

# The amazing son in law - The Amazing Son In Law

## Chapter 7112

“Hiss...” Jadiel sucked in a breath of cold air and asked seriously, “Shuhang, are you serious? That guy came to your house and didn’t beat you or kill you, just to give you a priceless Reshaping Pill? Why do I find it more and more outrageous the more I listen? You and I have heard of that guy’s style of doing things. Not only is he decisive in killing, he is even a little perverted. He uses close-in defense guns to blow people up and helicopter rotors to behead people. He is more devilish than the devil. He knew that you were the Grand Commander of the Right Army Commander’s Office, but he didn’t chop off your head. Instead, he gave you a Reshaping Pill. Isn’t this too weird?”

Wu Shuhang cried and said, “Grandpa, you don’t know that although this bastard gave his grandson a Reshaping Pill, after his grandson’s left hand grew out, he cut off his grandson’s right hand again, and he used spiritual energy to cut off his grandson’s right hand in his palm. The right hand has been shattered!”

“What did you say?!” Jadiel felt a chill on his back and exclaimed, “That person gave you the elixir to make your left hand grow, and then cut off your right hand. So you still have only one hand now, but it’s changed from only the right hand to only the left hand?”

“Yes, grandpa...” Wu Shuhang cried, “Don’t you think this bastard is a living beast?! He wasted an elixir worth hundreds of billions of dollars just to torture and humiliate his grandson...”

Jadiel broke out in a cold sweat and murmured, “This is not to humiliate you, this is to humiliate the Lord! He used the elixir that the Lord even desired to cure your left hand, and then cut off your right hand. This is clearly a slap in the face of the Lord, and he used your newly grown left hand to slap the Lord in the face! He wasted such a precious pill just to humiliate the Lord. This person’s courage is unheard of. What’s the difference between this and spending \$100 billion just to slap someone...”

Wu Shuhang sobbed, “Grandpa, I don’t know how to report to the Lord. As you said, this person did this to humiliate the Lord. Will the Lord take out his resentment on me...”

Jadiel sighed, “Alas... I can’t guess such things, but we can’t hide such things from the Lord. If you are just a middle or senior level in the Right Army Governor’s Office, you will hardly meet the Lord in the future, and this matter may be concealed. But you are the Grand Governor of the Right Army Governor’s Office. Next year, when the Lord visits your station, you must receive him in person, so you can’t hide anything.”

After that, Jadiel asked again: “By the way, did you see what that person looks like?”

No...” Wu Shuhang said, “The man was wearing a mask, revealing only a pair of eyes, and his appearance could not be seen, but from the sound of his voice, he should not be old, probably around 30 years old.”

“So young?” Jadiel asked doubtfully, “How can a 30-year-old have such a powerful cultivation and a magical medicine like the Reshaping Pill...”

Wu Shuhang said, “It looks younger, but I am not sure whether he is actually older.”

Jadiel asked again, “Did that man tell you any valuable information?”

Wu Shuhang thought for a moment and said, “By the way, this man knows the name of the Lord of England, and he asked his grandson to bring a message to the Lord of England.”

Jadiel immediately asked, “What message did he ask you to bring?”

Wu Shuhang said nervously, “Grandpa, that was too outrageous, I dare not say it...”

Jadiel scolded, “Asshole! If you don’t tell me such a crucial thing, how can the Lord of England know the clues? ! Tell me now! “

Wu Shuhang could only bite the bullet and say, “He...he asked his grandson to tell the Lord that he would...said that he would kill the Lord himself sooner or later, and then...and then...”

Jadiel urged anxiously, “What else? Tell me quickly!”

Wu Shuhang lowered his voice and said, “He said he would erect a one-to-one bronze statue for the Lord, and let the Lord kneel in front of Aasif’s tomb to atone for his sins...”

“Aasif?!” Jadiel felt his brain spinning and blurted out, “He...how could he know about Aasif?! In this world, apart from the Lord and the Wu family, who else would know about Aasif’s existence?!”

Wu Shuhang quickly reminded him, “Grandpa, could it be that you forgot about Lin Wan’er (Alani), the Lord has been looking for...this bastard might be Lin Wan’er (Alani)’s man!”

Jadiel blurted out, “Lin Wan’er (Alani) is powerless, and she only became immortal because of the elixir given to her by Aasif. She has been running around for so many years, how could she train such a master?!”
