Chapter 1661

At this time, the ancient magic dragon let go of Luo Zishan. Luo Zishan stood directly on his body, looked in the direction of the ancient magic dragon and said to him: "But I want to practice at this time, and there is really no good magic beast." body."

The ancient demon dragon heard what Luo Zishan said, but he didn't expect that it seemed that he had not inherited all the foundation of the Qilin clan.

So as an ancient beast, he looked in the direction of Luo Zishan and said to him: "This aspect is very easy to solve. If you stay here for a few years, I can help you reach your peak state." Luo

Zi Shi Shi was really very happy. He clasped his hands and looked in the direction of the ancient demon dragon, and said to him: "Thank you, ancient demon dragon." The ancient demon dragon shook his head slightly, and he looked at Luo Looking in the direction of Luo Zishan, he said to him: "It's just a little effort, it just allows you to reach your peak state."

Then he continued to look in the direction of Luo Zishan, and said to them: "After all, I was the same before. I have a certain friendship with the ancestors of your Qilin clan, so I help you just to repay them for their kindness to me before."

Gu Shaoyang really didn't expect that this ancient demon dragon was really the same as Luo Zishan. Their ancestors knew each other. It seems that if this is the case, it should be of great help to their future plans.

So he had already looked in the direction of Luo Zishan. When Gu Shaoyang looked at Luo Zishan, Luo Zishan instantly understood what Gu Shaoyang meant.

So he immediately turned towards the ancient demon dragon and said to him: "Excuse me, do you know what kind of treasure is in this place? How can we all find it?" The ancient demon dragon He narrowed his eyes slightly and looked at Gu Shaoyang and the others.

The ancient magic dragon lowered his voice and said to them: "Although many people have come to this place in the past to look for treasures, they have never found this thing. It takes opportunity. You must have come to the wrong place."

Hearing what the ancient demon dragon said, Gu Shaoyang was really in disbelief. Didn't he expect that they really came to the wrong place?

So Gu Shaoyang was still very polite, clasped his hands in his fists, looked in the direction of the Ancient Demonic Dragon, and said to him: "Then there will be too much trouble this time, we will all search again. If this is still the place, please invite the Ancient Demonic Dragon. You can help us."

After hearing what Gu Shaoyang said, the other party really didn't expect that this young man Gu Shaoyang was really smart and didn't even forcefully confront him.

He felt that Gu Shaoyang, a young man, should have certain strength, so he looked in the direction of Gu Shaoyang and said to him: "Okay, you all can act on your own."

When saying this, the Ancient Demon Dragon Jian had slowly started to fly up his body, and then flew up in the direction above the cave again, completely hiding his body again.

Gu Shaoyang looked at the ancient demon dragon and ignored him at this time. Then he looked at them and said to them: "What should we do now."

After all, this place is the place of the ancient demon dragon, so they negotiating here is definitely out of the question.

So Tianci immediately took Gu Shaoyang's hand, looked at Gu Shaoyang, and said to him: "Let's go out and discuss it first, and then we talk."

Gu Shaoyang looked at Li Zhou, and Li Zhou nodded and said to him: "This place. After all, it is someone else's territory. It is very inconvenient for us to be here, so let's leave here first."

Gu Shaoyang had no choice, so he looked in the direction of the ancient demon dragon above and said to him: "Then let me say goodbye first. If in the future if there is anything else, please forgive me for disturbing you."

After hearing what Gu Shaoyang said, the ancient demon dragon gently turned to Gu Shaoyang and Luo Zishan, and said to them:"Wait until you have something. Let's talk about it when the news comes."

When he said this, he had completely closed his huge eyes.

Gu Shaoyang looked at the ancient demon dragon and could not find him again, so he looked at Tianci and Li Zhou and said to them:"In this case, let's all leave first. Let's go."

When several people heard Gu Shaoyang, they all turned their heads and walked out in the direction outside.

When they walked out, they did not leave the demon holy land very far away, but had already stayed not far away.

After all, it was really not easy for Gu Shaoyang and the others to travel a long distance, and there was indeed not even a single monster outside the cave of the dragon guardian beast. For Gu Shaoyang and the others, it was the safest place.

Gu Shaoyang looked at them and said to them:"What should we do now?"

Chapter 1662

At this time, Tianci said:"If it doesn't work, take out your treasure map and let us all study it again."

Gu Shaoyang nodded, and then looked at Li Zhou and said to him:"Take the treasure map." Take out the treasure map."

Li Zhou took out a treasure map directly from his backpack and placed it on the ground.

All of them had already looked in the direction of the treasure map.

Looking at the various locations pointed out on the treasure map, Gu Shaoyang and the others still couldn't see any clues. It was really strange. It was clear that the location indicated on the map that Tiger mentioned was this place. , Why did I come to this place? Indeed, I found nothing.

They walked to the inside of the Demonic Dragon Guardian Beast's Cave, only to see such a large space, and nothing else was found.

Gu Shaoyang began to frown deeply, and then looked in the direction of the treasure map very seriously.

At this moment, Tiger and Luo Zishan suddenly stood up and looked in the distance.

Gu Shaoyang looked at the two people like this and said to them: "What happened?"

The two people looked at Gu Shaoyang very warily and said to him: "Put away the treasure map immediately, a monster has come to this place."

Gu Shaoyang did not expect that this was obviously the cave of the demon dragon guardian beast, so how could other demon beasts come to this place? It was probably Long Hanming who asked them to come, so he came to this place to intercept and kill them.

So Gu Shaoyang looked at Li Zhou and said to him: "Put the things away immediately."

Li Zhou moved very quickly, dividing five by three, and put the treasure map into the box, and then Very quickly, he carried it on his back and tied it tightly to his body, as if he was afraid that the treasure map would be snatched away by others.

Just after he packed his things, he saw an armored golden bear running towards him from a distance.

This armored golden bear looks really tall, about three or four meters tall. Compared with Gu Shaoyang and the others, this brown armored golden bear looks very dangerous.

And when he saw Gu Shaoyang, he said to them in human words: "I didn't expect that all of you would always be in this place."

The armored golden bear arrived beside Gu Shaoyang and the others. After speaking, Gu Shaoyang had already seen There was another movement in the forest.

This time Gu Shaoyang will see what kind of monster it will be, because Gu Shaoyang feels that this guy's strength should be very powerful.

But what Gu Shaoyang didn't expect was that it was a wolf.

Gu Shaoyang had already looked in the direction of the wolf.

At this time, Luo Zishan had begun to become very irritable. He looked at Gu Shaoyang and said to him: "Gu Shaoyang, the strength of the iron-armored golden bear and the gale silver wolf are both very powerful."

Gu Shaoyang did not expect it to appear. , he really knows these monsters.

He looked at Luo Zishan and said to him: "These two guys should be Long Hanming's right-hand man."

Luo Zishan nodded in disbelief.

The tiger on the other side immediately turned into the body of his own monster. In an instant, he turned into a huge golden tiger body. He made his own tiger roar in the direction of the two monsters..

After hearing this voice, the armored golden bear couldn't help but look in the direction of the tiger and said to him: "I didn't expect that just like what Long Hanming said, you had really joined Gu Shaoyang's side."

Gu Shaoyang really didn't expect that when he came to the territory of the demon clan this time, Long Hanming would actually send these demonic beasts to kill him. It seems that Long Hanming is really complete and doesn't want to fight with him anymore. Cooperate with yourself.

But those previous appearances were all put on by himself.

On the other side, when Luo Zishan saw what was happening, he immediately shook off his body. His body was very fast, and he had turned into a Qilin beast.

Although he is still much smaller than the armored golden bear and the tiger, his body is similar to that of the Gale Silver Wolf.

I saw Gu Shaoyang looking at Luo Zishan and saying to him:"Be careful."

Because Gu Shaoyang knew that the next step would definitely be a battle between the two monsters.

Luo Zishan nodded. The body of the unicorn beast exuded a faint light. He looked in the direction of Gu Shaoyang and said to Gu Shaoyang in human words:"I will definitely protect you."

Because Gu Shaoyang knew everything about this place. It was a monster, so he was afraid that he would be hurt in this place.

He patted the Qilin Beast's body and said to him:"Don't worry, we have the ability to protect ourselves, you don't have to worry."

Chapter 1663

Gu Shaoyang looked in the direction of the Iron Armored Golden Bear and the Gale Silver Wolf and said to them:"It seems that you are really, completely bewitched by Long Hanming. Is the Qilin Beast your true king?"

Hearing what Gu Shaoyang said, the Iron-Armored Golden Bear really hesitated a little, and he immediately began to think seriously.

Gu Shaoyang looked at the silly look of this armored golden bear and felt that given time, this guy might really be able to move closer to him.

At this time, Gu Shaoyang shifted his body slightly and walked towards the tiger.

He looked at the tiger and said to him:"Was this armored golden bear the right-hand man of the Qilin Beast King in the past?"

The tiger nodded uncertainly, then whispered in the direction of Gu Shaoyang, and opened his big mouth , already close to Gu Shaoyang's ear.

He said to Gu Shaoyang: "It's true, he is just like me. He used to be our Qilin King's subordinate."

Gu After Yang Yi thought about it, he felt that this armored golden bear must be the kind of person who couldn't bend his brain and could only serve the king, so if he talked sweetly with him, he might really come closer to him.

But when he saw Gale Silver Wolf, he really felt that this guy had a very cunning look in his eyes, and he must be difficult to control.

So Gu Shaoyang felt that the most important thing at this time was to kill the Gale Silver Wolf.

Gu Shaoyang looked directly in the direction of Luo Zishan and Tiger, and said to them: "Go and get rid of that Gale Silver Wolf right away."

Although Luo Zishan didn't know what he meant when he said this, he was also very Believe in Gu Shaoyang and know that no matter what decision Gu Shaoyang makes, he has his own purpose.

He nodded and said to Gu Shaoyang: "Okay, I understand."

The tiger on the other side didn't know why Gu Shaoyang specifically targeted the Gale Silver Wolf, but in the tiger's heart, he knew that he wanted the Gale Silver Wolf. His impression has never been very good, so he looked at Gu Shaoyang and said to him: "Okay, I understand."

After Gu Shaoyang finished speaking, he saw the Gale Silver Wolf looking in the direction of their two divine beasts, knowing that this The two monsters were completely wary of themselves, and seemed to launch attacks in their direction anytime and anywhere.

He was still very sensitive to this kind of danger, so he just knelt down and was ready to attack in their direction anytime and anywhere.

And Luo Zishan looked at the tiger and said to him: "I'll fight him two-on-one first."

When he said this, before the tiger could say anything, he saw the Qilin beast dive forward and charge forward. , and immediately got into a fight with the Gale Silver Wolf.

At this time, the armored golden bear on the other side seemed not to be affected at all, and was still thinking about himself.

Gu Shaoyang saw that this guy was not only stupid, but he could really be solved by being stupid. Maybe it was just that his strength was relatively high, but his brain was not particularly powerful.

So Gu Shaoyang walked towards the direction of the armored golden bear little by little.

Gu Shaoyang looked at the Iron-Armored Golden Bear, and then said to him: "What are you thinking about at this time."

The tiger looked at Gu Shaoyang and was really bold. He actually moved towards the Iron-Armored Golden Bear.

, he was really worried about Gu Shaoyang, so Tiger immediately followed Gu Shaoyang with his particularly thick legs.

If the armored golden bear was even a little bit disadvantageous to Gu Shaoyang, it would pounce on him immediately.

At this time, the Iron-Armored Golden Bear heard Gu Shaoyang ask him a question. He thought for a moment and said to Gu Shaoyang: "I was thinking about what you just said. I have always served the king. Our entire family serves the king." All are our kings, so whether our king is Long Hanming or the Qilin family."

Gu Shaoyang didn't expect that this guy was really thinking about the problem very seriously, so Gu Shaoyang looked at this huge guy and raised his head. He raised his head and said to him: "Have all your families released Long Hanming all this time?"

After hearing this, the Iron-Armored Golden Bear shook his head, then looked at Gu Shaoyang and said to him: "No, I used to serve the Qilin King."

The corners of Gu Shaoyang's mouth raised slightly. It seems that this guy is really easy to fool.

Gu Shaoyang looked at Luo Zishan again. At this time, he was fighting with the Gale Silver Wolf on the first floor, but there was no clear winner, so Gu Shaoyang was not particularly anxious.

He looked at this huge guy and had no time to help Gale Silver Wolf, so Gu Shaoyang continued to look at the huge iron-armored golden bear and said to him: "All your ancestors have always served Luo Zishan, ancestor."

Chapter 1664

Then he bewitched the other person and continued to say to me: "Are you going to start serving others at this time? If so, are you worthy of your ancestors?"

Sure enough, after hearing Gu Shaoyang's words, he had already begun to feel deeply. I thought about it for once.

Gu Shaoyang really didn't expect this guy. He really loves to think, but the speed of thinking about problems is simply too slow.

So Gu Shaoyang was not particularly anxious. He looked in the direction of the tiger and said to him: "Go and help the Qilin Beast. The tiger who is fine here is really surprised." He didn't expect Gu Shaoyang to be so confident, but When he looked at Gu Shaoyang, he was completely convinced that the Iron-Armored Golden Bear had deceived him and he no longer knew what to do at this time.

So Tiger nodded. He looked at Li Zhou and Tianci on the other side. The two men said to them, "Come here."

As he spoke, Tianci walked quickly towards Gu Shaoyang. , although he was very afraid of this monster, he also knew that he could not stay too far away from Gu Shaoyang at this time.

Otherwise, Gu Shaoyang will be very dangerous. You are afraid that you will not be able to relieve the fire from a distance, so it is safer to stand by Gu Shaoyang's side to protect her.

On the other side, Li Zhou held a sword in his hand. Without any hesitation, he walked towards Gu Shaoyang very quickly.

Both of them stood behind Gu Shaoyang. Gu Shaoyang just waved his hands slightly in the direction of the two people, indicating that the two of them should stay away from him at this time, because Gu Shaoyang was also afraid that they would all stand together. The armored golden bear is afraid of himself.

Therefore, Gu Shaoyang didn't want a few of them to be so close to him, so that it would be more convenient for him and the Iron-Armored Golden Bear to talk together.

Tianci immediately understood what Gu Shaoyang meant, so he immediately pulled Li Zhou and said to him: "We don't want to look so close."

Li Zhou was really worried about Gu Shaoyang, so he looked at Tianci without knowing why. He said to him: "But what should I do on Gu Shaoyang's side? That guy looks really dangerous."

Tianci did shake his head slightly and said to him: "Don't worry."

Gu Shaoyang knew what he heard in his heart. After that, several people really stopped moving forward at this time, but stood two meters away from Gu Shaoyang, holding their weapons in their hands at that place, protecting Gu Shaoyang all the time.

Gu Shaoyang looked at the Iron-Armored Golden Bear, lowered his head, and continued to say to him: "You should think about this problem carefully, otherwise, your ancestors will blame you." After hearing

Gu Shaoyang's words After saying that, the huge guy raised his head again, and then began to use it very annoyedly. He scratched his head with his huge bear paw, and began to sit on the ground again. Really He had already begun to think very seriously.

Gu Shaoyang thinks this guy is really cute and looks silly and cute.

So Gu Shaoyang directly sat next to him, watching the Gale Silver Wolf, Luo Zishan and Tiger on the other side fighting with each other.

Gu Shaoyang didn't expect that the Gale Silver Wolf was really powerful. It looked like its eyes were starting to turn slightly red, and it rushed towards Luo Zishan.

Qilin Beast's strength is really very powerful. Although he is not at his peak at this time, his movements are really very fast.

Gu Shaoyang did not expect that the Qilin Beast clan was worthy of being the king. Even Luo Zishan, who was not at his best at this time, was still very powerful.

Tiger saw that Luo Zishan was in great danger at this time, and without any hesitation, he dived forward, opened his bloody mouth, and attacked in the direction of the Gale Silver Wolf.

Compared with the two tigers, the Gale Silver Wolf is indeed much inferior in strength.

Gu Shaoyang was really surprised. It seemed that the tiger was really very powerful. In the past, he only thought that the tiger was Long Hanming's right-hand man and the former Qilin King's right-hand man. He never thought that the tiger at this time would be the right hand man. He is a true king.

Gu Shaoyang was very serious and had already looked in that direction, but he did not expect that after a fight, the Gale Silver Wolf had clearly been at a disadvantage, but it had always been able to protect itself.

At this moment, Gu Shaoyang heard a very deep voice slowly coming from the cave in the distance.

The voice said to the direction outside: "Who is Fang Xiaoxiao? He dares to come outside my cave to start a fight."

Chapter 1665

Hearing this very coercive voice, all the monsters suddenly stopped their movements.

At this time, Gale Silver Wolf had begun to ooze a lot of blood all over his body. After all, the strength gap between Luo Zishan and Tiger was really too big.

He had already looked towards the inside of the cave, and he really didn't expect to hear such a sound at this time when it was said that there was an ancient magic dragon inside.

And with such huge pressure, they really felt that this was really a magical beast from ancient times, so he knelt down directly, and his body was really very humble.

Then he let out a low wolf howl, as if he was completely crawling under the opponent's feet at this moment.

However, the ancient demon dragon on the other side once again spoke with a very deep voice and a coercive voice to the two divine beasts outside: "Leave quickly, otherwise don't blame me for ignoring the wishes of my fellow tribesmen."

When he said this, Gale Silver Wolf started to retreat slightly for fear of his involuntary body.

Gu Shaoyang felt that this time, if the Gale Silver Wolf was allowed to escape from this place, Long Hanming would definitely send more and more magical beasts to disturb them, or Long Hanming would definitely not give up and would continue to think about it. Ways to disturb them, this moment of confidence to find treasure.

Gu Shaoyang looked in the direction of Luo Zishan and said to him: "Luo Zishan, kill him."

Luo Zishan didn't hesitate at all. When he heard Gu Shaoyang's words, he stood up and stopped. He was so cowardly and weak, but he directly opened his big mouth in the direction of the Gale Silver Wolf and started fighting.

At this time, Gale Silver Wolf had no power to resist at all, because he was under the pressure of the ancient dragon at this time, so his speed was still half a beat slower. When he saw the Qilin Beast rushing towards him, By the time we came over, all actions were already too late.

Qi Bao said and pressed directly on his body, opened his bloody mouth, and bit him directly at the base of his neck.

Then blood splashed out in an instant. Gale Silver Wolf was trying its best to resist, but everything was already too late.

Gu Shaoyang looked in the direction of Luo Zishan and said to him: "Quickly fight and get rid of it."

At this moment, the Iron Armored Golden Bear seemed to have realized that the Gale Silver Wolf came to this place with him. As if, he stood up directly and rushed towards Luo Zishan.

Gu Shaoyang saw the sudden reaction of the armored golden bear, and immediately looked in the direction of the tiger and said to him: "Tiger, stop him quickly."

At this moment, the tiger heard Gu Shaoyang's order and swooped forward. , with a heavy collision, they collided with the two armored golden bears. The two huge guys fell to the ground and splashed on the ground with a splash, splashing bursts of dust.

Gu Shaoyang really didn't expect that when these guys fought together, they were really ordinary humans like himself. What they could see was so bloody, and their strength was simply too terrifying.

On the other side, Gale Silver Wolf was already dying, but Luo Zishan never let go of his mouth.

Gu Shaoyang had already stood up and walked towards Luo Zishan. He looked at the Gale Silver Wolf. His eyes were now exuding a faint red color, which slowly began to dim.

Gu Shaoyang looked at Gale Silver Wolf and said to him:"If you want to blame, it's because you have followed the wrong master."

So he looked in the direction of Luo Zishan and continued to say to him,"Kill him.""

When he said this, the Qilin Beast opened its bloody mouth and bit the Gale Silver Wolf's neck again and again. I saw that guy completely, bit by bit. He kicked his legs a little bit, and then slowly lost his breath.

Luo Zishan stuck out his tongue in disgust and spit out all the blood.

Gu Shaoyang felt that the Qilin beast looked like this, it was really interesting, so Gu Shaoyang patted the Qilin beast's body and said to him:"Look at you, you are really a germophobe." Hearing

Gu Shaoyang's words As he spoke, the Qilin Beast was already moving in the direction of Gu Shaoyang, opening its mouth directly, and all the blood it had touched had rubbed onto Gu Shaoyang's body.

Gu Shaoyang really disliked his big bloody mouth, and Gu Shaoyang kept avoiding it.

Gu Shaoyang looked in the direction of Luo Zishan and said to him:"You are so ungrateful that I got blood all over me."

It was obviously a very dangerous moment, but he didn't expect that they would start playing at this moment. There was a fuss.

Chapter 1666

Gu Shaoyang looked in the direction of the armored golden bear and said to him: "You two don't have to fight, he is completely dead."

Sure enough, when he heard Gu Shaoyang's words, the other party immediately stopped his movements and moved towards I had already looked in that direction, but I didn't expect that the wolf lying on the ground at this time had completely changed its body to the size of an ordinary wolf, and it had completely lost its breath.

The armored golden bear was really very angry. It stood up, lowered its chest, and roared in the direction of Gu Shaoyang.

But after calling out, he still thought that there was an ancient dragon in the cave, so he immediately lowered his voice.

Gu Shaoyang knew that the reason why the ancient demon dragon said that just now was to help Gu Shaoyang and the others, so Gu Shaoyang was not afraid that the armored golden bear would do anything to him.

He still looked at Luo Zishan and said to him: "This guy has served your father before. If he serves you again, do you need him?"

Luo Zishan nodded, because at this time he It was the time to move people, so even if the Iron-Armored Golden Bear had served his father before, but had rebelled at this time, he felt that he had to win him over.

Luo Zishan said to him: "Yes, he had no choice but to do it before, so if he sincerely wants to repent, I will forgive him."

Gu Shaoyang heard this, and Luo Zishan said this in his heart It's really gratifying.

He looked at Luo Zishan and said to him: "Change back."

When Luo Zishan heard Gu Shaoyang say this, he shook his body, and then a unicorn beast instantly began to change back into purple clothes. The handsome young man in robe.

He wiped his mouth in disgust, looked at Gu Shaoyang and said to him: "Why did you let me kill him just now? It's really disgusting."

Gu Shaoyang looked at Luo Zishan and said to him: "This armor If Golden Bear is really following you, can you convince him?"

After Gu Shaoyang finished speaking, Luo Zishan really started to think about it very seriously.

At this time, Tiger, after shaking off his body, had transformed back into a strong man in his 40s wearing a black robe, and came to Gu Shaoyang and the others.

He looked in the direction of the armored golden bear and said to him: "He used to be our brother, but this guy's brain reaction is slower, so you all must not hurt him." After hearing what this guy said , , Gu Shaoyang did not expect that it seemed that what he thought was really correct.

At this time, Li Zhou looked at them and said to them: "Then what should we do now?"

Gu Shaoyang looked at the huge guy on the other side and said to him: "Let me talk to him , if he wants to be with all of us, we can use him."

But Tiger disagreed. Tiger looked at Gu Shaoyang and said to him: "You can't keep him with you, you can let him go back and surround us All those forces gathered together, after all, he also has a very high status in our Warcraft clan."

Gu Shaoyang looked at the tiger, not expecting this guy at all, he really believed in the Iron-Armored Golden Bear.

So Gu Shaoyang nodded and said: "Okay, if that's the case, let's go, the two of us will go talk to him."

When he said this, Gu Shaoyang was already very angry towards that man, and at this time he was very sad, Iron Armor He walked in the direction of Golden Bear.

Gu Shaoyang looked at the huge iron-armored golden bear and said to him:"Can you change into a human form?"

After hearing what Gu Shaoyang said, the huge iron-armored golden bear slowly trembled. His body then began to look like a very strong man wearing a brown robe, and he even had a hairy beard on his face, which really looked like his Warcraft body. , there are no particularly big changes.

Gu Shaoyang thought this was really magical.

Gu Shaoyang looked at the Iron Armored Golden Bear and said to him:"I know that Gale Silver Wolf was your brother in the past, but he thinks Long Hanming is your master, and he has always wanted to kill Luo Zishan , do you also want him to die?"

When he heard this, the Iron-Armored Golden Bear had already turned his head in the direction of Luo Zishan and looked over.

When he looked at Luo Zishan, he seemed to look exactly like his father. He seemed to have seen his former master and his former king.

So he shook his head slowly, looked in the direction of Gu Shaoyang and said to Gu Shaoyang:"I don't want him to die, I just want to take him back. He and I have been good friends for many years. He was a friend, how could he let him die?"

Chapter 1667

When he heard what he said, Gu Shaoyang really didn't expect that this huge guy would react very slowly.

So Gu Shaoyang looked in the direction of Luo Zishan and said to him:"He said he was going to take you back."

Luo Zishan sneered. He looked in the direction of the armored golden bear and said to him:" If I am captured, do you think I will still be alive?"

Sure enough, after Luo Zishan said these words, the armored golden bear was really serious and began to think again with great annoyance.

Gu Shaoyang felt that these problems were simply too difficult for him.

So Gu Shaoyang didn't want to embarrass this huge guy.

The iron-armored golden bear said to him: "Your father served the Qilin King, and your grandfather also served the Qilin King. Are you going to start serving Long Hanming in your place?"

Hearing Gu Shaoyang say this When he said that, the armored golden bear really started thinking very seriously, and then he started to shake his huge head and said to Gu Shaoyang: "No, I can't serve him." Gu Shaoyang heard him When he spoke like this, he really breathed out in his heart. He looked in the direction of the Iron-Armored Golden Bear and said to him: "Yes, if you are like this, then you are going against your own ancestors."

Hearing what Gu Shaoyang said, the Iron-Armored Golden Bear immediately looked in the direction of Gu Shaoyang and said to him: "Yes, I can't go against my own ancestors. The one I want to serve now is Luo Zishan."

Hearing him say this Gu Shaoyang started laughing when he said hehe. He looked in the direction of Luo Zishan and said to him: "You know, this guy has begun to surrender to you now."

Luo Zishan stood up directly , he looked at the Iron-Armored Golden Bear and said to him: "I will forgive you for everything you have done before, so now you have to go back to Long Hanming's side and completely destroy the people around you who are loyal to my Qilin clan. Let me subdue them all, and I will definitely let Long Hanming step down in the future."

Hearing what Luo Zishan said, although the armored golden bear was a little slow to react, he also knew that he should obey Luo Zishan's orders.

The tiger on the other side immediately took a step forward, looking at the huge iron-clad golden bear that was a head taller than him, and said to him: "You should be fighting alone this time, but you Don't worry, it won't take long for us all to fight back to the demon clan."

The Iron-Armored Golden Bear heard them saying so many words to each other. Although his reaction was slow, at this time, he had already expressed his sincerity, and he would follow him in the future. He was beside Luo Zishan, so he also nodded and said hello to them: "I will try my best to win over you when I go back this time. In the past, we, the Qilin King, had all kinds of subordinates."

Gu Shaoyang really He was very happy. He looked at him and said to him:"If that's the case, then you should go back now. Don't attract other people's attention."

When telling the truth, Gu Shaoyang didn't hesitate at all, holding the sword in his hand. , towards the direction of the armored golden bear, swish, swish, and already swung a few pieces.

The Iron-Armored Golden Bear had already suffered a lot of trauma on his body in an instant. He immediately moved in the direction of Gu Shaoyang and was very defensive, preparing to launch his own attack in the direction of Gu Shaoyang.

Gu Shaoyang looked at the Iron-Armored Golden Bear and said to him:"If you are not injured at all, Long Hanming will definitely doubt you when you go back, so you will know what to say when you go back."

Iron-Armored Golden Bear, he When I looked at Gu Shaoyang, I felt that Gu Shaoyang was really very smart.

At this time, the Iron-Armored Golden Bear on the other side also knew that the Gale Silver Wolf on the other side was dead. If he went back intact, Long Hanming would definitely doubt himself, so he nodded his head and covered his head. He looked at his wound and said to Gu Shaoyang:"I know how to say it."

Gu Shaoyang looked at this guy and felt very enlightened at this moment. He said to the armored golden bear:"Okay, in this case you can leave first."

The armored golden bear covered his wounds and looked at the Gale Silver Wolf not far away from him. At this time, he had turned into a very ordinary gray wolf.

So it walked directly over and pulled one of Gale Silver Wolf's legs, and walked into the other direction of the Demon Forest.

Gu Shaoyang exhaled a breath, not expecting that such an episode would suddenly occur.

I don't know if Long Hanming will suspect the Iron-Armored Golden Bear. If suspicion arises, what should the rest of them do next.

Gu Shaoyang looked at a few people and said to them: "Okay, this matter is over. Let's take a quick look and see what is shown on that map."

At this time, the caveman Inside, another voice slowly came out.

Chapter 1668

He said to Gu Shaoyang and the others: "You young people are really very brave."

Gu Shaoyang looked at the voices inside, and when he spoke to them, there was no malice at all, so Gu Shaoyang was not afraid.

He looked in the direction of the ancient demon dragon inside and said to him: "With the ancient demon dragon here protecting us, what do we have to fear?"

When the ancient demon dragon heard Gu Shaoyang say this, he was still very proud. Yes, but he still snorted coldly and said to Gu Shaoyang and the others: "I will not protect you small humans. What I protect is a small seedling of the Qilin clan."

Hearing the ancient news After the demon dragon said this, Gu Shaoyang blinked his eyes in the direction of Luo Zishan.

Luo Zishan was really happy in his heart. He immediately clasped his hands and looked towards the direction of the cave.

He faced the direction inside and said, "Thank you Ancient Demonic Dragon."

The Ancient Demonic Dragon snorted coldly, and then said nothing. The sound was gone.

At this time, Gu Shaoyang said to them: "Hurry up and take out the map. Let's study it carefully."

While speaking, several people took out the map one after another, but after studying it for a long time, long time.

Tianci also mentioned many various books that he had read before, but none of them matched the map.

Gu Shaoyang was really agitated at this time. He didn't expect that they had been trying to find this treasure, but this thing was really difficult to find.

He looked at a few people and said to them: "Okay, okay, let's end here today."

Because Gu Shaoyang felt that they had been studying the map for an hour and there were no clues. It's a very severe headache.

He stretched out his index finger and thumb, pinched his eyebrows, and said to them: "It's getting late, don't waste your energy anymore. Maybe the boat will straighten up when it reaches the bridge. It's just us. The opportunity hasn't come yet."

When Gu Shaoyang finished saying this, Tianci also began to stretch, looked at them and said, "This thing is really difficult to study. It seems that we can hardly I really don't have such an opportunity, so we all should wait."

Li Zhou was really downcast. He didn't expect that he clearly wanted to find this treasure map, but at this time, he had already arrived at the place, and there was still no clue..

So his whole body collapsed immediately. Looking at them, he sighed and said to them: "I didn't expect this thing. It is really difficult to find. Then why did Long Hanming and Jin Zongdi... Personally, have you always been so interested in this thing?"

When he said this, Gu Shaoyang felt that they were all attracted by the huge treasure in the treasure map.

So Gu Shaoyang said to a few of them: "It's not all the various gold and silver treasures inside that have fascinated them all."

Gu Shaoyang knew that at this time, they wanted to find the treasure first. The task is to revive Lizhou's family, and then help Luo Zishan completely revive the module, so they are really pressed for time and have a heavy task.

After Gu Shaoyang and the others finished talking, they all found a place to rest.

Since this place is home to ancient demonic dragons, Gu Shaoyang is not afraid that any demonic beasts will come to this place for a sneak attack. They feel very at ease when they sleep.

A few days passed, and each of Gu Shaoyang and the others checked the surroundings of the demon guardian cave, but no trace of the treasure was found, which made them completely dejected.

Gu Shaoyang looked at a few people. He was in a very bad mood at this time. He said to them: "Maybe the time has not come for all of us. Let's continue to wait for a while."

Although Gu Shaoyang said this, Gu Shaoyang was also very disappointed. He didn't expect that everyone had already come to this point, and they were just one step away from finding the treasure. There was no news about anything.

But what Gu Shaoyang didn't expect was that the armored golden bear had already arrived at their place at night.

Gu Shaoyang was really surprised. He didn't expect that the Iron-Armored Golden Bear would come to him in person.

So he looked at them and said to them: "The Iron-Armored Golden Bear is here." He saw the tall figure walking towards them, wearing a brown robe.

When the armored golden bear came over, he looked in the direction of Luo Zishan.

Chapter 1669

He said to Luo Zishan: "Lord, I have something to report to you."

Luo Zishan was really surprised when he saw the armored golden bear. He didn't expect this guy to come to him on his own initiative. It's bringing news to myself.

Gu Shaoyang on the other side immediately walked towards Luo Zishan, looked at Luo Zishan, and said to him: "Ask him what he wants quickly."

Luo Zishan looked at the Iron Armored Golden Bear and said to him : "What happened?"

Because he knew that if it weren't for something particularly big, the Iron-Armored Golden Bear would not risk his identity being exposed by coming to this place.

The Iron-Armored Golden Bear told them about the news he knew.

He said to Gu Shaoyang and Luo Zishan: "Emperor Jin Zong and Long Hanming have turned against each other at this time. They both want to get the treasure, so they have negotiated many times with each other."

When Gu Shaoyang heard what the Iron Armored Golden Bear said, he really didn't expect that it seemed that Emperor Jin Zong and Long Hanming had been in contact many times at this time. In order to get the treasure, it seemed that Long Hanming had been He didn't tell Emperor Jin Zong his information.

If Emperor Jin Zong knew that they were in the territory of the Demon Clan at this time, Gu Shaoyang felt that Emperor Jin Zong would definitely start mobilizing his own personnel in his direction.

So Gu Shaoyang looked at the Iron Armored Golden Bear and said to him: "Is it possible that Emperor Jin Zong didn't know that we were in the Demon Clan?"

Sure enough, after hearing what Gu Shaoyang said, the Iron Armored Golden Bear nodded and said to him: "Indeed I don't know."

When Gu Shaoyang heard him say this, the corners of his mouth raised slightly, and he smiled in a very dangerous arc.

He looked at the Iron-Armored Golden Bear and said to him: "When you go back, tell Emperor Jin Zong the news that we are here, so that Emperor Jin Zong knows that we are all here."

Although no one knew the reason, Gu Shaoyang Why do you say that? But they all believe in Gu Shaoyang's judgment.

Tianci had already come to Gu Shaoyang, looked at Gu Shaoyang, and said to him: "If you want to spread the news, do you want Emperor Jin Zong to send people to this place? If they are discovered by then, the two of them will It will lead to a complete fight."

Gu Shaoyang looked at Tianci, a little girl, who was really very smart. He took out his hand and rubbed it towards Tianci's head.

Gu Shaoyang said to him: "You are the smartest. When I say this, you understand it."

Tianci heard Gu Shaoyang say this, he was really embarrassed, even Wei Wei turned red. , rubbing his hair in front of so many people.

Lingdang on the other side really didn't expect that Sister Tianci was really too smart.

She immediately looked at Tianci and said to him: "Sister Tianci, you are really too smart. Brother Gu Shaoyang just said such a sentence, and you already know what he is thinking."

Gu Shaoyang said ← Of course, you and I The God-given sister has a clear understanding."

Gu Shaoyang looked at the little girl Lingdang. She had become so weird now. Moreover, in the past few days, his strength had really increased a lot. His soaring shock shocked everyone.

So Gu Shaoyang At this time, he doted on Lingdang even more. He also rubbed Lingdang's hair and said to him: "How about this time, you and I are also very good."

Lingdang pouted her lips very angrily, snorted coldly in the direction of Gu Shaoyang, and said to Gu Shaoyang: "You messed up my hair."

When Lingdang was talking to Gu Shaoyang at this time, he was acting like a coquettish person. Gu Shaoyang also liked Lingdang very much, the feeling of a natural person getting along with him.

And when they looked at Gu Shaoyang and the others, they were completely acting like a coquettish person. He looked very relaxed. He really didn't expect that Gu Shaoyang was really sinister in thinking this way.

Gu Shaoyang looked at the two of them, played with each other for a while, and then said to the two of them: "Okay, stop making trouble."

Then he continued to look at Luo Zishan and the others, and said to them: "What about my method."

Sure enough, after Gu Shaoyang finished speaking, several people couldn't help but move in Gu Shaoyang's direction and already extended their thumbs. At this time, Luo Zishan looked at the Iron Armored Golden Bear and said to him: "What Gu Shaoyang just said. Do you know how to say it?"

Luo Zishan looked at the stupid look of the Iron Armored Golden Bear, and was really worried. What if he couldn't handle this matter well?

But the Iron Armored Golden Bear didn't expect that this time, it was really He was very smart. He nodded immediately and looked in the direction of Luo Zishan and Gu Shaoyang.

Chapter 1670

He said to them: "I also think this method is very good. If I tell Emperor Jin Zong the news, Emperor Jin Zong will definitely send various personnel from the Jin Kingdom to this place, so Next, our demon king will dispatch his own troops, and the two of them will fight each other like dogs, am I right?"

Gu Shaoyang didn't expect that the Iron Armored Golden Bear really got the idea this time, and it was really very powerful. clever.

He patted the body of the armored golden bear, which was more than a head taller than him, and said to him: "Very good. You are really very smart this time. Can you handle it well when you return home this way?"

"After Gu Shaoyang said this, the Iron-Armored Golden Bear hurriedly expressed his loyalty to Gu Shaoyang and the others. He clasped his hands and looked at them and said to them: "Don't worry, I will definitely be able to take care of these things when I go back." It's done, and if Emperor Jin Zong gets the information, I think the two of them will really fight."

Because the Iron-Armored Golden Bear has been by Long Hanming's side all year round, there is no mutual understanding of the relationship between him and Emperor Jin Zong. Everyone knows it.

He knew that at this time, although the two of them were in harmony, they were definitely at odds with each other. If he knew that the treasure map was in the Demon Dragon Guard Cave in the Demon Clan, Emperor Jin Zong would definitely not give up.

Gu Shaoyang was really pleased. He looked at the Iron-Armored Golden Bear and said to him: "Go back quickly, otherwise it will be very dangerous if Long Hanming finds out." After hearing what

Gu Shaoyang said, The Iron-Armored Golden Bear nodded, looked in the direction of Luo Zishan, and said to him: "Be careful, Master, I'm leaving."

Luo Zishan heard the Iron-Armored Golden Bear's words of concern for him, and he really didn't expect that This guy really has a big heart, and he is completely thinking about himself so quickly.

But Luo Zishan was still very happy in his heart. He clasped his fists, looked in the direction of the Iron-Armored Golden Bear, and said to him: "Thank you, uncle, for caring about me."

And the Iron-Armored Golden Bear on the other side heard him calling him Uncle, I am really very embarrassed.

He looked at them and said to them: "I have been out for too long. Since the information has been brought to you, I will leave first."

When he said this, he turned his head without any hesitation. , already heading towards the interior of the Warcraft Forest, and walked in.

And at this time, inside the cave, a very deep voice slowly came out again, saying to him: "This human being is really very smart and cunning."

Gu Shaoyang looked inside the cave. He had already looked in. He really didn't expect that what the few of them said between them had been completely heard by the ancient magic dragon.

And the ancient demon dragon really thinks very highly of himself.

Gu Shaoyang clasped his hands in his fists, looked in the direction inside, and said to him: "Thank you for the compliment."

At this moment, a cold snort came from inside. Gu Shaoyang didn't care about these things. He also knew that the ancient monster was very powerful. He is proud of himself, and he doesn't have to worry about it so much.

So he turned his head and ignored the ancient magic dragon. Gu Shaoyang continued to look at a few people and said to them: "Okay, let's all rest. Next, as long as we all find the treasure map and the real way to open it, Then you can find the real treasure map."

Hearing Gu Shaoyang say this, although several people knew this method, they felt that this method was really difficult.

After everyone heard what Gu Shaoyang said, they all went to rest.

After all, during this period of time, everyone has been vigilant. It is really very hard at night. Gu Shaoyang looked at everyone, and now they have fallen asleep. He is watching the night on a stone alone, so he feels At this moment, I was really tired and slowly closed my eyes.

But when none of them knew it, a black shadow slowly came out of the cave, and after it came out, it had arrived in Lizhou without anyone noticing. He opened Li Zhou's baggage and secretly stole Li Zhou's treasure map.

But all of this, Li Zhou and Gu Shaoyang, happened quietly without knowing it. When Gu Shaoyang and the others got up the next morning, they still had no intention of studying the treasure map, because they were in this place every day, There will be all kinds of monsters to harass them, so each of them will be very hard and tired to deal with.

Gu Shaoyang looked at several people and said to them: "Starting from today, we will take turns to rest. If any monsters come, report them in advance so that we can all get a rest."
