

# The Amazing son in law Chapter 7795

Lin Wan'er (Alani)'s words always managed to soothe Charlie Wade's emotions at the most appropriate time and with the most effective results.

Charlie Wade immediately realized that these handprints might not be over yet. If it was really a constantly evolving technique, as Lin Wan'er (Alani) said, then as long as he persisted, he might reap even greater rewards.

So he said to the three of them, "In that case, let's go back first and come back tonight."

All three nodded in agreement, and Charlie Wade then returned with them to the Nordic royal family's vacation villa.

At this moment, Helena was wearing a smooth and soft silk nightgown and was busy preparing breakfast for Charlie Wade and the other three in the villa.

She fried sausages, eggs, toasted bread, made sandwiches, and heated milk, just waiting for the four of them to come back so they could enjoy it together.

When the four returned to the warm villa, none of them expected that the dignified Queen of the Nordic countries would personally prepare a sumptuous breakfast for them.

Although Yun Rugu and Song Ruyu had already abstained from grains, seeing how enthusiastic the Empress was, they couldn't refuse, so they sat down at the dining table with Charlie Wade and Lin Wan'er (Alani).

It was only then that the women noticed Helena's figure; wrapped in her pajamas, it was full and graceful, especially her proudly erect breasts, which made them, as women themselves, secretly envious.

Whether it's Lin Wan'er (Alani), Yun Rugu, or Song Ruyu, they all possess the typical classical beauty and figure of an Eastern woman. Compared to Helena, they are all much thinner and naturally not as curvaceous.

After everyone finished breakfast, Helena smiled and asked, “What are your plans for this morning? Would you like me to show you around?”

charlie wade said, “Helena, Miss Yun, Miss Song, and I will all be going into seclusion later. For safety’s sake, it would be best if you and Miss Lin did not leave the villa.”

Helena was immediately disappointed. She had waited for charlie wade all night, but she didn’t expect that he would only come back for breakfast before going into seclusion. She had put aside her royal affairs to come here hoping to have more opportunities to spend time with him, but if this continued, the chance for the two of them to have a private conversation every day would be extremely rare.

However, Helena was also a sensible woman. She knew that charlie wade had important matters to attend to, and she certainly couldn’t hold him back at this time. So she nodded and said, “Okay, Mr. wade. If you need anything, just let me know. I won’t leave here while you are in seclusion.”

After breakfast, charlie wade said to Yun Rugo and Song Ruyu, “Miss Yun and Miss Song, if you don’t mind, let’s go to my room to cultivate together later. I have a set of hand seals that I need you two to help me verify.”

Without hesitation, Song Ruyu nodded immediately: “Yes, Mr. wade.”

Yun Rugo was momentarily stunned, but quickly recovered and said with a smile, “I will follow Mr. wade’s instructions.”

charlie wade then instructed Lin Wan’er (Alani) and Helena not to leave the villa, and then went with Yun Rugo and Song Ruyu to the room that Helena had arranged for him.

Fortunately, the royal vacation villa had large enough rooms, each with its own living room, so charlie wade sat cross-legged on the carpet in the living room with the two of them.

The first set of hand seals was a counteracting hand seal for charlie wade. It would draw away the spiritual energy in his body, and at a much faster rate than the second set of hand seals could generate spiritual energy. The difference between the two was more than a hundred times.

However, charlie wade felt that his spiritual energy did not disappear inexplicably. It was most likely absorbed by some mysterious thing in his body

that he did not know about. It was probably the culprit that used the aurora to display hand seals twice.

To verify his guess, Charlie Wade wanted Yun Rugo and Song Ruyu to try the hand seals from the first time. If their spiritual energy did not mysteriously disappear, then it would prove that his guess was correct.
