? Minors take their parents' mobile phones to buy things and charge games, as long as the parents go to complain, that are to be returned, although Zhang Ermao (Cade)'s little brother is an adult, but he can't steal his dad's stuff to sell it!"

After hearing this, Jacob's eyes immediately lit up, excitedly said, "Aiya wife, it's still you! This method will definitely work! I'll call Zhang Ermao (Cade) right now!"

Elaine saw that the plane had been slowly rolled out at this point, and hurriedly urged, "If you want to call hurry up, the plane has already moved, once it's in the sky, you can't make a phone call!"

“Good!” Jacob said excitedly, “I’ll give him a call, if he doesn’t give me a solution to this matter, I’ll let my good son-in-law straighten him out! He is Master Hong Wu’s little brother, Master Hong Wu is respectful to our son-in-law, as long as I move my good son-in-law out, the pressure will definitely be enough for Zhang Ermao (Cade)!”

“Good good good!” Elaine nodded, somewhat excitedly urging, “Then hurry up and make the call, don’t turn around and buy something when the person is gone and can’t be found!”

“Good!”

Jacob picked up his mobile phone and immediately called Zhang Ermao (Cade).

At this moment, Zhang Ermao (Cade) thought that Jacob would definitely not know about this matter before he took off, but he didn’t expect Jacob to call himself again at this moment, so he was a bit nervous at once.

However, nervous to nervous, he did not dare not answer Jacob’s phone, and he was also very curious to know Jacob to call himself, exactly because of what, is not a false alarm.

So, he pressed answer and asked in a pretence of relaxation, “Aiya President Jacob, shouldn’t you be taking off soon? Why are you still calling me?”

Jacob said without thinking: “This matter you go to do it, don’t involve me in it is not on the line? Something is your little brother sold, you and your little brother to put this thing on the line, after the matter is completed I give you a million!”

Zhang Ermao (Cade) wiped his sweat: “President Jacob, you said this kind of thing I can’t step forward ah If let the fifth master know, maybe will also blame me ”

Jacob said in exasperation, “What’s wrong with the fifth master? I also met my son-in-law is not also polite? Anyway, I don’t care, if you don’t help me get that bronze Buddha back, I’ll go to my good son-in-law. I’ll go to my good son-in-law and ask him to go to the Fifth Master for an explanation!”

Zhang Ermao (Cade) was instantly confused and hurriedly said, “Aiya, Chairman , this kind of thing is not necessary to involve Master Wade in it. Master Wade is a man of integrity and honesty, if he knows that we are selling fake goods to pit people, he might have a problem with both of us

Jacob asked him, “Who sells fakes? I’m asking you who sold fakes? That shit is worth 20 million, 300,000 just to sell it, that shit is selling fake goods?”

Zhang Ermao (Cade) with a sobbing voice: “ President, do not care how much money that thing is worth, the nature of this nature ah can only say that we are not good at learning the art of hitting the face of the good things as a fake sold, but can not change we want to take a fake to cheat this thing ah

Jacob dead face said: “You do not tell me that these have no, I also do not talk to you about this, I have a claim, you go to that thing to me to come back, three hundred thousand I will later directly hit you in the card, I do not care about anything else, if you do not give me a solution, I’m going to go to my son-in-law, counting on me when my son-in-law’s face, admit that I have a bad heart, I also want to get this thing back!!I’m going to get it back! Besides, even if my son-in-law finds out, he can’t do anything to me!”

Zhang Ermao (Cade) really cried, sobbing, “Chairman, Master Wade won’t do anything to you, but I can’t say the same! I Zhang Ermao (Cade) can have today, all rely on Master Wade in front of the fifth master for me to say good words, if Master Wade knows that I work with you to make these shameful things, a not happy, I will be finished ah!”

Jacob angrily questioned, “Who are you calling shameless? How to be shameless? This idea of shamelessness is not all from you? If you hadn’t come and pushed me, how would I have known that Zhou Liangyun had returned? If you hadn’t given me this bad idea, how could I have lost 20 million?”

Zhang Ermao (Cade) said, “It’s true that I gave you the bad idea, but you didn’t lose any money, you spent 98,000 yuan to earn 300,000 yuan, and your net profit was 200,000 yuan, so how can you say that you lost 20 million yuan? And you say you sell things at a loss, but if I did not come up with this bad idea, you simply can not get this thing ah, how can you say you lose 20 million?”

Jacob knows he is not reasonable, but at this time also do not care so much, face also do not want, directly open said: “Zhang Ermao (Cade), I also do not talk nonsense with you, you say I am reasonable or not reasonable, I do not care, I care about is that you have to give me that thing back, I do not care what method you use, anyway, something I’m looking for you to get! If you don’t get it back, don’t blame me for turning my back on you!”

At this time, the flight attendant walked up to Jacob and spoke, “Sir, we’re going to conduct a cabin security check now, so please stop calling and turn your mobile phone off, or adjust it to flight status.”

Jacob impatiently said, “Okay, okay, I know, it will be over soon.”

After saying that, he hurriedly said to Zhang Ermao (Cade) again, “Zhang Ermao (Cade), I’ll land in Dubai about 9 hours later, you’d better retrieve the stuff for me within 9 hours, or else you won’t blame me for being unsympathetic!”

Zhang Ermao (Cade) was desperate, he would never dare to really go to Zhou Liangyun and make trouble.

It wasn’t that he was afraid of Zhou Liangyun, but the impact of this matter was now huge, once he really stepped forward, it would really be infamous.

So his biggest wish now was that Jacob would be calm enough to accept all this and stop trying to get things back from Zhou Liangyun’s hands.

However, seeing that Jacob would not let himself go at all, he could only choke and beg, “President Jacob you can’t be like this! You even if you don’t look at the fact that I took the initiative to help you make money this time, even if you look at the fact that I paid out of my own pocket before and spent half a million dollars to collect the fake goods that you bought, you can’t force me like this ah

Jacob eyebrows stood: “What do you mean? Before you said that thing of mine, didn’t you say that it was a big leak I picked up?”

Zhang Ermao (Cade) cried and said: “Pick up what leak a pick up leaks, President, I Zhang Ermao (Cade) said a heartfelt words, you are not playing this piece of antique material, you buy things before a count one, all fakes

rubbish, I am looking at the face of the master of the leaf would like to return the favour, so I spent five hundred thousand to receive you a fake, that thing is still in my home! If you don't believe me when you come back I'll take it to you to see, you see if it was when you sold me that piece."
