A few hours later, Jacob and Elaine's flight finally landed at Dubai International Airport.

Jacob turned off the flight mode of his mobile phone as soon as the plane landed, and then stared at the signal sign on the upper right, waiting for the mobile phone to search for communication signals and data networks.

Jacob specially activated international phone and data roaming before going out, so after waiting for dozens of seconds, his phone successfully connected to the Internet.

And with the successful connection to the Internet, multiple WeChat reminders popped up on his phone.

However, Jacob, who was anxious all the way, didn't bother to check WeChat at all. He directly opened the call history and called Zhang Ermao (Cade).

At this time, Zhang Ermao (Cade) was in his office, preparing to go to Master Don Albert's place for a normal inspection.

Although the apology letter was pinned to the top of his circle of friends, which ruined his reputation in the antique street, and also caused him to receive a lot of weird looks from people around him, he could not care about it at all, because he could still distinguish what was important and what was important.

He knew in his heart that the most important thing for him now was to work hard and work with all his heart, and not to be affected by any side effects. Only in this way could he repay Master Wade for being open-minded.

Seeing Jacob's call at this moment, he hesitated for a moment, then pressed the answer button, and said calmly: "President Jacob, have you landed in Dubai?"

Jacob asked impatiently: "The Bronze Buddha's How's it going? Do you want to come back?"

Zhang Ermao (Cade) said: "I'm sorry, President Jacob, I can't handle this matter. Please ask someone else to do it."

Jacob exploded when he heard this.

Zhang Ermao (Cade), who had always been obedient and flattering to him, this was the first time he rejected him so firmly, which made him feel very unhappy. He immediately shouted angrily: “Zhang Ermao (Cade), what is your attitude?! What do you want to do?”

No ? You asked me to sell the thing. If you don’t want it back, who will? I tell you, you must handle this matter for me, otherwise I won’t be done with you!” Er Mao said in a very calm tone: “President Jacob, you can do whatever you want with this matter, just don’t come to me again.”

“You...” Jacob suddenly became angry and cursed through gritted teeth. Said: “Well, you Zhang Ermao (Cade)! Are you going to take things back behind my back and want to keep it for yourself?! I’m warning you, you’d better not put your wishful thinking on my head! If you don’t give up on this matter, I’ll take care of it, then I’ll call my son-in-law! I’ll call him now, and don’t blame me for not being merciful to you!”

Zhang Ermao (Cade) sighed helplessly, and his tone was a little gentler, in a low voice. Said: “Um...President Jacob...just do this...and you, don’t be in a hurry to get angry, and don’t be in a hurry to call Master Wade. Are you in trouble?” Take a look at my circle of friends first, and then you can decide whether to call Master Wade or not.”

Jacob frowned and asked, “What circle of friends?”

Zhang Ermao (Cade) said. : “You’ll know after you take a look.”

“Okay!” Jacob said sternly: “Don’t worry, I’ll take a look now! I want to see what tricks your circle of friends can come up with!”

As he spoke, he immediately turned the phone into speaker mode, then switched the interface to WeChat.

Dozens of people talked to him on WeChat. He was surprised. He didn’t know how he came to Dubai and so many people were looking for him.

But he couldn't care about that now. He quickly opened the circle of friends and scrolled down for a while before he found Zhang Ermao (Cade)'s apology letter.

He clicked on the picture and looked at it hastily, and instantly felt a buzzing in his head and his whole body was spinning.

He never expected that Zhang Ermao (Cade) would make the whole thing public in the circle of friends, and also included his name information. Wasn't this going to drag him to death? !

Jacob was immediately furious and cursed angrily: "Zhang Ermao (Cade), what the hell do you mean?! Are you trying to kill me by posting this on Moments?!"

Zhang Ermao (Cade) said: "President Jacob, I have been deeply aware of this. I personally went to the door to apologize to Boss Zhou earlier for my mistake. I will not interfere in this matter in any form in the future. You should also make amends as soon as possible."

Jacob went crazy, holding his mobile phone in both hands and looking at it. The microphone at the bottom of the phone roared angrily: "Zhang Ermao (Cade)! Delete this Moments immediately! Then post a new Moment to refute the rumors, saying that you framed me deliberately and that I, Jacob, was not involved at all!"

Zhang Ermao (Cade) said calmly. Said: "I'm sorry, President Jacob, I can't delete a little bit, and I can't post a little bit."

Jacob never expected that Zhang Ermao (Cade) had such a bad attitude, and said angrily: "Zhang Ermao (Cade)! If you don't delete it, I will call my son-in-law. ! Let him order you to delete it!"

Jacob said angrily: "I already let Zhou Liangyun pick up more than 19 million for nothing, and he still wants me to give him back the 300,000?! Aren't you kidding me?"

Zhang Ermao (Cade) said: "Then you Just take care of yourself."

After that, Zhang Ermao (Cade) hung up the phone without waiting for Jacob's response.

Jacob was holding the phone. He didn't know whether he was angry or frightened, but his whole body was trembling and twitching constantly.

Elaine on the side quickly asked him: "Husband, what did Zhang Ermao (Cade) say? Won't he get the things back for us?!"

Jacob was distracted by her, so he took out his cell phone tremblingly and answered it in the void. He couldn't catch both of them, but Elaine had quick eyes and quick hands and quickly grabbed the phone back.

At this time, Elaine noticed that his face was covered with sweat and asked him quickly: "Husband, what's wrong with you?"

Jacob came back to his senses and cursed angrily: "This bitch Zhang Ermao (Cade)! What's wrong with him?" He wants to kill me! He posted everything on WeChat, and he just jumped into the fire pit with his arms in his arms!"

After saying that, he suddenly came back to his senses and said, "Oh my god! Moments! No wonder so many people are sending me WeChat messages! Give me my phone!"

Elaine subconsciously handed the phone to him and asked nervously: "Husband, what happened?"

Jacob said: "I don't have time to tell you this now, please wait for me for a while."

As he said that, while the plane was still taxiing to the parking space, he quickly browsed the unread messages on WeChat.

When he saw the message from President Pei, his heart skipped a beat.

It doesn't matter whether you make 200,000 yuan or not. The key is that the position of executive vice president cannot be lost. There are four vice presidents of the Calligraphy and Painting Association, and there is only one executive vice president. This is a proper second-in-command. As long as President Pei is promoted , the executive vice president is bound to take over.

Jacob has been looking forward to the day when he becomes the president these days, so that he can really feel proud. If Zhang Ermao (Cade) exposes this matter, if his position in the calligraphy and painting association is affected, wouldn't it be a huge loss?

So, he quickly clicked on the voice message that President Pei sent to him. It didn't matter if it was played, he was so nervous that his teeth began to chatter.

In addition to the first one, President Pei also sent a voice message. After clicking to play, I heard President Pei say: "Oh Jacob, what you did with Zhang Ermao (Cade) now affects It's getting bigger and bigger. Several leaders I had dinner with last time called me to ask about the specific situation. They didn't expect you to do such a thing. You said that last time we finally established a You have a good communication foundation. If you act like this, everyone will avoid you in the future. I can't even pull you away!"

Jacob was so nervous that he muttered in a panic: "It's over, it's over, it's over. It's over now. If Zhang Ermao (Cade) does this, I'm afraid I won't be able to survive in the association..."

As he said that, he quickly wiped away his cold sweat and sent a message back to President Pei: "I'm sorry, Pei. President, I have just arrived in Dubai and the plane has not yet landed. This matter is exactly what Zhang Ermao (Cade) said. You must not believe his words! I will definitely hold him legally accountable! "

As soon as the message was sent, President Pei's voice call came through.

Jacob immediately connected and asked nervously: "President Pei, what's the situation in Aurous Hill now?"

"What's the situation..." President Pei sighed and said helplessly: "Zhang Ermao (Cade) is the first person in this circle of friends. Fa, people from the entire association are coming to me to report, demanding that you be removed. They feel that you are not qualified to serve as the executive vice president, or even to stay in the association. People from several brother units also came to ask me about the situation. ;"

“You don’t know, each of these people is more gossipy than the other, and they usually have no ability to do things, but when it comes to eating melons, each of them is better than the other. Even if you give them two acres of watermelon land, they can still eat two acres of watermelon in one go. Jing, I’m holding the matter back for now on the grounds that the situation hasn’t been clarified yet, but this matter still has to be dealt with. You still have to tell me whether you were involved in this matter. If not, how about you? Can you provide concrete evidence to refute Zhang Ermao (Cade)’s circle of friends?”

“I...” Jacob didn’t know how to answer.

Naturally, he wanted to say that he was not involved, but his words were unfounded, and Zhang Ermao (Cade)’s attitude towards him was extremely bad now. If he denied it, but he bit him, he would definitely not be able to deal with him. After all, he That’s the truth.

But if he admitted his participation, wouldn’t the matter be a certainty in Chairman Pei’s eyes?

When President Pei expels himself from the Painting and Calligraphy Association, won’t his career be ruined?

Thinking of this, he had a rare idea. Instead of answering the question raised by President Pei, he asked: “President Pei, in your opinion, how can I prove that I did not participate?”

President Pei didn’t think much about it. , said bluntly: “Jacob, if you are really not involved in this matter, then we must use strong medicine, heavy medicine! I will call the police directly! Just tell the police that this Zhang Ermao (Cade) has personally attacked you, It has damaged your reputation and requires the police to investigate this matter thoroughly. The police will definitely release a result after the investigation. As long as the police result says that you were not involved, no one can throw dirty water on you!”

At this time, Jacob had regarded Master as his last life-saving straw.

Although he always mentioned charlie in his conversations with Zhang Ermao (Cade) and President Pei, as if he would call charlie every minute, he actually did not dare to call charlie for this kind of thing. Asking for help.

After all, what he was doing was deceiving people. How could he talk to charlie about this kind of thing?

Opening this mouth to charlie meant that her daughter Claire also knew about it. What did the young couple think of themselves? From now on, won't I have to keep my head down and behave at home?

Therefore, now he can only seek help from Mr. Don Albert to see if he can ask him for help.

But what he didn't know was that Don Albert was beside charlie at this time.

charlie has already predicted Jacob's next move. When his father-in-law finds that he cannot suppress Zhang Ermao (Cade), he will definitely find a way to find someone who can suppress Zhang Ermao (Cade).

Don Albert became the best candidate at this time!

really.

Don Albert's cell phone rang soon.

The caller was none other than Jacob.

He did not answer the phone in a hurry, but looked at charlie and asked carefully: "Master Wade, will I follow your instructions later?"

charlie nodded.

Don Albert asked again: "In terms of tone and attitude, do you want to be a little gentler?"

"No." charlie said lightly: "I, the father-in-law, never understand what it means to give up on good terms. I will introduce you two to each other. I asked you to support him because I wanted him to be more relaxed in Jinling and gain some face when socializing outside. But this time he did go too far. If this continues, I am afraid that my father-in-law will go further and further away. You have to use some force to get him back on track. "

Don Albert said hurriedly: “Okay, Master Wade, I understand.”

After that, he pressed the answer button and turned on the speaker at the same time. .

As soon as the call came through, Jacob couldn't wait to say: “Fifth Master, it's me, Jacob, Fifth Master!”

Don Albert hummed and said, “Mr. Willson, do you have something to do with me?”

Jacob said hurriedly: “That's it, Fifth Master, That guy Ermao posted a message on WeChat. I wonder if you saw it?” Don Albert said calmly: “Yes, what happened?”

Although it is almost the actual situation, the key point is that Zhang Ermao (Cade) came up with this deceptive idea. I was completely deceived by him and dragged into the water. Now that he has posted such a post on Moments, it has a very bad impact on me. Pei Hui of our association You have come all the way to ask me for an explanation. If I cannot give a reasonable explanation, my position in the Painting and Calligraphy Association may not be guaranteed...
