

Attributes 2041

Chapter 2041

Ouyang Zhengxiong was shocked by the old man's words and couldn't help shouting: "Old senior, did you say that ancient formations have been laid out here?"

But the old man replied very calmly: "This should be set up by the cultivator. The ancient formation is definitely a unique cultivation treasure land for that demon. If you practice here, you will definitely get twice the result with half the effort. However, everything has two sides. The serious consequence of practicing here is that if you are not in a good state of mind. If your demonic nature is tempered, your reason will soon be defeated, and eventually you will become obsessed and lose your humanity."

Ouyang Zhengxiong nodded, indicating that he agreed with what the old man said, and then said: "You didn't say that. Wrong, there is absolutely nothing perfect in the world. Everything in the world is balanced. If we choose to get something, we will inevitably lose something. Maybe life is about choosing between gains and losses. We The choice we make determines our height. Maybe this demon killed so many innocent lives because he made the wrong choice, and finally got into trouble and was killed by others." The old man said:

"That's right. One thing, actions are another. Many people's bad characters are deep in their souls. If he can control himself well when facing huge temptations, then this person will always be a good person. It won't get bad, but how many people in the world can do this? For example, if you can now get all the skills of this peerless master in front of you, do you think you can do it without being tempted at all?"

Ouyang Zhengxiong said loudly He laughed, and then said to the old man: "You are absolutely right. Of course I will be moved, very moved, but how can I get this opportunity?"

The old man said to Ouyang Zhengxiong: "What if there really is such an opportunity? Will you seize it?"

"Although I will feel excited about this sudden and huge power, in the end I will still give up and get something that does not belong to me."

Occasionally, he stared into Ouyang Zhengxiong's eyes without blinking and said, "Why? Aren't you already very excited?"

Ouyang Zhengxiong replied:"I want to reach very high heights, but some skills are not obtained by my own cultivation, and may cause some strange rejection reactions in my body. These construction sites are not as refined as those I have cultivated." Pure, what if this power affects me from reaching greater heights?"

The old man sighed, and then said to Ouyang Zhengxiong:"Young man, why are you so conceited about your own strength? How can you be sure that you can surpass the kind of skill you get from the outside world? If you achieve this in your lifetime, If you don't reach this level, what should you do? If you give up the opportunity in front of you again, wouldn't that be a big loss? Ouyang

Zhengxiong replied seriously:"I believe in myself. I think I can definitely reach a certain height, so I will not accept this kind of thing that does not belong to me. Especially in terms of spiritual practice, I still prefer to rely on myself." Skills gained bit by bit. The old man said:"

Are you a bit narcissistic? No, you are very conceited. But you are indeed qualified to be conceited. You have reached such a high height at such a young age. Unlike me, I am now It is unreasonable to pay. The biggest problem I face now is the end of life. If there is such a powerful force and I choose it, then I will never give it up."

Ouyang Zhengxiong laughed, but he didn't say anything.

The old man continued:"Young man, can you help me to get rid of this pain of facing death? Do you know this kind of waiting to die? The feeling is very uncomfortable. In fact, the most painful thing in life is not the moment of death, but people like me who know that death is coming but are not sure when it will happen."

Ouyang Zhengxiong was a little confused. He didn't know what the old man wanted to express.

The wrinkles on the old man's face trembled slightly, and then he said to Ouyang Zhengxiong:"Young man, do you know how powerful your own strength is? In fact, you are the most talented person I have ever seen in my life. I have never seen anyone born with spiritual roots like you. From the first time you entered the library, I noticed the powerful spirit in you. Spiritual power, if I can get help from people like you who are born with zero roots, then I can get a very powerful power, and I can say goodbye to that evil book, and I can also put my life Continuing for decades, this will achieve the purpose of relieving my pain."

What the old man said is true at all. Ever since the old man saw Ouyang Zhengxiong for the first time, he noticed Ouyang Zhengxiong's amazing talent, and he also made some ideas about Ouyang Zhengxiong.

Chapter 2042

The old man pointed at the domineering and peerless master in Yutai Mountain, and then said to Ouyang Zhengxiong: "Do you know why you can feel such tiny fluctuations? That's because this master also contains a kind of energy in his body. Very powerful power. This huge power is the cultivation of this peerless master. If these powers can be transformed, then....."

When he heard this, Ouyang Zhengxiong couldn't help but shudder, because even if the old man wanted to repay Ouyang Zhengxiong, there was no need to bring Ouyang Zhengxiong to this place. Only then did Ouyang Zhengxiong realize that the old man in front of him was full of scheming. All of this was planned so carefully, and every word Ouyang Zhengxiong said might have a purpose.

Ouyang Zhengxiong said: "Old senior, don't think so much. Although the master in front of you was indeed very high in cultivation in his previous life, he has been dead for thousands of years. This master has disappeared long ago. Without a trace, how could his power be contained in his body? I once read in a book that if there is a resonance between the human body and the vitality of the earth, then this person The body may never decay, thus achieving the nature of an immortal body."

The old man said calmly: "I also know the possibility you mentioned, and it is true that the existence of this possibility cannot be ruled out. But I don't have much time. If I don't try, how do I know that my guess is wrong? Young man, have you thought about helping me get rid of the pain I'm in now?"

Ouyang Zhengxiong said: "I am now It's just an unknown junior. My cultivation level is really too little. Senior, your cultivation level has far surpassed mine. Rather than me helping you, it's better for you to help yourself. I really don't know. How can I help you?"

The old man said: "The matter of helping me has nothing to do with your personal cultivation. The main thing is that you are born with spiritual roots, so you can be attracted very easily. The vitality between heaven and earth, if you work with me, you will definitely be able to guide the powerful power from this peerless master."

Ouyang Zhengxiong was very helpless, because after these two hours, After getting along for a short time, the old man's behavior had wiped out all the good impressions he had in Ouyang Zhengxiong's heart. Therefore, Ouyang Zhengxiong didn't really want to help this scheming old man in front of him.

However, Ouyang Zhixiong had to help the old man in front of him. Maybe bringing Ouyang Zhengxiong to this underground cave was part of the old man's plan. As long as Ouyang Zhixiong came to this underground cave, his life was already in the hands of this old man. With his hand, the old man could kill Ouyang Zhengxiong at any time without being discovered by anyone.

Ouyang Zhengxiong was silent for a long time. He had thought over all the possibilities of his decision. The consequences were presented in his mind, so Ouyang Zhengxiong had to agree to the old man's request.

The old man was very happy when he heard that Ouyang Zhengxiong agreed to his request and said: "The main person in the future will still be you. Your spiritual roots are born with them, and mine are acquired through cultivation, so I am here." This aspect is far inferior to you. Later, when you stand behind this master, you must feel his power with your heart, and then guide these powerful forces out. I will be there to assist you."

According to the old man's request, Ouyang Zhengxiong climbed up the jade platform and muttered: "Senior, I have no choice but to offend you."

After saying that, Ouyang Zhengxiong put his hands on the back of this peerless master, and then calmed down and used all his mental power to feel the strange fluctuations emanating from the master's body.

When he came into contact with the body of this peerless master, some wonderful feelings occurred. Ouyang Zhengxiong could feel the heart of this master, as if he had experienced what the master had experienced for thousands of years all at once. With these feelings Afterwards, Ouyang Zhengxiong felt extremely disappointed.

These strange feelings rushed into Ouyang Zhengxiong's heart, which also frightened him. If he hadn't touched this body and cold arms, he really thought that this peerless master was resurrected in front of his eyes..

Ouyang Zhengxiong is very clear that the emotions that just occurred in his heart were shed by this expert when he was about to die. There was a feeling of loss, a feeling of reluctance, and more of a trace of helplessness.....

Ouyang Chenyong secretly opened his eyes, looked at the old man, and found that the old man's hand was also on the master's back. He was concentrating on feeling the master's power, but he seemed to have nothing. Feeling it, Ouyang Zhengxiong decided not to channel the power of this master.

Chapter 2043

Facing this scheming old man in front of him, anyone would be very scared, because a person who is unpredictable is the most terrifying devil. Until now, Ouyang Zhengxiong doesn't know whether he is a good guy or a bad guy. , and I don't know what its ultimate purpose is. If these powers are guided into his body according to what the old man thinks, and he holds the key, these huge powers will do things that harm society and the world, then , the crime Ouyang Zhengxiong will bear will be very serious.

After some thinking, Ouyang Zhengxiong began to calm down his mind again, and then concentrated on feeling the master's body. He eliminated all distracting thoughts in his heart and carefully felt these tiny fluctuations that lasted for thousands of years..

Suddenly, these strange smile fluctuations seemed to have a very special resonance with Ouyang Zhengxiong. Ouyang Zhenxiong felt a very majestic power surging in this master's body. This Lan Ouyang Zhengxiong was very I was shocked. This powerful power far exceeded Ouyang Zhengxiong's previous expectations. A person can actually keep his lifelong cultivation in his body after death. So, how advanced is this person's cultivation? Only then can we do this!

After a long time, Ouyang Zhengxiong finally put down his hands, so he pretended to be very disappointed, sighed a long breath, and said:"It's really strange, why am I... I can't even feel it. Apart from feeling those tiny strange fluctuations, there is no other breath surging. Is it the wrong way?"

After hearing what Ouyang Zhengxiong said, the old man slowly moved his hands. Putting it on his knees, he couldn't hide the disappointed look on his face.

Then the old man brought Ouyang Zhengxiong back to the ancient library. Ouyang Zhengxiong's nervous expression suddenly appeared. The old man also noticed the cold sweat that always broke out on his face, so he patted Ouyang Zhengxiong on the shoulder and faced Ouyang Zhengxiong. Said:"Young man, why are you so nervous? I know what you are thinking. You have tried your best. It's not that you don't want to help me. Don't be afraid. I won't do anything bad to you. You are our best friend." As an outstanding descendant of our country, how can I bear to let our country of Chu declare a young man as young and highly talented as you?"

The old man continued:"You should practice hard, even if this method does not let me If my life is renewed, some of the cultivation methods in that leaf book are enough to renew my life for twenty or thirty years. During this period, I can still teach you a thing or two."

Ouyang Zhengxiong nodded blankly, because the old man Ouyang Zhengxiong didn't know what his true thoughts were. He just felt that what the old man just said was very likely to be a lie. Maybe

the old man didn't trust Ouyang Zhengxiong at all and felt that Ouyang Zhengxiong was perfunctory just now.

After returning to Qineng Mansion, Ouyang Zhengxiong realized that his back had been soaked with cold sweat.

Since the merger of Xiantian Continent and Modou Continent, the martial arts and Taoism from the East have had a very fierce collision with the magic and fighting spirit from the West. The true energy of the East versus the fighting spirit of the West, as well as the Taoism of the East These battles against the magic of the West never cease.

At the beginning, during the Great War between China and the West, the power of Taoism and magic was vividly demonstrated. No matter which person it is, as long as it has made small achievements in practicing these two kinds, it means that this person has already possessed Extraordinary strength.

These people can directly manipulate the true energy between heaven and earth, condense the vitality between heaven and earth, and convert this energy into the God of War energy in their own bodies. Therefore, they can often defeat a dozen other practitioners with the strength of one person.

But fortunately, the number of monks and magicians is very small, so you don't have to worry about meeting such powerful people every day.

Why are Taoism and magic so powerful yet so few people practice them? That's because if a person wants to choose Taoism or magic, his physical fitness must be very high. It can be said that this kind of strong physical fitness is only one in a hundred, or one in a thousand, so these two cultivation methods have never been available. universal.

But there is another reason, that is, those who practice Taoism will stay away from the hustle and bustle of the world. Most of them live in seclusion in the mountains and old forests, so that they can concentrate on studying Taoism. Even if many people are practicing, they will not often appear in the public eye.. There is another condition required to practice magic, that is, you must be very rich, because in the process of practicing, you have to buy some very expensive magic materials. These magic materials are often difficult for an ordinary family to afford, or even ordinary ones. One kind of material can directly bankrupt an ordinary family.

Chapter 2044

If a person's physical fitness is not very outstanding, or his family is not very rich, and he wants to become a practitioner, then his best choice is to choose to practice Eastern martial arts points and Western fighting spirit, because this The two cultivation modes do not have very strict requirements

on a person's physical fitness. Generally, as long as your body is not very weak, you can practice. However, because each person's physique is different, the height reached will also be different, so the physique It is also one of the two talents of cultivators.

If we compare the practitioners of these two training modes, then the practitioners who practice fighting spirit and the practitioners who practice martial arts will be even more inferior, because the practitioners who practice magic and Taoism can control the world between heaven and earth. Elements to achieve the purpose of enhancing their own strength, this is their abnormality.

However, if these two types of practitioners fight in close combat, then the Taoist practitioners and the magic practitioners may not necessarily have a huge advantage.

However, nothing is absolute. Among Eastern martial arts practitioners, there are often some who reach the pinnacle. No matter what kind of practitioner reaches this peak state, it will cause people a lot of headaches.

Moreover, among the Eastern cultivators, those who reach the peak state often practice a very amazing martial art. Their unparalleled kung fu in this life often makes other cultivators feel very terrifying. This is a kind of crushing strength. , can be said to be invincible in the world, but this kind of peerless martial artist who has reached a very high level is rare in a hundred years, and it is well known that the progress of martial arts is very slow. His key lies in the word "enlightenment", that is, It is a feeling of physical skills. If you are lucky, you can find this feeling very quickly. If you are not lucky, it may take ten or hundreds of years to make progress, so this is one of the reasons why martial arts is gradually falling into decline.

Ouyang Zhengxiong had just returned to Qineng Mansion from the Royal Library, and he remembered all the situations he had just had underground. Even now, he is still a little scared.

"That old man was really terrifying. Sure enough, scheming people are the most terrifying, but why didn't he kill me to silence me? But fortunately I have left that place of right and wrong now. I just really....."

After experiencing this incident, Ouyang Zhengxiong finally understood a sentence: "There are people outside the world, there is a sky outside the sky, and each mountain is higher than the other."

Although the old man looked so old and his body was very weak, his cultivation With such a high level, he is already a very terrifying peerless master. This is another peerless master that Ouyang Zhengxiong saw after meeting Zhuge Chengfeng who has reached the fifth level. He may even have surpassed the fifth level. level existence

"Good boy, you are stunned again. Are you a nymphomaniac again? You are really so worthless. How can there be someone like you? Have you never seen a woman? I also saw someone who loved another. Come and tell me what kind of beauty you just saw, so that I can appreciate it too!" The old poisoner climbed onto the wall of Ouyang Zhengxiong's yard again and was looking at Ouyang Zhengxiong. Only now did Ouyang Zhengxiong realize that this old poisoner had been looking at him. Maybe he was just thinking about the problem, and he was thinking too much. Ouyang Zhengxiong was so fascinated that he didn't notice the existence of this old poisoner. Ouyang Zhengxiong walked out of the house and shouted at the old poisoner: "You perverted old man, is peeping your special hobby? Why do you always say 'Peep at me without saying a word. I am a man. Do you have any special feelings for me? It's really scary.'"

"It's useless to me no matter what you say. I have already guessed what you are thinking. Are you thinking about your sister Nalan again? How about we go and see her together?"

"you....." After thinking of Nalan Rubing, Ouyang Zhengxiong hesitated. He had just planned to escape from this place of right and wrong. If he left like this, he would never see that beautiful fairy-like woman again.

"Why don't you speak? Did I guess it right? Hehe....." The old poisonous man had a playful smile on his face.

If this old poisoner hadn't been a bit capable, Ouyang Zhengxiong would have beaten him up long ago.

The old monster smiled and said to Ouyang Zhengxiong: "A dragon knight came here today. You haven't seen it before. In fact, I haven't seen many people go to see his dragon. At first, Miss Nalan came to see you. , he wanted to ask you to go see Dragon Knight with him, but you were not there at that time, so she went there by herself, how about we join in the fun together now."

Dragon Knight is actually just a pronoun, a strong man Synonymous with the company, it is a very ancient and mysterious creature. Anyone who hears it will be very interested. In this way, Ouyang Zhengxiong followed the old poisonous creature.

Chapter 2045

Today's Qineng Mansion is different from the past. Most of those days were spent in a lifeless atmosphere. When Ouyang Zhengxiong walked outside the courtyard of Qineng Mansion alone, he could not see many people..

But today there are many people crowded into the arena. This is the first time Ouyang Zexiong has seen so many strange people and strange things crowded together. Most of these people are powerful practitioners in the mainland. Of course, there is no shortage of people like Lao Poison. A person who has made outstanding achievements in a certain field.

After a cursory look at the past, I found that most of these people are in their 30s. Of course, there are also some very young and talented people. However, young people with outstanding talents like Ouyang Zhengxiong are no more than 35 years old. individual.

Therefore, Ouyang Zhengxiong sifted through these people, looking for some young people like him. Soon, he found Ouyang Rubing, who was similar to himself in the crowd.

Ouyang Rubing wore a suit of aqua blue clothes today, just like the orchids in the cave, with an aura that is not touched by the fireworks of the world. It is her special temperament that makes her very unique among the crowd.

When Old Robin saw Ouyang Zhengxiong and Old Poison walking into the arena, a very cute smile appeared on her peaceful face. She smiled so sweetly, just like a fairy from heaven, which made Ouyang Zhengxiong's heartbeat quickened. At this moment, he was embarrassed to look into Ouyang Rubing's eyes.

Ouyang Zhengxiong lowered his head and waved to Ouyang Rubing. He was deliberately avoiding Ouyang Rubing's eyes, because at this time his face was already flushed. Even he himself didn't know what he was thinking in his heart. Ouyang Zhengxiong shyly shouted to Ouyang Rubing: "Na.....Miss Nalan....."

Old Poison laughed beside him, he laughed very loudly, and then imitated Ouyang Zhengxiong's speech: "Miss Nalan, I'm here. I haven't seen you for so many days, it seems like a year has passed....."

After Ouyang Zhengxiong heard what the old poisoner said, he immediately approached him and covered his mouth with his hand to prevent him from saying something he shouldn't say and to prevent Ouyang Zhengxiong and Ouyang Rubing from talking. Inexplicable misunderstandings arise.

Ouyang Zhengxiong stepped hard on the old poison's feet with his feet. Although the old poison's mouth was covered by Ouyang Zhengxiong, it still let out bursts of screams like killing pigs, which made many people All eyes were turned to them.

Nalan Rubing looked at the two of them with a smile, and then said: "Master Ouyang, you were too careless when walking. You stepped on the old man. Were you too careless?"

The old poisonous man shouted: "How could he be careless! He obviously did it on purpose. He deliberately hurt an old man like me. My body is already very old. How can it withstand such a thing made by a young man like him? Help, my God, murder....."

Nalan Rubing pretended not to hear what Lao Du said, and then continued to say to Ouyang Zhengxiong: "If the ground is as uneven as here next time, then you must step on the ground with your feet and use more force to avoid I couldn't step on it properly and fell down."

Old Poison said: "....."

Ouyang Zhengxiong and Ouyang Rubing came together quickly. The two of them walked towards the inside of the arena together, and then left the old poisonous man standing there staring at Ouyang Zhengxiong, and he complained fiercely. : "What a guy who loves sex and forgets his friends. He abandoned me so quickly. I accompanied you here just now."

In the center of this arena, there is a very large creature lying down. This The creature looks very vicious. The scales on its body are all dark green, which appear to glow under the sunlight. Moreover, these scales are very terrifying, as if it has barbs all over its body.

It is not difficult to guess that this is the mount of the dragon knight. This so-called dragon is about seven feet long. It has two pairs of horns on its head and two very large wings extending from its abdomen. The muscles connected to the wings are very strong and look very fierce.

Next to this dragon, stood a very tall young man. This young man's appearance was very handsome. With his deep eyes and high bridge of nose, he looked like a successful man. His burly His figure and strong muscles directly demonstrate his strength, and also make him exude a masculine beauty from the inside out.

This man's clothes are also very strange. He is wearing heavy armor. His creative style is completely different from the people here. Instead, he shows a Western style of dressing. He keeps stroking the dragon's head, and the dragon shows no resistance at all. He seems to have been enjoying the touch of this person. He and his mount must have a very good relationship. They should have fought side by side together in the past!

Ouyang Rubing's face suddenly showed a strange look and said: "Master Ouyang, have you seen that this man is the Dragon Knight they call him? He is the son of General Sima Pokong. His name is Sima Feikong. He has been practicing with people with outstanding achievements in the western part of the mainland for ten years. Now, he has learned a lot, so he returned to the Chu Kingdom. He has now been named a Wonderful Scholar by the King of Chu. Now he is also a member of Qineng Mansion."

Ouyang Zhengxiong nodded, and then said: "It turns out that his background is so great, but does Qi Shi still want to be canonized by the emperor?"

"That's of course. Every outstanding scholar can enjoy the treatment of a national scholar. How can he become a distinguished scholar without being canonized?" After finishing speaking, Ouyang Rubing looked at Ouyang Zhengxiong, and then continued: "Of course, you are an exception. You are different from these people. You can't be called a knight now. It should be said that you are not completely a knight. Well, you are a hermit knight, but.....Hey, you.....It would be great if all your skills have been restored! Even though you don't have much merit now, there are absolutely few people who can match your powerful strength....."

When Ouyang Rubing said this, she showed sadness. She seemed to blame herself for not being strong enough and not being able to help Ouyang Zhengxiong recover his skills.

Ouyang Zhengxiong didn't notice the abnormality in Nalan Luobin's eyes, but she also felt a little disappointed in her heart. He wanted to leave here, but he was struggling in his heart. Although he wanted to leave here, she didn't want to leave. Ouyang Rubing didn't want to leave this beautiful doctor who treated her carefully, but at this moment, he couldn't say anything.

Ouyang Rubing said: "Look carefully at this dragon. I have never seen a creature as powerful as it. I don't know how the general's son conquered it. It looks so powerful." Alright"

"Why don't I think it's powerful? Take a closer look at it. It's not a dragon. I think it's a huge lizard with wings. Dragons are very beautiful ancient mythical beasts!"

"Poof....." Ouyang Rubing was amused by what Ouyang Zhengxiong said. "Oh my god, what are you looking at? All lizards look dumb. Have you ever seen such a mighty lizard? It's obviously a dragon!"

Ouyang Zhengxiong said, "This is really called a dragon." Not to mention dragons, last time I saw a huge green dragon in the Liufeng Mountains on the western border. If you want to say this is a dragon, it is at most a newly born dragon. The one I saw The dragon's body is covered with golden

and maroon armor, and it is more than 30 feet long. If the two of them were together, the baby dragon would probably pee in fear."

"Yeah? Is it really as big as more than 30 feet?"Ouyang Rubing had a surprised expression on her face because she had never seen such a big creature before.

"Well, this kid was right, because what he saw was a giant dragon. The dragon's body was very huge, but the dragon in front of him was just an ordinary flying dragon. Flying dragons are faster than ordinary ones. Dragon is a little more advanced."The old witch came behind Ouyang Zhengxiong at some point. She had been eavesdropping on what Ouyang Zhengxiong and Ouyang Rubing were saying, and suddenly intervened when the two of them were not paying attention. After the old witch spoke, Ouyang Only then did the lineup notice that she had been behind him. He turned around and gave a symbolic hello to this terrifying neighbor. The old witch nodded, and then continued:"There are five types of dragons in the West. That is, there are five levels of dragons. The fifth level, which is the lowest level, is the walking dragon, the fourth level is the flying dragon, the third level is the sub-dragon, the second level is the giant dragon, and the first level is standing. That is the Holy Dragon. Among these five levels of dragons, only the walking dragon cannot fly. The production of walking dragons is about five stations, the average production of flying dragons is seven stations, and the production of Yalongs is between 15 feet and more than 20 feet. However, the production of giant dragons is at least 30 feet, and some can even reach 50 feet. , As for the Holy Dragon, it is an extremely rare creature. Even I have never seen it. However, a creature as rare as the Holy Dragon has a very abnormal characteristic, that is, her strength is not directly proportional to her length. They also look like Human beings also have spiritual practice. Some holy dragons may look very small, but their strength may be among the best. Or some holy dragons may look very huge, 70 feet long, but it is also possible that they are like fat people who have no spiritual practice among humans. , completely the weakest. Ouyang

Rubing gave the old witch a very gentle smile, and then said:"Magic Bubble is indeed very knowledgeable, and he even explained it in such detail. This time it really opened my eyes!""

Chapter 2047

"Haha, I have stayed in the western continent for so many years, and it is not in vain. I have also learned knowledge. If I don't even know this common sense, won't I be laughed at by the western people?. But your little girl's mouth is really getting sweeter and sweeter. You are so lovable. You are much better than that little girl Chu Yu. I haven't seen that girl for a long time when she saw me and ran away. I've passed him, but I really miss that quirky girl."

At this moment, the dragon knight in the center of the arena seemed to be explaining something to everyone, and the surrounding audience also listened with interest. But at this time, the little princess Chu Yu suddenly popped up, and he rushed out with a sly head. , among the crowd, looking around as if looking for this someone.

Ouyang Zhengxiong and Ouyang Rubing glanced at each other and couldn't help but smile.

The old witch said angrily: "This Damn girl, am I really that terrible? Every time I come to Qineng Mansion, I am sneaky like this, as if I am the God of Death avoiding me."

After the little princess observed for a while, it seemed that she didn't find the person she was looking for. Then she let out a long sigh and immediately became lively in the center of the arena.

"Sima Kongkong, why didn't you go see me when you came back from the west? Do I have no place in your heart?"

After seeing this beautiful little devil, the audience next to them all had smiles on their faces, but Sima Kongkong, who was still so proud just now, suddenly seemed to be deflated, and completely lost the look he had just now.

"Attend Her Royal Highness the Princess. The little princess showed her unruly nature and said, "Have all the people you went to the Western Continent to practice with come back?" Several other people have already gone to my place to report, but why do you like to be the thorn in the side? You are the only one who didn't go. Did you not prepare a gift for me, so you didn't dare to go?"

As the little princess spoke, she circled around the dragon next to her, and then continued: "This dragon is pretty good! I didn't expect you to prepare such a good gift for me, but this is too ugly! Forget it, since you have worked so hard, I'd better accept it, otherwise it will really embarrass you. This princess is actually quite happy. Don't be sad. Why do you look like a dead person?"

After hearing what the little princess said, Sima Kongkong's face suddenly turned green, but he couldn't put away his smile yet. He pretended to be calm and smiled bitterly, and said to the little princess: "Jade Princess, this is my mount. I have prepared your gift for you a long time ago. It is now at my home. I will never let Princess Jade down. I will send it to Princess Jade later."

Ouyang Zhengxiong finally understood why people here used the words "famous" to describe the little princess, because anyone who saw her would have a headache. It is not difficult to imagine how miserable those noble children were back then. Childhood.

The little princess seemed a little unhappy. She said seriously to Sima Kongkong: "What you mean is that you don't want to give this dragon to me.""

"no.....this....."

The little princess snorted angrily, and then said:"You stingy, did I scare you so quickly? Don't worry, I don't want this ugly dragon like you. The one I saw in the Luofeng Mountains is comparable to You are much better, not only bigger than your dragon, but also more domineering than your dragon."

Sima Kongkong wiped his cold sweat, and then said:"What the princess said is absolutely true, I am just an ordinary dragon. Flying dragon, is it comparable to the domineering dragon that the princess has seen? The princess is well-informed. I really admire the princess."

The little princess asked Sima Kongkong:"Although it is not as domineering as the dragon I saw, But at least your dragon has wings. If I ride on him, will he take me to the sky? Will he listen to me?"

"Of course this is possible.

The little princess suddenly became very excited:"That's really great." Sima patted the flying dragon in the air, and then whispered to the flying dragon:"When you take off later, you have to be more stable, you know?""

This flying dragon is so understanding of human nature, as if it has mastered human language, and nodded obediently to Sima Kongkong.

The people around were very surprised, even this quirky little princess was a little surprised. , said:"He can actually understand human speech. This creature is really amazing."

"Of course, the wisdom of dragons is very high. Although this flying dragon belongs to the fourth level, he can still understand what we people say."

The little princess climbed onto the dragon's back with excitement. At this moment, the old witch rushed out from the crowd and ran to the little princess.

Chapter 2048

The old witch shouted to the little princess:"Yu'er, Xiaofei, why don't you tell me, I can teach you the magic to fly. In this way, you don't have to rely on other things to take off. You can fly where

you want." Just fly anywhere, how easy that is! Why bother to use other people's mounts to take off here?"

After the old witch finished speaking, she recited a spell on the spot, and then levitated his body in the air. In the air, it finally floated to the center of the square.

The moment the little princess saw the witch, the excitement on her face had completely disappeared without a trace. Her expression changed drastically, as if she had seen the devil, but soon she showed her sweet expression again. smile

"Hello, magic mother-in-law, I still have some things to do. I'm going back to the palace first."

After the little princess finished speaking, she climbed down from the dragon's back bit by bit as quickly as possible, and then quickly got out of the crowd like a loach.

Before the little princess disappeared from everyone's sight, no one could Dare to say a word, but after the little princess ran far away, everyone burst into laughter.

The old witch shouted to the little princess:"You little girl, why do you run away when you see me? come back quickly."

The old witch chanted another spell. She used the wind magic in magic to allow herself to fly with the power of the wind, so that it could fly very fast. She used this flying technology to chase the little princess. The little princess shouted from the distance

:"Magic Granny, no!" I really want to go back to the palace. I still have a lot of things to do. Don't chase me!....."

Ouyang Zhengxiong rarely saw the little princess look so scared. He couldn't help it anymore. He laughed very loudly. Ouyang Rubing took off Ouyang Zhengxiong's clothes, and then said to Ouyang Zhengxiong:"You still Stop laughing, don't you know the little princess's character? Haven't you stayed with her for a long time before? Didn't you see that these people are trying their best to hold back their smiles? If the little princess finds out, But it will be easy for you, because I won't be able to save you by then."

At this moment, the little princess was captured, but Ouyang Zhengxiong did not notice the little princess at all.

Of course Ouyang Zhengxiong understood the little princess's devilish nature, but he suddenly found the little princess looking at her, and he immediately put away his smile.

The old witch smiled and said: "Haha, don't be unhappy. Do you know how many people are begging me to teach them magic behind their backs? I won't even teach them. You don't really want to fly around in the sky." Well, why didn't you say it earlier? I can teach you, these things are very simple!" The old witch moved her lips, and the spell was finished, and then the little princess appeared next to her. A light blue light curtain completely surrounded the little princess. In this way, the little princess's body was carried into the sky by the light curtain.

"Is it fun? As long as you learn from me, you can do it too. These are very simple basic magics. A smart girl like you can definitely learn quickly. Don't learn martial arts from that old man. Martial arts can teach you. Are you going to heaven or earth?"

Although the little princess seemed a little excited after flying into the sky, she shook her head very firmly after hearing what the old witch said. The old witch seemed to be really angry, and she immediately stopped looking at the people surrounding the little princess. The light blue light curtain conveyed the magic element, and with a scream, the little princess fell from the air and fell directly to the ground. However, the moment it came into contact with the earth, the old witch began to cast magic again, which was very dazzling. The light held back the little princess, but it was so scary just now, and the little princess's face turned pale with fright.

Ouyang Zhengxiong finally knew why the little princess was so afraid of this old witch. It is estimated that only the old witch is the only one in this country. The witch can control the little princess.

At this moment, Sima Kongkong walked towards the old witch, and then said politely: "Greetings to the old witch."

"Well, no courtesies, you're a really good young man. I didn't expect that you already have your own mount at such a young age, and it's also a flying dragon. Among the dragon knights, having a flying dragon is already considered to have reached a certain height. Like you Having a flying dragon at a young age is really a rare talent with high talent."

Sima Kongkong said: "The seniors have been praised, but the juniors have only achieved small achievements, and they are still far behind the seniors. My senior was already famous when he was practicing in the Western Continent. Even now, I often hear people in the West mention your name, Magic Mother-in-Law. I hope that one day I can reach the same height as my senior. The old witch

laughed loudly, because she was rarely flattered like this: "Why are your mouths so sweet? I feel like eating honey now."

Chapter 2049

Although Ouyang Zhengxiong was not very familiar with Sima Kongkong, in this brief contact, he had already felt the very powerful power of Sima Kongkong. The flying dragon knight in the fourth stage really lived up to his reputation.

The little princess took advantage of the time when the old witch and Sima Kongkong were talking. She grabbed her cell phone and sneaked out secretly. She disappeared into the crowd not long after. After the little princess slipped out for a while, the old witch discovered The little princess had disappeared. Angrily, the wife was no longer in the mood to chat, and then turned back to her own yard to study her great magic career.

At this moment, Sima Kongkong suddenly discovered Nalan Rubing, as if he had discovered a treasure. A bright light suddenly emitted in front of his eyes, and then he rushed through the crowd and came to Nalan Rubing.

Sima Kongkong said to Nalan Rubing very politely: "Ruoshui, it turns out you are here too. I just discovered you. If you want to see this flying dragon, just tell me and I can take you directly to my house." You can't even see clearly here. Only by watching this flying dragon at a very close distance can you feel the magic of this creature."

At this moment, Ouyang Zhengxiong seemed to be a little jealous, and he clenched his right hand. fist, but her little hand was already grabbed by Nalan Rubing

"Mr. Sima, there is no need to be so polite. I am just accompanying Mr. Ouyang here to take a look at your flying dragon."

Sima Kongkong's eyes seemed to be filled with lightning. He looked at Ouyang Zhengxiong with sharp eyes, then looked at Ouyang Zhengxiong's little hands linked to Nalan Rubing, and then said: "Who is he? Why is it so unfamiliar? Why do you have such a good relationship and even hold hands?"

Nalan Rubing said to Sima Kongkong very calmly: "She is the best person to me, that is, the person who deserves to be entrusted to her for the rest of my life."

Ouyang Zhengxiong was shocked when he heard Nalan Rubing's words. He was very happy at first, and his heart was as sweet as a jar of honey, because the beautiful doctor he had always thought was

very beautiful now actually said that he was the one she could trust. A lifelong person, but after a while he felt a little lost, because judging from the conversation between Nalan Rubing and Sima Konglun, it was obvious that Nalan Rubing had known this muscular man for a long time, and she just used herself as a shield. , so Ouyang Zhengxiong felt that he was being used by Nalan Rubing this time.

At this moment, those who were watching the flying dragon seemed to have discovered that the flying dragon general had disappeared, so they looked around for the dragon knight. Soon after, many people turned their attention to Nalan Rubing and Ouyang Zhengxiong.

Nalan Rubing said:"Master Ouyang, let's go. I don't like crowded places. It makes me feel very uncomfortable. Let's go find them." A secluded place with a beautiful environment!"

After saying that, he held Ouyang Zhengxiong's hand tightly, and then walked outside the arena.

Sima Kongkong felt very angry when he saw the two of them being intimate, so he suddenly accelerated and rushed to Ouyang Zhengxiong. In front of Zhengxiong and Nalan Rubing, he said angrily:"Rubing, I hope you can pay attention to your current behavior. Have you forgotten the relationship between the two of us? The two of us are fiancées. How can you behave like this when you are still here and fooling around with others? You not only insulted our family's family style, but also ruined your family's family style."

Nalan Rubing was also angry because she felt that Sima Kongkong was completely making it up here, and in front of so many people. Nalan Rubing said angrily:"Don't do it in front of so many people. Just talk nonsense, okay? What does it have to do with us? Who is your fiancée? Who do you want to go to? I beg you not to get involved with me. I hate people who talk nonsense the most. Get out of my way!"

After Nalan Rubing finished speaking, she pushed Sima Kongkong away. She pulled Ouyang Zhengxiong with her hand to operate the outside of the arena and ran away quickly. Ouyang Zhengxiong was also very embarrassed. He thought that he was the He was troubled by the use of other people's goods and didn't know what to do now. He wanted to shake off the hand held by Nalan Rubing, but he thought for a moment but did not take action.

After hearing the conversation between the two of them, There were bursts of discussion from the arena, which made Nalan Rubing feel even more annoyed.

Sima Kong stood there for a while, then sneered and chased after him.

Nalan Rubing and Ouyang Zhengxiong and the others had already run out of the arena, and they ran directly towards Ouyang Zhengxiong's yard.

In front of Ouyang Zhengxiong's yard, Sima Kongkong also chased after him, and then said: "Ru Bing, why is this? You clearly know that I have liked you for so long, and my father will go to your house to propose marriage in a few days, but now you are staying with an unrelated person."

Chapter 2050

Nalan Rubing said to Sima Kongkong very seriously: "You'd better stop thinking this way. I don't like you at all. It's just your wishful thinking that you like me. Even if your father comes to divorce, I won't agree." Yes, I will not marry you, please give up."

"you....." Sima Kong was helpless in danger, but his eyes flashed with a very powerful edge, and then he gritted his teeth and said to Nalan Rubing: "Okay, you really make me sad, you are really capable. Yeah! I'm hanging out with a weak person, but I won't give up. When my father goes to your house to propose marriage, your father will definitely agree. I see how you can still refuse me then. Could it be that you Do you want to sever the father-daughter relationship with your father?"

After Sima Kongkong and Nalan Rubing finished talking, he looked at Ouyang Zhengxiong with very sharp eyes, and then said to Ouyang Zhengxiong in a warning tone: "You kid is Can't you see my existence? Do you know who my father is? If you know what's going on, stay away from Ru Bing. Do you deserve to be with her because of your status? Why are you still standing there? ? Get away from me quickly!"

Ouyang Zhengxiong was already a little unhappy. After hearing Sima Kong say such arrogant words to him, his anger was about to burst out of his eyes, but because he was in front of other people now place, he had to forcefully suppress his inner anger.

Although his emotions were forcibly suppressed by himself, his infuriating energy started to circulate at this time. It is probably because his emotions were not stable just now, which caused the power to control the infuriating energy not to be well controlled. Xuan Gong began to expand, and a very powerful force burst out from Ouyang Zhengxiong's body from the inside out.

Nalan Rubing was very afraid that Sima Kongkong would murder Ouyang Zhengxiong, because she and Sima Kongkong were old acquaintances, and he really knew his character too well. As the saying goes, impulsiveness is the devil, and Sima Kongkong was like that. People who do things without considering the consequences.

Nalan Rubing stood in front of Ouyang Zhengxiong. At this moment, the guards sent by the eldest princess to guard Houyi's divine bow in Ouyang Zhengxiong's courtyard felt a very powerful power fluctuation. Seven A figure appeared in front of the three of them very quickly.

Ouyang Zhenxiong sighed secretly in his heart: "Oops, I was too impulsive just now!" He quickly put away his power, and this powerful power disappeared in an instant.

The dozen or so people present were very confused, but no one felt that the powerful murderous aura was pulled from Ouyang Zhengxiong's body. Nalan Rubing and the guards agreed that the murderous aura broke out from Sima Kongkong.. But the very powerful momentum that Sima Kongkong's family had just now came from the few warriors guarding the yard in front of them.

Sima Kongkong began to sneer at Ouyang Zhengxiong: "Are you a man? Why are you hiding behind a woman? Do you have the manliness to challenge me alone? How can you protect Ru Bing in the future!"

Ouyang Zhengxiong used He glanced at Sima Kongkong with a cold look, and then said: "Why do dogs now learn to speak human language? It's not bad. Now that Chu State is so powerful, dogs eat well and wear warm clothes, so naturally they have learned some things." Human words, don't you understand? Nalan Rubing doesn't like you at all, and you're still here to stalk you. Your shame is really thicker than the city wall. Oh, I was wrong, you have no shame. , What does a shameless person care about about face?"

Sima Kongkong was extremely angry, but he laughed instead: "Haha, you are a soft-fed coward, how can you hide behind a woman? How can you hide? For the rest of your life? Don't let me seize the opportunity. I will definitely cut you into pieces. I....."

"Shut up, Sima Kongkong, are you done yet? If you are still making unreasonable troubles here, I will definitely go to His Majesty to report you." Nalan Rubing's face was extremely ugly, and the cute smile of the past had disappeared.

"I really don't understand why you like this guy. What's so good about him? How can he compare to me? I have no ability, I just look like this, I can't even be considered a pretty boy, Ru Bing, you....."

"You shameless guy, get out of here!" Nalan Rubing was already very angry. She gnashed her teeth and stamped her feet, then turned around and went to Ouyang Zhengxiong's yard.

Just when Sima Kongkong was about to follow, he was stopped by several warriors guarding the entrance of the yard. , one of the warriors said:"Master Sima, please stay. The eldest princess has ordered that this place must be strictly guarded. No one is allowed to enter without the order of the eldest princess. Please forgive me, Lord Sima.""
