The Amazing son in law Chapter 8053

Yun Rugo said respectfully without hesitation, "Mr. Ye, Ruyu and I are irreconcilable enemies of the Po Qing Society. As long as we are alive, we will stand by your side whenever you need us."

charlie wade nodded and looked at Yun Rugo earnestly, "Therefore, I hope that on that day, the Yun Rugo and Song Ruyu standing by my side will be even stronger. The stronger you are, the higher our chances of having the last laugh will be."

Yun Rugo and Song Ruyu exchanged a glance, both able to see the emotion and struggle in each other's eyes.

charlie wade didn't waste any more words with them, directly stuffing the spirit stones into their hands, and said seriously, "Take them. Continue your seclusion until the day the voyage begins. You will still come back to Jinling with me then, and I will give you new spirit stones to help you cultivate quickly." At this point, charlie wade sighed slightly, "I don't want to spend the next few decades playing hide-and-seek with Wu Feiyan. I want to resolve this huge problem of the Broken Qing Society as quickly as possible, and then live my own life. So, you two, time may be more pressing than you imagine."

Since the day his parents died, charlie wade had never truly experienced life of his own.

Growing up in an orphanage, and even after marrying into the Xiao family, he had always been cautious and timid. In the Xiao family, he was practically living under their roof. After reclaiming the Ye family's young master, the reasons for his parents' deaths gradually surfaced. He kept it a secret from Xiao Churan while simultaneously improving his cultivation and building his own power.

Even now, he had never truly lived a free and unrestrained life.

He had once hoped to resolve everything before telling Xiao Churan everything and living happily ever after with her.

However, her sudden departure shattered all his plans, and for a time, he even lost all hope in love.

After a four-hundred-year-long bond formed between him and Lin Wan'er (Alani), a sudden clarity of mind made him realize that he didn't need to live like the vast majority of people in the world.

He could be a unique man in this world, living a fantastical life that no one else had ever experienced, and even one day become the first Earthling to set foot on an exoplanet.

Now, he couldn't wait to resolve all the troubles and bring these fantastical and incredible futures to more people around him.

Of course, this was on the premise that they were willing.

If they were unwilling, he wouldn't force them.

Everyone has their own destiny; immortality isn't necessarily suitable for everyone.

For the first time, Yun Rugo saw an unprecedented sense of freedom in charlie wade's eyes.

In her memory, this man had always been very calm, but beneath that calmness lay a subtle melancholy, as if he was constantly troubled by something deep beneath his calm exterior.

But today, although charlie wade's eyes were still as calm and sharp as ever, the melancholy in them was gone.

She realized that the change in her relationship with Lin Wan'er (Alani) seemed to have been a catalyst for charlie wade's transformation.

Previously, he never considered ending the life-or-death struggle with the Qing Dynasty Society quickly. He was always like a cautious and unassuming ninja, perfectly concealing himself in the shadows, patiently searching for ways to wear down his enemy.

Now, he has completed his transformation. He has become more aggressive and pure, like a chivalrous knight-errant from the world of Chinese martial arts. A chivalrous knight-errant may not be the most powerful person in the entire story, but he is certainly the most carefree. A chivalrous knight-errant only does three things: meet the enemy, draw his sword, and turn away.

As for whose head will roll off his neck, the chivalrous knight-errant doesn't care.
