The Amazing son in law

Chapter 8052

Yun Rugo recalled her first encounter with charlie wade. He had given her both immense despair and immense hope.

Willie's self-destruction had led her to believe charlie wade was surely dead, but unexpectedly, he had changed his clothes and arrived in a helicopter to find her.

At that moment, Yun Rugo thought charlie wade had come to eliminate her completely.

However, charlie wade not only didn't harm her in the slightest, but even treated her with great care. Faced with such a young, handsome, and dashing man, whose cultivation far surpassed that of his peers, it was impossible not to be moved.

As for Song Ruyu, charlie wade had already captivated this seemingly aloof girl during the massive operation that caused the disappearance of thousands.

This also contained a deep underlying logic: the strong naturally admire the strong more than the weak.

An ordinary person's admiration for a highly skilled cultivator can never compare to that for a cultivator of lower cultivation.

Song Ruyu, from a young age, considered herself a chosen one destined to help her family defy fate. However, after meeting charlie wade, she realized what a frog in a well truly meant. When charlie wade first threatened her, she thought he was a brute, strong but ultimately reckless man who dared to provoke the Po Qing Society and even attempt to wipe out their entire territory.

But when she witnessed charlie wade leading tens of thousands of men and completely outmaneuvering the Po Qing Society, the contrast and shock were indescribable.

Both Yun Ruguo and Song Ruyu were quite confident in front of most women; in terms of beauty and figure, they were top-tier, and with their cultivation, they were unparalleled. Yet, in front of the defenseless Lin Wan'er (Alani), they always felt a hidden inferiority and helplessness.

So, when they realized that charlie wade and Lin Wan'er (Alani) had gotten together, although they felt envious and disappointed, they weren't resentful at all. They both felt ashamed in front of Lin Wan'er (Alani).

Lost in their thoughts, the two even forgot about the spirit stones in charlie wade's hand. Seeing them dazed and silent, not reaching out, charlie wade spoke up, "What's wrong with you two? Don't you want the spirit stones?"

The two snapped out of their reverie and, seeing the spirit stones in charlie wade's hand, were first utterly astonished, then looked at each other in panic.

Yun Rugo and Song Ruyu were both people of good character. People of good character have their own moral compass; they don't want to take advantage of others or owe them too many favors.

charlie wade had always taken great care of the two girls, not only sharing the hand seals that could generate spiritual energy with them, but also giving them pills and spirit stones. Last time, he gave each of them two pills, which they treasured, each still keeping one intact. Not long after, charlie wade gave them two more spirit stones, which already made them feel quite overwhelmed.

The two girls looked at each other, and it was the slightly older Yun Rugo who spoke first, gratefully and nervously saying to charlie wade, "Mr. Ye, even Wu Feiyan probably didn't have the chance to touch such high-quality spirit stones. You already gave us two last time, and Ruyu and I

are very grateful. Now... now we are really embarrassed to accept your spirit stones again..."

charlie wade smiled and said to the two girls, "Don't see spirit stones as a gift, but as an investment. I'm investing in you, hoping that your cultivation will improve more and more in the future. I also hope that if one day I, charlie wade, need your help, you will lend a helping hand." "If I don't have anyone by my side who can deal with the Po Qing Society on my behalf, or even fight them to the death, then this matter is destined to fail."
