By / May 9, 2024

Don Albert said with a bit of coldness in his voice: "Mr. willson, what you did is really too shameful. I scolded Zhang Ermao (Cade) as soon as I found out! That circle of friends I asked him to post it too!" Xiao

Changkun asked in surprise, "Master , why are you and Zhou Liangyun good friends?"

Don Albert said, "I have no friendship with Zhou Liangyun."

Puzzled, he quickly asked: "Then why are you going after that Zhou Liangyun?"

Don Albert said coldly: "In the past two years, I have been trying my best to clean up my image. I rarely ask about things in the world, and I don't Try not to engage in illegal business. Now everyone in Jinling knows that Zhang Ermao (Cade) is my master, but my master did such a dirty thing behind my back. Doesn't this mean that he is throwing dirty water on me? "

Jacob didn't expect that Don Albert's words were so serious. He was shocked and quickly explained: "I'm sorry, Mr. Albert, I really didn't expect that this matter would have a bad impact on you... It's all my fault. Zhang

Ermao ! I didn't even know about Zhou Liangyun's return, but he rushed to tell me and took the initiative to formulate such a plan. I was also fooled by him. You have to make the decision for me! He said calmly: "Mr. willson, I have already punished Zhang Ermao (Cade), and he has also come to apologize to Zhou Liangyun. This matter has been overturned by me. What can I do for you? ?"

Jacob said hurriedly: "Fifth Master, I am also very stressed now. I beg you to do me a favor for the sake of my son-in-law charlie and ask Zhang Ermao (Cade) to remove me from this matter, otherwise my The trouble will be big, and I might even be arrested..."

Don Albert said: "Mr. willson, although I respect Master Wade very much, but if you want me to be unconscionable in this matter, then I definitely can't do it."

When Jacob heard this, his heart was filled with despair. He couldn't help but choked up and begged: "Fifth Master, I beg you to help me. If you don't help me, I'm really done..."

Don Albert was silent for a moment and sighed: "Hey! Forget it! For Master Wade's sake, I will help you this time."

Jacob suddenly felt a sense of disaster. Feeling like the rest of my life, my whole body suddenly became excited, and I quickly said: "Thank you, Fifth Master! Thank you, Fifth Master!"

Don Albert said: "Don't be in a hurry to thank me. Although I can help you, I can only help you to a certain extent. It is impossible to completely remove you and let Zhang Ermao (Cade) shoulder all the responsibilities as you said." , After all, Zhang Ermao (Cade) is my younger brother. If I force my younger brother to stand up for an outsider, how can I convince my younger brothers in the future?"

Jacob's heart sank again and he asked nervously: "What can you do? How can you help me?"

Don Albert said: "I can say hello to the police. This matter happened inside Antique Street. Let's solve it inside Antique Street. Don't let it rise to the legal level. At least you won't go in. ."

Jacob's heart suddenly rose again.

Not being able to go in means that he already has a guarantee. He may lose his face and his job, but he will not lose his freedom.

Just when he felt a little better, Don Albert said again: "However, there are conditions for me to help you. Only if you agree can I help you. Otherwise, you will have to do it yourself."

Jacob said hurriedly: " Mr. Albert, you said, as long as I can do it, I will definitely agree!"

Don Albert said: "Although I can keep this matter out of the Antique Street, you still have to resolve it inside the Antique Street. So I want you to go to Antique Street to apologize to Zhou Liangyun in person as soon as possible, and also refund the 300,000 you earned from him."

When Jacob heard this, he almost cried, and said with extreme grievance: “Fifth Master.Zhou Liangyun has already earned 19.7 million yuan. Do I have to pay him back the 300,000 yuan?”

Don Albert said: “How much he earns is his business. You earn his 300,000 yuan ?” One hundred thousand is the proceeds from fraud, do you understand?

Jacob blurted out with some excitement: “But I spent 98,000 on shopping! I spent 98,000 and earned 300,000 back. The profit margin is only 200,000. If I refund him 300,000, Wan, then don’t I even lose my capital?”

Don Albert said calmly: “It’s now, if you are still reluctant to give up the money, then there is nothing I can do. Mr. willson, you can find a way to solve this matter yourself.

“Don’t, don’t, don’t!” Jacob suddenly became nervous and said quickly: “Fifth Master, can’t I return it? I will return all my profits, a total of two hundred and two thousand, without a cent. ” I’ll keep my capital, don’t you think?”

Don Albert asked him, “Mr. willson, if you follow your theory, the police will ask him to return the money to the fraudster. From the money, does he also have to deduct the Internet and phone bills? “

“I...” Jacob was speechless and didn’t know how to answer.

Don Albert then said again: “Mr. willson, I made my promise to you and helped you with advice entirely because of Master Wade’s face. But it’s now like this, and you’re still reluctant to give up the money, so don’t waste my time.” “

Jacob collapsed and could only say loudly: “Okay, Master , I will return all 300,000 yuan to him. Is that okay?”

Don Albert then said: “I suggest you donate the money directly to charity. Then I took the donation receipt and apologized to Zhou Liangyun, because I just heard that he personally donated 10 million to charity, so he definitely doesn’t care about your 300,000. You did what you wanted and donated the money. , He will probably give you a high look.”

Jacob already accepted his fate and said repeatedly: "Okay! I will donate every cent of it!"

Don Albert said with a smile: "That's right! Mr. Willson, money is something external to the body. If you have this awareness, I believe you should be able to get through this matter without any danger."

After that, he added: "It's getting late, I think you should hurry up. Let's go to Antique Street to meet Zhou Liangyun."

Jacob said helplessly: "Master, I'm in Dubai now. I'm on vacation with my wife. I just landed and the plane has just landed."

As he spoke, he subconsciously raised his head and said, "The cabin door hasn't been opened yet."

After saying that, he suddenly found that the entire first-class passengers were looking at him with very contemptuous eyes.

Only then did he realize that the voice he had just spoken on the phone was a bit loud, and it was probably that all the passengers had heard it.

He was so embarrassed that he suddenly felt on pins and needles. He quickly lowered his voice and said to Don Albert: "Fifth Master, do you think I donated the money and then sent the donation certificate to Zhou Liang? Can't I run it?"

Don Albert said: "It's a matter of business. It's important. I advise you to put aside your vacation and come back as soon as possible. Otherwise, if something bad happens, I won't be able to do anything."

Don Albert said, "Oh, by the way, I heard." Our local media are already paying attention to this matter and are planning to interview Zhou Liangyun. If this matter becomes more and more influential, I can't guarantee that I can tell you the truth, so you'd better come back as soon as possible and tell this matter first. Let's settle the matter."

Jacob was completely broken and cried: "I spent tens of thousands on air tickets and a lot of money on the hotel. I just landed after a nine-hour flight. You can't let me go back now..."

“And the money I earned before has to be returned. The capital of 98,000 yuan has been lost. If I lose another 100,000 yuan in air tickets and hotels, wouldn't I be a loser? You are so wronged...”

Don Albert said helplessly: “How about you take a gamble?”

Jacob was frightened and said quickly: “No, no... I can't do this kind of thing. If you take risks, you might have to go in. My wife suffered a lot when she went in. I can't repeat her mistakes...”

After that, he sighed and said: “Forget it. Mr. Albert, I will check the air tickets and book the earliest flight back...”

As soon as she heard that Jacob was going back, Elaine became anxious.

Seeing Jacob hang up the phone, she quickly asked him: “What's going on? I just came here and I have to go back? Do you see that the soles of my shoes are stepping on the ground of Dubai? I'm about to leave...”

Jacob wiped the cold sweat from his head and said in a low voice: “It's impossible to get rid of this situation now. If I don't go back, my position as executive vice president will be gone.”

Elaine said angrily: “It took me half my life to go out for my honeymoon. I can't just go back! My circle of friends has been sent out, how many people are waiting to see what happens next when I travel to Dubai!”

Elaine said, “And don't forget, we are here! We spent a lot of money on air tickets and hotels, and the hotels are non-refundable!” Jacob

said with a depressed look, “What else should I do? Why don't you just stay here and I'll go back and take care of the matter?”

Ask him: “How long will it take to process?”

“Where do I know where to go...” Jacob said irritably: “According to Master Don Albert, not only do I have to go back, but I also have to use the three hundred thousand I'll donate it all. If I donate this 300,000 yuan, not to

mention the 200,000 yuan profit, I'll have to put in every cent of my 98,000 yuan."

As he said this, he covered his face with one hand and said depressedly: "What the hell is this? This..."

At this time, the door of the plane had been opened, and the passengers around him started to queue up to get off the plane with their luggage. A few people went specifically to Jacob's place when they left. Look, there is an unabashed smile on his face, which makes Jacob feel even more depressed.

He quickly took out his mobile phone and looked at the return ticket. He found that the earliest return flight would take off six hours later, so he said to Elaine: "Honey, we did spend a lot of money to book the hotel, otherwise You can stay here for a few days. I'll book a ticket to go back to Aurous Hill tonight to do some work."

Elaine quickly asked him, "Will you come back after finishing the work?"

Jacob sighed and said, "It's the same when I get to Aurous Hill." It's tomorrow afternoon, and I don't know how long it will take to deal with the matter. After it's done, it will take another eight or nine hours of my uncle's time to fly over. Just flying back and forth like this will break my old bones by then... ..."

Elaine said: "What's the point? Didn't we come here just because we fell asleep all the way? We feel pretty good, and the food and drink are okay. Just treat it as if you just slept on the plane and arrived."

Jacob will She handed the flight page on her mobile phone to Elaine and said depressedly: "Look, the flight taking off tonight costs more than 4,000 for economy class, more than 20,000 for business class, and more than 50,000 for first class. I've already wasted a plane ticket when I came here, and I have to spend nearly 100,000 yuan on it. If I still fly first class when I go back this time, won't I suffer even more losses when I finish my business and fly first class? Flying back, this is three fucking first-class flights, and hundreds of thousands are gone! If I spend so much money to sleep on the plane, I might as well stay at home and not go out."

Elaine muttered dissatisfied. "We agreed to go on our honeymoon, but you can't just leave me here alone for several days, right?"

Jacob also felt that this was really not appropriate, so he could only say helplessly: "Then you stay in the hotel and wait for me. Come back as soon as you finish the work."

Elaine breathed a sigh of relief and said, "That's about it, so you have to hurry up. It's almost time to go back by the time you arrive."

Jacob nodded and said. I'll go back in economy class tonight. I won't be able to fly in first class when I finish my work. This round trip costs 100,000 yuan, which is so fucking painful. Economy class is less than 10,000 yuan, which is still acceptable."

Elaine said . He said in agreement: "It's more economical to fly in economy class. The small private room on this crappy plane is not fully enclosed. Two round-trip air tickets cost 100,000. If you have this money, you can go to a five-star hotel to find a presidential suite." I can lie down comfortably for three to five days."

After saying that, Elaine added: "I think the economy class is pretty good. It only takes eight or nine hours to get there, so you can just grit your teeth and get over it. I used to go to college. When I came to Aurous Hill from my hometown, it took more than ten hours to take the green train. If I could buy a ticket, it would be a big deal. I once stood for the whole journey."

Jacob sighed: "Okay. It's settled! Let's get off the plane first, I'll take you to the hotel, and then come back."

The two got off the plane, passed the customs, and took a taxi to the booked hotel. Jacob bought it on the way. After getting the return ticket, Elaine reminded him: "Tell Charlie Wade before you get on the plane, tell him the flight number, and ask him to pick you up at the airport."

"Put it down!" Jacob refused on the spot: "I didn't tell anyone when I went back for the first time. When I arrived, I went directly to Zhou Liangyun. Whether I wanted to make amends or apologize to him, even if I knelt down and kowtowed three times, as long as he could make this matter go away, I would go to President Pei. , let's see how the troubles in the association are solved. If it can be solved, I will come back directly."

Elaine hurriedly asked: "What if it can't be done?"

Jacob felt uneasy and sighed: "If those birdies insist on this matter, I guess I won't be able to stay in the Painting and Calligraphy Association. Let's see then. , If it doesn't work, I'll quit the Painting and Calligraphy Association at the worst. My requirements are not high now, as long as you don't put me in jail."

Elaine asked: "When you go back, talk to that Zhou Liangyun, and if it doesn't work, ask charlie Wade for help. "It's better to be embarrassed than to go in."

"Okay!"

When

the two of them arrived at the hotel, it was already night in Aurous Hill time.

charlie Wade and Claire had just finished eating at home. Claire took out his mobile phone and said to charlie Wade: "I saw the notification on the flight software. My parents' flight has landed almost two hours ago. I guess they should arrive." We're at the hotel, I'll send them a video to ask."

Just after she finished speaking, she received a video call from Elaine before she opened WeChat.

Jacob thought that when he arrived at the hotel, he would first video call charlie Wade and Claire to make sure they were safe, and then quietly fly back to Aurous Hill to do business. What they both cared about was whether he and Elaine had successfully arrived at the hotel and started their honeymoon. As long as you tell them that the trip is safe at the hotel, they will definitely not pay too much attention to it. Then let Elaine take a few photos of the surroundings every day and send them to yourself. If you send them to Moments, you should be able to fool them. Pass.

As soon as the video was connected, Jacob and Elaine were seen sitting on the sofa in the hotel living room. The hotel floor was so high that they could have a panoramic view of Dubai's famous Palm Island.

Elaine held up her mobile phone and said to Claire with a smile: "Daughter, your dad and I are at the hotel. You and charlie Wade should stop thinking about us."

“Okay mom.” Claire saw the relationship between the two of them. Relaxed and very pleased, he said: “You and Dad have a good time there and experience more of the local characteristics. If there are any famous local specialties, remember to bring some back to Charlie Wade and me.”

Elaine said cheerfully: “Don’t worry, Mom will definitely bring it to you when the time comes.”

After that, she added: “Your dad said that the international roaming traffic of our mobile phones is very valuable, and the mobile phone network here is extremely slow. The hotel’s WiFi speed is okay, so don’t send videos to the two of us these days. If you have anything to do, just send us a message on WeChat or text.”

Claire didn’t think much about it, nodded and said, “Okay, you guys have fun. You must pay attention to safety, and be vigilant when you go out. Don’t trust strangers.”

Elaine said quickly: “Don’t worry, Mom is experienced now, and she will definitely be very cautious.”

After that, she said. Then he said: “I won’t tell you, my dear, your dad and I will go out to eat and visit the Dubai Mall!”

“Okay.” Claire said with a smile: “I wish you have a good time!”

On the side Although Chen didn’t say anything, he guessed from Elaine’s words that the traffic was expensive and the speed was slow, and he guessed that Jacob was likely to come back soon.

At this time, Charlie Wade has not yet thought about what kind of lesson he will teach his father-in-law this time. The scale of this matter can be loose or tight, and the tightness is all under Charlie Wade’s control.

If he were a little more relaxed, he would be more noble. After he donated 300,000 yuan, he would ask Zhou Liangyun to come out in person to “refute the rumor” and say that Zhang Erfao’s incident in the WeChat Moments was a misunderstanding and that the whole thing had nothing to do with fraud. In this way If so, my father-in-law will lose his money, but at least his personal reputation and status in the calligraphy and painting association will not be affected.

If it were tighter, he would have to pay a greater price. I would only guarantee that he would not be caught, and just ignore the rest. By then, his reputation would be ruined, and the Calligraphy and Painting Association would definitely be in disgrace as well.

As for which method to choose, you should also secretly observe whether your father-in-law truly regrets it.

The Amazing Son In Law Chapter 6755

At night in Dubai, Jacob dragged his tired body from the hotel in the city to the airport alone.

Since the return ticket he purchased was economy class, he could only sit on the hard bench next to the boarding gate and wait for the boarding gate to open.

While waiting, he opened the website of the Aurous Hill Charity Foundation with heartbreak, found their donation account, and planned to transfer 300,000 yuan to the foundation.

The reason why he chose to donate the money to the Aurous Hill Charitable Foundation was because he saw many antique dealers in his circle of friends discussing Zhou Liangyun's donation of 10 million to the Aurous Hill Charitable Foundation.

Today, Zhou Liangyun has become famous in the antique street, and he has suddenly become the most handsome boy in the entire antique street. Some people admire his strong level, some are envious of his ability to make a comeback, and some are jealous that he made 20 million in one night. huge sum of money.

And Zhou Liangyun was also very straightforward. As soon as the news of the 20 million yuan spread, he contacted the Aurous Hill Charity Foundation and donated 10 million yuan in his own name, and it was a direct transfer without any sloppiness.

The main reason why Zhou Liangyun wanted to donate 10 million was to try to reduce and slow down people's envy and jealousy towards him.

A person's sudden wealth will inevitably make many people feel uncomfortable, but if half of the money earned is suddenly lost, many uncomfortable people will naturally feel much better.

Jacob originally felt extremely depressed when he thought about donating the 300,000 yuan, but when he thought about Zhou Liangyun donating 10 million, he felt relieved a lot.

At this time, he also hesitated in his heart, thinking: "Should I donate this money now, or should I wait until I meet Zhou Liangyun and make sure he forgives me?"

Thinking of this, he thought to himself: "If I donate again in person, it will probably make him think that I am not sincere and not aware enough. At this time, it is better not to be ridiculous and donate first. At least it can show that My attitude is, even if Zhou insists on calling the police, I would have already donated the money when the police came to find me. I can still get leniency no matter what, right?"

At this thought, he gritted his teeth and gave The foundation transferred 300,000 yuan.

After the transfer was completed, he immediately carefully downloaded the transfer voucher to his mobile phone. When he returned, he planned to show it to Zhou Liangyun and beg him to let him go.

The return flight is definitely a torture for someone of Jacob's age who lacks exercise.

The comfort of the seats in the economy class was far worse than that in the first class. In addition, the flight was almost full. Jacob was squeezed between two men. The ride was very painful. During the eight-hour flight, he didn't even have a moment. Can sleep.

When the plane landed in Aurous Hill, Jacob felt that half of his life was gone. When he got off the plane, he stood up and his legs were shaking.

After finally getting out of the airport, Jacob immediately took out a disposable mask and put it on for fear of being recognized. Then he lined up a taxi at the entrance of the airport. As soon as he got in the car, he couldn't wait to say to the driver: "Hello, Please go to the antique street!"

Seeing his anxious look, the taxi driver said with a smile: "You are so anxious to go to the antique street after getting off the plane. You came to Aurous Hill from other places specifically to pick up the antiques, right?"

" He said angrily: "I'm a local. Besides, there are so many leaks that are easy to pick up. Don't let them go to others. It's just like burning incense."
