

The amazing son in law - The Amazing Son In Law

Chapter 7116

At this point, Sara snorted coldly and said, "Such a waste should be executed as a warning to others, but Wu Shutong disappeared before, and many people must have suspected that I executed him. Letting Wu Shuhang go back to retire can also be regarded as a reassurance to others. Otherwise, if two consecutive Grand Commanders disappear, The position of the Grand Commander in the future will become a hot potato instead. "

Jadiel breathed a sigh of relief and said quickly: "Thank you, Lord, for showing mercy."

What made Jadiel different from Sara was that he still valued the blood relationship of the Wu family. It was precisely because he served Sara and had no descendants that he felt more responsible for the descendants of the Wu family. He was very sorry that Wu Shutong was executed. If Wu Shuhang was abandoned after his hands were cut off, he would definitely spend his life in misery. If he could be given more care, at least he could have a good living condition.

Sara looked at Jadiel and said, "Jadiel, you have deep feelings for the Wu family, which is good and I understand it. But sometimes you have to realize that the Wu family has grown to a very large scale under my protection over the past few hundred years. The more people there are, the harder it is to control and restrain them. There will always be people who will overstep their boundaries at inappropriate times just because they have the surname Wu. So I can conclude that those who will cause trouble in the Po Qing Society in the future will all be members of the Wu family. Sometimes you have to be ruthless when you need to. If you have a nephew, you will treat him as your own son, but if you have hundreds or thousands of nephews, do you remember who to invite? Among these people, the occasional death or injury of a few is not a big deal."

Although Jadiel did not quite agree with Sara's words, he still said respectfully, "I understand. ."

Sara sighed, and then said seriously: "Time is getting more and more urgent, and the situation is getting more and more tense. If I can't get the Baizhuan Qianhui Pill, then I will soon enter middle age in the true sense, or even old age and twilight years. Perhaps one day in the future, I will be like my master in the past. In order to break through and live forever, I will give up everything and everyone around me. At that time, I will hand over the Poqing Society and the Wu family to your hands. There are too many members of the Wu family, just like thousands of birds in a cage. Once the cage can't hold them, everyone wants to fly in a different direction. If you want to manage them well, you must have such an iron-blooded wrist. There are so many members of the Wu family. Occasionally killing a few of them will not affect the continuation of the Wu family bloodline, but it can kill the chicken to scare the monkey and make them behave

themselves. Otherwise, one day, the Poqing Society and the Wu family will be in trouble. The entire Wu family will fall apart and be defeated one by one by the enemy.”

Jadiel hurriedly said respectfully: “My Lord, I believe that you will be able to find the recipe of Baizhuan Qianhui Dan, just like Patriarch Meng, and extend your life for another 500 years. I don’t want to be in charge of Poqing Society, I just want to be loyal to you until the last moment of my life!”

Sara nodded and said lightly: “I know you are loyal. If I really have the opportunity to get the recipe of Baizhuan Qianhui Dan in this life, and find Fenggu Teng, I will be able to refine Wan Gu Changqing Dan, and then I will give you a chance of 500 years.”

When Jadiel heard this, he immediately knelt on the ground, bent down, and said gratefully: “My Lord’s kindness, I will remember it all my life! If you give me a chance of 500 years, I will serve you until the last day of 500 years. !”

Sara nodded slightly with satisfaction and said, “Okay, get up, get things done and report back to me.”

Jadiel asked hurriedly, “Lord Ying, what about the three elders? Originally, in order to prevent them from being exposed, they were asked to wait in Nigeria temporarily, and then urgently transferred to Morocco after finding clues about the other party, but now that this has happened, they can’t be asked to go to Morocco to investigate, right?”

Sara nodded and said, “Don’t let them contact Wu Shuhang, let them prepare to withdraw, but remind them not to leave Nigeria, find a way to leave Nigeria, and then start from a neighboring country, and make more detours on the way back, and don’t fly directly to Buenos Aires.”

Jadiel immediately said, “Okay, I understand, I will convey this to Wu Shuhang!”
