

The amazing son in law - The Amazing Son In Law

Chapter 7084

When Wu Shutong arrived at Abuja Airport, he did not know that before he got off the car, the vehicle he was riding had been exposed to the monitoring range of a large number of vending machines at Abuja Airport.

In order to get to Casablanca as soon as possible, Wu Shutong ordered someone to rent a business jet in advance and wait at the Abuja Airport. It was already morning when he arrived at the airport. He got off the car and went directly through the VIP channel with Andre to the VIP terminal for security check.

At this time in Abuja Airport, even if there was not one vending machine every three steps, there was at least one vending machine every thirty meters.

The monitoring equipment in these vending machines used wide-angle ultra-high-definition lenses, which basically achieved a 180-degree shooting angle. In addition, they were all placed against the wall, so there was no monitoring blind spot. Wu Shutong was within the monitoring range from the time he got off the car to the boarding gate.

At this moment, charlie Wade and the others also arrived at the food factory before dawn.

Li Yalin and other cavalry guards and death soldiers had been waiting here for a long time.

Seeing Li Yalin, charlie Wade asked him, "Inspector Li, is everything going well here?"

"It's going well!" Li Yalin introduced, "Mr. Wade, these death squads and cavalry guards are very disciplined. No sound can be heard from outside, and no flaws can be seen. I have deployed secret sentries around, and no suspicious persons have been found approaching."

"Okay." charlie Wade nodded and said, "We will start to evacuate gradually from tonight. In order to avoid any more trouble, we will try to evacuate all of them from Morocco within five days."

Li Yalin said, "Five days should be no problem, but Mr. Wade, the AI just gave an early warning. It used our vending machine to capture two suspicious persons who detoured from their base in Nigeria to Abuja and boarded a business jet from Abuja to Casablanca."

charlie Wade asked curiously, "Didn't the Nigerian Cavalry Guards fly directly from Lagos to Casablanca? These two people chose to go far away instead of near, probably because they didn't want to be discovered by us, right?"

Li Yalin nodded and said, "That's my guess."

As he spoke, he took out his mobile phone, opened the high-definition facial photos of Wu Shutong and Andre taken at the Abuja airport, and said, “Look, these are the two people.”

charlie Wade took it and looked at it, then Then he handed it to Song Ruyu beside him and asked her, “Miss Song, do you know these two people?”

Song Ruyu took a closer look and said in surprise, “These...these two are the Grand Commander and Lieutenant General Yuan of the Right Army Commander’s Office...”

When charlie Wade heard that it was the Grand Commander, he immediately became interested and said, “Tell me in detail.”

Song Ruyu pointed to Wu Shutong in the photo and explained, “This is the Grand Commander Wu Shutong, and the other is Lieutenant General Andre of the Right Army Commander’s Office. Andre is the confidant of the Grand Commander.”

charlie Wade said in surprise, “This Wu Shutong actually came to Morocco in person. It seems that he wants to supervise the army on the spot.”

Song Ruyu said, “Mr. Wade made such a big fuss, the Grand Commander will definitely not escape the blame. Coming here in person to supervise the army at this time can be regarded as showing his loyalty to the Lord.”

charlie Wade nodded, looked through some pictures selected by AI, and said in surprise, “Strange, why is this person’s left hand always hidden in his sleeve?”
