Chapter 7103

"Connect his hand?"

Li Yalin was stunned when he heard charlie Wade's casual words.

He knew that charlie Wade had the ability to help Wu Shuhang's broken hand regenerate, but the method he knew was the magic pill, the Reshaping Pill.

So, he subconsciously asked charlie Wade: "Mr. Wade... are you... are you going to give Wu Shuhang a Reshaping Pill?"

"Yes!" charlie Wade nodded firmly and smiled: "Only the Reshaping Pill has the ability to regenerate his broken hand."

Li Yalin couldn't help asking: "Then... does it mean that to regenerate a hand, you also need an extremely expensive Reshaping Pill?"

charlie Wade nodded and said: "Even if you just grow a finger again, you need a whole Reshaping Pill. You can understand that only a whole Reshaping Pill can activate the body's regeneration. As for how much is regenerated, it is all within the scope of this pill, similar to the meal fee of a buffet, whether you eat more or less, it will be treated the same."

Li Yalin subconsciously exclaimed: "This is too wasteful... After all, this person He is Sara's descendant. Even if you give him a pill, he won't be able to use it for himself, so why waste it..."

After that, he quickly explained: "Mr. Wade, I don't mean anything else. I just think it's a pity to use such an expensive pill on the enemy."

Li Yalin himself has experienced the magic of this pill. Not to mention regenerating a broken hand, even if the whole body is beaten into a sieve like himself, it can still reshape a complete and healthy body. If charlie Wade put it out for auction, I'm afraid the price will be much higher than the rejuvenation pill. Using it on an enemy is really a waste of talent.

charlie Wade smiled calmly and said, "Although this kind of elixir may be very valuable, its efficacy is indeed shocking. It is not suitable for selling anyway. But I still have a lot of it. It doesn't have much effect if I take it normally. It's worth taking one to make Sara depressed."

Li Yalin didn't know how to express himself for a moment, so he just sighed and said, "Hey... Mr. Wade... If we are not mistaken, Wu Shuhang's left hand must have been cut off by Sara, and you used the elixir to renew it. Sara may not really have any emotional fluctuations."

As he said, Li Yalin added, "There is also Wu Shuhang. You helped him grow his left hand again. He dared not hide it from Sara and would definitely tell her as soon as possible. Sara, if she was afraid

that he had ulterior motives, would probably replace him directly. In the end, I am afraid that Wu Shuhang would get the advantage for nothing...”

charlie Wade laughed and said, “Don’t worry, Chief Li. I am not someone who will easily let others take advantage of me. Friends and relatives are fine, but enemies have no chance. I know all this, so don’t worry.”

Seeing charlie Wade so confident, Li Yalin knew that he must have his own plans, so he stopped talking.

Since the Tiger Guards of Naples and the Cavalry Guards of Nigeria had already come to Morocco openly, their whereabouts were no longer a secret to charlie Wade, and it was not difficult to find them.

Wu Shuhang was in an office of Moore Trade at this time, discussing the next countermeasures with Andre.

Wu Shuhang knew that he would definitely not be able to hide his coming to Morocco from the enemy. If the enemy really intended to eliminate him, he, Andre and the Tiger Soldiers beside him might not be able to defeat him.

However, Wu Shuhang did not dare not come.

The raid on the Moroccan base was already a major dereliction of duty, and Song Ruyu’s disappearance was even more wrong. Although the Lord only ordered the three elders to cut off his left hand, Wu Shuhang was also afraid that this was just a delaying tactic of the Lord. If the Lord was still angry, he would have to deal with him sooner or later after this hurdle.

He took the initiative to volunteer to come to the most dangerous place, in fact, just to show his loyalty to the Lord, and at least to save some impression for himself.

Although this is somewhat dangerous, it is much better than waiting to die in Nigeria. If he really died in the hands of the enemy, it would definitely be better than being executed by the British ruler. After all, dying in the hands of the enemy would be a way to break the Qing Society and be loyal to the British ruler. The British ruler would naturally remind his successor to take good care of his family. Unlike his eldest brother, not only was the body buried on the spot after death, but his wife and children were all under house arrest for life. Even children who were only a few years old would be under house arrest until they died. Although Sara would not order them to be killed, she would not let him get married and have children to leave bloodline.

Andre was somewhat worried at this time. He said to Wu Shuhang, "Grand Commander, we hold on here. If the enemy comes, the three elders will never be able to arrive in a short time. I am afraid they will be unable to fight back."

Wu Shuhang didn't want to tell Andre his true thoughts, so he said firmly, "I am directly responsible for the Morocco incident. If I don't make up for it with all my strength, how can I face the Lord?"

Andre said, "I am also willing to be loyal to the Lord, but I am worried that my sacrifice will be in vain. If the Grand Commander acts as bait and the three elders can secretly come and ambush and wait, that would be the best solution."

Wu Shuhang shook his head and said, "You don't understand. The significance of the three elders is that if any problem occurs to them, the Lord will have to personally take action to face such an enemy in the future. Therefore, the Lord cannot let the three elders take risks unless it is absolutely necessary. The enemy is obviously more cunning and stronger than imagined. If the three elders come quietly, who will ambush whom is another matter. "

Andre nodded and said, "Then I will ambush more Tiger Guards in secret and do my best to ensure your safety, Grand Commander!"

Wu Shuhang smiled bitterly and said, "General Yuan, thank you for your trouble."

Andre said respectfully, "It's all my job."

Wu Shuhang sighed and said, "General Yuan, go and do your work first, let me rest for a while."

"Okay." Andre said, "If you have anything to say, please

tell me. If you don't have anything to say, I won't bother you." Seeing Andre turn around and leave, Wu Shuhang hesitated for a moment, but still called him and said, "General Yuan, thank you for doing me a favor."

Andre immediately said respectfully, "Please tell me, Grand Commander."

Wu Shuhang said, "Go to the city of Casablanca and see if there are any prosthetic limbs that can be bought. Find one for me. My left cuff is empty and it feels awkward."

"No problem." Andre immediately said, "I'll go and take a look. It's still some time before dark. I don't think there will be any danger. Grand Commander, please don't go out."

"Okay." Wu Shuhang nodded. After Andre left, he subconsciously rolled up the sleeve of his left arm. The neat wound surface was exposed from the sleeve, and the cross-section like a medical specimen made him subconsciously retch.

He couldn't help but mutter, "I wonder if I will have a chance to grow my left hand again in this life..."
