

Attributes 1451

Chapter 1451

"As long as I am here, I will definitely take you over here, because I am the deceased here. As for why I am waiting for you here, this is a secret. I cannot tell you. I will have the opportunity to tell you in the future."

After he finished speaking, he took Tianci and Gu Shaoyang from one side to the other. Soon when their feet landed, they found that when they looked back, they found that it had turned into a cliff again. This was simply amazing, but before Gu Shaoyang had time to sigh, he heard a voice coming from in front of him.

And this voice was very familiar to him, wasn't it the voice of the king? After thinking of this, he was particularly excited, and then he immediately He wanted thousands and asked the other party to find it, but at this moment he was stopped by this little girl, and then he heard the little girl say to him

"Look at who is next to him. Will it cause secondary damage to him if you rush out like this?"

After hearing what he said, Gu Shaoyang stopped and slowly observed the surrounding situation. Sure enough, there were two people beside him, and these two people were none other than Li Zhou and Liu Chengmin. This made them angry. Damn it, this guy is really in their hands, and these two guys really cooperated.

You can imagine what kind of culpability the king should bear in their hands. At this time, I only heard the king say, you'd better die If you have this intention, I will never cooperate with you. Even if I cooperate with cats and dogs, I will not be with traitors like you. I will give up this intention. It seems that you have a tough mouth. , then I have to see who has the tough words.

After saying that, he whipped the king hard with the whip in his hand. After all, he is a mortal, different from their men. After a while, he His skin was torn apart after being beaten, and at this moment, Li Zhou next to him spoke again.

"Do you want to cooperate or not? The king is still the same as before, very tough-mouthed and won't agree with anything."In this way, they were beaten again very quickly. After seeing everything here, Tianci and Gu Shaoyang wanted to rush forward and stab each other hard with the whip, but they can't act rashly now. If If they clean up their reckless actions now, it is very likely that everything will be in vain.

Then after thinking of this, they slowly waited for the other party to leave. Sure enough, the other party felt that it was really boring, so they left immediately. When they just walked out, were they there? When they were far away, Gu Shaoyang and Tianci came out from the side and walked in front of the king.

Seeing him dying, not to mention how sad he was, at this time Gu Shaoyang patted the other party's shoulder, and said: After meeting, he felt relieved. Seeing everything in front of him, he couldn't believe it. He said

"Am I dreaming? Why can I see you in my dream? Are you here to save me? It's really great. I thought you would never know if I was lost and taken away by others, but I didn't expect you now. It appeared before my eyes."

Tianci said sadly afterwards

"Sorry King, we didn't mean it. We really didn't know that you were captured by him at the beginning. Later when we went to look for you, we found that you were missing. We then searched. We knew that we must have been captured, but at their entrance we I still couldn't find it. Fortunately, I walked in by mistake with Gu Shaoyang today, otherwise we wouldn't know you were here."

The king at this time is also the king of the daughter country. Hearing Tianci's guilty look on his face, he couldn't help but say

"In fact, I don't blame you. I have nothing to do with you. The main reason is that the other party is too cunning. I didn't expect that they could launch a second attack on us at noon that day. Do you know? The first time I attacked them, they failed miserably. Maybe I had already started to do that when I attacked them the second time."

"In short, the result now is good. You finally meet each other and can rescue him from here. So from now on, you hurry up and rescue the king from here. I will lead you and I will get you out of here. Taken out."

Hearing what the little girl said, Tianci and Gu Shaoyang couldn't help but feel so happy, and then they said

"Thank you, little girl. Without you, things might be more complicated for us than they are now, but the little girl said, don't worry. How could I let you go through so many complicated things with me here?"

In a short while, they had appeared in another place.

But after walking for a while, they found that the wound on the king's body was very deep. It would hurt if he moved it. If they couldn't bear it, Gu Shaoyang asked them to stop at this time. , what should we do about this? Could it be that they just happened to be discovered?

After moving here, they became a little uneasy, and then they were ready to hide quickly,

Chapter 1452

But at this moment, it seemed that there was no rush. At this critical moment, the little girl illuminated a layer of barrier in front of them. Now the other party could not see it, but she could hear what the other party said. Sound, they saw each other walking towards them inside the barrier, and soon Gu Shaoyang found that they couldn't hear the sound outside, alas.

At this moment, Li Zhou and Liu Chengmin were passing by them, and they only heard the two of them saying

"It's really unlucky. The king of the daughter kingdom is really tough. We have thought of so many ways, but he just doesn't speak."

"Isn't it? This guy is too difficult to deal with. They all say that he is a friend of Gu Shaoyang and the others. It's like a fish looking for a fish or a shrimp looking for a shrimp, or a turtle looking for a bastard. There are many. You can look for any kind of person. What kind of characters are really the same? He is so stubborn, and he is also very stubborn when he finds a friend. I really don't know what they are stubborn about."

At this time, I only heard Li Zhou talking.

"Everyone has their own pursuits. Maybe the purpose of their lives is different from theirs. We are more greedy, but others are more Buddhist, so we can't get along with them at all. This is a given, and you don't want it either. If you continue to be upset, this matter will not be easy to accomplish."

How did he record it after hearing this? Hehe said with a smile

"No, I don't know what happened to him in this matter. Originally, this matter was a very good thing, but after being messed up by him like this, a good thing turned into a bad thing. It's really annoying."

After they finished speaking, the two of them sighed and walked past them. As for the two of them talking, Gu Shaoyang and Tianci sometimes did not agree. Why? Because that's how it is, fish will find fish and shrimp. Shrimp, look for whatever kind of person you want. People who are close to red will be red, and people who are close to ink will be black. These are the same principles that have been followed since ancient times.

After they walked away, the little girl opened this layer of enchantment, and then say to them

"Leave quickly. If you don't leave, you won't have a chance. I heard that the leader of their demon clan is coming back soon."

At this time, his words suddenly attracted Gu Shaoyang's attention, and then he asked the leader of the demon clan

"Let's take a look at what Fangze looks like."

But at this time the little girl said

"No, you absolutely cannot have this ability now, because the leader of the demon tribe just came back from some conference and got a treasure in his hand. You are no match for him at all. If you want to become his experimental subjects, Okay, I won't stop you."

After saying that, he was about to turn around and leave, but at this time he was suddenly pulled by Gu Shaoyang and said

"Don't be angry, I was just joking, how dare I? Besides, I don't even know what kind of strength the other party has, so how dare I take action rashly."

After hearing this, the little girl finally stopped and said

"It's not that I'm angry with you, it's just that your current ability is not enough to match her and to duel with him. After a period of time, when you have this ability, I will definitely not stop you from confronting him. I am doing this for your own good, although my appearance may be strange to you.

But everything I do is for your own good. You just need to remember this one thing. After hearing this, Gu Shaoyang and Tianci nodded and said, don't worry, we will definitely listen to you."

Just like that, Gu Shaoyang Goddess and the others took the king of the Daughter Kingdom out through the exit the other party found for him. They quickly returned to the academy. When the dean of the academy saw who the two of them helped back, I was simply shocked, and then said

"Hasn't he already left? When did he come back, and where did he get the injuries?"

Of course Tianci knew that his father was worried at this time. He was the king of the daughter country, but there was no way. He didn't have time to explain to him now, so he said to his father, "Father, please quickly find a doctor for me. He must be reliable." I need to take care of his wound, otherwise I'm afraid it will become inflamed and he will be in even more pain. After a while, his father brought the doctor back. After some treatment, the little girl Finally out of danger.

After all the work was done, he said to his father

"It turns out that this little girl was kidnapped by the demon clan. If the two of them hadn't had nothing to do today and wandered to the demon clan, they still wouldn't have found this. As for the king of the daughter country in the poem, maybe people in his country don't know it yet and think they are here with us. In fact, they should have set off half a month ago. If they were to arrive, they might have arrived by now.""

So at this time, we dared to rescue him when he was in the demon clan. It really surprised us. Originally, we thought the same as you, that they had returned to the daughter country.

Chapter 1453

I never thought that something like this would happen. If I had known about it, I would have rescued them long ago.

After seeing this scene, Tianci's father didn't know what to say. He only knew that this little girl must have been seriously injured. Otherwise, how could her clothes be so fat? If I guessed correctly, she must be Those who were whipped, these inhumane guys.

Even a little girl is not spared, she is simply a scum, but what can they do if they continue to scold her here? He had already been hurt. At this time, Tianci stood next to Gu Shaoyang and said

"What should we do next? If I put it here, I believe that the demons will soon come. Not only will it be impossible to save him, but my father will be in danger by then, so we must find a way to send it away now.

However, this place must also be very safe, but where does this place go? I really can't remember it."

While the two of them were thinking hard, the God-given mother next to them spoke.

"I have a place where you can hide for a while."

After hearing this, Gu Shaoyang asked strangely where it was. Don't think that we will believe you if you tell us. We have found out how many secret bases you have had since you were a child. Are you still afraid of one?

At this time Tianci noticed that his father smiled slightly and said

"No one has ever come in here, so if you want to come in, you can. If you don't, the door is waiting at the door."

At this time, after Tianci's father said these words, he walked in resolutely alone. But at this time, Gu Shaoyang saw that his father was so courageous. He didn't care, and then he took himself with him. His good friends walked in, and one after another, one, two, three, and four of them all walked in without hesitation.

When they came here, they found that it was actually a cave. This place had never been visited by his father since he was a child. I took myself here, and then Tianci asked, when did my father discover this? Why have we never discovered this place? At this time, for everyone, when it comes to this place, I have discovered the geographical distance of more than 30 years.

"But what are you doing here? I see that you have a lot of bookshelves here, are they just for reading? I don't think you must have some secrets that you haven't told us, right? What secrets does father have that he can tell us, and we might be able to help you solve it."

At this time, Tianci's father saw that his son was so worried about him, and he couldn't help but say

"Don't worry, this place is my secret base. Why is it called a secret base? Because I have escaped here before, and it was here that I blocked the pursuit of the demons. Otherwise, do you think why I suddenly appeared in front of you, and I was still safe and sound?"

It's because of this, so don't worry, I will be fine.

At this time, the two of them had already brought the king of their daughter's country and put her on the bed. Then Gu Shaoyang said to his parents with some embarrassment.

"I'm sorry, I didn't mean it. Please forgive me, okay?"

The silly boy's father has never been angry with you, how can he forgive you? Be obedient.

After a while, his father wrote a letter, then handed it to Gu Shaoyang and told her to take this letter when you go out. If you find this person by letter, I believe that this person will teach you well.

Although Gu Shaoyang and the others didn't know why Tianci's father gave him such a letter, he still accepted it happily. Maybe he had expected something bad to happen. It happened, so I was prepared in advance, but at this moment, someone suddenly squeezed the door from the outside. After a while, I laughed to death. At this time, everyone saw the daughter in Gu Shaoyang's hand. The king and God's father stood in front of them and said, "We have expected that you would go in this direction, but we did not expect that you would actually arrive at this place. I have never seen you before."

See After this scene, they were a little confused. Didn't they say that this is the safest place? Why were they found by the other party just a short while ago?

Who knew that Tianci's father said at this time

"I'm sorry, I didn't expect them to come here so quickly, but it doesn't matter, remember what we just told you, don't forget it."

And at this time, Gu Shaoyang said quickly in order to prevent his father from worrying?

"Don't worry, father, we will definitely accept your proposal."

At this moment, two familiar figures came from outside, either Li Zhou or Liu Chengmin. Then such faces appeared. The moment they saw them, Gu Shaoyang and Tianci didn't know what to use. Words to describe the two of them.

Chapter 1454

At this time, Gu Shaoyang knew that something good was going to happen when he saw the familiar voice on the opposite side appear again. Then they saw Li Zhou and Liu Chengmin coming next to them and said

"Eager to get to know each other, I am going to let you go today. As long as you hand over the King of the Daughter Kingdom to me, I will let you leave here and promise to never beat you again in the future."

At this time, the other party has made sufficient preparations. It is impossible for me to leave her alone, so I will kill or take care of her. In short, we will never leave our partners alone. At this time, everyone After hearing what he said, I was a little surprised. I didn't expect that the friendship between them would be so strong. Why did he encounter such a friendship? In fact, Li Zhou regretted it. In the past, Gu Shaoyang and Tianci and the others were a few Isn't this how I treat myself?

But for the last time, I was strangled by myself.

It was at this time that Liu Seungmin spoke.

"Today I give you one last chance. Do you agree or disagree? If you agree, get some pairs of socks, if not. I will catch you according to the old rules."

When the other party heard what he said, he laughed out loud and said

"Then we have to see if you have this ability, but Lizhou said to stop being tough, I don't know how you are doing? You can just surrender, I will plead with you for them."

Who knew that he would actually flirt with himself at this time? They have never broken any laws, so why use it to plead for mercy? After being invited here, Gu Shaoyang became very angry, and then he said

"You don't have to be pretentious here, I tell you, I will never let something like this happen to me again, treat me as unlucky, right?"

At this time, Gu Shaoyang, Tianci and the others looked at the guys in front of them and were so angry. Why could they meet them everywhere? They were just lingering. If there was no king If it were the case, the two of them would be in a no-man's land.

But now there is a king of the daughter country, plus their father, so they must not act rashly. At this time, Gu Shaoyang spoke

"How can you get us out of here?"

Tell me, what are the conditions? I know you didn't show up rashly today. You must have your own purpose in front of us. Let's see if we can meet your requirements. If we can, I hope you can bring us all. Let the person go, if you can't satisfy him, let's talk about it later."

And at this time Liu ChengminHe laughed and said

"I didn't expect that you are actually the smartest person inside, and you know what our appearance means. Well, we do have something to discuss with you here, but I hope you will not do it now but later. Will come again."

After hearing what they said, I couldn't believe it. What on earth was going on? At this moment, Tianci's father rushed in front of the crowd and said,"Get out of here quickly and leave it to me. I will definitely go back safely."

They were a little surprised by Tianci's appearance. Aren't they just looking at an ordinary student teaching? Why would there be such an astonishing admiration?

After seeing this, he couldn't help but smile. said

"In this case, then from now on you must listen to me, and if you don't listen to me, interrupt it."

At this time, Gu Shaoyang and Tianci were simply shocked. They had never thought that Tianci's father would break up like this. It was a shock to them. Even Li Zhou and Liu Chengmin were the same. They had never thought about the dean of this academy. Yun Ye knows how to deal with it.

Then why didn't he take action before? Did he know that there would be help? Don't mention how angry he was after this.

At this time, Tianci's father has spoken

"I was still counting what I said just now. If you leave, leave everything to me. I will definitely stop them. Don't underestimate my ability. I am not an ordinary person. But, now I don't want to When I tell you my identity, you will all be talking about it when the time comes. It's all speech.

At this time, the other party was a little surprised after hearing his words, and then said

"What's going on? Why didn't I see it? Why have I never seen you resting on these things since I've been in the academy for so long? Is it because I have poor eyesight or have you never done these things in front of us?"

I only saw that the other party could laugh and say

"Of course I came here behind your back because I wanted to get rid of my past life. Everything was going very smoothly, but Li Zhou and Liu Chengmin appeared halfway. They insisted on breaking up my peaceful life. I had no choice but to I will return to my old career and continue to be the master of slaying demons."

Chapter 1455

But at this time they finally understood why they said before that his father was such an amazing master. At first, we thought that the man we met when we were young was talking nonsense, but now we think about it, it shouldn't be, he must be He knew his father's identity, so he said that.

The only reason is that we didn't understand these issues at all when we were little. We always thought that what they said was incomprehensible. Now that I think about it, it's all reasonable and well-founded. It's just that we were too young to understand these things at the time.

It was at this time that Li Zhou spoke

"Stop talking nonsense and hurry up. Do you listen to what I just said? If you hand over the king of the daughter country to me, I will let you live, but if you don't hand it over to me, I will let you die without a burial place."

At this critical moment, the person next to me spoke.

"You just wait here, I will guard this place well."

After hearing this, Tianci's father said

"Children, run away quickly and take the king of the daughter country away. Leave this place to me. I will definitely beat them into submission. Although I have not moved for decades, I still use myself every day. He used his internal strength to strengthen his body, so this time he was finally able to run.

At this time Tianci suddenly said to his father

"If not, then I'll leave this to you. Don't worry, I'll come back to you right away after I've made arrangements for the King of the Daughter Kingdom."

His father nodded.

"It would be great if my good father knows that you have this heart. Just remember that there is no guarantee that you will come back safe and sound."

In this way, under the obstruction of Tianci's father, Gu Shaoyang and Tianci left with the king of their daughter country, and they left very smoothly.

They saw that the other party was coming to chase them, but, they were all blocked by his father. Once defeated, he now feels very strange about his father. He wants to know the origin of her father and why he is so powerful. Moreover, he has never told himself that if he knew, he would Maybe he asked his father for advice a long time ago, why should he act like a rookie now.

Tianci was absent-minded along the way, maybe because the other party was his father. He didn't know what he would do after he blocked it for him. attitude towards themselves, so after this incident happened, the family suffered an unprecedented blow.

Because they found a very safe place after escaping for a while, and then Tianci, who was worried about his father, asked Gu Shaoyang to first The fiancée who takes care of him is the king of the daughter country.

He wants to go back and see his old father. He doesn't know what's going on. Although he knows that his father should be quite powerful, he is still worried because he hasn't seen it with his own eyes.

Just like this time, he handed over the king of his daughter's kingdom to Gu Shaoyang, and then told him to take good care of her. Then, she returned to the academy alone. At this moment, when he returned to the academy, he suddenly felt a The smell of blood surrounded her nose. After feeling this, he suddenly became nervous. He was afraid that he would see that unbearable scene. Sure enough, there was blood flowing along the way. He slowly and slowly He walked to the hall he had just left.

But when he saw there was no one in the hall, so he called his father everywhere, but his father was not here either. No need to guess, his father must have been arrested by the other party. As long as his father is still alive, he will have a chance.

At this moment, he suddenly found a man hiding in the corner of the wall next to him. He pulled the other person out at once and said, "Who are you? Why are you here?" ?

"and who are you."

After hearing Gu Shaoyang's Tianci question, the other party said in a trembling voice with some fear.

"I am a servant here, I have seen nothing, I know nothing."

At this time before, he was so scared that he was unreasonable, but Gu Shaoyang really wanted to know where his father was. Then he put the knife in front of the other party. This time the other party was really sick, and then asked her, you Hurry up and tell me where the dean here is. Wasn't he here talking to others before?

Why did he disappear in such a short time, and at this moment the other party said,

"What qualifications do you have to ask me, what qualifications does he have?"

At this moment, Tianci dangled the knife in front of the opponent's eyes and said

"If you don't talk nonsense to me anymore, even if you delay the film, I will cut out your tongue. Don't doubt my authenticity, I will definitely do it.!

The other party finally became honest at this time, and then talked about the dean here. I mainly captured him, and before I left, the demons told me that when you come back, you must save your father, otherwise you will be left with a corpse.

Chapter 1456

After seeing this, he was very angry and said

"If this is the case, then I will never let him have an easy time."

After saying that, he took the knife and headed towards the demon clan. At this moment, he stopped because his leg was blocked by the man just now. After seeing such a scene, he felt very strange, So I asked her

"What's wrong, why did you pull me back?"

At this time, he didn't say anything. He just took out a letter from his arms and handed it to Tianci, letting him know that this was your father and asked me to tell you when you left, he said.

Let me hand this letter to you. You will understand after reading it. After I finished speaking, I handed this letter to Tianci. At this time, Tianci picked up the letter and read it page by page. , and wrote three pages. His father must have known that he would be so impulsive, so he had already

prepared it to tell him not to be so impulsive. Only by asking him to listen to Gu Shaoyang in everything can he be with Gu Shaoyang. Hope, so all of this, after seeing this scene, he couldn't help but said, well, if this is the case, I will definitely take you and leave this place together.

Father has already said, let me take good care of you, after all, you are right This academy is still loyal, so I want to obey my father's last wish, take care of you, and help you.

Through the letters written by my father, I found out that this servant has been with my father for the longest time, and he has been away for 10 years. Her father has always been loyal, so she deliberately left him to take care of you.

About an hour later, Tianci returned to Gu Shaoyang again. Seeing that he came back so quickly, Gu Shaoyang said to Tianci

"Why are you back so soon? Where is your father? Why haven't I seen them?"

At this time, he took out the letter with some dejection and gave it to Gu Shaoyang to take a look. After reading it, Gu Shaoyang finally understood that his father did not want him to be so impulsive. He would wait until he had learned what he had learned before he could avenge him. , although he should be very safe now.

However, he does not want his son to take risks. After all, the leader of the Demon Clan has returned. You must know that the leader of the Demon Clan is a god-like existence. How could he be like that? It was easy to get someone, but the other party was simply worse than death.

After seeing this scene, he couldn't believe that this was really Wu Yi? He actually listened to his father's words so much that he couldn't believe it.

Seeing Gu Shaoyang's surprised expression, Tianci said with some embarrassment.

"Of course I listened to my father's words, and I also know what my current abilities are. It is impossible for me to have any opinions against them, nor to cause any harm to them, so my only purpose is to come back here with you. Rest, rest, those things my father taught me are correct.

Wu Yi will also come over tomorrow, so the three of us will come together then."

After hearing this, Gu Shaoyang frowned and said

"You also know what our current status is. If Wu Yi is called here, wouldn't he become one of us? The crime will be even bigger by then, so it's better not to let him come. After all, it's really not easy here."

"Don't worry, when I met Wu Yi, I had already told him about our situation, but he said that he was not afraid because he and we were best friends and he could never get to know us at this time. So no matter what, whether he lives or dies, he will stay with them and stay with us."

"Do you think I haven't persuaded him? I don't know what our situation is now? But he didn't listen and had no choice but to let it go."

Just as they were talking, the King of the Daughter Kingdom woke up. He sat up looking at the unfamiliar things in front of him. He heard Tianci and Gu Shaoyang talking non-stop there, and then he coughed and was immediately attracted. After catching the other party's attention, he quickly came to the other party and said

"How about it? Is there something wrong?"

"It doesn't matter, I'm almost healed. In two or three days, I should be able to practice my own martial arts. To be honest, I was really angry this time. I was caught by the other party. I have been missing so much. It's been a while, and I don't know what's going on with the country. You might as well write them a letter, and I'll have someone take it from here tomorrow."

After hearing Gu Shaoyang's words at this time, Chuan Qing couldn't help but laugh and said.

"Then he is really grateful to you. I don't even know what to do. I don't know what is going on inside the country. Whether anyone will take the opportunity to cause chaos is unknown. I am too worried about them."

At this moment, Gu Shaoyang suddenly saw the servant next to him, and then said to Gu Shaoyang

"It's better to let him deliver the message. I think he should be able to find the location of the king of the daughter country."

At this time, Gu Shaoyang came up to him and asked him if he could find the Daughter's Kingdom. The other party said yes, I can find the Daughter's Kingdom, because I had been there before, just to look for the young master, but at that time the master was not allowed to invite the queen. , He didn't let us know where he was, because he wanted the young master to have enough fun before he could come back, when he heard this word.

Gu Shaoyang couldn't believe it. It turned out that his father had always known where he was, but he didn't show up to take him home and let him do whatever he wanted.

You can imagine how arrogant his father was towards him.

After seeing this, he couldn't help but laugh, and then said

"After a while, I will write a letter and ask your servants to take him to your foreign country. I believe that after they receive your heart, they will think that you are safe and sound."

At that time, they will be very responsible and wait for you to go back to handle all your matters. After hearing this, the king nodded and said

"That's all we can do, there's no other way."

After a while, his mother appeared in front of the other party, wrote the letter and handed it to the servant, and told him not to fall into the hands of others.

"If you are captured, remember to destroy this letter. You can't show it to others, you know?"

"Don't worry, Master, I will definitely do this."

After saying that, he quickly left here. Seeing her leaving back, the king couldn't help but mutter in his heart, I hope everything goes well for you when he arrives. The Daughter's Kingdom. At this time, this matter has been completed, so The only thing left was between Gu Shaoyang and Tianci. At this time, Gu Shaoyang took out a secret book from his arms, which the old man gave to him before leaving, and told the two of them to come and talk.

See When reading this secret book, Gu Shaoyang was so surprised. He didn't expect that this thing was actually in the hands of an old man. No wonder the module could not be found after searching

for so many years. It turned out that the four things in front of him, who were too young, had finally been priced, but Well, I am also powerless to them.

It was at this time that Gu Shaoyang said to Tianci

"From now on, I will temporarily serve as your master to help guide you. This is your father's hope for you. I also hope that you will not waste time in the next time and devote yourself to it. I don't know if you can Can't insist on getting it."

At this time, the other party nodded and said

"Don't worry, I can persist. You must rest assured about this."

"Well, since you can hold on, I'm relieved."

When they opened their eyes on the second day, Gu Shaoyang found that he seemed to have come to a strange place, not the place where they lived before. But luckily there was Gu Shaoyang next to him, so he asked Gu Shaoyang where this place is and why I have never been here. What happened?

Gu Shaoyang also said at this time

"In fact, I have never been to this place, but what exactly happened here."

So the two of them started scratching each other's heads with their hands and said

"Okay, okay, you two, stop acting, it's too fake. At this time, the other person is holding a small shovel and some small things."

After a while, they appeared in a place with more water.

After working for a long time, they did nothing today. They were going to catch some crabs and sea fish to replenish the king's body, because his body was really too weak. If they meet each other, it will be a dead end, and there is no possibility of resistance at all. Therefore, starting from today, they must replenish the opponent's body, so in the next few days, they will go to the hospital very early every day. After finishing their morning classes, they came here in the afternoon.

Not to mention that after coming here several times, Gu Shaoyang and Tianci discovered one thing, that is, when they came every day, they found a shadow behind them. They were following them, but they knew that this shadow was definitely not the king of the daughter country, because he was lying on the bed.

It was impossible to follow them from behind. Sure enough, after a while, the two of them appeared. This person was none other than the man named A cool man.

He didn't know what the purpose of coming behind him was, so the two of them regarded him as an audience. Tell me, what is the purpose of coming here? If you don't explain clearly, I will never I will let you leave this place.

But Tianci spoke again

"Unless you tell me what the hell you're doing coming up behind us? If you speak up, we will tell you; if you don't, we will let you go to the West."

At this time, after listening to Gu Shaoyang's words, the other party felt a little ridiculous, and then couldn't help but say

"If you want to do this, there is no other way. We can only meet each other on skates. After a while, they started fighting."

Chapter 1458

Not to mention that this guy is really powerful. Although Gu Shaoyang is holding a spear, it seems to be nothing to her. Why is this guy so powerful? This is the first thought in Gu Shaoyang's mind.

But after hitting him, he found that the other party didn't hide at all. After a while, he was already at a disadvantage. Fortunately, Gu Shaoyang had praised him just now. He didn't expect to praise him so carelessly. The skill of knowing fell from the top to the bottom, which was a bit embarrassing, but it didn't matter.

Ah, at this moment, the opponent seemed to have suddenly changed into a different person. He was so full of fighting power that Gu Shaoyang couldn't react for a while, but he soon accepted his change, because Gu Shaoyang's tentacles were stronger than They were even more vicious before, so they started fighting indiscriminately.

After a while, the other party was finally defeated by Gu Shaoyang, who stood there convinced and said

"Tell me, I can tell you anything you want to know, but there are almost only two times. You must think about it. At this time, Gu Shaoyang asked him who you are and why you appear in this place without thinking."

At this time, the other party spoke.

"I can tell you that I am definitely not a member of the Demon Clan, but I have an inextricable relationship with him. As for what the relationship is, it is not convenient for me to tell you. Second question, I have absolutely nothing to do with you. Even the slightest bit of damage, I just wanted to ask you whether you have the ability to compete with the demons just after I competed with you.

If you didn't have the ability, I would help you, but looking at you now, you are almost as capable as them, so I don't think I can help you."

At this time, after the other party heard what he said, he couldn't help laughing, and then said

"If that's the case, then please don't appear in front of us again from now on, okay? We have no grudges and I don't want to be a killer."

At this time, Gu Shaoyang had finished saying this. Tianci walked up to him and said, although we don't know whether you are an enemy or a friend, and what you say may not be right, but we hope that you will start from now on. You should never appear in front of us again, because this will cause a serious burden to us, do you know." At this time, the other party did not expect that his appearance would bring a serious burden to others, and then said

"Well, I will listen to you, I will no longer be a burden to you, and I will not appear in front of you again. However, I can tell you that from now on, the peace of your life will no longer be there, and you will be During the battle, you will have other enemies besides them, so when you go out from here, you will have a steady stream of enemies begging for mercy from you.

At this time, the other party spoke

"I want to have a few words with Gu Shaoyang alone, is that okay?"

Tianci didn't think about it, and said of course. After saying that, he turned around and left because he knew that everyone needed a separate space at this time. After Tianci left, Gu Shaoyang asked the young man

"If you have anything to say, just tell me."

I saw this young man talking about me

"I'm just telling you to be careful about the people around you. I won't say anything else."

After I finished speaking, I turned around and left. What did I mean by leaving this guy after saying these ambiguous words? Was it to sow discord or what did I mean? Why should I let him pay attention to the people around him? Who would harbor evil intentions towards him? Could it be that it was impossible for God to send him, let alone the old man? It was even more impossible for the king to be given by him, so what did this mean? He still didn't understand, but he didn't. Delaying what they were doing, he soon came to the demon clan again on the second day. After these few days of self-cultivation, he felt that he should be able to compete with the opponent for a while, so he decided to. The father was rescued.

Soon, they figured out the way again. They found the intersection of the demon clan, but this time it was different. When they entered, they found that there were several people guarding them. It was difficult for them to enter this time. , and then the two of them carefully hid next to it. Fortunately it was night now, otherwise they would have been caught on the spot during the day. Maybe something would happen by then, but no matter what happened They all have a chance to do it. At this moment, he smiled and said, okay, I will definitely take good care of you from now on.

"Okay, okay Godsend, hurry up and find your father. After we find your father, we will leave here and never come back. I will take you to a more fun place."

Although Gu Shaoyang also yearns for this place very much, he can only handle this matter after the dust has settled, otherwise it will be really difficult.

Chapter 1459

After a while, they came to a relatively quiet place. Logically speaking, this should be a prison, but they didn't know why the prison was empty and there was no one. Could it be that his father was not here and was locked up in a more... Inside a large, high-end cell.

After thinking of this, they prepared to go out, but when they were going out, they heard a burst of footsteps from the front, and then they hid in a big pillar. The pillar behind it required 10 people to hold it. Therefore, two people often do not insult China.

After a while, they saw their father being thrown to the ground by them. Then I saw his father's scarred appearance and couldn't help but say

"If you still don't agree tomorrow, I will continue to beat you until you are convinced."

After saying that, these people locked the door and disappeared immediately. Seeing his father like this, he was simply too angry.

If possible, he wanted to take his father away now, why bother here? After causing so much anger and receiving so many punishments, his father slowly opened his eyes at this moment, and when he saw the person in front of him, he was extremely happy, and then said

"Why are you here? Didn't I tell you not to come? Get out of here quickly, don't be discovered by the enemy, otherwise you two will also be caught, and then we will have no hope at all."

But at this time Gu Shaoyang said

"Don't worry, old man, we are here to take you away from this place. We have the ability, but at this time, the old man said with a smile

"Okay, okay, don't I know what kind of three-legged cat kung fu you two are? Leave quickly and don't talk nonsense here, otherwise the other party will find out and you won't even be able to leave."

Soon they disappeared in this place. If they weren't willing to take the old man away, I don't know that he really didn't want to be a burden to them. As expected, the leader of the demon clan came over just after they met him. He was very fierce. He looked at the old man in front of him and said

"Did someone come here just now?"

The old man chuckled and said

"Do you think I would still be here if someone came? They had already been rescued long ago."

But the leader of the demon clan smelled the nearby breath, and then said

"Why did I smell something like a stranger? At this time, the other person said that it was because I had the breath of life. I am fundamentally different from you. I am a human being, and you are non-human beings, so this result is normal. ah."

After being deceived by the other party, he never said anything again, but this time soon, he came to the other party and said

"Are you going to hand over your things? If you do, I will let you go home and reunite with your son and his family. But if you don't tell me, we will use another method to torture you every day until you agree to my conditions."

At this moment, the old man made an astonishing move, that is, he turned around and spat at the other person, and then said

"Just give up on this idea, you monsters and monsters, God will punish you sooner or later, giving you 50 hells in the afternoon, and giving you no peace forever."

Regarding his actions, the leader of the demon clan did not show any anger at all. Instead, he still said with a smile.

"It depends on whether you can survive or not, and how we end up in the eighteenth level of hell. I hope you can survive until then."

After saying that, he turned around and left. Not long after, there was another sound of fighting in his head. No need to guess, it must have been caused by his subordinates again, who took the whip and mistakenly hit Tianci's father. Sound.

At this time, Gu Shaoyang and Tianci had not gone far. They could clearly hear the sound of the whip being slapped on their bodies. It made people speechless, but even more distressed.

But what could be done? How about that? That's not possible at all.

Then they returned to the place where they lived before, worried, and saw that the king of the daughter country also disappeared, so they didn't know where he went. This time he really disappeared completely, but There was a letter next to it. They picked it up and looked at it. It turned out that he had returned to the daughter country. The king said that he would go back and see what was going on there.

Then after finishing the things there, he would bring troops here to help them take back theirs. Territory, to be honest, when she saw this letter, she was very excited. He did not expect that they would leave him at this time, but when he thought about it, he was a king.

He could not be unkind to his people. Responsible, so he disappeared very quickly. I don't know about the other things.

After seeing this, he couldn't help laughing and said

"If that's the case, okay, I won't say anything else, I hope you'll be fine."

Chapter 1460

At this moment, Gu Shaoyang suddenly thought of an idea, and then said, wouldn't Wu Yi be coming soon? Let the three of us go find my master together. I think my master should be able to deal with these monsters and monsters.

When Gu Shaoyang talked about his master, Tianci was a little confused, and then he said

"Who is your master, and why have I never heard of you mentioning it?"

When Gu Shaoyang mentioned his master, not to mention how free he was, not to mention how arrogant he was. His master was the most powerful person in the world. Even if he found the second one, he couldn't even find the first one. In short, his The master is very good, but I don't know if he will help me.

He has a very weird temper. I have never gone back since he went down the mountain a few years ago. Maybe he is angry with me, so She hasn't come to see me for so many years. In fact, during this period, I really wanted to see her, but there was no way.

It was when they were talking that Wu Yi arrived. When they saw Gu Shaoyang and Tianci, they had not seen their increasingly thin faces in the past few days. , to be honest, I feel a little distressed now, but fortunately, he brought those delicious foods to them. At this time, Gu Shaoyang and Tianci opened the tableware and saw that it was their favorite seafood. This was amazing. They were so happy that they sat there and ate for a long time. After eating, Gu Shaoyang said to them

"Starting from tomorrow, I will take you to a place, but when you get there, don't be presumptuous. You must listen to me in everything. If you don't listen to me, then I won't care about you."

After he finished speaking, everyone frowned and said

"Okay, so if you don't explain where you want to take us, how can we go with you?"

At this time he said

"I want to take you to see my master. Apart from his old man, I really can't think of a second person who can help us in this situation. That is to say, it can help us."

"If this is the case, that would be great, but I would like to know where it is, is it far away? Don't waste time""

But at this time, Gu Shaoyang said

"My master likes to travel around the world. I can't say where I will meet him. But if there is something urgent, I still go to his temple, burn incense and worship Buddha, hoping that he will show up sincerely."

It was at this time that Tianci spoke. It seems that the chance this time is slim, but I am really willing to give it a try. After all, everything is related to my father's trust. If he really helps, won't my father just give it a try? Has he been rescued there? So after thinking about it, I was very happy. I will be able to rescue my father. I can do whatever I want. At this time, I patted the other person on the shoulder and said

"I believe that if there is a will, there is a way. The master will definitely appear in front of us. After all, God is not someone who doesn't care about us."

"Gu Shaoyang, you are right when you say that where there is a will, there is a way. This is a self-care quote. I believe that with our orange hearts, we will be able to impress God. When the time comes, someone might show up and help us get through this difficulty. , of course, we also have some abilities ourselves.

But to them, it is nothing compared to a big witch. If no one really helps us, we can make our own choice, but if someone helps us, wouldn't our success rate be greatly improved?"

After hearing this, they felt very honored and then said

"Well, in this case we will divide the work and cooperate. From now on, what about the motivation of finding my master while we rest and follow suit? Let's go to his witticisms first to find him. If he is not there, we will search from the south. I believe they will be able to find him in the near future."

After they made this decision, they set off the next day. While walking on the road, Tianci and Wu Yi asked Gu Shaoyang, where is your master? At this time, Gu Shaoyang said in a squeaky voice.

"In fact, my master is not close to us. It is quite far away. Tianci and Wu Yi frowned, and then said that no matter how far the distance is, there should be a place. You will not forget it. Where is your master? We won't believe it."

At this time, Gu Shaoyang mustered up his courage and said

"In fact, my master is in a place called Mangshan in the far north."

When Tianci and Wu Yi heard Gu Shaoyang say that his master was busy with him, they immediately took a breath. Why? Because that place is very far away.

And they heard that there is either constant If his master can survive in that place, it can only mean that his master is really not a master. After most people think of this, the mood of the two of them becomes very strange. Gu Shaoyang looked back and said,
