

The Amazing son in law Chapter 7427

“Have you explained it to me?”

Tawana immediately asked, “How exactly did you explain it?”

The agent sighed and said, “All I could say was that you’re overly fond of the song and deeply immersed in its storyline. After all, you’re a professional singer and very committed to your performance.”

Tawana replied calmly, “To be honest, I don’t even like this song that much. It’s not as good as the ones I’ve written myself.”

The agent standing nearby looked slightly awkward.

When it comes to music, Tawana has always been quite self-assured.

Unlike Stefanie sun, Tawana is a trained musician who writes and composes nearly all of her own songs. Stefanie sun, on the other hand, doesn’t have a formal music background and can’t write or compose music herself.

Singer-songwriters often don’t think highly of others’ work—especially someone like Tawana, whose songwriting skills are considered world-class in the pop music industry.

Knowing her personality, the agent whispered, “This explanation is the best option for now. If rumors really take off, you could become a target for public criticism. Don’t forget, you have a boyfriend, and the public sees your relationship as stable.”

Tawana waved her hand, clearly irritated. “I get it. That’s fine. If anything else comes up, stick to this narrative.”

Then she asked, “Where are Mr. Wade and Ms. sun?”

“In the dressing room.”

“Good.”

Without wasting another moment on her agent, Tawana quickly headed toward the dressing room.

Inside, Stefanie sun and charlie Wade had already moved past the situation that had earlier made charlie Wade feel somewhat embarrassed.

Stefanie sun was especially happy because she had just kissed charlie Wade, so she chose not to press him further or put him under any pressure. However, this left charlie Wade

feeling a bit off balance, struggling to compose himself. After all, the passionate kiss had lasted quite a while—and it was his first.

Just then, Tawana knocked on the door, and Stefanie sun promptly responded, “Come in.”

Tawana pushed the door open and walked inside.

Seeing her, Stefanie sun smiled and said, “Congratulations, Tawana! Today’s performance was flawless! I think this was your best concert yet!”

“Yes!” Tawana replied excitedly. “I feel the same! I’ve never performed this well before. I gave everything I had to every song!”

Then, her eyes drifted to charlie Wade, who remained silent, and she said with an embarrassed look, “Mr. Wade, I’m really sorry—I got a little carried away on stage today.”

When charlie Wade first came off stage, he had felt the situation was pretty awkward. But after Stefanie sun’s teasing earlier, Tawana’s actions didn’t seem like such a big deal anymore.

So he responded calmly, “It’s fine, I understand. Just don’t do that again in the next performance—or I might go on strike!”
