

The Amazing son in law - The Amazing son in law

Chapter 8031

3-4 minutes

charlie wade nodded and said with a smile, "I didn't originally intend to kill you, because keeping you alive is still useful to me."

Du Heng breathed a sigh of relief and quickly said, "Don't worry, from now on I'll be your inside man. I'll report to you immediately if there's any movement in the Left Army Commander's Mansion!"

charlie wade asked him, "Tell me, have the elders of the Breaking the Qing Society come here?"

Du Heng shook his head without hesitation and said, "No, the three elders are elusive, we have no idea where they are."

charlie wade smiled and asked, "Is that the truth?"

Du Heng immediately said decisively, "The truth! Absolutely the truth! Not a single lie!" "May you be struck by lightning!"

charlie wade curled his lip and said disdainfully, "Who would believe such a childish oath?"

Du Heng quickly asked, "Then how can I swear for you to believe me?"

charlie wade shook his head: "You don't need to swear. I have a way to make you tell the truth."

Seeing the coldness in charlie wade's eyes, Du Heng was startled. Just as he was about to speak, charlie wade directly used his spiritual energy to control his mind and said coldly, "I'll ask you one more time, have any elders of the Broken Qing Society been to America?!"

Du Heng immediately replied respectfully, "Yes, the Second Elder came and traveled in America for a while. He went to Mexico a few days ago."charlie wade frowned, surprised that one of the three elders had actually come to America.

He then asked Du Heng, "What is the Second Elder doing in Mexico? Is he going back to America?"

Du Heng shook his head and said, "I'm not sure. The Second Elder only said he wanted to go and see what opportunities were around, so we arranged a private plane to take him to Mexico."

Miami is on the easternmost side of the Gulf of Mexico, separated from Mexico by the entire Gulf, a straight-line distance of nearly two thousand kilometers. The land distance is even greater than two thousand kilometers, and while the sea route is only a little over a thousand kilometers, ships are too slow; a distance of over a thousand kilometers would take at least a day and a night to reach. Air travel is the fastest route.

Considering that the Second Elder's departure from America was arranged by the Left Army Governor's Office, Charlie Wade felt confident. Putting aside everything else, if the Second Elder wanted to return to Miami, he would definitely need the Left Army Governor's Office to arrange a flight. This way, he wouldn't have to worry about him suddenly returning and thus seeing through the psychological manipulation he had done to Du Heng.

So Charlie Wade asked him, "How many death squad outposts does the Left Army Commander-in-Chief's Office have?"

"Five," Du Heng replied truthfully. "Three are in the United States, and the other two are in Canada and Mexico."

Charlie Wade then asked, "Have these death squad outposts undergone a major reshuffle?"

Du Heng nodded and said, "It has."

Charlie Wade frowned and asked, "Is there any way to switch them all back?"
