But by coincidence, the news reached the ears of Mr. moore, who had retired at home and wrote and wrote all day long.

Mr. moore himself is also a collector, but he prefers calligraphy, painting and porcelain and pays little attention to bronzes. However, he does have many friends in the Aurous Hill antique circle, so he heard about this from his own small circle after lunch. thing.

When the old man heard that the previous manager of Ji Qingtang had returned and picked up a 20 million yuan in one night, he began to pay attention to the whole story.

When he saw Chen Yufei's video last night, he suddenly became furious.

In the old man's opinion, Chen Yufei had completely embarrassed Ji Qingtang.

Now everyone in Aurous Hill knows that the general manager of Ji Qingtang is a disgraceful super parallel importer. How can Ji Qingtang be famous in the future?

So he immediately called Jasmine moore.

Jasmine moore was in the office reviewing the progress reports of several major projects of the group. She received a call from the old man and asked respectfully: "Grandpa, are you looking for me?"

Mr. moore went straight to the point and asked her: "Jasmine, what are you going to do with Chen Yufei from Ji Qingtang?"

"Chen Yufei?" Jasmine moore recalled the video she saw on the road in the morning, and said with a smile: "I used to think that this person might not be very capable, but this morning I accidentally saw a video, and I felt that he might still be a bit talented. , give him some more time, maybe he can start Ji Qingtang again. "

Mr. moore asked: "You are not paying attention to the subsequent developments, are you?"

Jasmine moore replied: "I'm not paying attention anymore. The group has too many things to do today and I really can't take care of it. What's wrong? Is there any new progress?"

Mr. moore said angrily: "Forget it, that kid was chatting in the video. It seemed like it was really happening. But this morning, Zhou Liangyun, the man in front of Ji Qingtang, sold the bronze Buddha in the video. , sold for 20 million! It turns out that the bronze Buddha is not a modern imitation of the Ming Dynasty as Chen Yufei said, but a serious gilded Venerable Supintuo from the Northern Song Dynasty! This time, our Ji Qingtang has lost face!"

"What?" Jasmine moore exclaimed, "Is that bronze Buddha in the video from the Northern Song Dynasty?"

"Yes!" the old man said angrily: "How stupid is it to regard something from the Northern Song Dynasty as a modern imitation of the Ming Dynasty? The key point is that he is still the general manager of Ji Qingtang, and the antiques industry values professionalism the most. , If our Ji Qingtang lets such a bad guy be the general manager, outsiders must think that Ji Qingtang's level is not that good!"

Speaking of this, the old man became even more angry and said angrily: "The key point is that this guy's video of commenting on the Bronze Buddha is quite popular on the Internet. I think it has over 10,000 likes. Maybe it has been viewed in the tens or millions. Go! It's really embarrassing this time!"

Jasmine moore also realized the seriousness of the problem and said quickly: "Grandpa, please wait a moment. I will ask the human resources department to find out the situation now. After verifying that it is correct, they will handle Chen Yufei's dismissal procedures and will not let him continue to stay in Jiqingtang." "

Jasmine moore can tolerate Chen Yufei's inaction, but she cannot tolerate him destroying Ji Qingtang's brand.

Since Chen Yufei's incompetence has had a great negative impact on Ji Qingtang, he must be fired.

Verification of the entire matter is also a process that the group must go through for dismissal, because according to the contract signed between the group and its employees, once an employee makes a major mistake at work and causes major losses or adverse effects to the group, the group can immediately terminate the employee unilaterally contract and no compensation is required.

As the general manager of Jiqingtang, Chen Yufei is fully responsible for all the business of Jiqingtang. Yesterday, someone took a Northern Song Dynasty bronze Buddha worth 20 million and offered hundreds of thousands to sell it to Jiqingtang, but he turned the other party away. As for giving away 20 million, this is definitely a serious mistake.

Moreover, Chen Yufei also sought his own death.

He recorded the video himself and disseminated it himself, which is equivalent to completely confirming his mistake, and there is no chance of reversal.

So, just when Chen Yufei was still hoping that this matter would not reach Jasmine moore's ears, the HR manager of the Song Group had already arrived at Ji Qingtang.

Along with the HR manager, there was even the group's legal affairs.

At this time, there were no customers in Jiqing Hall, only a few waiters were holding up the facade. Originally, many people came to see Chen Yufei today, most likely because they wanted to see Chen Yufei's jokes, but Chen Yufei was hiding in the office and no one wanted to see him. , everyone slowly dispersed.

Seeing the group's human resources manager and legal staff come in, several of the clerks thought they were guests. They all said welcome listlessly, then bowed their heads and went about their own business.

The HR manager took out his work badge, handed it to the other party, and said, "Please inform your manager that I have something very important to discuss with him in person."

The guy didn't dare to make a mistake and said quickly: "Wait a moment, I'll go to our manager's office to see if the manager is busy."

After saying that, he quickly ran a few steps to the door of Chen Yufei's office. Without even bothering to knock on the door, he pushed the door open and barged in.

At this time, Chen Yufei was chatting privately to ask colleagues in the antique industry to help delete the video. However, seeing the increasing traffic of the video, those people were unwilling to delete it. Some even refused to reply to his request to delete the video at all. He didn't reply to messages or answer calls, but he discovered that the other party had been replying to netizens' comments under the video, and was also mocking himself as worthless in the comments.

Chen Yufei, who was furious, saw the door being pushed open by the waiter. He suddenly lost his temper and yelled: "Didn't I tell you? Don't let anyone come in to bother me. Don't you understand?!"

The guy said quickly: "Manager, there are two people outside. One of them said he is the HR manager of the group and is waiting to see you."

Chen Yufei exclaimed: "F*ck, is it true? The HR manager of the group?"

"Yes." The guy nodded and said, "That's what he said. I don't know if it's true or not."

Chen Yufei secretly screamed in his heart that it was terrible. If the HR manager came to see him at this time, there would definitely be nothing good going on.

Thinking of this, he became even more angry at Zhang Ermao (Cade), and quickly said to the guy: "Go out first, put them in the VIP room, and tell them that I will be there right away."

As he spoke, Chen Yufei threatened in a sinister tone: "Don't think that I was afraid of you when I called you Brother Ermao before. I still know your details. Aren't you just serving as a master to Master Don Albert? Don Albert If I knew your skills were so bad, I'd probably tell you to pack up and get out!"

Zhang Ermao (Cade) was scolded by Chen Yufei. Instead of daring to refute, he felt a chill down his back!

I really didn't expect that I originally thought that one thing could make two people happy, but it turned out that one thing would backfire one after another. Jacob was going to fall out with him, and Chen Yufei was going to fall out with him too!

Moreover, Chen Yufei, who is also a laborer, mentioned Zhang Ermao (Cade)'s weakness in one sentence.

If this matter really comes to the ears of Mr. Don Albert, without saying anything else, just being the one who makes the game and making himself into the game, it will be enough to make Mr. Hong disappointed with himself. downright.

If Chen Yufei really revealed this matter, his reputation would be ruined.

Thinking of this, he quickly apologized and said with a smile: "Yu Fei, don't worry, it's better to wait until you meet with your HR manager. Don't worry, if they really want to fire you, I will help you find a way. "

Chen Yufei asked him: "What can you think of for me? Is it possible that you can help me plead with Miss Song?"

Zhang Ermao (Cade) was speechless for a moment.

Jasmine moore is the chairman of the Song Group. Both in personal strength and social status, she is far above Don Albertye. Even Don Albertye may not be able to speak in front of Miss Song, let alone herself.

At this time, Zhang Ermao (Cade) was completely panicked.

He never expected that he wanted to give Chen Yufei a favor, but now Chen Yufei turned his back and wanted to bite him.

However, Zhang Ermao (Cade) has been working at the bottom of society for many years and has a very deep understanding of human nature. He understands that it is understandable for Chen Yufei to hate him. It is like he

was kind enough to give others a lift, but because of his poor driving skills, he got into an accident and let The other party has become a high-level paraplegic and can only lie in bed for the rest of his life. In this case, the other party has to compensate himself. You can't go to the hospital bed, point your nose at him and scold him, just to retaliate for kindness.

A wage earner like Chen Yufei, who has extremely limited skills, actually has very few opportunities to find a good job that is decent, profitable, and can also become a frontier official with no one to care about or ask.

With his ability, the probability of becoming the general manager of Ji Qingtang is lower than winning the lottery.

Once his hard-won comfortable job is greatly affected by him, he will definitely hate himself in his heart.

Although Zhang Ermao (Cade) is now considered a high-ranking figure, he has no influence in front of the Moore family. Therefore, once the Moore Group wants to kick Chen Yufei out, there is no way he can keep Chen Yufei.

Not only could I not keep his job, it was even difficult for him to find other jobs in the antiques industry. After all, I had really embarrassed him this time.

Therefore, the current situation is very clear. Chen Yufei will definitely be fired, and he will definitely expose himself to relieve his hatred.

At that time, my reputation in the antiques industry was ruined. If Mr. Don Albert or even Master Wade were to blame, then I would probably be left with nothing like Chen Yufei.
