

The Amazing Son in Law /

Super Hero Charlie Wade - Charlie Wade Chapter 7361

charlie Wade was delighted to see Stefanie sun's call.

Lately, she had been traveling around the world for her global farewell concert tour and hadn't returned to China.

Her tireless efforts were because, after this tour, she would officially retire from the entertainment industry—making this her final series of performances.

Answering the call, charlie Wade asked cheerfully, "Stefanie , it's been a while since you last called me."

On the other end, Stefanie sun's voice was filled with excitement. "Brother charlie Wade, I've just boarded my flight back to Eastcliff!"

Surprised, charlie Wade asked, "Where are you now?"

"In Lisbon!" she replied. "Only one concert remains on my farewell tour. After that, I'll be officially retired from the industry!"

charlie Wade asked, "Where is your final concert taking place?"

"Eastcliff!"

Stefanie sun continued, "I thought about it carefully. The tour's first stop was in Aurous Hill, and the last will be in Eastcliff. One is the city where you currently live, and the other is where we grew up together. It just feels more meaningful this way."

charlie Wade smiled. "Stefanie , that's very thoughtful of you. When is the Eastcliff concert scheduled?"

"With excitement, Stefanie sun replied, "February 2—your birthday!"

charlie Wade chuckled. "It's only the start of the twelfth lunar month now, so that's still about two months away."

"Exactly!" she said with a smile. "Once I return, I plan to take a break from work and spend time with my parents. Brother charlie Wade, when will you be free to visit Eastcliff? My parents have been asking about you—they miss you."

charlie Wade smiled and said, “I’m on a plane too, just like you, and about to take off. I’m also heading to Eastcliff, but I’m much closer—I’ll be there in just over an hour.”

“Ah?” Stefanie sun exclaimed. “Brother charlie Wade, you’re going to Eastcliff now?! Why? And how long will you be staying?”

“Probably about seven or eight days,” charlie Wade replied. “You’ve heard of Tawanna Sweet, right?”

“Of course!” Stefanie sun said with a smile. “She’s one of the world’s top female singers and also an amazing songwriter. I really like her! I even tried to get tickets for her concert this time but didn’t win the lottery. Brother charlie Wade, don’t tell me you’re accompanying your sister-in-law to her concert?”

charlie Wade chuckled. “No, actually, I have a new role now—I’m the Feng Shui Director for Tawanna Sweet’s China tour. I’m traveling with her team for ‘preparations,’ though there’s not much actual work involved.”

Stefanie sun was surprised. “That’s amazing! Will you be coming to our house, then?”

“Of course,” charlie Wade agreed without hesitation. “How about I pick you up at the airport when you land, and then we can go see Uncle and Aunt sun together?”

“Sounds great!” Stefanie sun said excitedly. “I won’t arrive in Eastcliff until tomorrow morning. I deliberately chose this time to avoid the paparazzi. If it’s convenient for you, Brother charlie Wade, please come pick me up.”

“Of course,” charlie Wade said. “I’ll be staying at the wade family’s house tonight to see Grandpa. Just let me know when you’re close, and I’ll come get you.”

“Great, see you tomorrow morning!”

After hanging up, charlie Wade felt the plane picking up speed on the runway, preparing for takeoff.

Tawanna turned to him with curiosity and asked, “Mr. Wade, if you don’t mind me asking, who were you talking to just now? It sounded like she’s also performing in Eastcliff.”

charlie Wade smiled and said, “She’s like a little sister to me. She’s a singer too, though maybe not as famous as you.”

“Really?” Tawanna felt relieved upon hearing it was his sister and quickly asked, “What’s her name, Mr. Wade? I might have heard of her.”

“Stefanie sun. Have you heard of her?”

Tawanna thought for a moment before nodding. “Stefanie sun... that name sounds familiar. Isn’t she one of the most famous female singers in China? I remember she had a concert tour in the U.S. not long ago.”

“Yes,” charlie Wade confirmed. “That’s her.”

Tawanna’s eyes widened in surprise. “So she’s your sister! I recall reading reports that she holds the record for the highest box office sales among Chinese singers in the U.S. And she’s about to retire from the music industry, right?”

“That’s correct,” charlie Wade said. “She has only one concert left in Eastcliff before her farewell tour concludes.”

Tawanna’s curiosity grew. “I heard you mention picking her up from the airport. Is she returning to Eastcliff as well?”

“Yes,” charlie Wade replied. “She’s coming back to rest for a couple of months.”

A thought sparked in Tawanna’s mind, and after a brief pause, she asked, “Mr. Wade, do you think I’d have the honor of inviting Miss Sun as a guest performer at my Eastcliff concert?”

“A guest performer?” charlie Wade asked, surprised. “Why do you suddenly want to invite her?”

Tawanna smiled. “Mr. Wade, it’s common for concerts to feature guest performers, usually well-known local artists. Guests typically take the stage midway through the show. Since I decided to perform in China after meeting you in Japan, everything was arranged in a rush, and I didn’t have time to coordinate with local singers. Miss Sun is incredibly popular in China, and since she’s from Eastcliff, having her as my guest performer would be a great honor.”

The real reason Tawanna made this offer was because she had just learned that Stefanie sun was charlie Wade’s sister. She wanted to show respect to charlie Wade by extending the invitation.

After all, countless singers would jump at the chance to perform at her concert. Given her massive influence, being featured at her show was like receiving a prime promotional opportunity.

However, she wasn’t sure if Stefanie sun, who was about to retire from the music industry, would still be interested in performing on her stage. So, she humbled herself and took the initiative to extend the invitation.

charlie Wade had just heard Stefanie sun sigh over the phone about not being able to get tickets for Tawanna's concert. Yet now, Tawanna was suddenly inviting her to be a guest performer.

Given how much Stefanie sun admired Tawanna, charlie Wade was certain she wouldn't refuse the offer. In fact, she would likely be thrilled.

After all, it wasn't just about attending the concert—it was an opportunity to share the stage with Tawanna and interact with her backstage.

So, he said to Tawanna, "When I see her, I'll pass along your invitation and see if she's interested."

Then, he asked, "Your concert is in two days. If we invite her now, will there be enough time for rehearsals?"

"It's not a problem," Tawanna said with a smile. "Professional singers have excellent stage presence and don't need much preparation. Even if her band members can't make it, she must have several pre-arranged performance sets. These sets come with synchronized accompaniment, harmonies, lighting cues, and visual effects that have been fine-tuned many times. The simplest solution is for her to select four or five songs and send the set files to our performance director. Then, she can go on stage and sing directly. If she's open to it, we could even arrange a duet of one of my songs."

Hearing this, charlie Wade smiled and said, "Since it's that easy, I'm sure she'll accept!"

charlie Wade did not inform Stefanie sun about this matter immediately.

After arriving in Eastcliff by plane with Tawanna, he did not leave the airport with her.

He had already informed Isaac Cameron that he would be returning to Eastcliff and staying at the wade family residence that night. As a result, Isaac Cameron had been waiting at the airport for a long time.

To protect Tawanna's privacy, the airport arranged for the plane to park in a remote area.

At that moment, two VIP cars were already waiting—one for charlie Wade and the other for Tawanna.

charlie Wade and Tawanna disembarked together, where Isaac Cameron stood by the car, waiting. charlie Wade turned to Tawanna and said, "Get some rest and prepare for your performance over the next two days. If I receive any confirmed news from Miss Sun, I will let you know."

“Okay, Mr. Wade!” Tawanna nodded respectfully, watched charlie Wade get into his car, and then entered her own.

Inside the car, Isaac Cameron asked in surprise, “Master, why did you come to Eastcliff with Tawanna?”

charlie Wade smiled and replied, “I’m her Feng Shui consultant now. Since she’s here for a concert, I took the opportunity to come and see her.”

Isaac Cameron nodded and said, “The master is waiting for you at home.”

“Alright,” charlie Wade responded with a nod. “Let’s go see Grandpa first.”

charlie Wade and the wade family patriarch had not been apart for long. The elder had traveled to Aurous Hill for the bruce Automobile press conference some time ago.

However, since charlie Wade had already reconciled with his grandfather, his first priority upon returning to Eastcliff was to visit him at home.

Meanwhile, as charlie Wade made his way back to the wade family estate, Tawanna reunited with her team, and together, they headed to the Shangri-La Hotel in Eastcliff, where they would be staying.

When charlie Wade arrived at the wade family’s old house, the patriarch had already been waiting for quite some time.

Seeing charlie Wade, he quickly stepped forward with a smile and said, “charlie, why did you suddenly decide to come back when you originally said you wouldn’t?”

charlie Wade greeted him as “Grandpa” and briefly explained the situation.

Realizing the circumstances, the old man sighed and said, “charlie, you’re always like this. Making excuses to Miss willson isn’t a long-term solution. Have you ever considered finding the right opportunity to tell her everything?”

charlie Wade shook his head. “I haven’t thought about it yet. Claire’s personality is different from most girls. She may seem gentle, but she’s strong-willed. She never cared about my lack of wealth or status, but what she fears most is being deceived. If I tell her everything now, she may never forgive me.”

Lord Wade chuckled and said, “That’s just your own assumption. Feelings matter more than anything. She values you as a person, not your wealth or status. But as I grow older, my greatest hope is that you can settle down, have an open and honest conversation with Miss willson, and put any misunderstandings behind you. And of course, I’d love to see you have a couple of children.”

charlie Wade sighed, “Grandpa, it’s not just her personality that concerns me, but also the hidden dangers behind everything.”

Lord Wade led him to sit down in the living room and asked with concern, “Are you still worried about the Po Qing Society?”

“It’s not just the Po Qing Society,” charlie Wade replied.

Lord Wade nodded. “If you’re willing, tell me everything, and we can talk it through.”

charlie Wade let out a deep sigh. “Let’s put the Po Qing Society aside for now. Grandpa, you must have heard about my father-in-law and mother-in-law’s personalities.”

Lord Wade nodded and sighed, “I’ve known for a long time! Especially your mother-in-law—she’s truly a force to be reckoned with. Your aunt has been spoiled all her life, yet she has only ever been bested by two people: you and your mother-in-law.”

Super Hero Charlie Wade - Charlie Wade Chapter 7364

charlie Wade said with concern, “I didn’t tell the truth to Claire, and a big reason for that is her parents. Claire is incredibly filial, and if I confide in her, she will likely tell them.”

“My father-in-law and mother-in-law are not easy to handle. If they learn about my true background, they will become overly proud and boastful. If word spreads, it could ruin my entire plan.”

“That makes sense,” Lord Wade said thoughtfully, nodding seriously.

Elaine and Jacob were both unpredictable, and when they lost control, they acted recklessly—especially Elaine.

Thinking of this, Lord Wade felt a bit melancholic. With a sigh, he said, “charlie, in your father’s generation, he was the only true pillar of talent in the wade family. In your generation, that role falls to you alone. Looking ahead, only you can produce a descendant as outstanding as you and your father. You can’t take the matter of lineage lightly.”

“Whether or not you choose to reveal the truth to Miss willson anytime soon, you must prioritize having a child.”

charlie Wade nodded. “Grandpa, I understand your point, and I’ll give it serious thought. But I still believe it’s too soon for that. Wu Feiyan’s revenge remains unresolved. If I were to have a child now, and one day, I fail to defeat Wu Feiyan—just as my father did—what would happen to my son? Would he have to grow up in hiding, only to seek vengeance for me one day?”

Lord Wade fell silent for a long time, his eyes turning slightly red.

After a moment of hesitation, he finally said, “A few days ago, I met with Orrin sun.”

charlie Wade immediately understood that his grandfather was referring to Orrin sun, Uncle sun—Stefanie sun’s father.

So he asked, “What did you and Uncle sun talk about?”

Lord Wade sighed emotionally. “Orrin sun told me that Nannan is planning to leave the entertainment industry. Once she retires, she intends to do nothing else except stay with her parents...”

At this point, he paused, fixed his aged eyes on charlie Wade, and said seriously, “She’s waiting for you.”

In other words, she is waiting for you while staying by her parents’ side.

“Waiting for me?”

charlie Wade suddenly recalled Orrin sun’s three-year agreement.

Orrin sun had promised to give him three years to handle his personal matters, but after that, he expected him to marry Stefanie sun.

At the time, charlie Wade neither agreed nor objected.

After all, the engagement had been arranged by his parents, and Orrin sun was his father’s closest brother.

How could he outright refuse in front of him?

But time passed, day by day.

And just like that, three years had flown by.

Seeing charlie Wade remain silent, Lord Wade continued, “Orrin sun is also concerned about your next generation. He was your father’s sworn brother, and he genuinely cares about preserving your family’s bloodline.”

Sensing an underlying meaning in his grandfather’s words, charlie Wade said directly, “Grandpa, just say what’s on your mind. No need to beat around the bush. It’s just the two of us here—there’s no one else listening.”

Lord Wade nodded and said, word for word, “Orrin sun’s hope is that even if you don’t marry Nannan right away, she can still bear your child to continue your lineage!”

“Absolutely not!” charlie Wade stood up abruptly, rejecting the idea outright. “First, I can’t give Nannan the proper title of my wife, and second, I can’t raise the child openly. No matter how I look at it, this is completely inappropriate!”

“You’re being foolish!” Lord Wade, who rarely lost his temper with charlie Wade, scolded him sternly. “The Sun family is a prestigious and influential family. Nannan is not only their only daughter but also the most renowned singer in China. It’s no exaggeration to say she’s a national icon, admired by millions! And yet, your Uncle sun is willing to let her conceive your child before marriage and quietly give birth to your heir—and you dare refuse? Do you have any idea what kind of humiliation that brings to your Uncle sun?”

Then, Lord Wade added, “Let me be clear—this isn’t just your Uncle sun’s idea. It’s a unanimous decision made by all three members of the Sun family!”

“Uncle sun’s entire family?!”

charlie Wade was so shocked that he was momentarily speechless.

After a long silence, he couldn’t help but ask, “Why would Uncle sun make such a decision? This is unfair to Stefanie . What have I done to deserve such treatment from them?”

Lord Wade sighed. “I didn’t understand it at first either. I even tried to dissuade Orrin sun, but he was determined and asked me to convince you instead. What else could I say?”

charlie Wade grew anxious. “This isn’t the right way to handle it. Have they really thought this through? If word gets out, the consequences for Stefanie will be severe. Even if she leaves the entertainment industry, she’s still the most influential female singer. The public and media will always keep an eye on her.”

Lord Wade reassured him, “Don’t worry. Your Uncle sun has already planned for this. A few years ago, he bought an island in the Maldives and turned it into a hotel. Now, he intends to shut down the hotel business and convert it into his private retreat.”

“If Stefanie becomes pregnant, he’ll take her and your Aunt Lin there to live in seclusion. A medical team will also be stationed on the island year-round to ensure a smooth delivery. This will keep everything as secret as possible. Even if the world finds out after the child is born, it won’t matter—as long as no one knows that you’re the father, it won’t affect you.”

“Once the baby is born, you can temporarily stay in the Maldives. When the child turns two or three, you can return to Eastcliff or even send him to the UK or the US. After you take care of the Broken Qing Society, they will bring the child back to you.”

charlie Wade rejected the idea without hesitation. “No! Absolutely not!”

Lord Wade looked at him and asked, “charlie, have you considered the worst-case scenario?”

“The worst-case scenario?”

Lord Wade sighed deeply. “It’s not pleasant to say, but you must always be prepared. What if something happens to you one day? Do you really want your parents’ bloodline to end with you? Back in their time, they were among the most extraordinary individuals in the Chinese world.”

charlie Wade remained silent.

Sensing an opportunity, Lord Wade pressed on. “There are three great unfilial acts, and the worst of them is failing to have descendants. It doesn’t matter if we pass away, but our bloodline must continue—that’s what your Uncle sun is worried about!”

charlie Wade snapped angrily, “But so what? When Stefanie returns with the child, do you think the paparazzi will leave her alone? Do you think public opinion will spare her?”

Lord Wade reassured him, “Once the Poqing Society is dealt with, you’ll have nothing to fear, and your true identity can be revealed. As long as you formally acknowledge Stefanie, won’t everything be resolved?”

“Acknowledge her? How?!”

charlie Wade was growing anxious, his emotions spiraling out of control. “I’m already married! You’ve all known this for a long time! On one hand, there’s my wife, who has never abandoned me. On the other, there’s the fiancée my parents arranged for me. What exactly do you expect me to do?”

Lord Wade’s expression turned serious. “You should understand that your engagement to Stefanie is known across the world. She has openly stated that she entered the entertainment industry just to find her lost fiancé. You are bruce Wade’s son, and she is Orrin sun’s daughter. The brotherhood between your father and Orrin sun was legendary in the Chinese business world!”

“If, in the future, you eliminate the Poqing Society, reclaim your rightful place as bruce Wade’s son, and take control of the Wade family, there is one question everyone will ask you. Do you know what it is?”

charlie Wade frowned. “What question?”

Lord Wade sighed regretfully. “They will ask you: ‘Now that your great revenge has been fulfilled, when will you marry Stefanie sun, who has waited for you all these years?’”

“Tell me, when the whole world is asking you that, how will you answer?”
