Zhang Ermao (Cade) was so angry that he trembled all over and cursed sternly: "Okay, your surname is Cheng, you are really damn good! Let me tell you, the thing was sold to Zhou Liangyun for 300,000 yuan. Now you are not the only one who wants to If you want something, that Mr. Murong also wants something. If you have the f*cking ability, go to someone named Zhou to ask for it. But don't blame me for not reminding you that Chen Yufei of Ji Qingtang has been disgraced because of this f*cking thing you made. He went to his grandma's house, and now he can't keep his job. He feels that I'm the cause of everything, so he's about to expose this matter and use me as his backer. Coincidentally, I also feel that it's my fault. You hurt me, so as long as he shakes me out, I will shake you out, and we will die together!"

After saying that, Zhang Ermao (Cade) said again: "I can still find you in that place, if it's this. The matter also involves the police, so I will take the police to arrest you. Don't blame me, Zhang Ermao (Cade), for being unethical. The main reason is that you are an idiot and have no eyesight. If you are a damn professional, you can keep the Northern Song Dynasty Bronze Buddha for yourself and make a fortune. , but it turns out that you don't know how to pretend to understand, and you pretend to be fake and make antiques like this. This is the first time I have seen you!"

When Teacher Cheng heard this, his voice suddenly trembled with fear, and he hurriedly said: "Brother Ermao, please calm down. I don't mean anything else. I just heard today that the thing was sold for 20 million. I feel really uncomfortable. You also know about my business. A bunch of brothers are eating horses. The cost is huge. After working for so many years, I haven't saved 20 million. As a result, I missed so much money in a blink of an eye. I must feel uncomfortable..."

After that, he hurriedly added: "Brother Ermao, I didn't expect this matter to have such a big impact. Please be kind and don't stab me out..."

Zhang Ermao (Cade) said angrily: "I don't understand. , why can't you guys abide by the rules of the business, no matter whether you sell something high or low, don't you understand what the hell is buying and selling, and selling and selling?"

Speaking of this, Zhang Ermao (Cade) thought of Jacob, He was even more furious and asked angrily: “You are a f*cking counterfeiter. If you are really caught, you may not be able to come out in 10 years. But in the end, you are still licking your f*cking face and calling me to ask for something, right? Don’t you think I don’t know that this thing sold for 20 million?”

Teacher Cheng coughed twice in embarrassment: “I...I...didn’t I hear that this thing sold for 2,000? Wan, you are anxious...”

Zhang Ermao (Cade) scolded: “Are you anxious? Why are you so anxious? Don’t you know the logic of how this industry works? Do you think Zhou sold two? Are you going to take it back and give it back to me? Why should you give back the 20 million you earned through your own skills? Or are you just putting your f*cking brains aside if the benefits are too great? Think about it with the 8 and a half kilogram thing on your shoulder. If this thing was sold by you, would you give it back? You would rather spend 10 million to hire a murderer to think about it. If you kill all the people who want something, you can’t give away 20 million, right?”

Teacher Cheng hesitated and said: “You...you became prosperous with Master Wu...I thought that with your ability, I would go to someone named Zhou to ask for something, but 80% of the people named Zhou would not dare not give it...”

“f*ck you!” Zhang Ermao (Cade) became even more furious and asked, “Have you f*cked all your wishful thinking on me? Do you think you can fool me into helping you get things by recycling them ten times? Come back, and I can help you get the thing back, but you can’t even know it’s worth 20 million, right? You’re so f*cking crazy about money that you don’t even accept the basic logic that one plus one equals two?”

At this time, charlie Wade was at the Champs Elysees Hot Spring Hotel. He suddenly saw Zhang Ermao (Cade) calling him. He was a little surprised at first, and then he roughly guessed the purpose of Zhang Ermao (Cade)’s call.

So, he answered the phone and asked with a smile: “Er Mao, do you have a problem with me?”

Zhang Ermao (Cade) said in a very worried and regretful voice: “Master Wade, I called you to admit my mistake. “...”

charlie Wade asked knowingly: “What mistake did you admit to me?”

Zhang Ermao (Cade) sighed and choked: “Master Wade, it’s all because of the devil, knowing that Zhou Liangyu, the former manager of Ji Qingtang, After I came back, I thought that your father-in-law had been bullied by him before, and I must have resentment towards him, so I contacted your father-in-law and came up with a bad idea to avenge him, but I didn’t expect that the matter went wrong...”

With that said, Zhang Ermao (Cade) told charlie Wade the whole story on the phone, without daring to hide anything.

After charlie Wade listened, he asked Zhang Ermao (Cade): “Zhang Ermao (Cade), you didn’t tell me when you were planning this matter; you didn’t tell me when you were implementing it; after it was completed, you still didn’t choose to tell me; now it’s over Out of your control, tell me again, what is your intention? Do you want me to help you? Or do you want me to help you persuade my father-in-law to stop asking you for that statue worth 20 million? Bronze Buddha?”

Zhang Ermao (Cade) said quickly: “Master Wade, I called you to confess that I don’t expect you to help me solve any problems. I just feel that I am unworthy of the support you and Fifth Master have given me, so in this matter Before the matter is exposed, I will confess everything to you and the Fifth Master. No matter how you and the Fifth Master plan to punish me, I will never complain. As for President Jacob, I will definitely find a way to make up for his losses and not let you Embarrassing...”

charlie Wade snorted coldly and said, “You took him to deceive people and helped him earn two hundred thousand, what did he lose?”

Zhang Ermao (Cade) subconsciously said: “But... but that thing was sold by Zhou Liangyun for 20 million...”

Now that things have happened, Zhang Ermao (Cade) is not afraid of being exposed, but that charlie Wade and Don Albert will kick him out.

And when he heard that Charlie Wade asked him to expose himself and then come to apologize to Zhou Liangyun, he felt as if he had been granted amnesty.

He thanked with tears in his eyes: "Thank you, Master Wade, for being open-minded. From now on, I, Zhang Ermao (Cade), will be a down-to-earth person and will never play such clever tricks again. If there is a next time, I... I will definitely... Apologize!"

Charlie Wade asked him: "I asked you to go and apologize, but I didn't say I would be lenient with you, right?"

Zhang Ermao (Cade) said subconsciously: "Master Wade... you... The meaning of your words just now is that you want to spare me this time..."

Charlie Wade sighed with emotion: "Zhang Ermao (Cade), you are indeed smart, but I still say that in the future, your smartness must be used in the right way. "Come on, do you understand?"

Zhang Ermao (Cade) said hurriedly: "I understand! Ermao understands!"

"Yes." Charlie Wade said lightly: "In the past, when you were still hanging out in the antique street, it wouldn't be considered a thing for you to do. What, after all, your circle is full of intrigues and cheating, making and selling fakes are your rules of survival, but you are no longer in that circle, so naturally you can no longer do this kind of thing. If you do it, you are not abiding by the rules;"

"Zhou Liangyun originally It is true that you behaved rudely to my father-in-law, but it was also my father-in-law's fault first. You helped my father-in-law to avenge him. This is called indifference between right and wrong."

At this point, Charlie Wade said again: "You will never do it to me again in the future. If word gets out about Zhou Liangyun's retaliatory behavior, people might think that I, Charlie Wade, don't know the difference between right and wrong, and ordered you to vent my anger on my father-in-law, do you understand? "

Zhang Ermao (Cade) said quickly: "Don't worry, Master Wade. I will go to Zhou Liangyun and kneel down to apologize in the next moment. I will never cause any trouble to him again. Even if President Jacob comes to me, I will not respond to him!"

With that, Zhang Er Mao asked him carefully: “Master Wade, you asked me to explain the situation in the next five and ten. What should I say about your father-in-law...”

charlie Wade asked him in return: “What is one and five?” Ten? Is it still called one-five-ten if you have something to hide?”

Zhang Ermao (Cade) was stunned for a moment. He didn’t expect charlie Wade to hide it for Jacob. It was at this moment that he truly understood what he was wrong about this time. How awesome.

charlie Wade is not the kind of person who doesn’t distinguish between right and wrong. Since it was his father-in-law Jacob who made the mistake first, how could he cover it up? It was impossible to protect him, let alone stand up for Jacob.

And I rushed to stand up for Jacob, trying to curry favor with Jacob. Isn’t this flattering the horse’s leg?

Thinking of this, he quickly said diligently: “Okay, Master Wade, I understand! I’m going to go to the antique street to apologize to Zhou Liangyun, and then write a handwritten apology letter, clearly describing what happened, and send it to In the circle of friends, there are many old colleagues in the antique industry in the circle of friends, and the entire Jinling antique circle will know about it by then.”

He then reminded tactfully: “By the way, Master Wade, President Jacob said before that he would do it right away. It is possible that he will be promoted to president. If this matter goes out, although the police will not be called, it will still have a great impact on President Jacob’s reputation. It is estimated that it will be a little difficult for him to become the president next. “It doesn’t matter. “

charlie Wade said firmly: “I know better than you who my father-in-law is. If he is really allowed to be the president, he will only be a poor person with poor moral character. , it would be better if you can’t go up.

Zhang Ermao (Cade) said respectfully: “Okay Master Wade, I understand!”

charlie Wade said with satisfaction: “Okay, then I will wait to see your performance.”

Zhang Ermao (Cade) thought of Jacob and said with some embarrassment: “Master Wade, President Jacob is on the plane to Dubai now. He gave me a deadline and asked me to give him a clear reply after he gets off the plane and ask for the bronze Buddha from the Northern Song Dynasty back. If I can’t give it to him, I’m afraid he wants to ask you for help...”

“It doesn’t matter,” charlie Wade said, “I will let him retreat when the time comes. Besides, when he troubles you, you should be tougher. You need to be humble to him just for my sake. Over time, it will only make him lose himself more and go further and further.” At

this point, charlie Wade paused slightly and continued: “I tell you, Zhang Ermao (Cade), this time is lucky. You didn’t cause any loss to others, otherwise if you really sold a fake for hundreds of thousands, you might both get involved if they were to pursue it!”

Zhang Ermao (Cade) was afraid and quickly made his attitude clear: “Master Wade. Don’t worry, I will ignore President Jacob if he comes to me again!”

charlie Wade hummed and said, “Zhang Ermao (Cade), I have another task for you. It’s up to you. Can you make up for it?”

When Zhang Ermao (Cade) heard this, he suddenly became excited and blurted out: “Master Wade, tell me! No matter how difficult it is, I will try my best to complete it!”

charlie Wade said, “I don’t care what method you use, you have to let me. My father-in-law is willing to spit out the money and not keep a penny.”

Zhang Ermao (Cade) asked subconsciously: “Master Wade, do you want Chairman Xiao to spit out the profits or all the profits and principal?”

Thinking back to the beginning, Elaine dared to transfer all the 20 billion cash balance. If it hadn’t taught her a profound lesson, she still doesn’t know what she would be like today.

...

While Zhang Ermao (Cade) hurried to the antique street, Chen Yufei, who had run to the toilet several times because of nervousness, was sitting uneasily in front of the group's human resources manager.

The HR manager took out a document, handed it to him, and went straight to the point: "Chen Yufei, this is a notice to terminate the labor relationship between the group and you. Because you have personally caused heavy losses to the group's reputation and profits, the group has decided , using the terms of the labor contract regarding gross negligence as the legal basis, we will unconditionally terminate all labor employment relationships with you!"

After that, the manager added: "You can hand over the work today, pack up your personal belongings, and leave. Yes, your salary for this month will be calculated for you today. When the group pays your salary on the 10th of next month, it will be credited to your salary card on time."

Chen Yufei felt like he was struck by thunder and blurted out: "Manager, you will be fired directly. I don't comply with the labor law! I didn't cause any losses to the group. I just misjudged someone else's collection. You can't make more money for the group because my professional ability is not high enough. , do you think I have caused losses to the group? There are a lot of good things in the entire antique industry that are bought at low prices every year. Is it my fault just because I didn't buy those things from Ji Qingtang? "

The HR manager said calmly: "It has nothing to do with Ji Qingtang how many good things others buy at low prices, but if you reject the good things that others bring to your door, that's your problem. We have all seen the video. Even Director Song has seen it. Doesn't this cause heavy losses to the group?"

As he spoke, the HR manager became sharp and said coldly: "Besides, don't forget that you are the general manager of Ji Qingtang, and you represent Ji Qing. The reputation, signboard and professionalism of Jiqingtang, but you are so blind that you can't even recognize a priceless good thing. Do you know how much impact this has on the reputation of Jiqingtang? I consulted several people before I came here today? Friends who are involved in antiques, all of them know about you, and all of them think that your ignorance and incompetence have had a major negative impact on Ji Qingtang. Isn't this a major fault? "

Chen Yufei quibbled: “Everyone makes mistakes sometimes. Ji Qingtang handles so many things every year. It’s normal for us to make mistakes occasionally. Even robots can’t guarantee that their work will be 100% correct. “Obviously, am I going to be fired just because I misjudged this one thing?”

The HR manager said coldly: “You still don’t know where you went wrong, right? I’ll tell you the truth, the group treats you Ji Qingtang.” There is no profit requirement. It’s okay if you don’t make money for the group, but you can’t discredit the group!”

As he said that, he took out his mobile phone and found the chat history between himself and Zhang Ermao (Cade). There were all the lines in the script that Zhang Ermao (Cade) gave him, which were very different from what he said in the video.

He handed the phone to the HR manager and said with an aggrieved look: “You have nothing to prove. I have the chat records between Zhang Ermao (Cade) and me. You can see for yourself!” At

this moment, Chen Yufei could only treat a dead horse as a living horse doctor. Yes, after all, Don Albert and Jasmine moore did have a certain friendship, and these chat records can also prove that he did not really get eye-catching, but acted exactly as Zhang Ermao (Cade) said.

In this way, to a certain extent, both Zhang Ermao (Cade) and Don Albertye were dragged into the water.

At this point, Chen Yufei had no other choice but to make a desperate move.

The HR manager looked at the chat history on his mobile phone and frowned.

He didn’t expect that there was such a hidden secret in the matter.

Moreover, people from Mr. Don Albert’s side were also involved.

He looked at Chen Yufei and said, “Wait a minute, I’ll make a call.”

Chen Yufei saw that he was taking him seriously, and his hope rekindled in his heart.

The HR manager walked to the door of Ji Qingtang store, took out his mobile phone and called Jasmine moore.

On the phone, he reported the situation to Jasmine moore, and then asked Jasmine moore: "Chairman, how do you think I should handle this matter?"

Jasmine moore had just called charlie Wade this morning and asked charlie Wade tentatively. Chen's attitude towards Zhou Liangyun almost ended up judging a gentleman's heart with a villain's heart. So when he heard that Zhang Ermao (Cade) and Chen Yufei were working together to create Zhou Liangyun, he knew that it must have nothing to do with charlie Wade.

In addition, Jasmine moore was also keenly aware of something wrong. According to her guess, if Zhang Ermao (Cade) wanted to use fake things to bring good luck, it must be for charlie Wade's father-in-law Jacob. Then why should he let people run away for such a thing? Come to Jiqingtang, act in a play with Chen Yufei, and also post it online?

To put it bluntly, isn't it Chen Yufei who wants to use this incident to step on Zhou Liangyun's head to put some money on his own face?

Therefore, she said without hesitation: "Jiqingtang is now in a mess, and it is getting more and more outrageous. Let's do this. You can fire Chen Yufei normally, and all other employees of Jiqingtang will also be fired on the spot, and compensation will be N+1. "

The HR manager said hurriedly: "Chairman, if this happens, Ji Qingtang will probably close down."

Jasmine moore agreed and said decisively: "Jiqingtang does need to close down for rectification. After Chen Yufei is fired and other employees are dismissed. , posted a notice on the door of Jiqingtang, saying that due to the poor management of the group, there were very serious problems within Jiqingtang, and the store will be closed for rectification from today, and the opening time will be notified later!
